2. As a condition of receiving this Agreement, Contractor agrees to fully comply with the Requirements, as well as any additional requirements that may be specified in the City of Sacramento's Non-Discrimination In Employee Benefits Code codified at Chapter 3.54 of the Sacramento City Code (the Ordinance).
3. Contractor understands, to the extent that such benefits are not preempted or prohibited by federal or state law, employee benefits covered by the Ordinance are any of the following:
 - a. Bereavement Leave
 - b. Disability, life, and other types of insurance
 - c. Family medical leave
 - d. Health benefits
 - e. Membership or membership discounts
 - f. Moving expenses
 - g. Pension and retirement benefits
 - h. Vacation
 - i. Travel benefits
 - j. Any other benefit offered to employees

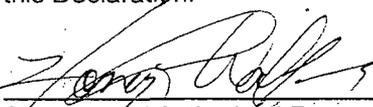

Contractor agrees that if Contractor offers any of the above-listed employee benefits, Contractor will offer those benefits, without discrimination between employees with spouses and employees with domestic partners, and without discrimination between the spouses and domestic partners of such employees.

4. Contractor understands that Contractor will not be considered to be discriminating in the provision or application of employee benefits under the following conditions or circumstances:
 - a. If the actual cost of providing a benefit to a domestic partner or spouse exceeds the cost of providing the same benefit to a spouse or domestic partner of an employee, Contractor will not be required to provide the benefit, nor shall it be deemed discriminatory, if Contractor requires the employee to pay the monetary difference in order to provide the benefit to the domestic partner or to the spouse.
 - b. If Contractor is unable to provide a certain benefit, despite taking reasonable measures to do so, if Contractor provides the employee with a cash equivalent Contractor will not be deemed to be discriminating in the application of that benefit.
 - c. If Contractor provides employee benefits neither to employee's spouses nor to employee's domestic partners.

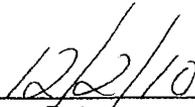

- d. If Contractor provides employee benefits to employees on a basis unrelated to marital or domestic partner status.
 - e. If Contractor submits written evidence of making reasonable efforts to end discrimination in employee benefits by implementing policies that will be enacted before the first effective date after the first open enrollment process following the date this Agreement is executed by the City of Sacramento ("City"). Contractor understands that any delay in the implementation of such policies may not exceed one (1) year from the date this Agreement is executed by the City, and applies only to those employee benefits for which an open enrollment process is applicable.
 - f. Until administrative steps can be taken to incorporate nondiscrimination in employee benefits. The time allotted for these administrative steps will apply only to those employee benefits for which administrative steps are necessary and may not exceed three (3) months from the date this Agreement is executed by the City.
 - g. Until the expiration of a current collective bargaining agreement(s) if employee benefits are governed by such collective bargaining agreement(s).
 - h. Contractor takes all reasonable measures to end discrimination in employee benefits by either requesting that the union(s) involved agree to reopen the agreement(s) in order for Contractor to take whatever steps are necessary to end discrimination in employee benefits or by ending discrimination in employee benefits without reopening the collective bargaining agreement(s).
 - i. In the event Contractor cannot end discrimination in employee benefits despite taking all reasonable measures to do so, Contractor provides a cash equivalent to eligible employees for whom employee benefits are not available. Unless otherwise authorized in writing by the City Manager, Contractor understands this cash equivalent must begin at the time the union(s) refuse to allow the collective bargaining agreement(s) to be reopened or not longer than three (3) months after the date this Agreement is executed by the City.
5. Contractor understands that failure to comply with the provisions of Section 4(a) through 4(i), above, will subject Contractor to possible suspension and/or termination of this Agreement for cause; repayment of any or all of the Agreement amount disbursed by the City; debarment for future agreements until all penalties and restitution have been paid in full and/or for up to two (2) years; and/or the imposition of a penalty, payable to the City, in the sum of \$50.00 for each employee, for each calendar day during which the employee was discriminated against in violation of the provisions of the Ordinance.
6. Contractor understands and agrees to provide notice to each current employee and, within ten (10) days of hire, to each new employee, of their rights under the Ordinance. Contractor further agrees to maintain a copy of each such letter provided, in an appropriate file for inspection by authorized representatives of the City. Contractor also agrees to prominently display a poster informing each employee of these rights.

