| 16. Update: Mayor's Green Initiative [Oral Report]       | John Fierro   |            | Neutral  | Thank you for your concern and help. We will be planting 4 new 15gallon trees in Woodlake Park for Earth Day making Sacramento that much closer to regaining the title "City of Trees".  |
| 15. Community Development Department (CDD) Program Audit | Alex Berg     | District 4 | Oppose   | Is it not possible to find an auditor, if an auditor is the proper remedy, to provide operational analysis and recommendation services from a source that has no relationship, past or present to this mayor??? Why wasn't the relationship of the Sjoberg firm to Bell, McAndrews, Hiltchak not disclosed when it was announced that they were the leading candidate, even if, as they claim, the relationship ended in 2004? What proof has been provided that the relationship in fact did end in 2004? |
