Description/Analysis

Issue: City staff recently submitted the 2009 Annual Housing Element Progress Report which must be submitted each year to the State Department of Housing and Community Development (HCD) and to the Governor's Office of Planning and Research (OPR). The Housing Element is the primary chapter of the General Plan that focuses on the City's housing needs. Under State law the City is required to prepare an annual report detailing the progress it has made during the prior year in meeting its Housing Element goals. There are two key documents that summarize the City's progress: Attachment 1 provides highlights of the report; and the 2009 Annual Housing Element Progress Report can be found in Attachment 2.

Policy Considerations: This report is consistent with the City's Strategic Plan goal of providing safe and affordable housing for all Sacramento residents.

Environmental Considerations: There are no environmental considerations associated with this report. (Not a project under Section 21065 of California Environmental Quality Act (CEQA) and CEQA Guidelines Section 15378 (b)(4)).

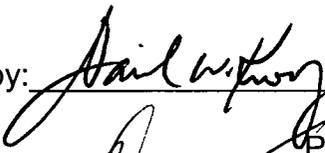

Sustainability Considerations: There are no sustainability considerations applicable to this annual progress report, which is required by the State of California.

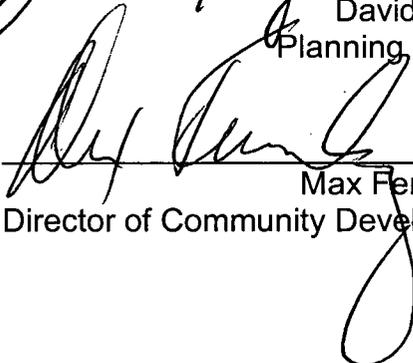

Commission/Committee Action: Not applicable.

Rationale for Recommendation: This report is required by the State of California to be completed on an annual basis. This is an informational item. No Council action is necessary.

Financial Considerations: Not applicable.

Emerging Small Business Development (ESBD): No goods or services are being purchased under this report.

Background

Under State law (Government Code Section 65400(b)), the City is required to prepare an annual report each year detailing the progress it has made during the prior year in meeting its Housing Element goals. This report must be submitted to the State Department of Housing and Community Development (HCD) and to the Governor's Office of Planning and Research (OPR) by April 1st.

The City has implemented a wide variety of policies and programs over the years in order to try to address the challenge of providing affordable housing. These include:

- Redevelopment programs;
- Rehabilitation of existing housing;
- Affordable housing construction and preservation;
- Infrastructure development;
- Accessible housing;
- First-time homebuyer programs;
- 10 Year Plan to End Chronic Homelessness; and
- Single Room Occupancy Strategy.

The following sections summarize the City's progress toward meeting our regional housing needs allocation (RHNA) and highlight accomplishments in both facilitating and removing governmental constraints to housing development or preservation. More detailed information on the City's housing production and implementation programs can be found in Attachment 2.

1. Regional Housing Needs Allocation Progress

For the 2006-2013 Housing Element cycle, the City of Sacramento was assigned its share of the RHNA by the Sacramento Area Council of Governments (SACOG). Under the Housing Element requirements, the City needed to identify sufficient sites for, and encourage the production of 17,649 housing units by 2013.

City has completed 59% of its RHNA in four years. In 2009, 30 deed restricted affordable units were built, all of which were substantially rehabilitated units. 166 market rate units that were produced were found to be affordable to moderate income families or below. The affordability of these market rate units have been attributed to falling home sale prices and stagnant or even declining rents in some zip codes.

2. Program Implementation Status

The Housing Element was adopted in November 18, 2008. Despite a reduction in staff resources, the City and the Sacramento Housing Redevelopment Agency (SHRA) are making progress implementing Housing Element programs. Major successes in 2009 include:

- The adoption of the Reasonable Accommodation Ordinance, which will assist individuals with disabilities who need special accommodations from the zoning code in order to occupy their home.
- The development of the Universal Design Ordinance, which requires new housing developments of 20 units or more to offer accessibility features to prospective buyers.
- The City received approximately \$55 million in Proposition 1C funding for the Downtown Railyards and Capitol Lofts. These projects will include a substantial amount of affordable housing.
- 5,141 rental properties were inspected within the City, making significant progress in maintaining and inventorying our rental housing stock.
- SHRA has revised their Multifamily Lending and Mortgage Revenue Bond Policies to ensure that new construction projects exceed Title 24 and that rehabilitation projects also incorporate sustainability measures.
- SHRA preserved Southcrest Apartments a 32 unit complex with project-based Section 8.

Additionally, the City and the Sacramento Housing Redevelopment Agency (SHRA) continue to support homeownership assistance programs and provided rehabilitation assistance to 84 low-income homeowners in 2009. First time homebuyer assistance was provided to 22 households, enabling them to purchase their own home in 2009. Additionally SHRA assisted three developers in the Boarded and Vacant Program.

3. Progress Toward Mitigating Governmental Constraints

There were seven specific issues identified in the City's 2008-2013 Housing Element where governmental constraints to housing production and affordability were present and needed to be addressed. These included:

- High development costs;
- New FEMA flood zone mapping;
- The lack of a reasonable accommodations ordinance;
- Access to credit;
- Development standards for second residential units;
- Density Bonus Requirements; and
- Parking standards of multifamily housing outside the Central City

Three of the seven issues listed above have been addressed or are currently being worked on. These include high development costs, flood protection and reasonable accommodation and are discussed below. The remaining four should be dealt with within the next four years, provided that adequate staff resources are available.

High Development Costs

In 2009 the City developed a means to coordinate Capital Improvement Plan (CIP) funding for infrastructure development in priority infill areas. Additionally, an effort is

underway to change criteria in departmental programming guides (funding guidelines) to prioritize projects that are consistent with the 2030 General Plan. Lastly, the City Planning Commission began conducting an annual review of CIP projects to determine consistency with the 2030 General Plan.

The City has continued to make improvements to infrastructure, facilities, and services in order to reduce development costs. As noted above, the City secured over \$55 million in 2009 from Proposition 1C funding, which is used for infill and/or transit oriented development. Additionally, the Community Development and Economic Development departments are implementing the Shovel Ready Sites Program for the River District, Florin Corridor, 65th Street Area, and Northeast Line Light Rail Line to address infrastructure needs as well as tackle contamination and access issues.

Flood Protection

The Sacramento Area Flood Control Agency (SAFCA), with the support of the City of Sacramento and in cooperation with the U.S. Army Corps of Engineers (Corps), U.S. Bureau of Reclamation (USBR), and the Central Valley Flood Protection Board (CVFPB) is working toward achieving 200-year flood protection from major rivers and streams for the Sacramento area. The Natomas levees are anticipated have 100 year protection levels by 2014 and 200 year protection levels by 2015.

