

RESOLUTION NO. 2008-627

Adopted by the Sacramento City Council

September 16, 2008

AUTHORIZING THE ACCEPTANCE AND EXECUTION OF A 2008 SACRAMENTO EMERGENCY CLEAN AIR AND TRANSPORTATION (SECAT) PROGRAM GRANT AGREEMENT WITH THE SACRAMENTO AREA COUNCIL OF GOVERNMENTS (SACOG) AND THE SACRAMENTO AIR QUALITY MANAGEMENT DISTRICT (SMAQMD) IN THE AMOUNT OF \$300,000; APPROVE THE ESTABLISHMENT OF A GRANT PROJECT; AND ESTABLISH REVENUE AND EXPENDITURE BUDGETS IN THE AMOUNT OF \$300,000

BACKGROUND

- A. The Sacramento region has the sixth worst air quality in the nation, jeopardizing its ability to meet state and federal clean air standards. A significant part of the air quality problem in the Sacramento region is attributable to on-road motor vehicles, especially diesel-powered vehicles.
- B. AB 2511 has created the SECAT Program, an incentive-based approach to reducing diesel emissions and improving the region's air quality.
- C. With a goal of improving air quality problem in the Sacramento region, the City/County Heavy-Duty low emission vehicle acquisition policy was approved by City Council on October 5, 1999, and the Low Emission Vehicle acquisition guidelines adopted by City Council on September 19, 2000.
- D. The overall estimated cost of the project is \$350,000 of which, the City would pay \$50,000 from the Fleet funded Fuel Management and Support Equipment Capital Improvement Project (CIP) (C13000100). The grant funding will provide for reimbursement to the City of a maximum of \$300,000 toward the purchase of a mobile Liquefied Natural Gas (LNG) refueler.
- E. Benefits of a mobile LNG fueling station are the ability to transport fuel and provide additional capacity due to the increase of LNG trucks currently being purchased for the Department of Utilities, Solid Waste Division.

BASED ON THE FACT SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The City Manager or the City Manager's designee is authorized to accept and execute a 2008 SECAT Program grant agreement with SACOG and SMAQMD in the amount of \$300,000 for a mobile LNG fueling infrastructure.
- Section 2. Establishment of a 2008 SECAT Program grant project is approved.

Section 3. Revenue and expenditure budgets for the 2008 SECAT Program grant project in the amount of \$300,000 are established.
