Description/Analysis

Issue: In 1994, City Council approved a Master Lease with Packard Bell Electronics, Inc. Along with the lease agreement, the City entered into a loan agreement with Packard Bell in the amount of \$36 million for site improvements and relocation expenses. By 1999, Packard Bell was facing difficult financial issues and was dissolving as a corporation. As a result, Packard Bell requested the City consent to assignment of the Master Lease to US National Leasing. The City approved the transfer, with some additional requirements, and US National Leasing was successful in paying off \$16 million in loans owed to the City by Packard Bell.

Since 1999 there have been a number of amendments to the Army Depot Master Lease. On October 16, 2007 City Council authorized the City Manager to execute the seventh amendment, which assigned US National Leasing's interest in four parcels from the Master Lease to its affiliate US National Depot Lands (Depot Lands). This action was taken in order for the developer to obtain financing necessary to further its industrial development of the Army Depot, including the proposed ethanol plant.

The Confirmation Agreement confirms the seventh amendment and allows the developer to obtain financing with a bank for the development of new projects on the released parcels. (See attachment 1 depicting the subject parcels.) The Confirmation Agreement also confirms the effect of the seventh amendment executed on October 16, 2007 and a direct relationship between Depot Lands and the City, with respect to Depot Lands' obligations under the Master Lease.

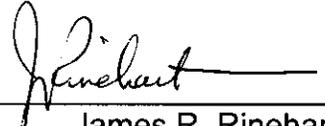

Policy Considerations: The Master Lease gives US National Leasing the ability to assign the lease in part or whole to an affiliate company, including all rights and interests.

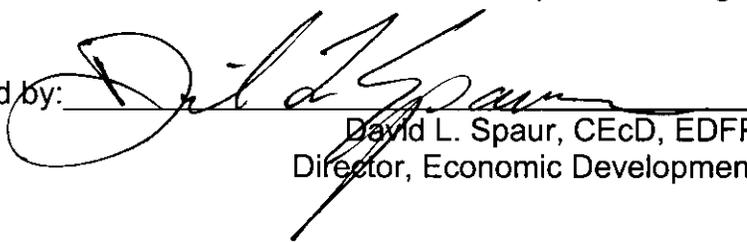

Environmental Considerations: This project is subject to the environmental review process as part of the approval of its development application.

Rationale for Recommendation: The action requested herein is consistent with the City's goal to expand economic development and assist in the reuse of the former Army Depot.

Financial Considerations: There are no funding requirements related to this project.

Emerging Small Business Development (ESBD): Not Applicable
