Description/Analysis:

Issue: The City's Measure A funding is fully programmed in the City's five-year Capital Improvement Program. Balances accrue interest and this report accepts the FY2011/2012 Measure A Construction (Fund 2001) interest allocation in the amount of \$126,415 for future programming.

Policy Considerations: Receipt of these funds provides funding for transportation improvements which support the City's Strategic Plan goals to improve and expand public safety, achieve sustainability and enhance livability, and expand economic development throughout the City.

Environmental Considerations:

California Environmental Quality Act (CEQA): Acceptance of the FY2011/2012 Measure A Construction Interest Allocation is not a "project" as defined by the California Environmental Quality Act (CEQA) Guidelines Section 15378, because it does not involve an activity that will cause a direct or indirect change in the environment. Therefore, it does not require further environmental review. Each project and program is subject to individual environmental analysis.

Sustainability Considerations: None

Other: None

Rationale for Recommendation: The Sacramento Transportation Authority (STA) requires the City to submit a Measure A Reallocation Request to the STA in order to show how the City intends to allocate Measure A Construction funding for the upcoming fiscal year. Accepting the FY 2011/2012 Measure A Construction Interest Allocation is necessary for staff to submit the reallocation request to the STA.

Financial Considerations: The City received a FY 2011/2012 Measure A Construction interest allocation of \$126,415 in the current fiscal year which will be set aside in Contingency at STA for future Measure A Construction (Fund 2001) programming during the FY2013/2014 annual Capital Improvement Program (CIP) budget approval process.

Emerging Small Business Development (ESBD): No goods or services are being purchased with this action.

Background Information:

In FY2011/2012 the total Measure A Construction Interest Allocation for the City of Sacramento was \$126,415. Once the supplemental allocation is identified, the City of Sacramento must determine how the funds will be used. Staff recommends that the interest allocation be set aside in Contingency at STA for future Measure A Construction (Fund 2001) programming during the FY2013/2014 annual Capital Improvement Program (CIP) budget approval process.

RESOLUTION NO.

Adopted by the Sacramento City Council

ACCEPT THE FY2011/2012 MEASURE A CONSTRUCTION INTEREST ALLOCATION

BACKGROUND

- A. In FY2011/2012 the total Measure A Construction Interest Allocation for the City of Sacramento was \$126,415. Once the supplemental allocation is identified, the City of Sacramento must determine how the funds will be used. Staff recommends that the interest allocation be set aside in Contingency at STA for future Measure A Construction (Fund 2001) programming during the FY2013/2014 annual Capital Improvement Program (CIP) budget approval process.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

1. The FY 2013/2014 Capital Improvement Program budget will include the FY2010/2011 Measure A Construction interest allocation in the amount of \$126,415 to be held in contingency at STA.
2. The City Manager is directed to submit the FY 2011/2012 Measure A Construction interest allocation funding plan to the Sacramento Transportation Authority (STA) for approval.
