

RESOLUTION NO. 2008-047

Adopted by the Sacramento City Council

January 29, 2008

ADOPTING THE MITIGATED NEGATIVE DECLARATION AND THE MITIGATION MONITORING PLAN FOR THE LEISURE VISTAS PUD PROJECT (P99-094) (APN: 226-0061-020, 028)

BACKGROUND

- A. On September 27, 2007, the City Planning Commission conducted a public hearing on, and forwarded to the City Council a recommendation to approve with conditions Leisure Vistas.
- B. On December 11, 2007, the City Council conducted a public hearing, for which notice was given pursuant Sacramento City Code Sections 16.24.097, 17.180.050(D), 17.204.020(C), 17.208.020(C), and 17.200.010(C)(2)(a), (b), and (c), and received and considered evidence concerning Leisure Vistas.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. The City Council finds as follows:

- A. The Project initial study identified potentially significant effects of the Project. Revisions to the Project made by or agreed to by the Project applicant before the proposed mitigated negative declaration and initial study were released for public review were determined by City's Environmental Planning Services to avoid or reduce the potentially significant effects to a less than significant level, and, therefore, there was no substantial evidence that the Project as revised and conditioned would have a significant effect on the environment. A Mitigated Negative Declaration (MND) for the Project was then completed, noticed and circulated in accordance with the requirements of the California Environmental Quality Act (CEQA), the State CEQA Guidelines and the Sacramento Local Environmental Procedures as follows:
 - 1. On July 11, 2007 a Notice of Intent to Adopt the MND (NOI) dated July 11, 2007 was circulated for public comments for 30 days. The NOI was sent to those public agencies that have jurisdiction by law with respect to the proposed project and to other interested parties and agencies, including property owners within 500 feet of the boundaries of the proposed project. The comments of such persons and agencies were sought.
 - 2. On July 11, 2007 the project site was posted with the NOI, the NOI was published in the Daily Recorder, a newspaper of general circulation, and the NOI was posted in the office of the Sacramento County Clerk.

- Section 2. The City Council has reviewed and considered the information contained in the MND, including the initial study, the revisions and conditions incorporated into the Project, and the comments received during the public review process and the hearing on the Project. The City Council has determined that the MND constitutes an adequate, accurate, objective and complete review of the environmental effects of the proposed project.
- Section 6. Based on its review of the MND and on the basis of the whole record, the City Council finds that the MND reflects the City Council's independent judgment and analysis and that there is no substantial evidence that the Project will have a significant effect on the environment.
- Section 7. The City Council adopts the MND for the Project.
- Section 8. Pursuant to CEQA section 21081.6 and CEQA Guidelines section 15074, and in support of its approval of the Project, the City Council adopts a Mitigation Monitoring Program to require all reasonably feasible mitigation measures be implemented by means of Project conditions, agreements, or other measures, as set forth in the Mitigation Monitoring Program.
- Section 9. Upon approval of the Project, the City's Environmental Planning Services shall file or cause to be filed a Notice of Determination with the Sacramento County Clerk and, if the project requires a discretionary approval from any state agency, with the State Office of Planning and Research, pursuant to section 21152(a) of the Public Resources Code and section 15075 of the State EIR Guidelines adopted pursuant thereto.
- Section 10. Pursuant to Guidelines section 15091(e), the documents and other materials that constitute the record of proceedings upon which the City Council has based its decision are located in and may be obtained from, the Office of the City Clerk at 915 I Street, Sacramento, California. The City Clerk is the custodian of records for all matters before the City Council.

Table of Contents:

Exhibit A: Mitigation Monitoring Program

Adopted by the City of Sacramento City Council on January 29, 2008 by the following vote:

Ayes: Councilmembers Cohn, Fong, Hammond, McCarty, Pannell, Sheedy, Tretheway, Waters, and Mayor Fargo.

Noes: None.

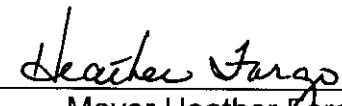

Abstain: None.

Absent: None.

Attest:

Shirley Concolino, City Clerk

Mayor Heather Fargo

LEISURE VISTAS (P99-094) MITIGATION MONITORING PLAN

This Mitigation Monitoring Plan (MMP) has been required by and prepared for the City of Sacramento Development Services Department, Environmental Planning Services, 2101 Arena Blvd., Ste. 200, Sacramento, CA 95834, pursuant to CEQA Guidelines Section 21081.6.

SECTION 1: PROJECT IDENTIFICATION

Project Name/File Number: LEISURE VISTAS (P99-094)

Owner/Developer/Applicant: Wayne Stoops
Capitol Eagle Investors
3616 Gold Creek
Sacramento, CA 95827

City of Sacramento Contact: Rocheille Hall, Assistant Planner
Environmental Planning Services
Development Services Dept
2101 Arena Blvd., Suite 200
Sacramento, CA 95834
Phone: (916) 808-5914

Project Location

The proposed project site is within an area that is included under the North Sacramento Community Plan (NSCP) and is bounded by Rio Linda to the east and Claire Avenue to the south (APN 226-0061-020 and APN 226-0061-028).

