CONSENT
April 1, 2010

**Honorable Mayor and
Members of the City Council**

Title: Restriction of Through Traffic of the Alleyway Bounded by 16th, 17th, F and G Streets; Restricted Traffic Proceeding No. RT10-01

Location/Council District: The Alleyway bounded between 16th, 17th, F and G Streets in Council District 3 (see Attachment 2, Page 5).

Recommendation: Adopt a **Resolution** authorizing the restriction of vehicular and pedestrian traffic through the alleyway bounded between 16th, 17th, F and G Streets.

Contact: Jerry Lovato, Senior Engineering Technician, (916) 808-7918; Thomas Adams, Engineering Technician, (916) 808-7929

Presenters: None

Department: Transportation

Division: Engineering Services

Organization No: 15001151

Description/Analysis

Issue: The adjacent property owners to the subject alleyway have requested that the City of Sacramento restrict access through this alleyway to help deter and reduce the amount of criminal activity and illegal dumping.

Policy Considerations: The procedures under which the restriction of traffic are being initiated are set forth in the Vehicle Code Section 21102.1 and Sacramento City Code Chapter 12.40 allowing the restriction of traffic through an alley or alleys for the protection or preservation of the public peace, safety, health or welfare. This restriction is consistent with the City's Strategic Plan focus area in that it will improve and expand public safety, achieve sustainability and enhance livability. This is in keeping with the City's vision of being the most livable city in America.

Environmental Considerations:

California Environmental Quality Act (CEQA): The Environmental Planning Services section of the Community Development Department has determined that the project is exempt from the provisions of the California Environmental Quality Act (CEQA) under Class 1, Section 15301(c) and Class 3, Section 15303(e) of the CEQA Guidelines. Projects exempt under Section 15301(c), consist of the operation, repair, or minor alteration of existing highways, streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities involving negligible or no expansion of use. Projects exempt under Class 3, Section 15303(e), consist of the construction of small accessory structures.

Sustainability Considerations: None

Committee/Commission Action: None

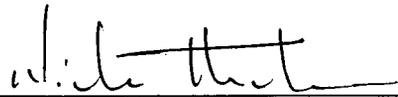

Rationale for Recommendation: Adoption of the attached Resolution will reduce the amount of vehicular and pedestrian traffic and provide additional security for the property owners by reducing the opportunity for individuals to enter the alleyway to commit illegal acts and illegally dump trash.

Financial Considerations: The total estimated cost to process this alley request is \$3,000. Fifty percent of the total costs will be paid for by the Alley Abatement Program (T15100900, Fund 2002) and the remaining fifty percent of the total costs will be paid by the adjacent property owners. The property owners have deposited their fifty percent share of cost to the Alley Abatement Program (T15100900).

As of March 1, 2010 the Alley Abatement Program (T15100900) has a total budget of \$96,114 and an unobligated balance of \$24,265, which is sufficient to cover the total estimated cost share of \$3,000.

There are no general funds planned or allocated for this project.

Emerging Small Business Development (ESBD): None

Attachment 1

Background

This proposed alley restriction was requested by the adjacent property owner's of the subject alleyway. The alleyway is currently unrestricted to vehicular and pedestrian traffic. This accessibility has allowed the alleyway to be utilized for illegal dumping and clandestine drug use. Many of these activities have been documented by the Sacramento Police Department: during a one year span, over 590 calls for service have been reported. The type and volume of calls for service has garnered support for this alley restriction from the Sacramento Police Department (see Attachment 3, Page 6).

The restriction of this alley will entail the installation of a six-foot high wrought iron gate at the entrance of the alleyway. This will restrict vehicular as well as pedestrian access through the alleyway. The restriction of this alley will assist in deterring criminal activity and reducing the number of vehicles and unwanted visitors utilizing the alleyway as a means to conduct criminal acts.

The total estimated cost of installing the 6 foot high gate with appropriate signs and locks is \$3,000. This cost will be shared between the Alley Abatement Program (T15100900) and the adjacent property owners. Each entity will pay fifty percent towards the cost of installing the gate and required signs.

