

**Public Comment for 03-09-2010 City Council, Financing Authority,
Housing Authority, Redevelopment Agency Meeting**

Prepared by the Office of the City Clerk- (916) 808-7200 @5:00 pm on 03-09-2010

Item	Name	N.Hood	Position	Comment
Public Comments-Matters Not on the Agenda	Steve Vincent	D-4	Oppose	How about reducing the number of big expenditures that we see on this agenda every week? thereby reducing our local taxes? That would be a nice change. Zoning is the best tool to revitalize downtown? by encouraging more mixed-use and housing... and costs taxpayers nothing!
Public Comments-Matters Not on the Agenda	Jeanne Corcoran	D-3	Oppose	What is occurring with the FEMA plan to resolve the Natomas building violations within a flood plain? I and my neighbors? who have purchased flood insurance? are concerned that our flood insurance will be increased all due to the city's permitting of the building permits in a flood zone. Those that are required to have flood insurance should not be held responsible for the errors of the City. When will the city's residents be given an update on this matter?
