Sacramento Redistricting Citizens Advisory Committee Meeting

Prepared by the Office of the City Clerk- (916) 808-7200

Item 6. Review of Redistricting Criteria

Name	E-mail	Street	N.Hood	City	St	Zip	Position	Comment
-	-	-	District 3	-			None	According to Agenda Item 6's Attachment A? page 10: "In the City's Redistricting Software? the compactness tests are turned off in the "citizen" role but can be performed by software administrators." How was this decision reached? and for what purpose? please? Is it not one of the stated purposes of the redistricting process to actively engage the public? How is seemingly intentional exclusion of available software functionality to the public a necessity?
