BACKGROUND

- A. The public's perception of the safety of parks and recreation facilities has declined since 2003 according to two public surveys of residents within the City of Sacramento.
- B. Ensuring that the City's park and recreation system creates a positive, clean, vibrant, and safe environment requires a comprehensive strategy that needs to be targeted at the facility/neighborhood level. No one solution will resolve the issue citywide.
- C. On January 8, 2008, the City Council approved Section 2 (the "Planning Process") for the *Parks and Recreation Safety Implementation Plan* which established the methods for evaluating the safety of parks and recreation facilities, performing specific Park Safety Audits and developing Best Management Practice (BMP) recommendations for Park Safety Services.
- D. The results and data received through the Planning Process have resulted in specific Action Plans and other recommendations for the City Council to adopt.
- E. On April 10, 2008, the City Council adopted the *Parks and Recreation Safety Implementation Plan (PSIP)*. As part of the *PSIP*, the City Council approved action plans for nine City parks to implement capital improvements and operational enhancements to make these parks positive, clean, vibrant and safe environments for park users.
- F. On December 9, 2008, the City Council adopted the *Section 5: Financing of the Parks and Recreation Safety Implementation Plan (PSIP)* including the recommendations contained therein related to a "premier level" standard for *PSIP* projects.
- G. Bill Bean, Jr. Park is a 4.38-acre neighborhood park located in East Broadway on 7400 17th Avenue. The Bill Bean, Jr. Park Master Plan was reviewed and supported by the Parks and Recreation Commission on December 4, 2008.
- H. Gardenland Park is a 6.05-acre neighborhood park located in South Natomas on 310 Bowman Avenue. The Gardenland Park Master Plan was reviewed and supported by the Parks and Recreation Commission on October 2, 2008.

- I. Hagginwood Park is a 15.50-acre community park located in North Sacramento on 3271 Marysville Boulevard. The Hagginwood Park Master Plan was reviewed and supported by the Parks and Recreation Commission on January 8, 2009.
- J. Martin Luther King, Jr. Park is a 1.52-acre neighborhood park located on 2705 Gardendale Road. The Martin L. King Jr. Park Master Plan was reviewed and supported by the Parks and Recreation Commission on December 4, 2008.
- K. Strawberry Manor Park is a 1.30-acre neighborhood park located in North Sacramento on 200 Danville Way. The Strawberry Manor Park Master Plan was reviewed and supported by the Parks and Recreation Commission on October 2, 2008.
- L. The Environmental Services Manager has reviewed these projects for compliance with the requirements of the California Environmental Quality Act (CEQA) and determined that they are exempt from the provisions of CEQA pursuant to Sections 15303, 15304(b) and 15311(a) of the CEQA Guidelines.
- M. Long-term designs of public facilities are reviewed and approved by City Council.
