

**PETITION TO STOP
THE BUDGET INN PERMANENT HOMELESS HOUSING
5321 STOCKTON BLVD.**

Your support is needed to show the City of Sacramento, Councilmember Lauren Hammond, and the Mercy Housing California organization that the residents of Lawrence Park **DO NOT WANT** the Budget Inn converted to house drug and alcohol addicts and other chronically homeless individuals. As planned now, the program would not require drug & alcohol testing, nor would it require residents to try to overcome their addictions. We do not need more disturbed people, not obliged to avail themselves of rehabilitative services, roaming our streets. The City of Sacramento needs to improve our area, not blight it further with an even greater concentration of social problems.
