**Honorable Mayor and
Members of the City Council**

Title: Fiscal Year 2008/09 Single Audit Report

Location/Council District: Citywide

Recommendation: Adopt a **Resolution 1**) accepting the Fiscal Year (FY) 2008/09 Single Audit Report.

Contact: Leyne Milstein, Director of Finance, 808-8491; Dennis Kauffman, Accounting Manager, 808-5843

Presenters: Not applicable

Department: Finance

Division: Accounting

Organization No: 06001311

Description/Analysis

Issues: The City's FY2008/09 Single Audit Report has been prepared to present the City's Schedule of Expenditures of Federal Awards (SEFA) for the fiscal year that ended June 30, 2009. An independent public accounting firm has audited the SEFA, as required by federal law.

Policy Considerations: This report is required by federal grants and is consistent with the City's fiscal transparency and accountability principles.

Environmental Considerations: Not Applicable

California Environmental Quality Act (CEQA): This recommendation does not constitute a "project" and is therefore exempt from the California Environmental Quality Act according to CEQA guidelines Section 15061 (b)(1) and 15378(b)(3).

Sustainability Considerations: There are no sustainability considerations associated with this report.

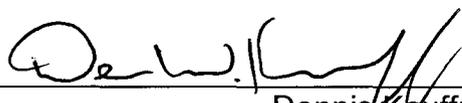

Commission/Committee Action: None

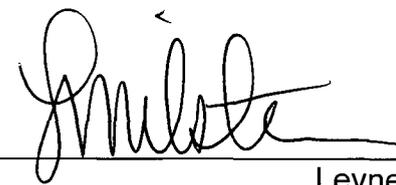

Rationale for Recommendation: It is in the best interest of the City to accept the FY2008/09 Single Audit Report as the annual audit of the City's federal grants is required by federal law. The public accounting firm of Macias, Gini & O'Connell, LLP has audited the City's FY2008/09 SEFA and has rendered a clean audit opinion.

The FY2008/09 Single Audit Report reports no current year audit findings. The report includes the status of the four audit findings and recommendations in the prior year report and documents that the City has implemented the auditors' recommendations.

Financial Considerations: There are no financial considerations associated with this report.

Emerging Small Business Development (ESBD): No goods or services are being purchased under this report.

Respectfully Submitted by: 
Dennis Kauffman
Accounting Manager

Approved by: 
Leyne Milstein
Director of Finance

Recommendation Approved:

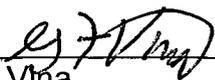

Gus Vlna
Acting City Manager

BACKGROUND INFORMATION

OVERVIEW OF REPORT

- The City's FY2008/09 Single Audit Report has been prepared to present the City's Schedule of Expenditures of Federal Awards (SEFA) for the fiscal year that ended June 30, 2009. The SEFA reports \$21.1 million of federal expenditures during the fiscal year ended June 30, 2009.
- Macias, Gini & O'Connell, LLP, an independent public accounting firm, has audited the SEFA and has rendered an unqualified audit opinion that the information is fairly stated in relation to the City's audited financial statements.
- The FY2008/09 Single Audit Report reports no current year audit findings. The report includes the status of the four audit findings and recommendations in the prior year report and documents that the City has implemented the auditors' recommendations.

RESOLUTION NO.

Adopted by the Sacramento City Council

FISCAL YEAR 2008/09 SINGLE AUDIT REPORT

BACKGROUND

- A. The City's Fiscal Year (FY) 2008/09 Single Audit Report was prepared to present the City's Schedule of Expenditures of Federal Awards (SEFA) for the fiscal year ended June 30, 2009. The SEFA was audited, as required by federal law, by an independent public accounting firm.
- B. The public accounting firm of Macias, Gini & O'Connell, LLP audited the City's FY2008/09 SEFA and rendered its unqualified opinion that the schedule is fairly presented in relation to the City's audited financial statements.
- C. The FY2008/09 Single Audit Report, reports no current year audit findings. The report includes the status of the four audit findings and recommendations in the prior year report and documents that the City has implemented the auditors' recommendations.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The City Council accepts the FY2008/09 Single Audit Report, attached hereto as Exhibit A.
- Section 2. Exhibit A is part of this resolution.

**Notes to the Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended June 30, 2009**

NOTE 1 – GENERAL

The accompanying Schedule of Expenditures of Federal Awards (SEFA) presents the expenditures of all federal awards programs of the City of Sacramento, California (City) for the fiscal year ended June 30, 2009. The City's reporting entity is defined in Note 1 to the City's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included on the SEFA.