Project Components

The proposed project includes entitlements to develop 835 residential units, a park, and a Commercial or a Detention Basin on approximately 35.47 acres. Specific entitlements include:

- A. **General Plan Amendment** of 35.47 acres from Low Density Residential, Medium Density Residential, Community/Neighborhood Commercial and Offices, and Park/Recreation/Open Space to 22.57 acres of Medium Density Residential, 2.79 acres of Community/Neighborhood Commercial and Offices, and 5.48 acres of Open Space;
- B. **North Sacramento Community Plan Amendment** of 35.47 acres from Residential 4-8 du/na, General Retail, Parks/Open Space, to 22.57 acres of Residential 11-29 du/na, 2.79 acres General Retail, and 5.48 acres of Parks/Open Space;

- C. **Rezone** from the existing designation to 22.57 acres of Multi-Family Residential PUD (R-2-PUD), 2.79 acres of General Commercial PUD (C-2-PUD), and 5.48 acres of Open Space (A-OS);
- D. **PUD Guidelines Amendment** to amend the Hansen Lakes PUD for Leisure Vistas development guidelines;
- E. **PUD Schematic Plan Amendment** for the Leisure Vistas Master Plan Layout; and
- F. **Tentative Master Parcel Map** to subdivide 35.47 acres into one 5.48 acre A-OS zoned parcel, one 2.79 acre C-2-PUD zoned parcel, and one 22.57 acre R-3-PUD zoned parcel.

SECTION 2: GENERAL INFORMATION

The Mitigation Monitoring Plan (MMP) includes mitigation for Water, Air Quality, Biological Resources, Noise, and Cultural Resources. The intent of the Plan is to prescribe and enforce a means for properly and successfully implementing the mitigation measures as identified within the Initial Study for this project. Unless otherwise noted, the cost of implementing the mitigation measures as prescribed by this Plan shall be funded by the owner/developer identified above. This Mitigation Monitoring Plan (MMP) is designed to aid the City of Sacramento in its implementation and monitoring of mitigation measures adopted for the proposed project.

The mitigation measures have been taken verbatim from the Initial Study and are assigned the same number they have in the document. The MMP describes the actions that must take place to implement each mitigation measure, the timing of those actions, and the entities responsible for implementing and monitoring the actions. The developer will be responsible for fully understanding and effectively implementing the mitigation measures contained with the MMP. The City of Sacramento, along with other applicable local, state or federal agencies, will be responsible for ensuring compliance.

MITIGATION AGREEMENT

PROJECT NAME / FILE NUMBER: Leisure Vistas (P99-094)

OWNER/DEVELOPER/APPLICANT: Wayne Stoops
Capitol Eagle Investors
3616 Gold Creek Lane
Sacramento, CA 95827

I, Wayne Stoops (owner/developer/applicant), agree to amend the project application P99-094 to incorporate the attached mitigation measures as identified in the Initial Study for the project. I understand that by agreeing to these mitigation measures, all identified potentially significant environmental impacts should be reduced to below a level of significance, thereby enabling the Environmental Coordinator to prepare a Mitigated Negative Declaration of environmental impact for the above referenced project.

I also understand that the City of Sacramento will adopt a Mitigation Monitoring Plan (Plan) for this project. This Plan will be prepared by the Development Services Department, pursuant to the California Environmental Quality Act Guidelines Section 21081.6 and pursuant to Article III of the City's Local Administrative Procedures for the Preparation of Environmental Documents.

I acknowledge that this project, P99-094, would be subject to this Plan at the time the Plan is adopted. This Plan will establish responsibilities for the monitoring of my project by various City Departments and by other public agencies under the terms of the agreed upon mitigation measures. I understand that the mitigation measures adopted for my project may require the expenditure of owner/developer funds where necessary to comply with the provisions of said mitigation measures.

Wayne Stoops

7. Biological Resources					
MM-3	The proposed project could result in adverse effects to special-status species.	<p>Any proposed tree removal shall be Development Services Department</p> <p>scheduled to avoid the nesting season, which extends from February through September. If demolition and construction cannot be scheduled to avoid the nesting season, prior to the issuance of grading permits, pre-construction surveys for nesting raptors shall be conducted by a qualified ornithologist or wildlife biologist to ensure that raptor nests are not disturbed during project implementation. A pre-construction survey shall be conducted no more than 14 days prior to the initiation of demolition/construction activities during the early part of the breeding season (February through April) and no more than 30 days prior to the initiation of these activities during the late part of the breeding season (May through September). During this survey, the qualified person shall inspect all trees in and immediately adjacent to the impact areas for raptor nests.</p>	Prior to issuance of a grading permit		
				<p>If the above survey does not identify any</p>

	<p>nesting raptor species on the project site, further mitigation is not required. However, should any raptor species be found nesting on the project site, the following mitigation measures shall be implemented:</p> <p>a. Prior to the issuance of grading permits, the following mitigation measures shall be completed for the review and approval of CDFG. The project applicant, in consultation with CDFG, shall avoid all birds of prey nest sites located in the project site during the breeding season while the nest is occupied with adults and/or eggs or young. The occupied nest shall be monitored by a qualified raptor biologist to determine when the nest is no longer used. Avoidance shall include the establishment of a nondisturbance buffer zone around the nest site. The size of the buffer zone shall be determined in consultation with CDFG. Highly visible temporary construction fencing shall delineate the buffer zone.</p>		Development Services Department California Department of Fish and Game	Prior to the issuance of grading permits