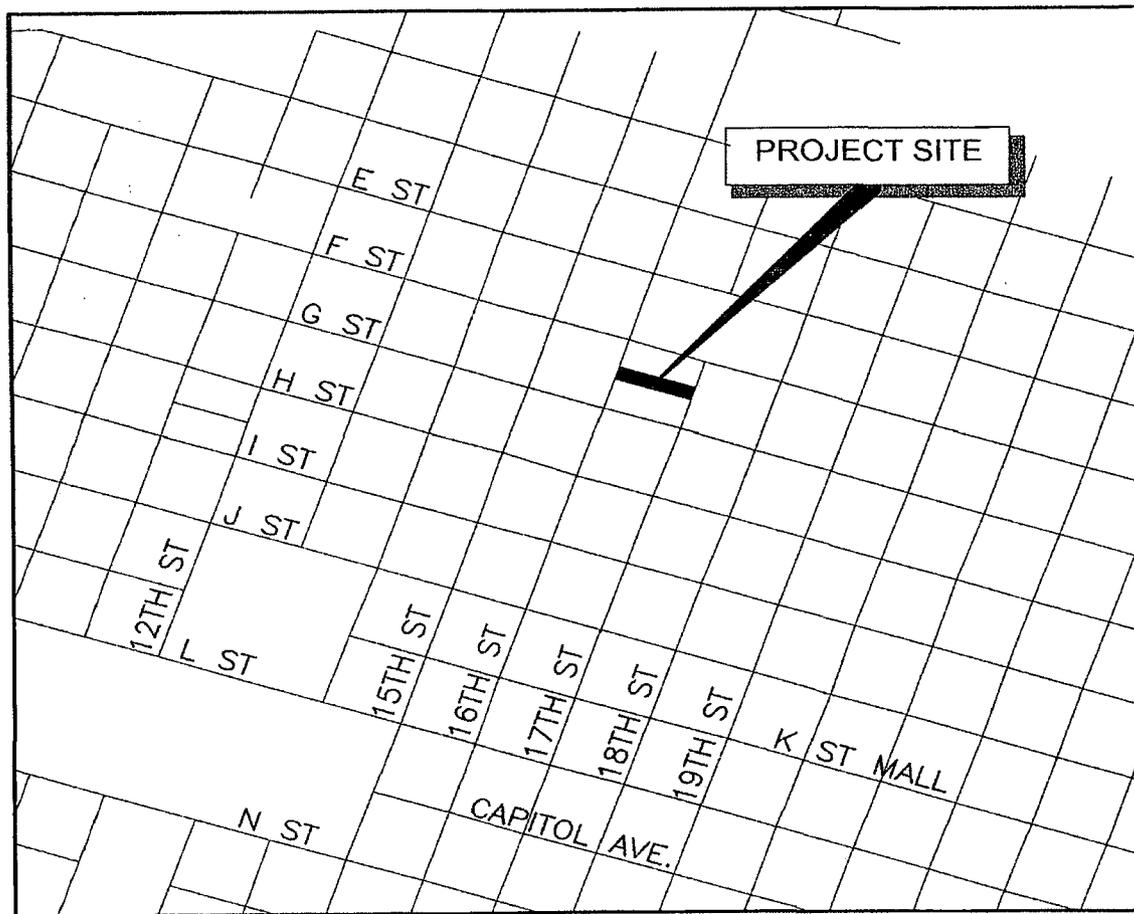

In addition to the Police Department's support of this alley restriction, the Fire Department has also given support to the alley restriction. The Fire Department certifies that the proposed alley restriction will not adversely impact its operations or the safety within the surrounding neighborhoods (see Attachment 4, Page 7).

The restriction of this subject alley is also supported by the City of Sacramento Department of Transportation (DOT). DOT certifies that the proposed alley restriction does not include a through highway or arterial street and that the alley restriction allows adequate and safe traffic circulation on the adjacent streets (see Attachment 5, Page 8).

Section 12.40.030 of the City Code states that any restriction of vehicular or pedestrian traffic authorized pursuant to Section 12.40.020 shall remain in effect for such a period of time as specified in the City Council's resolution authorizing such restriction. If no time period is specified, the City Council can allow such restriction until it is no longer necessary for the protection or preservation of the public peace, safety, health, or welfare.

