Janet Weeks, District 3, Sacramento, CA, 95825-6628

Position: Support

Comment: As a citizen of Sacramento, District 3, I urge you to support Sacramento's animal-protection community by enacting this ordinance for the humane treatment of exhibited animals. This modest, protective ordinance provides basic assurances to the people of Sacramento that the animals used by the entertainment industry will receive humane care while they are in our city. Thank you.

24. Estimated Time: 10 minutes Resolution: Governor's Minimum Wage Directive for State Employees

Comments

Robin Huntley, 3rd Street, Sacramento, CA, 94252

Position: Support

Comment: I would strongly urge the Council to support this item. While the reduction of State Workers' wages to \$7.25 per hour would be a hardship on my family, when multiplied by the number of households in Sacramento that will be affected, it would prove devastating to the economic recovery of the Sacramento Region. Please tell the Governor that this action will not help the State Budget and will only hurt families and businesses.