7. Contractor understands that Contractor has the right to request a waiver of, or exemption from, the provisions of the Ordinance by submitting a written request to the City's Procurement Services Division prior to Agreement award, which request shall identify the provision(s) of the Ordinance authorizing such waiver or exemption and the factual basis for such waiver or exemption. The City shall determine in its sole discretion whether to approve any such request.
8. Contractor agrees to defend, indemnify and hold harmless, the City, its officers and employees, against any claims, actions, damages, costs (including reasonable attorney fees), or other liabilities of any kind arising from any violation of the Requirements or of the Ordinance by Contractor.

The undersigned declares under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that he or she is authorized to bind the Contractor to the provisions of this Declaration.

3. Conflict of Interest Requirements.

A. **Generally.** Under the California Political Reform Act, Government Code §§ 81000 et seq., designated employees of the CITY are required to comply with the CITY's Conflict of Interest Code. The term Adesignated employees is a term of art and includes individuals who are working for contractors who are providing services or performing work for the CITY and who are considered to be consultants under the Political Reform Act. The term consultant generally includes individuals who make, or participate in making, governmental decisions or who serve in a staff capacity. Individuals who perform work that is solely clerical, ministerial, manual or secretarial are not "consultants."

The CITY's Conflict of Interest Code requires designated employees, including individuals who qualify as "consultants", to file the following statements of economic interests:

- (1) An "assuming office" statement of economic interests to be filed within 30 days after execution of the agreement between the City and the contractor;
- (2) Annual statements of economic interests while the agreement remains in effect, to be filed not later than April 30 of each year; and
- (3) A "leaving office" statement of economic interests to be filed within 30 days of completion of the contract.

The above statements of economic interests are public records subject to public disclosure under the California Public Records Act.

The CITY's Conflict of Interest Code also requires individuals who qualify as "consultants" under the Political Reform Act to comply with the conflict of interest provisions of the Political Reform Act, which generally prohibit individuals from making or participating in the making of decisions that will have a material financial effect on their economic interests.

- B. **Conflict of Interest Statements.** The individual(s) who will provide services or perform work pursuant to this Agreement are "consultants" within the meaning of the Political Reform Act and the CITY's Conflict of Interest Code: yes no [check one]

If "yes" is checked above, CONTRACTOR shall cause the following to occur within 30 days after execution of this Agreement:

- (1) Identify the individuals who will provide services or perform work under this Agreement as "consultants";
- (2) Cause these individuals to file with the CITY Representative the assuming office statements of economic interests required by the CITY's Conflict of Interest Code.

Thereafter, throughout the term of the Agreement, CONTRACTOR shall cause these individuals to file with the CITY Representative annual statements of economic interests, and "leaving office" statements of economic interests, as required by the CITY's Conflict of Interest Code. The CITY may withhold all or a portion of any payment due under this Agreement until all required statements are filed.

4. **Scope of Services.** The services provided shall be as set forth in Attachment 1 to Exhibit A, attached hereto and incorporated herein.
5. **Time of Performance.** It is anticipated that the services described herein will be provided in accordance with the schedule set forth in the scope of services, or no later than April, 2012.

Attachment 1 to Exhibit A: Scope of Services

Understanding of Scope of Work Between ICF and SMUD

Ascent understands that work that will be performed by ICF International (ICF) under contract to Sacramento Metropolitan Utilities District (SMUD) regarding the Sacramento Green Partnership project will be incorporated into the City of Sacramento's Climate Action Plan (CAP) process by Ascent wherever applicable. Components of ICF's scope of work that will be relied upon to inform the City's CAP include:

- Revision to the City of Sacramento 2005 greenhouse gas (GHG) emissions inventory with updated transportation sector. If possible, ICF will rely upon updated transportation modeling data from Sacramento Area Council of Governments (SACOG) to revise the inputs to the transportation sector. Otherwise, ICF will rely on the VMT data contained in the memo from Fehr & Peers to Sacramento County.
- GHG emissions projections for 2020, 2030, and 2050 for City of Sacramento by emissions sector under a "business-as-usual" scenario and a scenario that includes foreseeable federal and state emissions reductions legislation and programs.
- Cost/benefit and GHG reduction calculations for regional GHG reduction programs. ICF will study the potential to downscale regional measures to the City-scale, but opportunities for downscaling are unknown at this time.

