

## REPORT TO COUNCIL City of Sacramento

915 I Street, Sacramento, CA 95814-2604  
www.CityofSacramento.org

Staff Report  
March 3, 2009

Honorable Mayor and  
Members of the City Council

**Title:** State-Mandated Parking Citation Penalty Pass-Through

**Location/Council District:** Citywide

**Recommendation:** Adopt 1) a **Resolution** approving a proposed increase to City parking citations as a result of state-mandated surcharges.

**Contacts:** Brad Wasson, Revenue Manager, 808-5844

**Presenters:** Brad Wasson, Revenue Manager

**Department:** Finance and Transportation

**Division:** Revenue and Parking Services

**Organization No:** 06001211, 15001511

### **Description/Analysis**

In 1992, the state mandated that parking-citation processing responsibilities be transferred from the courts to the local issuing agencies by January 1, 1994. That transfer of responsibility also decriminalized parking violations and made them civil violations enforced by the local issuing agency. On December 13, 1993 the transfer of parking citation processing from the Sacramento Municipal Court to the City was accomplished.

Prior to this transfer, under Government Code section 76000 the state had imposed a parking penalty surcharge of \$5 on each parking citation that the court collected. These surcharges were collected to fund The Courthouse Construction Fund and the Criminal Justice Facilities Construction Fund.

When responsibility for processing parking violations transferred to local governments, the state mandated them to collect the \$5 surcharge and pass it through to the County and State. Therefore, since 1993 the City has been remitting this \$5 surcharge to the state out of parking-citation collections without increasing its parking penalties. Staff recommends that the City's current parking citation amounts be increased by \$5 to accommodate the state-mandated collection and pass-through of the \$5 surcharge.

In 2008, the Legislature passed Senate Bill (SB) 1407, which became effective January 1, 2009, increasing parking-penalty surcharges by \$3.00. The \$3.00 surcharge is also to be used to fund the Courthouse Construction Fund and the Criminal Justice Facilities Construction Fund. Staff recommends that the City's current parking citation amounts be increased by \$3.00 to accommodate the collection and pass-through of this additional state-mandated \$3.00 parking-penalties surcharge.

With the passage of SB 1407, the amount the City is now required to collect and pass through to the County and State for each parking violation has increased from \$5.00 to \$8.00. Unless the City increases its parking citation amounts to collect both of these state-mandated surcharges from parking violators, the City will have to absorb this additional cost from existing parking-citation revenues.

**Policy Considerations:** A revision of parking penalties to include an additional \$3.00 to accommodate the increase in the state court construction pass-through penalty must be adopted by the governing body of the affected jurisdiction, in accordance with Vehicle Code section 40203.5. If this action is not taken, the City will be required to pay the surcharge out of existing parking citation revenues.

The City has been absorbing the \$5 State Court construction surcharge from existing parking-citation revenue since 1993. The \$5 state-mandated surcharge should be identified on the city's parking citations and collected from parking violators together with the \$3.00 surcharge and the City's parking penalties.

Consistent with the City's Fees and Charges Policy, this recommendation is consistent with the City Council's adopted budget principle to maintain a fiscally sustainable balanced budget and accurately collect and pass through state-mandated penalties.

**Environmental Considerations:** None.

**Sustainability Considerations:** None.

**Rationale for Recommendation:** The estimated cost of the \$3.00 increase per citation is estimated at \$540,000 annually. If the City Council does not approve the proposed \$3.00 increase per citation, the City would still be required to remit the surcharge to the state, thereby reducing the amount of net General Fund moneys available by \$540,000 annually.

The current surcharge of \$5.00 per citation has been reducing parking citation revenue by \$900,000 annually since 1993. When the court was processing the City's parking violations prior to 1993, it was appropriate for the court to reduce the City's parking revenue for its mandated penalties as part of the fee calculation for processing the City's citations. However, once the City started processing its own citations, the state-mandated surcharge should have been specifically added to the City's parking penalty to be collected from parking violators.

**Financial Considerations:** A \$3.00 fee increase for each parking citation would ensure that the City recovers the increased cost of the mandated pass-through penalties imposed by Government Code section 70372. If the proposed \$3.00 increase per citation is not approved, the City must still remit the surcharge to the state, thereby reducing the amount of net General Fund moneys available by \$540,000 annually.

Since 1993, the \$5.00 surcharge has been reducing parking-citation revenue by \$900,000 annually. If the \$3.00 surcharge is not collected from the parking violators, the loss to parking-citation revenue would increase to \$1,440,000 annually. Therefore, both the existing \$5.00 surcharge and the \$3.00 increase should be identified on the City's parking penalty schedule as an \$8.00 state-mandated surcharge. Increasing the City's parking citations by an additional \$8.00 will result in a net gain of \$900,000 annually to reimburse the City for previously lost parking-citation revenues passed on to the state.

Recapturing this lost revenue is critical for the City's capacity to provide efficient parking citation processing and customer service. The City Manager is considering the return of this lost revenue in the development of the City's FY2009/10 budget.

**Emerging Small Business Development (ESBD):** Any goods or services will be purchased in accordance with established City policy.

**Attachment 1**

**RESOLUTION NO.**

Adopted by the Sacramento City Council

**APPROVING A PROPOSED INCREASE TO CITY PARKING CITATIONS AS A  
RESULT OF STATE-MANDATED SURCHARGES**

**BACKGROUND**

- A. In December 1993, the Sacramento County Superior Court transferred the responsibility for processing parking citations to the City. Concurrent with this action, the State mandated a \$5 parking-penalty surcharge pursuant to Government Code section 76000 for all citations issued within the County of Sacramento. This \$5 surcharge is to fund the Courthouse Construction Fund and the Criminal Justice Facilities Construction Fund.
- B. Since 1993, the City has been remitting this \$5 state-mandated surcharge to the county on a monthly basis, without collecting the cost of the surcharge from the parking violators.
- C. With the enactment of Senate Bill (SB) 1407, which took effect on January 1, 2009, the City is required to collect an additional \$3.00 state-mandated surcharge on parking offenses pursuant to Government Code section 70372. This surcharge is also to fund the Courthouse Construction Fund and the Criminal Justice Facilities Construction Fund.
- D. With the \$3 surcharge increase under SB 1407, the total amount of state-mandated penalty surcharge the City is now required to collect and remit to the County and State for every parking offense increases from \$5.00 to \$8.00.
- E. Therefore, the City desires to increase the amount of all City parking citations by \$8.00 to accommodate collection from parking violators of these state-mandated parking penalty surcharges imposed by Government Code sections 70372 and 76000.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL  
RESOLVES AS FOLLOWS:**

- Section 1. The City Council hereby establishes an increase to the amount of a parking citation issued after March 15, 2009 by \$8.00 per citation, in accordance with Government Code sections 70372 and 76000 and as set forth in Exhibit A, attached to this resolution.

Section 2. The City will collect and remit the \$8.00 surcharge on a monthly basis to the County Treasurer, who is required to transmit the funds to the State Controller within 45 days.

Section 3. Exhibit A is part of this resolution.
