

RESOLUTION NO. 2009-213

Adopted by the Sacramento City Council

April 7, 2009

APPROVE SUPPLEMENTAL AGREEMENT WITH WILLDAN FINANCIAL SERVICES FOR UPDATE OF UTILITY SYSTEM DEVELOPMENT FEES

BACKGROUND

- A. The City currently collects water, sewer and combined sewer system Development Impact Fees. These fee revenues are used to fund the utilities infrastructure necessary to support new development or growth. The City does not currently have a Development Impact Fee for storm drainage.
- B. Willdan Financial Services was selected by the Department of Utilities (DOU) through a RFQ process to perform a study to review the Impact Fee structures and provide recommendations for updating the fees (or in the case of storm drainage, adopting a fee) to properly support growth and development with adequate utilities infrastructure. A Professional Services Agreement was issued to Willdan to complete Phase 1 of the study project that included the review of DOU master plans and City growth data and developing a proposed technical approach to updating the fees.
- C. This work has been completed, and City staff has negotiated a Supplemental Agreement for Willdan to implement the Phase 2 work plan to evaluate the current fee structures and propose fair and equitable Development Impact Fees for each utility.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The City Manager is authorized to execute the Supplemental Agreement with Willdan Financial Services for the Development Impact Fee Study – Water, Sewer and Drainage (W14004700), increasing the contract not to exceed amount to \$137,200.

Adopted by the City of Sacramento City Council on April 7, 2009 by the following vote:

Ayes: Councilmembers Cohn, Fong, Hammond, McCarty, Pannell, Sheedy, Tretheway, Waters, and Mayor Johnson.

Noes: None.

Abstain: None.

Absent: None.

Mayor Kevin Johnson

Attest:

Shirley Concolino, City Clerk
