Description/Analysis

Issue Detail: On an annual basis, in accordance with Section 13.12.100 of the City Code, the Department of Utilities brings forward customers' utility accounts with delinquent utility service charges and recommends that the City Council place a special assessment levy upon the properties for which services were provided. The special assessment levy secures the debt and allows for collection of the unpaid delinquent utility service fees and penalties.

Policy Considerations: Imposing a special assessment levy for delinquent utility service charges is in accordance with Sacramento City Code, Section 13.12.090. Property owners have received the required notice and opportunity to protest the charges. All protested charges were reviewed for accuracy and a decision was made to remove the charges or continue with the special assessment. A hearing with an independent Hearing Officer (see Tables 1 and 2) was held for property owners requesting a hearing in accordance with Sacramento City Code, Section 13.12.100, and this report of delinquent utility service charges includes any revisions made by the Hearing Officer.

The City Code requires the City Council to hold a public hearing on this report of delinquent utility service charges and consider any objections or protests, provided that only those property owners who filed a timely objection or protest, and subsequently requested a hearing and appeared before the Hearing Officer are permitted to have their objection or protest considered by the City Council. One property owner filed a protest against the special assessment proposed for one property, requested a hearing, and appeared before the Hearing Officer, as indicated in Table 2. The Hearing Officer upheld the charges for this property owner.

At the conclusion of the hearing, the City Council may adopt a Resolution adopting this report and confirming these special assessments, with or without modifications.

Economic Impacts: None.

Environmental Considerations: The authorization of special assessments is not a "project" pursuant to the California Environmental Quality Act (CEQA). CEQA Guidelines Section 15378(b)(4). The activity is a continuing governmental fiscal activity and is not subject to CEQA (CEQA Guidelines Section 15060(c)(3).

Sustainability: Not applicable.

Commission/Committee Action: Not applicable.

Rationale for Recommendation: These delinquent utility charges are for services that the City provided to the property owners through approximately February 2016. Payment for

services through imposition of a special assessment for delinquent utility service charges is now being pursued, consistent with the Sacramento City Code.

Financial Considerations: Adoption of the Resolution will enable the Department of Utilities to recover unpaid charges for services provided via a special assessment levy. As of June 27, 2016, the total unpaid cost for utility service charges and penalties owed to the City as of February 2016 is $5,817,606.22.

Local Business Enterprise (LBE): Not applicable.

BACKGROUND

On an annual basis, a special assessment notice is sent to all property owners with utility service charges that are 45 days or more delinquent. The special assessment notice advises the customer that the portion of their balance that is greater than 45 days past due will be imposed as a special assessment levy on their property if not paid in full. Properties for which the delinquent amount is paid prior to the Council hearing date are removed from the special assessment process. Customers are also advised of the opportunity to protest the delinquent charges, as provided under the City Code.

All protests are reviewed for accuracy and a decision is made to remove the charges or continue with the special assessment. The decision on the protest and the opportunity for a hearing in front of an independent Hearing Officer are communicated to the customer. Any property owner who does not submit a protest or request a hearing waives his/her right to protest. After the hearing, and after any adjustments and payments are made, the special assessment report is presented to City Council at a public hearing for approval in July of each year.

The delinquent charges owed, and the properties to which such charges apply, are set forth in Exhibit A to the Resolution attached to this report. As required under applicable provisions of the City Code and/or State law, all property owners were noticed of the unpaid delinquent amounts. Protesting property owners were provided both an opportunity to resolve the issue with City staff and appear before an independent Hearing Officer, followed by the opportunity to present their protest to the City Council at this public hearing.

Each property owner who both disputed the special assessment and requested a hearing has received a decision notice from the Hearing Officer.
