

RESOLUTION NO. 2010-331

Adopted by the Sacramento City Council

June 15, 2010

ESTABLISHING A CAPITAL IMPROVEMENT PROJECT AND TRANSFER OF FUNDS TO THE GUY WEST BRIDGE SCOPING STUDY

BACKGROUND

- A. The Guy West Bridge is a vital alternative modes link and a local landmark for the City of Sacramento.
- B. Due to the complexity of the bridge and its characterization as an off-street bicycle facility, the bridge has no regular stream of funding for inspection or maintenance.
- C. A scoping study is necessary in order to ascertain the deficiencies with the structure, the scope of the needed rehabilitation work, the cost for rehabilitation, and to develop a finance plan to pay for the eventual rehabilitation.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The Guy West Bridge Scoping Study (K15105000) is established as a new Capital Improvement Project.
- Section 2. The FY09/10 Capitol Improvement Program is amended by transferring \$150,000 from the Bike Trail Repair Project (K19000200) (Fund 2013) to the Guy West Bridge Scoping Study (K15105000).
- Section 3. Exhibit A is incorporated into and made part of this resolution.