Reasonable Accommodation

On August 25, 2009 the City Council adopted the Reasonable Accommodation Ordinance into the City's Zoning Code. The ordinance will help to address the existing needs of individuals with disabilities who need special accommodations in order to occupy their home as well as help anticipate the housing needs of an aging population.

4. Past, Present, and Future Housing Trends

Overall the City produced 265 housing units in 2009. Housing production has continued to decline in the City. The combination of a slowly recovering housing market as well as building restrictions in North Natomas will likely result in low housing production in 2010. Since 2002, North Natomas has had 66% of the residential growth. Building restrictions in North Natomas are anticipated to be lifted when the surrounding levees have 100 year protection 2014.

As mentioned earlier, the local housing prices are slow to recover with the median sales price staying at 2001 levels. In 2009, median home prices for the Sacramento metropolitan area increased by less than 1%. The percentage of homes affordable to a family earning the median income increased from 66% to 72% in 2009.¹ While this means that homes are becoming moderately priced, this is a temporary trend. Assisting with the development of affordable housing for lower income households has been and will be a significant challenge because of the long term cost increases of construction, labor, and land.

Program Implementation Status

Program Description (By Housing Element Program Names)		Housing Programs Progress Report - Government Code Section 65583. Describe progress of all programs including progress in removing regulatory barriers as identified in the housing element.

1. The City shall require energy efficiency standards in all SHRA funded new construction multi-family projects above Title 24 through the multi-family lending guidelines. Energy efficiency will also be encouraged to the extent feasible in rehabilitation projects funded by SHRA.	To promote and implement sustainability practices and assist in the reduction of energy use and associated costs for lower income households. Responsible Department: SHRA	Ongoing	The majority of SHRA funded multi-family new development is also financed using Low Income Housing Tax Credits. Consistent with the California Tax Credit Allocation Committee (TCAC), SHRA funded new construction projects typically exceed Title 24 energy standards by at least 10%. To codify this and to ensure that all SHRA financed projects incorporate sustainability features, SHRA has included requirements in their modified Multifamily Lending and Mortgage Revenue Bond Policies that new construction projects qualify for at least five points and rehabilitation for at least three points under the 9% TCAC sustainability scoring criteria. Requiring this will ensure that new construction projects exceed Title 24 and that rehabilitation projects also incorporate sustainability measures. The City Council approved these guidelines on March 17, 2009. In addition, SHRA is working on a comprehensive strategy for incorporating sustainability into all of SHRA's business. One of the goals of this group is completion of

As part of the presentation, the results of an independent economic impact analysis were shared. At the conclusion of the meeting, Council directed staff to organize a stakeholder group to evaluate potential changes to the ordinance, including geographic expansion of the ordinance beyond the current New Growth areas of the City. In late 2009, SHRA worked with a stakeholder group representative of builders, neighborhoods and advocacy groups to vet potential</p>

The City shall use an economic analysis to evaluate the impact, timing and process of incorporating inclusionary housing obligations on areas not currently subject to the Mixed Income Housing Ordinance.	City. Responsible Department: SHRA (primary); Planning		changes through. SHRA and City staff are currently working on taking the recommendations of this group to the City Council for review and recommendation.
6. The City shall evaluate and implement changes necessary in the City's Zoning Code and building review process to encourage the use of manufactured housing as a quality affordable housing alternative housing type in urban centers, corridors and near transit stations.	Promote the use of manufactured housing as a quality alternative affordable housing type. Responsible Department: Planning (primary); Development	2012	The City is on track to complete the evaluation and zoning code amendments by 2012.
7. The City shall amend the Zoning Code to change the parking requirement for second residential units ("granny flats") from one space per bedroom to one space per unit.	Increase the feasibility and production of second residential units. Responsible Department: Planning (primary); Development	2010	The City is on track to complete these zoning code amendments by 2012.

<p>8. The City shall conduct a study to research housing types and affordability programs that may accommodate lower income populations such as limited equity housing cooperatives, manufactured housing, land trusts, boarding homes, rooming houses and shared housing, determine if these housing types are appropriate, and define and clarify the permitting process for these housing types.</p>	<p>Identify new alternative affordable housing types and revise City regulations as needed to encourage their development.</p> <p>Responsible Department: SHRA (primary); Planning</p>	<p>2010</p>	<p>Because of the downturn in the overall housing market, this program is currently on hold.</p>
<p>9. The City shall develop a study proposing best practices for incorporating multifamily developments with other surrounding uses and housing types. The study will analyze the feasibility of building smaller apartment complexes and how to integrate this housing type in areas with predominantly single-family homes. The study would also determine what building and site design features are optimal both for transitioning from lower density to higher density development, and creating a distinct identity for each</p>	<p>Develop best practices for incorporating multifamily developments with other surrounding uses and housing types in order to inform future regulations or guidelines.</p> <p>Responsible Department: Planning (primary); Development; SHRA</p>	<p>2010</p>	<p>The City is on track to complete this study by 2012.</p>

<p>11. The City shall revise SHRA's Multifamily Lending Guidelines to develop siting criteria for new multifamily and permanent supportive housing developments and to ensure that all SHRA financed multifamily rental projects (new construction and rehabilitation) incorporate security measures such as installation of security camera, enhanced lighting and roving security patrols.</p>	<p>Increase and maintain security and safety in all SHRA-financed multifamilyrental projects and the neighborhoods in which these projects are located.</p> <p>Responsible Department: SHRA; Police; Planning</p>	<p>2009</p>	<p>On March 17, 2009, the City Council adopted revised Multifamily Lending Guidelines for SHRA financed multi-family housing. Included in these guidelines are project priorities that reflect siting criteria and specific security requirements.</p> <p><u>Siting Criteria:</u> The first priorities for SHRA funding are preservation and recapitalization of existing project. For new construction projects, the priorities indicate that SHRA is interested first in units meeting the requirements of the City's Inclusionary Housing Ordinance, which are the "new growth" areas of the City and second, in units in census tracts with low poverty rates (under 30%). Permanent supportive housing units are typically funded through Agency driven NOFAs or other special funding programs and have a high amount of oversight. SHRA will be working on specific proactive siting criteria for future permanent supportive housing project.</p> <p><u>Security:</u> All SHRA funded projects are required to have adequate exterior security lights and cameras. In addition, all projects must have professional property management with a SHRA approved management plan that considers resident safety and security. Finally, all projects over 150 units must provide roving security patrols.</p>
<p>12. To ensure on-going safety and security, the City through SHRA will annually inspect SHRA financed multifamily projects for compliance with security, maintenance, and social service requirements.</p>	<p>Ensure that SHRA-financed multifamily projects are safe, viable and attractive assets to the community and for the residents living in them.</p> <p>Responsible Department: SHRA; Police; Planning</p>	<p>Ongoing</p>	<p>SHRA's Portfolio Management Department is responsible for ensuring on-going compliance with funding requirements, security, maintenance and social services in all SHRA funded projects. Prior to project approval, developers must have SHRA approval of a management company and management plan, appropriate security measures and financing plan to ensure on-going operations. In addition, all projects must submit a resident services plan prior to funding approval with appropriate on-site services provided at least 15 hours a week. Annually, the portfolio management department physically inspects each property to ensure that Housing Quality Standards (HQS) are met, that social services are being provided and that all required record-keeping is up to date. At SHRA's sole discretion, additional compliance audits can be</p>