Ascent Team Proposed Scope of Work

Task 1 Project Kickoff

Key members of the Consultant Team will attend a kick-off meeting with the City's project team to discuss project management and communication protocols, work program refinement and milestones, and data needs. With regards to the transportation sector, this meeting will serve as an opportunity to discuss with City staff the overall methodology, data needs and other items as applicable. A key purpose of this initial meeting will be to set the broad framework for the analysis, identify additional roles in which City staff can be involved in preparation of the CAP, and set expectations for communication about the project.

Deliverables (Task 1)

- Meeting agenda and summary (including list of attendees, notes, and action items)

Task 2 Evaluate GHG Reduction Targets

Through its contract with SMUD, ICF will be revising the City's GHG emissions inventory in coordination with Fehr & Peers. ICF will also be preparing GHG emission projections for the City of Sacramento for years 2020, 2030, and 2050. Emissions projections will be prepared under a "business-as-usual" scenario, and under a scenario that accounts for federal and statewide GHG reductions associated with legislation.

The Ascent team will engage in discussions (up to 3) with the City and ICF on the extent to which projections shall account for reductions associated with implementation of adopted legislation (e.g., Renewable energy portfolio standards, California Green Building Code standards, vehicle emission controls, and fuel efficiency standards). Depending on the outcome of these discussions, some reductions that may occur from adopted legislation that are less certain may be carried into Task 3. However, the Ascent team believes it is important for this to be performed in a realistic manner to ensure the City does not fall short of meeting the adopted goals because too much credit was taken from State legislative actions. This work will first and foremost focus on what the City can do.

These discussions between the Ascent Team, ICF, and the City will also prescribe the City's general plan buildout assumptions for years 2020, 2030, and 2050, and transportation modeling assumptions. If the City determines that it would like transportation modeling data associated with the City's General Plan model used for the GHG inventory work performed by ICF, then Fehr & Peers will provide VMT numbers from the City's General Plan transportation model to ICF for inclusion in the GHG inventory revisions. These discussions are meant to ensure the Ascent team understands the assumptions and methods used by ICF for the City portion of the emissions inventory and projections as such are pertinent for subsequent tasks. These discussions will also allow the Ascent Team and the City to inform the process for the City-specific portions of the ICF work prior to completion.

The Ascent team will work with the City to develop GHG reduction targets for specific benchmark years (2020, 2030, and 2050). The City has already identified a 15% reduction below 2005 levels by 2020 as a target in its Sustainability Implementation Plan. This work will discuss the applicable targets and consistency with legislation, the relationship to other jurisdictions, and the goals for the SACOG region. The team will apply the targets under consideration to the emissions inventory to determine the exact amount of reduction needed.

Deliverables (Task 2)

- Technical memorandum of approach and results of target evaluation (one electronic copy including technical appendix)

Task 2a SACOG Coordination

SACOG's and the City's General Plan transportation models use different timeframes; 2035 and 2030 respectively. Compatibility between the General Plan buildout assumptions and SACOG's assumptions is important in order to maximize the City's ability to take advantage of environmental review streamlining under CEQA through SB 375. The Consultant team will lay out a process to help the City choose transportation model and buildout assumptions consistent with the General Plan growth model (developed by Mintier Harnish and the City) and SACOG's growth model. The final VMT forecasts will be summarized in a technical memorandum. This would involve meeting time and possibly modeling using the new SACSIM transportation model. The benefit of this task is to secure an approach that provides the opportunity to take advantage of CEQA streamlining provisions. For this task, the Consultant team would coordinate meetings between City staff and SACOG staff to establish maximum consistency between the City's CAP and SACOG's SCS.

Deliverables (Task 2a)

- ✓ Technical memorandum of approach and results of coordination meetings (one electronic copy including technical appendix)

Task 3 Evaluate and Identify Impact of GHG Reduction and Climate Change Adaptation Strategies

The Ascent team will evaluate and, wherever possible, quantify the GHG reduction potential of the City's draft list of GHG reduction measures. We will discuss with the City assumptions, performance standards, and expected participation rates for each measure. If available, we will incorporate complimentary regional GHG reduction measures downscaled to apply at the City level as a result of ICF's work on the Sacramento Green Partnership study.

Finally, we will recommend additional strategies that may be applicable to the City that were not included in the City's draft list, particularly strategies that address climate change adaptation.

