David Edwards daverave@pacbell.net 532 39th Street District 3 Sacramento CA	Why can't MGH hire a private security firm to provide this services; it would be significantly less expensive for them. With health care costs spiraling ever higher, shouldn't MGH be encouraged to spend their financial resources on health care, their primary mission, and not imaginary criminals in a very, low crime area? And shouldn't high quality police services be universally available throughout the City and not just to corporations that can afford it? Cops			<b>None</b> 10/5/2010

M D Moore mdmooreinsacramento@ yahoo.com District 3	The funding SOURCE does not appear in the agenda item info as published. What is the funding source? What are the SAC PD crime report statistics to support the info in the background attachments regarding increased "incidents" and "disturbances" rates?	<b>None</b> 10/2/2010