<p>13. As part of the General Plan implementation process the City shall rezone sites adjacent to light rail stations (consistent with the City's light rail station ordinance) in order to promote transit oriented, higher density, and mixed use residential development.</p>	<p>Provide adequate sites to accommodate 1,500 housing units by 2013.</p> <p>Responsible Department: Planning</p>	<p>2010</p>	<p>In Fall 2009 1,668 parcels were rezoned to be consistent with the new 2030 General Plan. Many of these sites were located within one ¼ mile of a light rail stations. Additionally, the Shovel Ready Sites Program (Program 40) will involve rezoning sites to encourage transit oriented development.</p>

<p>14. The City shall work with residential developers to submit applications to the Proposition 1C Transit Oriented Development Housing Program through the California Department of Housing and Community Development.</p>	<p>Obtain Proposition 1C funding to support the development of infill housing and mixed-use projects.</p> <p>Responsible Department: Planning (primary); SHRA; Economic Development</p>	<p>2008-2010</p>	<p>In 2008, the City received approximately \$80 million in Proposition 1C funding for the Downtown Rail Yards, Township 9, Curtis Park Village, La Valentina Station, and Broadway Lofts.</p> <p>In 2009, \$55 million was received in Prop 1C funding for the Downtown Rail Yards and Capitol Lofts. These projects will include a substantial amount of affordable housing.</p>
<p>15. The City shall develop and expand incentive programs to improve management and maintenance of privately owned rental housing within older neighborhoods and commercial corridors, particularly four-plexes and apartments. Program elements may include improved coordination with neighborhood code enforcement, problem-oriented policing efforts, property management districts, and other proactive efforts along commercial corridors in affiliation with business and neighborhood associations.</p>	<p>Increase participation by owners of small rental properties in rehabilitation programs to improve the management and maintenance of these properties.</p> <p>Responsible Department: Police /Code Enforcement (primary); SHRA</p>	<p>2010</p>	<p>Staff reductions in the Police and Code Enforcement Departments have delayed the implementation of this program. However, the City's Rental Inspection Program (Program 77 in this report) is making significant progress in maintaining and inventorying our rental housing stock.</p>

<p>16. The City shall make planning and policy documents more easily accessible, such as placing items on the City's website, and shall promote additional opportunities for community participation.</p>	<p>Improve public access to Planning Department documents and increase community participation in public outreach events.</p> <p>Responsible Department: Planning</p>	<p>2009</p>	<p>In 2009 the Community Development Department's website eliminated unnecessary or redundant web pages in order to make policy documents and current outreach opportunities more readily available for public view.</p>
<p>17. The City shall involve residents and conduct public outreach for updates of the Analysis of Impediments to Fair Housing Choice (AI), the redevelopment implementation plan updates, and future consolidated plan updates.</p>	<p>Post information on websites, conduct community meetings, hold public hearings and other specialized outreach as needed.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>SHRA actively involves the community at large in all planning activities. SHRA is halfway through the implementation of the City's 2008-2013 Consolidated Plan, which as part of adoption held community meetings in three different areas of the City, soliciting input through surveys in five languages and working with external advocacy groups, social service providers and City departments.</p> <p>SHRA anticipates adoption of the new 2010 update of the Analysis of Impediments to Fair Housing Choice wherein surveys and interviews to numerous groups were conducted. The City's redevelopment implementation plans were recently adopted and a concerted and purposeful effort was made to involve a wide spectrum of the public.</p>

<p>18. The City shall map the placement and licensing of new group homes, placement of emergency shelters, and other supportive housing and social services and shall coordinate with the Community Care Licensing Division of the State of California to ensure that such uses are provided throughout the City and not concentrated in any one neighborhood.</p>	<p>Ensure that group homes, emergency shelters, and other supportive housing and social services are provided throughout the City and prevent overconcentration of such uses in any one area.</p> <p>Responsible Department: Planning</p>	<p>Ongoing</p>	<p>In 2009 planning staff began collecting data on supportive housing and other social services. However, due to the lack of staff resources this program will be on hold for the near future.</p>

Name of Program	Objective	Timeframe in H.E.	Status of Program Implementation
<p>19. The City shall address the foreclosure crisis using a variety of approaches including pre-foreclosure intervention aimed to keep homeowners in their homes and neighborhood reinvestment strategies aimed to occupy homes left vacant due to foreclosure while using on-going federal and state legislative advocacy and data analysis to inform the approaches.</p>	<p>Assist in the prevention of foreclosures and the impacts of foreclosures on neighborhoods.</p> <p>Responsible Department: SHRA (primary); Code Enforcement; Neighborhood Services; City Attorney</p>	<p>Ongoing</p>	<p>Since late in 2007, SHRA has been working with both the City and County on a comprehensive strategy to combat the foreclosure crisis in Sacramento. The City has sponsored seven workshops with lenders and counseling agencies aimed to keep struggling homeowners in their homes through loan modifications. Working with the District Attorney, SHRA has been proactively trying to avert potential mortgage scams for homeowners in default, sending notifications on reputable resources to homeowners when a notice of default is filed. In addition, SHRA has been tracking foreclosure data, publishing a quarterly report on foreclosure filings, most impacted neighborhoods and most prevalent servicers of foreclosed properties.</p> <p>Most importantly, SHRA is administering a \$13 million grant from HUD under the Neighborhood Stabilization Program (NSP). The NSP is aimed to eliminate neighborhood blight resulting from vacant, foreclosed homes. On February 24, 2009, the City Council approved SHRA's plan for NSP program development and expenditures. SHRA's plan involves three unique programs: (1) the Vacant Properties Program provides financing incentives to encourage for-profit and non-profit builders to purchase, rehabilitate, and sell foreclosed single family homes in targeted areas; (2) the Block Acquisition and Rehabilitation Program works with established developers to acquire, rehabilitate (or demolish and rebuild) and maintain as common rental property, units (typically fourplex or duplex units) in designated areas where foreclosures and vacant properties have magnified existing physical and social blight issues; and (3) the Property Recycling Entity allows SHRA to quickly acquire foreclosed properties and conduct the necessary rehabilitation or demolition, rent or dispose of properties to further redevelopment goals.</p>