The Ascent team will evaluate and prioritize strategies using the following:

- ▲ Quantified GHG reduction potential;
- ▲ Quantified energy, water, waste, and air pollutant conservation, efficiency, mitigation potential;
- ▲ Qualitative environmental co-benefits and adaptation benefits;
- ▲ Estimated cost/benefit and regional (direct and indirect) economic impacts; and,
- ▲ Administrative/political responsibility and feasibility.

The team will evaluate land use and transportation policies and strategies that influence vehicle travel at the local level, where not addressed through ICF's scope of work. This work will benefit from Fehr & Peers' substantial expertise developed through previous work on best management

practices (BMPs) related to land use and transportation strategies directed at reducing vehicle travel (transportation systems management, transportation demand management, parking pricing).

The Ascent team has a rigorous standard for GHG reduction quantification that is unique in the marketplace. Our standard revolves around substantial evidence, conservative assumptions, scientific literature, and empirical evidence. Wherever possible, the team will provide quantitative evaluations of the City's strategies, and will work with the City to alter wording of strategies to make them quantifiable. This affords the City with maximum defensibility of its CAP, which is of particular importance with regard to Task 5, discussed below. We will conduct the cost/benefit analysis of each strategy according to a cost of implementation range to the City (i.e., public costs in \$/ton GHG reduced) and to home- and business-owners, where possible and relevant to the particular strategy.

The Ascent team will conduct a gap analysis to determine whether the proposed list of strategies will achieve the City's preferred GHG reduction target. If a gap exists, Ascent will work with the City to increase participation rates of GHG reduction strategies to fill the gap.

Deliverables (Task 3)

- ✓ Draft Measures Evaluation memorandum (one electronic copy including technical appendix).

Task 4 Prepare Climate Action Plan

The Ascent team will assemble and integrate the work and products of Tasks 2-3 into the Administrative Draft CAP. After City review, a Public Draft CAP will be prepared. The CAP will be concise, understandable, graphically-interesting, user-friendly, and engaging for the community. Technical details will be presented in an appendix to the CAP. Following public review, the Ascent team will prepare the Administrative Final and Final CAP.

- ▲ The Administrative Draft CAP Measures will be presented in a matrix format with implementation information [e.g., assumptions, variables, calculations, recommended schedule of implementation, specific entities responsible for implementation, and possible financing mechanisms to achieve 2020, 2030, and 2050 goals].
- ▲ Submit the Administrative Draft CAP to the City for review and comment.
- ▲ The City will provide comments on the Administrative Draft CAP to Ascent. The Ascent team will make revisions consistent with the scope of work and submit the Public Draft CAP to the City for distribution.
- ▲ Submit the Public Draft in one electronic copy in report format. The Ascent team will coordinate with the City in advance regarding the need for paper copies or CDs for public circulation, and whether the City will produce additional copies or ask the Consultants to do so. Additional paper copies and/or CDs may be provided for public circulation at the cost of vendor printing and delivery.
- ▲ The City will distribute the Public Draft CAP for public review and comment.
- ▲ Following public review of the CAP, the Ascent team will coordinate with City staff regarding appropriate revisions to the measures and analysis in the CAP. We will

incorporate one round of revisions in response to public comments and City direction, and prepare the Administrative Final CAP for City review and comment.

- ▲ The Ascent team will make revisions consistent with the scope of work and submit the Final CAP to the City for use in the CAP approval process. Submit the Final CAP in one electronic copy. Ascent will coordinate with the City in advance regarding the need for paper copies or CDs for public circulation, and whether the City will produce additional copies or ask Ascent to do so. Additional paper copies and/or CDs may be provided for public circulation at the cost of vendor printing and delivery.

Deliverable(s) (Task 4)

- ✓ Administrative Draft CAP (one electronic copy)
- ✓ Public Draft CAP (one electronic copy)
- ✓ Administrative Final CAP (one electronic copy)
- ✓ Final CAP (one electronic copy)

Task 4a CAP Summary Public Outreach Materials

The Ascent team will prepare a brief summary version of the CAP that will use high quality graphics, charts, graphs, and illustrations to convey key information. It will be formatted for both digital posting and distribution and hard copy printing. The summary will be engaging and provide decision-makers and the public with an easy-to-understand overview of the CAP. We will work with City staff to define the appropriate information in the Summary; however we recommend that it include the following:

- ▲ Overview of the CAP and the CAP's importance to the City's future;
- ▲ Discussion of how it relates to the 2030 General Plan and other related plans and documents;
- ▲ Graphic summary of the emissions inventory by sector and reduction targets and emission forecasts/trends;
- ▲ High-level summary of recommended actions (e.g., land use and transportation, energy and water use, waste reduction and recycling, community outreach and empowerment, and adaptation); and
- ▲ Community action: defining everyone's role.