NOTE 2 – BASIS OF ACCOUNTING

The accompanying SEFA is presented using the modified accrual basis of accounting for grants accounted for in the governmental fund types, and the accrual basis of accounting for grants accounted for in the proprietary fund types, as described in Note 1 to the City's basic financial statements.

NOTE 3 – CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBERS

The CFDA numbers included in the accompanying SEFA were determined based on the program name, review of grant contract information and the Office of Management and Budget's Catalog of Federal Domestic Assistance.

NOTE 4 – SCHEDULE OF AREA 4 AGENCY ON AGING EXPENDITURES

The following represents expenditures of the grant from the Area 4 Agency on Aging for the fiscal year ended June 30, 2009:

To the Honorable Mayor and

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS***

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Sacramento, California (City), as of and for the fiscal year ended June 30, 2009, which collectively comprise the City's basic financial statements and have issued our report thereon dated January 22, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the City Council, City management, and federal awarding agencies and pass through entities, and is not intended to be, and should not be used by anyone other than these specified parties.

To the Honorable Mayor and
Members of the City Council
City of Sacramento, California

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM, INTERNAL CONTROL OVER
COMPLIANCE AND SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS IN
ACCORDANCE WITH OMB CIRCULAR A-133**

Compliance

We have audited the compliance of the City of Sacramento, California (the City), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the fiscal year ended June 30, 2009. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the fiscal year ended June 30, 2009.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City, as of and for the fiscal year ended June 30, 2009, and have issued our report thereon dated January 22, 2010. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the City Council, the City management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**CITY OF SACRAMENTO, CALIFORNIA
SINGLE AUDIT REPORTS**

**Status of Prior Year Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2009**

Item: 2008-01
Federal Program: Summer Food Service Program for Children
CFDA #: 10.559
Department: United States Department of Agriculture
Passed through: State of California Department of Education

Criteria:

Per OMB Circular A-133 §.300(b), the auditee must maintain internal control over Federal programs that provides reasonable assurance that the auditee is monitoring compliance with the provisions of grant agreements.

Condition:

During our review of the City's compliance with site eligibility and monitoring requirements, it was noted that there is no system of internal controls to ensure compliance with eligibility and monitoring requirements for each program site. Although documentation of adequate internal controls was not observed, the City was in compliance with its site eligibility and monitoring requirements.

Questioned Costs:

There are no identifiable questioned costs associated with this condition as the City was in compliance with its site eligibility and monitoring requirements.

Effect:

The absence of internal controls to ensure compliance places the City at risk of the possibility that the City or a program site will be noncompliant and therefore, incur disallowed costs upon State review.

Cause:

The City has not designed internal controls to ensure that site eligibility and monitoring is being completed properly in accordance with program guidelines.

Recommendation:

We recommend that the agency utilize the *Checklist of Records* as provided in the *Administrative Guide for Sponsors of the Summer Food Service Program* to develop a system of internal controls over compliance and that the City perform a fiscal year-end and grant year-end compliance review that is then reviewed and approved by the Superintendent. Furthermore, all site monitoring reports should be accumulated and maintained at the administrative offices of the program.

**Status of Prior Year Findings and Questioned Costs (Continued)
For the Fiscal Year Ended June 30, 2009**

Management Response:

The City agrees with the recommendation and will formalize its use of the compliance checklist. The City believes program staff has complied with program guidelines over site eligibility and monitoring, however, a documented system of internal controls which includes the *Checklist of Records* will be improved to ensure program compliance.

Status:

Implemented. As of June 30, 2009, the City implemented the use of the *Checklist of Records* to ensure the performance of eligibility and monitoring procedures are being performed in a timely manner and are adequately documented.

Item: 2008-02
Federal Program: Summer Food Service Program for Children
CFDA #: 10.559
Department: United States Department of Agriculture
Passed through: State of California Department of Education

Criteria:

Per OMB Circular A-133 §.300(b), the auditee must maintain internal control over Federal programs that provides reasonable assurance that it is monitoring compliance with the provisions of allowable costs and activities. Per 7CFR §225.7(f), 225.9, and 225.15(a)-(c), sufficient records must be maintained to determine allowable administrative and operating costs. Also, per City policies and procedures, timesheets must be signed by the supervisor.

Condition:

During our review of allowable costs and activities related to payroll costs, it was noted that timesheets for 2 of the 15 pay periods tested were not approved by the Superintendent as required.

Questioned Costs:

There are no questioned costs identified as the payroll costs associated with the unapproved timesheets were determined to be allowable in accordance with program guidelines.

Effect:

The impact would be a potential for charging the program with unallowable costs.

