

## **RESOLUTION NO. 2008-572**

Adopted by the Sacramento City Council

August 19, 2008

### **AUTHORIZING AN AGREEMENT WITH THE SACRAMENTO MUSEUM OF HISTORY, SCIENCE AND TECHNOLOGY FOR THE EXCLUSIVE RIGHT TO NEGOTIATE FOR ONE-YEAR FOR THE REUSE OF THE JIBBOOM STREET POWER STATION SITE**

#### **BACKGROUND**

- A. The City owns certain real property located in the City of Sacramento, being all or a portion of the properties west of Jibboom Street identified as parcels 001-0190-004, -009, -015, and -016 ("Property"), as shown on the map attached hereto as Exhibit A and being located within the River District Redevelopment Project Area ("Project Area").
- B. The Property contains the City historic landmark structure, the Jibboom Street PG&E Power Station ("Power Station"), which has been shuttered and in deteriorating condition since it was last used for a heavy industrial operation in the early 1960s.
- C. The Property had been identified by the City as important to the furtherance of the River District Redevelopment Plan ("Redevelopment Plan") and the elimination of blighting conditions in the Project Area. The Redevelopment Plan identifies the reuse of parcels that are stagnant or improperly utilized and the rehabilitation of the Project Area as a strategy to eliminate blight.
- D. The City desires to rehabilitate and reuse the Power Station for a visitor attraction which preserves the distinctive architectural features of the building and enhances public uses of the surrounding Robert T. Matsui Park and riverfront.
- E. The Sacramento Museum of History, Science and Technology ("Developer"), desires to negotiate with the City to redevelop the Property into a science and space center with adjacent restaurant and parking structure serving the site.
- F. City finds that Developer's proposal meets the objectives of the Riverfront Master Plan, the Richards Boulevard Area Plan and the Redevelopment Plan, and it is in the best interest of the City to pursue the Developers program for the project.
- G. The proposed action to approve the Exclusive Right to Negotiate ("ERN") is exempt from environmental review under CEQA Guidelines, California Code of Regulations, title 14, section 15262. The ERN authorizes staff to work with the developer to define the scope and feasibility of the proposed development project and to complete the environmental review process for the project.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. After due consideration of the facts presented, the findings, including the foregoing recitals and the environmental findings regarding this action, are approved and adopted.
- Section 2. The City Manager or his designee is authorized to approve and execute an agreement with the Sacramento Museum of History and Technology for the Exclusive Right to Negotiate in substantially the form as the agreement attached to this Resolution as Exhibit B.
- Section 3. The City Manager or his designee is authorized to extend the Agreement for up to one additional one year term based on approval of the City Manager and substantial progress of Developer in developing the Property.

#### RECITALS

- A. Developer desires to negotiate with City to develop certain real property ("Property") located in the City of Sacramento, County of Sacramento, State of California, being all or a portion of the properties on the west of Jibboom Street known as parcels 001-0190-004, -009, -011, -015, and -016 as shown on the map attached hereto as Exhibit A. The Property is within the River District Redevelopment Project Area ("Project Area").
- B. In June 2005, the City circulated widely a Request for Proposals ("RFP") for the Project in a competitive bidding process. The Sacramento Museum of History, Science and Technology was one of the most favorable proposals.
- C. On June 12, 2007, City Council approved entering into an Agreement for the Exclusive Right to Negotiate ("ERN") with the Sacramento Museum of History, Science and Technology to develop certain real property ("Property"). The Project is the subject of negotiation with the City and the parties contemplate that such negotiation will lead to a mutually satisfactory program for site control, financing and development of the Property, and negotiation of a Ground Lease ("Lease") under which such program will be completed.
- D. The Property is within the River District Redevelopment Project Area ("Project Area") and the redevelopment of the Property ("Project") is consistent with the River District Redevelopment Plan ("Redevelopment Plan") and its implementing documents. The Property has been identified by the City as important to the furtherance of the Redevelopment Plan and the elimination of blighting conditions in the Project Area.
- E. The ERN contains a Schedule of Performance in Section 5 identifying actions to further the Project and provides a provision in Section 8 to extend the ERN for an additional 365 day term upon mutual agreement of the parties. Developer has requested and City has agreed to renew the ERN for a 365 day term with revisions to the Scope of Performance as provided herein.
- F. The parties intend to negotiate the terms and conditions of the Lease, exclusively and in good faith, and to use reasonable good faith efforts to complete, execute and deliver the Lease at the end of the term of this Agreement, after full and unrestricted CEQA review and consideration of the Project.
- G. The parties agree that the development of the Property, the completion of the Project and the execution of this Agreement are for the purpose of community improvement and welfare, for the benefit of the Project Area and in accordance with the public purposes and provisions of federal, state and local laws under which the Project may be undertaken.