City staff supports this request for restriction of the subject alleyway.

MEMORANDUM

TO: City of Sacramento
Development Services
915 I Street, Room 300
Sacramento, CA 95814

SUBJECT: **CLEARANCE FOR THE RESTRICTION OF TRAFFIC THROUGH
THE ALLEY BOUNDED BY BY "F" STREET, 16TH STREET, "G"
STREET AND 17TH Street**

I have reviewed the material on the subject alley proposed for restriction of traffic. On behalf of the Police Department, I find that the area of the proposed restriction of traffic on the subject alley suffers from serious and continual criminal activity. Vehicular and pedestrian traffic contributes to this activity. Given the ongoing criminal activity in the area of this alley, I recommend that the proposed restriction of traffic on the alley be implemented. Such action would substantially alleviate the serious and continual criminal activity in the area. Additional comments may follow below.

MEMORANDUM

TO: City of Sacramento
Development Services
915 I Street, Room 300
Sacramento, CA 95811

SUBJECT: CLEARANCE FOR THE PROPOSED RESTRICTION OF
TRAFFIC THROUGH THE ALLEY BOUNDED BY "F" STREET,
16TH STREET, "G" STREET AND 17TH STREET

In reference to the requested restriction of traffic, I have reviewed the material on the above subject alley. I find the alley is under the City of Sacramento's jurisdiction and the proposed restriction of traffic does not include an arterial or a through street. It also appears that the restriction will allow adequate traffic circulation on the area. The Department of Transportation supports this restriction of traffic on the subject alley. Additional comments may follow below.

COMMENTS:

*TRAFFIC ENGINEERING IS NOT OPPOSED TO
THIS RESTRICTION OF TRAFFIC FOR THE
ALLEY CLOSURE*

RESOLUTION NO.

Adopted by the Sacramento City Council

**RESOLUTION AUTHORIZING THE RESTRICTION OF THROUGH TRAFFIC OF THE ALLEYWAY BOUNDED BY 16TH, 17TH, F AND G STREETS
PROCEEDING NO. RT10-01**

BACKGROUND

- A. The City received a request from the adjacent property owners of the subject alleyway to restrict through traffic of the alleyway bounded by 16th, 17th, F and G Streets.
- B. The adjacent property owners have agreed to and provided fifty (50) percent of the total cost to construct the alley gate and placement of the necessary signage. The other fifty (50) percent of total costs will be paid for by the Alley Abatement Program (T15100900).
- C. In accordance with Section 21102.1 of the Vehicle Code of the State of California and with Chapter 12.40 of the Sacramento City Code, the City Council hereby considers approval of the restriction of traffic on the following subject alley to help prevent future criminal acts.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. Restriction of vehicular traffic through the subject alleyway bounded by 16th, 17th, F and G Streets is necessary for the protection or preservation of the public peace, safety, health or welfare of the neighborhood.
- Section 2. Vehicular and pedestrian traffic through the subject alleyway bounded by 16th, 17th, F and G Streets is restricted under the following conditions:
 - a) A locking security device approved by the City of Sacramento Fire Department will be installed on the gate.
 - b) City departments and utility companies will have twenty-four (24) hour access to their facilities within the alley.
 - c) Signs giving notice of such restrictions shall be installed at the entrances to the subject alley prior to the installation of the gate security device.

- d) The locking security device shall not be operated in a selective manner that restricts the access of some vehicles and/or pedestrians to the subject alley, while permitting other vehicles and pedestrians unrestricted access to the alley.

- e) In the event that the security device requires construction by a private entity for improvements in the public right-of-way, a revocable encroachment permit and an excavation permit must be obtained from the City of Sacramento Department of Transportation. The revocable encroachment permit is to be issued simultaneously with this Resolution. The excavation permit, if required, may be issued subsequent to this Resolution, but must be obtained prior to the construction of improvements in the public right-of-way. The City Manager is authorized to waive the fee for the revocable encroachment permit.