<p>20. The City shall provide Housing Choice Vouchers to approximately 11,000 Sacramento households in the City and County in order to continue to provide housing options to very low- and extremely low-income residents.</p>	<p>Provide approximately 11,000 vouchers.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>SHRA, in its role as the Housing Authority for both the City and County of Sacramento, administers approximately 11,000 Housing Choice Vouchers. Housing Choice Vouchers cover the portion of fair market rent above the tenant's share, which is set at approximately 30% of their income. The average household income for the Housing Choice Vouchers is \$15,277. In 2009, SHRA maintained a 98.8% lease up of available vouchers and used 99.5% of the available funding.</p>
<p>21. With the support of SHRA, the Human Rights/Fair Housing Commission will conduct annual fair housing audits to track compliance, enforce fair housing law, and help to eliminate housing discrimination.</p>	<p>Conduct one fair housing audit each year.</p> <p>Responsible Department: Human Rights/Fair Housing Commission; SHRA</p>	<p>Ongoing</p>	<p>SHRA supports the Human Rights/Fair Housing Commission with annual CDBG funding. The Human Rights/Fair Housing Commission provides direct assistance to persons who have faced housing or other forms of discrimination and refers those complaints either to legal aid centers or to the federal Housing and Urban Development or to the state Department of Fair Employment and Housing. City and SHRA staff provide referrals to the Human Rights/Fair Housing Commission to persons who have fair housing questions or concerns. In 2009 Human Rights/Fair Housing Commission conducted 114 audits.</p>

<p>23. The City shall develop a report that will examine indicators of economic and social balance and evaluate housing needs. Housing needs would include those of different ethnic groups and cultures. The report would also analyze the production and investment in housing from the neighborhood to the regional level.</p>	<p>Assist the City in better identifying, understanding, and responding to economic, social, and housing needs and setting priorities for the use of funds to meet those needs.</p> <p>Responsible Department: SHRA (primary); Planning</p>	<p>2009</p>	<p>SHRA staff presented an Inclusionary Housing Workshop to the City Council on February 10, 2009. That presentation contained some of the information that will be included in this report, including poverty rates, homeownership rates, and home prices in each of the City's community plan areas, as well as affordable housing production in each of these areas. The information already presented will be combined with additional indicators later in 2010 to produce this report.</p>
<p>24. The City shall provide for fair-housing information in appropriate public locations and disseminate such information in different languages.</p>	<p>Educate the public and developers about fair housing requirements and reduce housing discrimination.</p> <p>Responsible Department: Development; SHRA</p>	<p>Ongoing</p>	<p>SHRA intends to update their website to educate the public and developers about fair housing requirements.</p>

<p>27. The City shall continue to administer Section 17.190 of the Zoning Code, the Mixed Income Housing Ordinance</p>	<p>Produce 15 percent of new growth units at affordable levels, providing financing for up to 100 inclusionary rental units annually.</p> <p>Responsible Department: SHRA (primary); Planning; Development</p>	<p>Ongoing</p>	<p>SHRA and the Community Development Department collaboratively administer the City's Mixed Income Housing (Inclusionary) Ordinance, which was adopted in October 2000. A May 2007 assessment of the ordinance found that since inception, over 1,500 inclusionary units had been approved and/or built. Since that assessment, the residential market overall has slowed down, leading to a decline in inclusionary housing plans reviewed and approved.</p> <p>While new inclusionary applications are sparse, SHRA has been working with Petrovich Development to approve an Affordable Housing Plan for his Curtis Park Rail Yard site. In addition in 2009 we have worked to record agreements on properties that have fallen into foreclosure.</p>
<p>28. The City shall amend its multifamily lending guidelines to allow asset building programs as an option to fulfill the requirement for social services in SHRA funded projects.</p>	<p>Amend the Multifamily Lending Guidelines to promote asset building programs</p> <p>Responsible Department: SHRA</p>	<p>2009</p>	<p>On March 17, 2009, the City Council adopted revised Multifamily Lending and Mortgage Revenue Bond Policies. Included in these guidelines are requirements for resident services in all SHRA financed projects. These guidelines specifically call out both education and enrichment classes as appropriate service types. All applicants are required to provide a detailed narrative of the proposed program (prior to financing approval), and asset building services, such as financial education classes are encouraged through that review.</p>

<p>29. Consistent with Government Code § 65863, the City shall consider the impacts of rezones and general plan amendments of residential sites on the City's ability to meet its share of the regional housing need.</p>	<p>Ensure that rezoning does not reduce the City's ability and capacity to meet its share of the regional housing needs.</p> <p>Responsible Department: Planning (primary); Development</p>	<p>Ongoing</p>	<p>Planning staff has developed a system of tracking all rezones and general plan amendments that are approved by council.</p> <p>In the Fall of 2009, 1,668 parcels were rezoned to be consistent with the newly adopted 2030 General Plan. Fourteen parcels in the land inventory were rezoned. The result was a net increase in the land inventory's capacity to provide housing to lower income units.</p>
<p>30. The City shall maintain a land inventory for housing production which identifies infill and greenfield sites.</p>	<p>Update land inventory annually to ensure the City's ongoing ability to meet its share of regional housing needs.</p> <p>Responsible Department: Planning</p>	<p>Ongoing</p>	<p>Due to the lack of staff resources the project is hold for the near future.</p>

<p>36. The City shall assist non-profit organizations with predevelopment loans in conjunction with applications for permanent supportive housing.</p>	<p>At least one loan annually for permanent supportive housing projects.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>SHRA continues to offer, in limited circumstances, pre-development loans to non-profit organizations. In 2008, SHRA approved three predevelopment loans totaling to \$530,000 to the non-profit developers of the YWCA and Budget Inn. These projects will provide 105 permanent supportive housing projects units. In the revised Multifamily Lending and Mortgage Revenue Bond Policies, adopted March 17, 2009, details and parameters for these loans are described.</p>
<p>37. The City shall amend the City Zoning Code (Sacramento City Code Title 17) as needed to ensure that "transitional housing" and "supportive housing," as those terms are defined in California Government Code section 65582, are treated as residential uses subject only to those restrictions that apply to other residential uses of the same type in the same zone, in conformance with section 65583 of the California Government Code.</p>	<p>Amend the City Zoning Code to be consistent with 65583.a.5 of the State Government Code.</p> <p>Responsible Department: Planning</p>	<p>2009</p>	<p>Due to the lack of staff resources this program is on hold for the near future.</p>

