

RESOLUTION NO. 2010-655

Adopted by the Sacramento City Council

November 16, 2010

EXECUTE AGREEMENT AND APPROPRIATION OF FUNDS FOR INTELLIGENT TRANSPORTATION SYSTEMS EXPANSION PROJECT (T15088001)

BACKGROUND

- A. The City has a project to upgrade and expand the City's Intelligent Transportation System (ITS). This project will enable the City to coordinate traffic signals on six corridors to reduce congestion, improve mobility, and reduce energy consumption and greenhouse gas emissions.
- B. This project is funded through State Proposition 1B Traffic Light Synchronization Program (TLSP) funds, contributions from development, and other local transportation funds.
- C. The City of Sacramento is eligible to receive federal and state funding for certain transportation projects through the California Department of Transportation
- D. Master Agreements need to be executed before such funds can be claimed
- E. Two large development projects were required to contribute toward traffic improvements on these corridors. Prior to construction, contributions of \$26,500 from 65th Street Target and \$15,900 from Kaiser South Expansion were collected as required by the conditions of approval for each project. This was determined to be an appropriate funding source for this project.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The City Manager or designee is authorized to execute the Master Agreement and any amendments thereto with the California Department of Transportation.
- Section 2. The FY10/11 Capital Improvement Program is amended by establishing a \$42,400 revenue and expenditure budget in the ITS Expansion Project (T15088000) to support the ITS/ TLSP Project (T15088001) in the CIP Reimbursable Fund (Fund 3702) from their fair share contributions (P21253400).
- Section 3. Exhibit A is incorporated into and made part of this Resolution.
