Re: Station 43 Project  
City Council Hearing Date: November 24, 2009

---

The Station 43 Project is scheduled for hearing on Tuesday, November 24, 2009.

Environmental Planning Services has reviewed the project and has concluded that an Addendum to the previously adopted Mitigated Negative Declaration is the appropriate environmental document.

I have attached a CD with the following materials for your reference:

1. Addendum to the Natomas Central (P04-173) Mitigated Negative Declaration (includes Resolution No. 2005-774, approving the Negative Declaration and Mitigation Monitoring Plan and the Mitigated Negative Declaration for the Natomas Central Project)
2. Draft Resolution to adopt the Addendum and Mitigation Monitoring Plan for the Station 43 Project

Please let me know if you have any questions regarding these materials. I can be reached at xt. 5375.