<p>40. The City shall encourage infill development by reducing barriers through the following actions: Zoning Code updates and streamlining, especially as it relates to standards for the City's mixed use, residential mixed use, and higher density zoning districts; proactive zoning that encourages mixed use and higher density development in key opportunity areas such as those near light rail stations and along commercial corridors; and infrastructure improvements and assistance to ensure that adequate infrastructure is in place to serve higher density and mixed use development in key opportunity areas.</p>	<p>Encourage the production of 2,000 infill units.</p> <p>Responsible Department: Planning (primary); SHRA; Development, Economic Development</p>	<p>2010</p>	<p>The newly adopted 2030 General Plan has increased densities and flexibility in land uses in many infill areas. Currently an effort is underway to rezone parcels to be consistent with the General Plan. The rezones are anticipated to be completed by the end of 2010. Additionally the Community Development Department continues to implement the Shovel Ready Sites Program for the River District, Florin Corridor, 65th Street Area, and Northeast Light Rail Line. The goal of the program is to address infrastructure needs as well as tackle contamination and access issues.</p>

<p>41. The City shall pursue grant funding, including the State Department of Housing and Community Development Workforce Housing Program, Community Design Grant Program, and other revenue sources to provide critical amenities/services in infill areas to promote complete neighborhoods. Examples include:</p> <ul style="list-style-type: none"> Park Improvements; Sidewalk widening, streetscape improvements and street lighting; and Other infrastructure improvements. 	<p>Obtain \$2 million in grant funding to assist with infill development including amenities and services in infill areas.</p> <p>Responsible Department: Planning</p>	<p>Ongoing</p>	<p>As indicated in Program 14, the City was able to acquire approximately \$135 million in Prop 1C and 1B funding. Additionally, the City will be utilizing Federal Stimulus Funding, including \$400,000 in EPA Brownfield money for the City's Brownfield Revolving Loan Fund. Currently, due to the state budget crisis, some funding programs, such as the workforce housing grant program, are currently not accepting applications.</p>
<p>42. The City shall promote and expand the use of pre-approved house plans in targeted residential infill areas.</p>	<p>Produce 15 homes a year with the pre-approved infill house plans.</p> <p>Responsible Department: Planning</p>	<p>Ongoing</p>	<p>The Community Development Department, through a grant from SMUD, is expanding and improving the infill housing plan program to include:</p> <ul style="list-style-type: none"> • New models • Value engineering • Green homes • Universal design

<p>43. The City shall implement the Downtown Housing Investment Strategy. The primary purpose of the Downtown Housing Investment Strategy is to establish priorities for the expenditure of downtown housing set-aside funds. This will help ensure the production of a broad range of housing types for all income levels and support improved economic vitality within the Downtown Redevelopment Area.</p> <p>The four major goals of the Downtown Housing Investment Strategy include:</p> <ul style="list-style-type: none"> -Alleviating impediments and create incentives to foster downtown housing -Encouraging both market-rate and affordable housing development. -Safeguarding existing affordable housing -Maintaining commitment to the Single Room Occupancy Strategy. <p>This strategy will be supported by Notice of Funding Availability and by City policies targeting infill</p>	<p>Ensure the production of a broad range of housing types for all income levels and support improved economic vitality within the Downtown Redevelopment Area. Produce 250 new affordable units in the Downtown.</p> <p>Responsible Department: SHRA (primarily); Economic Development; Planning ; Development</p>	<p>Ongoing</p>	<p>The Downtown Housing Strategy for the Central City identified the JKL corridor as the primary focus area, and called for a Notice of Funding Availability (NOFA) for \$25 million. Three sites were submitted as part of that process: 11th and J Streets, 16th and J Streets, and 8th and K Streets. The latter site is now the subject of an Exclusive Right to Negotiate Agreement as a potential hotel site. The other two sites met the JKL focus area criteria and would lend themselves to be good mixed income residential sites. While no funding awards have been made as a result of the NOFA, staff plans to continue to work with developers on the 11th and J, and 16th and J Street sites. In addition, developers have approached staff regarding converting the Maydestone building at 15th and J Street into a mixed income building. The City also adopted an ordinance in October 2008 which established a Development Fee Deferral Program as part of an economic incentive plan to alleviate impediments and create incentives to foster downtown housing. As part of the initiative to safeguard existing affordable housing, SHRA approved \$5 million to fund immediate repair needs to Riverview Plaza, a 120 unit senior affordable downtown high rise. SHRA's assistance to Riverview Plaza will restrict 33 units at 50% of area median income for an additional 55 years. SHRA is currently working with the owner of Pioneer Towers to assist with the rehabilitation of the 198 unit senior downtown high-rise to ensure long term affordability. The policy initiative to maintain commitment to the SRO Strategy is further outlined in Section 63.</p>

