

# RESOLUTION NO. 2008-434

Adopted by the Sacramento City Council

June 24, 2008

## AUTHORIZING USE OF COOPERATIVE PURCHASING AGREEMENTS FOR INFORMATION TECHNOLOGY RELATED GOODS AND SERVICES DURING FISCAL YEAR 2008/09

### BACKGROUND

- A. Sacramento City Code section 3.56.240 authorizes, where advantageous to the City, the use of cooperative purchasing agreements through other governmental jurisdictions or public agencies for the purchase of supplies or nonprofessional services without separate competitive bidding.
- B. The City has an ongoing need to purchase Information Technology (IT) related goods and services. For the past several years, the City Council has approved and authorized use of cooperative purchasing agreements to procure a variety of IT related goods and services citywide, such as computer hardware, software, and technical support services. (Resolution Nos. 2005-673, 2006-520, and 2007-458). Utilizing cooperative purchasing agreements is advantageous to the City because it provides an opportunity for the City to obtain lower pricing through volume purchasing
- C. At such time when the overall total or individual limit by vendor exceeds the amounts authorized in this resolution, or in cases involving unanticipated purchases of IT hardware, software or services, individual Council requests will be made.

### BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. The cooperative purchasing agreements listed below are approved for purchase of information technology related goods and services citywide.

Vendor Name	FY2008/09 Not to Exceed Amount	Co-operative Purchase Agreement	Description
