

## RESOLUTION NO. 2008-632

Adopted by the Sacramento City Council

September 16, 2008

### ALLOCATION OF PROPOSITION 1B LOCAL STREET AND ROAD FUNDS TO PROJECTS

#### BACKGROUND

- A. Proposition 1B provided \$19.925 billion in bond funds for a variety of transportation priorities including \$2 billion for cities and counties to fund the maintenance and improvement of local transportation facilities.
- B. The 2007 Budget Act and Chapter 181, Statutes of 2007(SB88), appropriate a total of \$950 million of the \$2 billion in Proposition 1B funds in 2007-08. Of this amount, Chapter 314, Statutes of 2007(AB196), specifies that \$550 million be allocated to cities and \$400 million be allocated to counties. Of the \$550 million, the City of Sacramento's share is \$7,536,411. The City's share is based on population.
- C. Proposition 1B Local Road and Street funds are to be spent on projects that will assist in reducing local traffic congestion and further deterioration, improving traffic flows, or increasing traffic safety that may include but not limited to, street and highway pavement maintenance, rehabilitation, installation, construction and reconstruction of necessary associated facilities such as drainage and traffic control devices, or the maintenance, rehabilitation, installation, construction and reconstruction of facilities that expand ridership on transit systems, safety projects to reduce fatalities, or as a local match to obtain state or federal transportation funds for a similar purpose.
- D. The Proposition 1B funds are to be spent within 3 years of the fiscal year of allocation.
- E. The City's Street Overlays and Seals Program have a growing backlog of streets needing maintenance to prevent them from requiring more costly reconstruction.
- F. The Docks Promenade Construction Project is a high priority project in final design and in need of gap funding for the reconstruction of Front Street.