<p>50. The City shall update SHRA's Multi-family Lending Guidelines for the expenditure of HOME, Housing Trust Fund, and Tax Increment Housing Set Aside funds for multi-family rental developments to maximize leverage of public and private dollars and to meet the goals, policies, and programs of the Consolidated Plan, Redevelopment Implementation Plans and the Housing Element.</p>	<p>2,000 new, rehabbed and preserved units over five years, including units produced under the Mixed Income Housing Ordinance.</p> <p>Responsible Department: SHRA</p>	<p>2009</p>	<p>On March 17, 2009, the City Council adopted revised Multifamily Lending and Mortgage Revenue Bond Policies. Included in these guidelines are funding, underwriting and leveraging requirements that seek to maximize external financing and to align funding with other policy objectives. Specifically, Section 2.3 requires that the SHRA loan amount shall not exceed the difference between total development cost and the <i>maximum potential equity and debt</i> raised from private and public sources other than SHRA. In addition, the guidelines clarify that the total loan amount, including hard and soft debt shall not exceed 90% combined loan to value. Furthermore, the introduction to the guidelines clearly states the goals of the program, which include increasing and preserving the supply of affordable housing, revitalizing communities, encouraging economic integration and maintaining sustainable living environments, all of which are larger goals of City housing policies and programs, including the Housing Element.</p>
<p>51. The City shall apply for new and existing Federal and State funding sources, such as Proposition 1C funds, HELP, BEGIN, and MHSA, and will support applications for Tax Exempt Mortgage Revenue Bonds, Low Income Housing Tax Credits, State of California Multi-family Housing Program, and other such federal and state programs to assist affordable housing programs and projects.</p>	<p>Seek a variety of funding to increase the supply of affordable housing.</p> <p>Responsible Department: Planning (primary); SHRA; Economic Development</p>	<p>Ongoing</p>	<p>In 2009, SHRA approved gap funding for seven multi-family affordable housing developments . <p>52. The City shall explore "in-lieu" fee equivalents using the economic impact analysis described in Program 5 for market developers under the Mixed Income Housing Ordinance for consideration by the City Council. Uses of collected fees may include funding of the Extremely Low-Income (ELI) Buydown Program and maintaining affordability of inclusionary ownership units.</p>	<p>Increase the effectiveness of the Mixed Income Housing Ordinance through a wider range of options to meet the affordable housing requirements of the ordinance.</p> <p>Responsible Department: SHRA (primary); Planning</p>	<p>2008</p>	<p>On February 10, 2009, SHRA held a workshop on the Mixed Income Housing (Inclusionary) Ordinance with the City Council. As part of the presentation, the results of an independent economic impact analysis were shared, including potential costs of an "in-lieu" fee alternative. At the conclusion of the meeting, Council directed staff to organize a stakeholder group to evaluate potential changes to the ordinance, including application of an in-lieu fee. In late 2009, SHRA worked with a stakeholder group representative of builders, neighborhoods and advocacy groups to vet potential changes through. SHRA and City staff are currently working on taking the recommendations of this group to the City Council for review and recommendation.</p>

<p>61. The City shall implement the Asset Repositioning of the City's public housing units through land use regulations and with local resources, ensuring no net loss of ELI units.</p>	<p>Ensure the on-going viability of the City's public housing through strategic investment and rehabilitation, increasing the supply of affordable and mixed-income housing with no net loss of ELI.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>As a result of on-going reductions in capital and operating funding from the US Department of Housing and Urban Development (HUD), in July 2007, the City adopted the Asset Repositioning Study. This study set the stage for the implementation of a proactive strategy to "reposition" SHRA's public housing units to reduce dependence HUD and eliminate capital and operating deficits. One of the guiding principles of this strategy was a "no net loss" policy. On March 10, 2009, the Council approved the first actions for the disposition of the first properties under this strategy - the Washington Plaza and Sutterview Apartments senior downtown high-rise properties. The repositioning of both of these properties is contingent on a commitment from HUD for 100% project based vouchers in place of the public housing operating subsidy, the annual contributions contract (ACC). Vouchers will allow the current residents to remain in place, paying only 30% of their annual income towards rent, ensuring no net loss of ELI units when the properties are "repositioned".</p>
<p>62. The City shall study the feasibility of a voluntary ELI "buy-down" program. For all new multifamily rental housing developments with SHRA funding, SHRA will have the right to buy down affordable units. The buy-down program provides a subsidy to provide affordable units to extremely low-income households. Approval and implementation of the program is dependent on identification of an on-going local funding source.</p>	<p>Increase availability and dispersion of housing affordable to extremely low income households.</p> <p>Responsible Department: SHRA</p>	<p>2009</p>	<p>The proposed "buy-down" program is contingent on the identification of a new funding source to provide the additional subsidy. With the exploration of an in-lieu fee through the Mixed Income Housing Ordinance (see Program 52), proceeds from this fee could be used to fund the "buy-down" program. SHRA and City staff are currently working on taking the recommendations of the stakeholder team to the City Council for review and recommendation.</p>

<p>63. The City shall continue to implement the Single Room Occupancy (SRO) strategy, ensuring no net loss of Downtown SRO units and providing funding and other resources for the rehabilitation of 100 existing SRO units and the construction of 200 new SRO units in the City.</p>	<p>Construct and rehabilitate 300 SROs and ensure no net loss of the 946 existing SRO units downtown.Responsible Department: SHRA (primary); Planning</p>	<p>Ongoing</p>	<p>The City adopted the SRO strategy in 2006, with a goal of no further loss of SRO units downtown and in building new and rehabilitating existing SRO units. Since adoption, the City has committed to the rehabilitation of 32 units at the YWCA and to creation of 74 new units through the transformation of the former Budget Inn. The City also approved acquisition and operating assistance for the rehabilitation of 104 units at the Hotel Berry. Due to a freeze in the tax credit market, the developer was forced to return tax credits in November 2008. The Redevelopment Agency purchased the Hotel Berry in March 2009 and through its affiliate, Norwood Avenue Housing Corporation submitted and was awarded a tax credit allocation in Summer of 2009. Currently, Norwood Housing is negotiating with Jamboree Housing to take on the development of the project. Construction should commence in summer of 2010. In addition, on March 10, 2009, the City Council approved the selection of Mercy Housing as the developer of the 7th and H site. Construction on 7th and H should begin in 2011, and the project will provide up to 200 new SRO units in the Central City.</p>
<p>64. The City shall use available housing resources, including project based rental subsidies, such as local Housing Choice Vouchers, federal Housing Assistance Payment vouchers, and state Mental Health Services Act Vouchers for the provision of housing for extremely low-income households.</p>	<p>Ensure the availability and choice of housing for extremely low-income households. Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>The City maintains its commitment to providing extremely low income (ELI) housing. Voucher programs remain the most efficient way to provide ELI housing. In 2009, SHRA maintained over 98.8% occupancy in its housing choice voucher program. In addition, SHRA works to ensure the preservation of project based vouchers (Housing Assistance Payment (HAP) vouchers) from HUD. In 2009 SHRA preserved Southcrest Apartments, a 32 unit complex with project-based Section 8.</p>

