

## **RESOLUTION NO. 2009-208**

Adopted by the Sacramento City Council

April 7, 2009

### **SUPPLEMENTAL AGREEMENT NO. 2 WITH SCS ENGINEERING**

#### **BACKGROUND**

- A. In June 2008, the City entered into an agreement with SCS Engineering to prepare a Final Closure Plan for the Dellar Landfill in response to a Cleanup and Abatement Order from the California Regional Water Quality Board. In January 2009, the City approved Supplemental Agreement No. 1 to include additional work by SCS to prepare an Erosion Control Plan and Storm Water Pollution Prevention Plan (City Agreement No. 2008-0629).
- B. After approving the completion of engineering drawings, the Department of Utilities requested SCS to complete a second alternative design plan. SCS completed the alternative design plan for review by the Department. The alternative design plan was chosen over the first design plan based on the anticipated cost savings during the post closure operations and maintenance of the landfill. Preparation of a second alternative design plan was not included in the original scope of work. Staff is recommending an increase in the consulting agreement with SCS to pay for this additional work and in order for SCS to complete the Final Closure Plan required by the Order from the Water Board.

#### **BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. The City Manager or designee is authorized to execute Supplemental Agreement No. 2 to City Agreement No. 2008-0629 with SCS Engineering for additional work related to the final closure plan for the Dellar Landfill, for an amount not to exceed \$15,500.

Adopted by the City of Sacramento City Council on April 7, 2009 by the following vote:

Ayes: Councilmembers Cohn, Fong, Hammond, McCarty, Pannell, Sheedy, Waters,  
and Mayor Johnson.

Noes: None.

Abstain: None.

Absent: Councilmember Tretheway.

Mayor Kevin Johnson

Attest:

  
Shirley Concolino, City Clerk
