Tuesday, January 12, 2010

Item

Public Comments-Matters Not on the Agenda

Comments

Lytell Steffensen

Position: Support

Comment: Because of the economy the way families are these day a good thing would be able to have a few hens as pets and egg layers. We need to do it before the Spring so we can get things going before the Summer. This would also be a good opportunity for children to learn a responsibility. We have lots of big back yards in Sacramento.