<p>65. The City shall continue to provide assistance to senior affordable housing projects.</p>	<p>Use housing resources to construct 125 new affordable senior units and rehabilitate/preserve an additional 250 affordable senior units.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>SHRA continues to support new construction and rehabilitation of senior apartments throughout the City. In 2009, SHRA assisted in the renovation and completion of four senior apartment complexes with 285 total units: Broadway Seniors Apartments, Casa De Angelo Apartments, Rio Linda Manor, and Forrest Palms. In addition the SHRA provided financial assistance to Southcrest Apartments.</p>
<p>66. Over the next five years, the City shall work with the County Department of Human Assistance (DHA) and service providers to improve linkages between emergency shelters, transitional housing and supportive services.</p>	<p>Increase numbers of referrals of homeless and formerly homeless to service providers.</p> <p>Responsible Department: SHRA (primary); DHA; and Planning</p>	<p>Ongoing</p>	<p>This is an on-going effort by the County's Department of Human Assistance (DHA). DHA is working with Volunteers of America, Lutheran Social Services, and other non-profit service providers to provide counseling and shelter to homeless persons in the City and County. These include the Winter Shelter Program and eight other emergency shelters, which served over 1,500 people from November 2007 through March 2008. The Winter Shelter Program is part of Sacramento County's Homeless Continuum of Care system that provides approximately 3,436 emergency, transitional housing, and permanent supportive housing beds.</p> <p>Through the Interagency Council (see program 70 below), SHRA, the City and the County all work together to provide a range of services for homeless families and individuals. The County "continuum of care" model covers an array of services from prevention and services to housing. The Community Services Planning Council staffs the Ten Year Plan to End Chronic Homelessness, coordinating closely with DHA, who is the recipient of most of the federal funding for homeless services. This purposeful and coordinated effort allows for very close linkages to provide services for those most in need.</p> <p>In 2009, SHRA and DHA began planning for and implementing</p>

<p>69. The City shall provide funding and other resources for permanent supportive housing located both in leased units and affordable housing developments.</p>	<p>Provide funding for permanent supportive housing, developing 280 new units.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>Please see Program 70 (below) for information regarding permanent supportive housing units and leased housing units developed under the 10 Year Plan to End Chronic Homelessness.</p>

<p>70. The City shall implement the Ten Year Plan to End Chronic Homelessness, including the "Housing First" strategy. Focuses of the "Housing First" strategy include:</p> <ul style="list-style-type: none"> -Providing support for permanent housing that offers disabled homeless individuals a home without expecting them to have resolved their addictions or mental health problems. -Providing supportive services and treatment in such housing to assist tenants return to health and ability to stay housed. 	<p>Provide support for permanent supportive housing and services related to the development of 270 new permanent supportive housing units and 140 units through leasing.</p> <p>Responsible Department: SHRA (primary); Development</p>	<p>Ongoing</p>	<p>Sacramento's City Council and County Board of Supervisors adopted the Ten Year Plan in fall of 2006, calling for providing permanent supportive housing for all of Sacramento's chronically homeless population. The Plan outlines five overarching goals – creation of permanent supportive housing through development of new housing projects and scattered site leasing programs; opening a Central Intake office to screen and place chronically homeless people; preventing homelessness through preservation and development of very low income single-room-occupancy housing; restructuring oversight of the homeless services system; and evaluation and reporting to the community.</p> <p>Within the first year of adoption, 171 chronically homeless people were housed in units through leasing and 139 new permanent supporting housing units were under construction in three different projects. In 2008, with the approval of the Budget Inn, the number of permanent supporting housing units approved rose to 260, just 20 shy of the 5-year goal of 280 (in only two years). In 2009, approximately 130 people were housed in units through leasing. SHRA and the City continue to play integral roles in ensuring the success of the Ten Year Plan, serving on the policy board and interagency council, and supporting new housing projects for homeless populations.</p>
<p>71. Annually provide information to Community Services Planning Council's Beehive and "211" information line, and Self Help Housing's referral program to insure up-to-date affordable housing information for these referral services.</p>	<p>Insure up-to-date information for affordable housing opportunities.</p> <p>Responsible Department: SHRA (primary); Planning</p>	<p>Ongoing</p>	<p>SHRA staff sit on the interagency council, staffed by the Community Services Planning Council, and actively participate in its efforts to connect Sacramento residents with housing information and referrals, including the Beehive and "211" information line.</p>

<p>72. Through the Human Rights/Fair Housing Commission, the City shall provide fair housing assistance and dispute resolution services in order to resolve tenant and neighborhood conflicts.</p>	<p>Provide fair housing assistance and dispute resolution services to at least 50 residents annually.</p> <p>Responsible Department: SHRA and Human Rights/Fair Housing Commission</p>	<p>Ongoing</p>	<p>City and SHRA staff provide referrals to the Human Rights/Fair Housing Commission to persons who have fair housing questions or concerns. The Human Rights/Fair Housing Commission provides direct assistance to persons who have faced housing or other forms of discrimination and refers those complaints either to legal aid centers or to the federal Housing and Urban Development Department (HUD) or to the state Department of Fair Employment and Housing (DFEH). In 2009, Human Rights/Fair Housing Commission received 350 discrimination complaints.</p>
<p>73. Working together with Mercy Housing and the Sacramento County departments of Human Assistance (DHA) and Health and Human Services (HHS), provide assistance to permanent supportive housing projects through the supportive loan program.</p>	<p>Provide assistance for 280 supportive housing units through the Ten-Year Plan to End Chronic Homelessness.</p> <p>Responsible Department: SHRA, County DHA and County HHS</p>	<p>Ongoing</p>	<p>See detail on Program 70 (above) on permanent supportive housing projects funded under the 10 Year Plan to End Chronic Homelessness. Each of the six permanent supportive housing projects approved in the City and County uses a variety of public funding sources to ensure the capital and operating expenses of the project are met. Many have used the Mental Health Services Act (MHSA) - Prop. 63 - funds to bring long term operating subsidies to the project. Others have received operating guarantees from SHRA in the form of a ten year loan commitment of local funding. Having a dedicated source of on-going operational subsidy ensures the ability of the projects to provide the essential supportive housing services to the needy populations being served.</p>

<p>74. The City shall encourage the preservation of regulated affordable rental developments that are converting to market rate. The City will continue to implement the City's Preservation Ordinance, which requires notification to SHRA of proposed conversion of affordable units, and allows SHRA priority to work with affordable developers to preserve such projects. In addition, the City will ensure compliance with the "no net loss" provisions of the adopted Housing Authority Repositioning Strategy, ensuring that, during rehabilitation and revitalization of public housing properties, there is no net loss of units affordable to extremely low income families.</p>	<p>Assist in the preservation of 500 privately owned affordable housing units and 395 public housing units.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>In 2004, the City Council adopted a Housing Preservation Ordinance aimed at preserving federally subsidized projects at-risk of conversion to market rate. SHRA has been the lead agency implementing the ordinance. In addition, SHRA has provided low-cost financing to preserve a number of at-risk projects since 2004. In 2008, SHRA financed the preservation of three projects in the City with 285 total units - Broadway Seniors Apartments, Casa De Angelo, and Forrest Palms. Since adoption of the ordinance, no projects have converted to market rate.</p>