**CITY OF SACRAMENTO, CALIFORNIA
SINGLE AUDIT REPORTS**

**Status of Prior Year Findings and Questioned Costs (Continued)
For the Fiscal Year Ended June 30, 2009**

Cause:

The Superintendent took a leave of absence during the year and did not assign authorization to a qualified subordinate to approve timesheets during his absence.

Recommendation:

We recommend that the Superintendent extend program payroll cost authorization to a qualified subordinate with knowledge of program guidelines during any prolonged absence.

Management Response:

The City agrees with the recommendation and has implemented new payroll authorization procedures in conjunction with the eCAPS payroll system which addresses delegation of authority during leaves of absence.

Status:

Implemented. The City implemented the payroll module of eCAPS that requires the proper authorization of payroll transactions.

Item: 2008-03
Federal Program: Summer Food Service Program for Children
CFDA #: 10.559
Department: United States Department of Agriculture
Passed through: State of California Department of Education

Criteria:

In accordance with the *Administrative Guide for Sponsors of the Summer Food Service Program* and Federal Government Code 7CFR §225.9(d), claims for reimbursement must reflect meals served during the claim period and revised claims must be submitted within 90-days after the end of the claim month.

Condition:

During our review of reimbursement claims, it was noted that the June 2008 claim was improperly prepared resulting in underreported meals served. Furthermore, the revised claim was not submitted within 90-days after the end of the claim month.

Questioned Costs:

There are no identifiable questioned costs associated with this noncompliance as the matter resulted in the reimbursement of administrative costs in an amount less than what the City was entitled.

**CITY OF SACRAMENTO, CALIFORNIA
SINGLE AUDIT REPORTS**

**Status of Prior Year Findings and Questioned Costs (Continued)
For the Fiscal Year Ended June 30, 2009**

Effect:

Inaccurate claims for reimbursement of operating and administrative costs result in the reporting of improper amounts to the State Department of Education exposing the City to the denial of the claims. Per discussion with the State of California Department of Education, the additional meals on the revised claim will likely not be reimbursed.

Cause:

As a result of staff turnover within the program, the monthly claim was prepared by staff inadequately trained and the Superintendent did not adequately review the monthly claim for accuracy.

Recommendation:

We recommend that the preparer of the reports be trained specifically in report preparation and that the Superintendent review the report for accuracy and completeness prior to approval. We further recommend that the City immediately communicate to the State Department of Education that revision of a claim is necessary, when applicable, and submit the revision within 90-days after the end of the claim month as required.

Management Response:

We agree with the recommendation and have taken appropriate steps to prevent similar errors in the future. In this case, the City contacted the California Department of Education, obtained a one-time exception to file a late revised claim, and submitted a revised claim form.

Status:

Implemented. The City implemented procedures requiring the Superintendent's detailed review and approval of the program's monthly claims prior to submission. The City properly submitted a revised claim to the State Department of Education.

Item:	2008-04
Federal Program:	Summer Food Service Program for Children
CFDA #:	10.559
Department:	United States Department of Agriculture
Passed through:	State of California Department of Education

Criteria:

In accordance with the *Administrative Guide for Sponsors of the Summer Food Service Program* and 7CFR §225.8(a) the Approved Agreement must be maintained in the Sponsor's files for three years after the end of the grant fiscal year.

**CITY OF SACRAMENTO, CALIFORNIA
SINGLE AUDIT REPORTS**

**Status of Prior Year Findings and Questioned Costs (Continued)
For the Fiscal Year Ended June 30, 2009**

Condition:

During our review of required records retention, it was noted that the City did not have the Approved Agreements for the 2007 and 2008 grant years on file.

Questioned Costs:

There are no identifiable questioned costs associated with this noncompliance.

Effect:

The City is in noncompliance and subject to Grantor penalty.

Cause:

The City was unaware that it was required to maintain these records for a 3 year period.

Recommendation:

We recommend that the City perform an annual compliance review for the program utilizing the *Checklist of Records* as provided in the *Administrative Guide for Sponsors of the Summer Food Service Program*. The checklist should be reviewed and approved by the program director and maintained on-site with the associated records.

Management Response:

The City agrees with the recommendation and will formalize its use of the compliance checklist. The City believes that the 2007 approved agreement was provided at the time of the audit, but due to administrative office relocation we could not produce the 2008 document at that time. The 2008 agreement has since been located and filed with all other required paperwork for this program.

Status:

Implemented. The City has improved its record keeping procedures and implemented the use of Checklist of Records to ensure the compliance with program requirements for record retention are adequately documented