<p>75. The City and SHRA will seek to preserve, convert, and/or rehabilitate privately owned multifamily rental housing to assure its ongoing affordability for lower-income residents. Specifically, the following projects will be preserved or rehabilitated and converted to affordable rental housing:</p> <p>a. The City shall enter into a legally enforceable loan agreement with Dawson Holdings, Inc. for up to \$3,495,000 in HOME and tax increment funding to preserve the Casa De Angelo Apartments.</p> <p>b. The City shall enter into a legally enforceable loan agreement with Community Housing Opportunities Corporation for up to \$1,900,000 in HOME and tax increment funding to preserve the Forrest Palms Apartments.</p> <p>c. The City shall enter into a legally enforceable loan agreement with DHI Broadway Associates, L.P. for up to \$2,100,000 in HOME and tax increment</p>	<p>Preserve a total of 260 low income housing units from conversion to market rate and ensure compliance with Government Code Section 65583.1(c)(4).</p> <p>Responsible Department: SHRA</p>	<p>2009 & 2010</p>	<p>SHRA entered into legal loan agreements with all three properties in 2008. Casa De Angelo on September 18, 2008; Broadway Seniors on September 26, 2008; and Forrest Palms on October 22, 2008. These loan closings were concurrent with the closing of other funding sources, including low income housing tax credits and mortgage revenue bonds. All three projects are currently under construction and scheduled for completion by 2010. In 2009 the SHRA preserved Southcrest Apartments a 32 unit complex with project-based Section 8.</p>

<p>78. The City shall continue the use of the SHRA Boarded/Vacant Home program. This program provides developer subsidies to qualified developers purchasing, rehabilitating and selling single-family boarded and vacant homes. Award of the subsidy is contingent on sale of the home to a low- or moderate-income family and recordation of affordability covenants.</p>	<p>Rehabilitate single-family homes for sale to low-or moderate-income families and increase homeownership opportunities for such families.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>The Homeownership Services Department of SHRA administers the Boarded and Vacant Home Program. In recent years, with the strong housing market and readily accessible credit, the program was not as attractive. However, with the recent constraints on market financing, there could be renewed interest in the program.</p> <p>In 2009, SHRA assisted 3 developers through the Boarded and Vacant Program.</p>
<p>79. The City, in an effort to have the most significant impact in blighted areas, shall focus its rehabilitation funding and programs to rental properties in need of substantial rehabilitation in redevelopment and other target areas.</p>	<p>Provide safe and secure rental housing in existing neighborhoods. Rehabilitate and preserve 1,000 affordable multifamily units.</p> <p>Responsible Department: SHRA (primary); Development</p>	<p>Ongoing</p>	<p>On March 17, 2009, the City Council adopted revised Multifamily Lending and Mortgage Revenue Bond Policies. The guidelines outline SHRA's funding priorities. The Agency's top priorities for over the counter projects are preserving and recapitalizing projects that are already affordable, but that are nearing the end of their affordability period and/or are in need of renovations to operate. A portion of these projects are located in redevelopment areas. The Agency's remaining rehabilitation efforts will be targeted. Preference in the guidelines has been given to projects located in redevelopment areas. This preference will encourage affordable housing developers to reinvest in projects that are located in blighted areas. In addition, SHRA has many Agency/City initiatives such as the SRO Preservation Policy, the 10 Year Plan to End Chronic Homelessness, the Downtown NOFA and redevelopment area implementation plans. In general, all of the projects under these initiatives are in redevelopment areas or other target areas.</p>

The City, on a limited basis, shall provide funding for acquisition and minor rehabilitation to multi-family properties to increase diversity in established areas where there is limited opportunity to develop new affordable housing.</p>	<p>Increase diversity of multi-family properties in established areas. Rehabilitate 500 affordable multifamily housing units.</p> <p>Responsible Department: SHRA</p>	<p>Ongoing</p>	<p>The Agency will provide access to our Mortgage Revenue Bond Program for projects that are in need of minor renovations. In addition to these private activities, the City adopted the Public Housing Asset Repositioning Strategy in 2007, which seeks to preserve and rehabilitate public housing assets throughout the City. Many of these units are in older areas of the City with little opportunity for new development and the City's commitment to their preservation is another way to meet the objectives of this program.</p>

<p>89. The City shall amend SHRA's existing first-time homebuyer programs to target distressed properties and/or areas, including homes in Redevelopment Areas, foreclosed homes and new ownership units built under the Mixed Income Housing Ordinance.</p>	<p>Promote the development of at least 100 single-family units in infill areas annually.</p> <p>Responsible Department: SHRA</p>	<p>2009</p>	<p>In 2008 SHRA convened an internal team of policy, redevelopment, and homeownership staff to explore the most strategic use of homebuyer programs. The team recommended the targeting of homebuyer assistance programs. All of the homebuyer program guidelines and procedures will be modified by the end of 2009 to reflect this targeting. In 2009, SHRA closed 22 homebuyer assistance loans in the City. 18 loans were for properties in Redevelopment Areas and 4 loans were for properties in other distressed areas of the City. Three properties were foreclosed homes. SHRA additionally assisted 29 homebuyers in the City purchase foreclosed homes with our MCC REO Program, an allocation of the 2008 Housing Act Volume Cap.</p>
<p>90. The City shall amend SHRA's existing single-family rehabilitation program to target distressed properties and/or areas, including homes in redevelopment areas and homes left vacant due to foreclosure.</p>	<p>Assist in the rehabilitation of 500 single-family homes.</p> <p>Responsible Department: SHRA</p>	<p>2009</p>	<p>In 2008 SHRA convened an internal team of policy, redevelopment, and homeownership staff to explore the most strategic uses of homeowner rehabilitation programs. <p>93. Using the economic impact analysis described in Program 5, the City shall recommend modifications in homeownership income targets in the Mixed Income Housing Ordinance to promote development of inclusionary ownership housing.</p>	<p>Provide homeownership assistance to 375 households.</p> <p>Responsible Department: SHRA (primary); Planning</p>	<p>2008</p>	<p>During the 2008 Housing Element workshops, the City Council agreed that income targets for inclusionary homeownership units should be increased, to better incentivize affordable homeownership. On February 10, 2009, SHRA held a workshop on the Mixed Income Housing (Inclusionary) Ordinance with the City Council. As part of the presentation, the results of an independent economic impact analysis were shared. At the conclusion of the meeting, Council directed staff to organize a stakeholder group to evaluate potential changes to the ordinance, including modifications to encourage affordable homeownership options. SHRA and the City held six meetings of a community based stakeholder group in 2009 to discuss changes to the Ordinance, including revisions to homeownership income targeting. The group was generally supportive of changes to this area of the Ordinance. Staff is currently working on a plan for taking these recommendations back for City Council review and recommendation.</p>