Deliverable(s) (Task 4a)

- ✓ Draft CAP Summary (one electronic copy)
- ✓ Final CAP Summary (one electronic copy)

Task 5 Environmental Review

Adoption of the CAP is a discretionary action under CEQA, requiring environmental review. Because the CAP is intended to implement policies of the recently adopted General Plan, the CEQA review for the CAP can be substantially streamlined using the General Plan EIR, which was prepared as a Master EIR under Section 15175 of the State CEQA Guidelines. Ascent will prepare an initial study (IS) checklist to determine whether the CAP is within the scope of the General Plan MEIR.

Depending on the contents of the CAP, and the results of the IS, the adoption actions may qualify for either a finding that the CAP is within the scope of the MEIR, in accordance with Section 15177 of the State CEQA Guidelines or the adoption of a negative declaration (ND) or mitigated negative declaration (MND) or use of an Addendum to the GP MEIR, pursuant Section 15164 of the State CEQA Guidelines to make minor technical changes that would bring the CAP within the MEIR scope, neither of which would require public circulation. The Addendum is presented as Task 5a. If an ND or MND was required, it could be prepared with an amendment to the scope of work and budget.

Because the conclusion in the Final GP MEIR was significant and unavoidable for climate change impacts, and impacts of the CAP are not anticipated to be new or substantially more severe than those described in the MEIR, a within-the-scope conclusion would be the likely recommended approach to environmental review.

In addition, Ascent will engage in discussions with the City on development of a qualitative CEQA threshold of significance for GHG emissions that will be based on a proposed project's consistency with the CAP. Ascent will prepare a memorandum summarizing the defensibility of the proposed threshold, the CAP, nexus of the City's GHG reduction targets (Task 2) with adopted legislation (AB 32), and climate change science (e.g., the City's fair share of GHG reduction and avoidance of dangerous climate change in the cumulative context). Once agreed upon by the City, this threshold will be used for future projects proposed in the City that involve a potentially considerable contribution of greenhouse gases.

Deliverables (Task 5):

- ✓ Administrative Draft IS (one electronic copy)
- ✓ Final IS (one electronic copy)
- ✓ Memorandum summarizing proposed CEQA Threshold of Significance.

Task 5a Addendum to General Plan Master EIR

As stated under Task 5, if the results of the IS checklist reveal that the CAP is not within the scope of the General Plan MEIR, Ascent will prepare an Addendum to the GP MEIR, pursuant Section 15164 of the State CEQA Guidelines to make minor technical changes that would bring the CAP within the MEIR scope. The Addendum will include the following information:

- ▲ Update the existing setting information in GP MEIR with GHG inventory data developed for the CAP, including a summary of emissions by sector and the Project
- ▲ Description, with a summary of the GHG reduction actions proposed as part of the CAP.
- ▲ Recognizing the reduction strategies included in the CAP, re-evaluate the climate change impact (Chapter 8) of the MEIR and assess whether the GHG emissions impact of the General Plan would remain significant and unavoidable. (During the environmental review process, it may be feasible to determine whether the City's GHG emissions would be less than significant with implementation of CAP reduction measures.)
- ▲ Add an impact discussion and conclusion related to potential climate change vulnerabilities and hazard risks,

and recommendations for climate adaptation strategies, based on analysis developed in the CAP.

- ▲ Discuss additional programs, policies, and if needed, mitigation measures from the CAP that would reduce GHG emissions and address climate change impacts.

- ✓ Summary notes from 4 public outreach meetings and 4 public hearings

Deliverables (Task 5a):

- ✓ Administrative Draft Addendum to MEIR (one electronic copy)
- ✓ Final Addendum to MEIR (one electronic copy)

Task 5b Quantitative CEQA Thresholds of Significance

Based on analysis in the CAP and approaches consistent with the SMAQMD CEQA Guidelines, the Ascent team will develop and explain the CEQA threshold of significance for GHG emissions. The Ascent team will evaluate possible quantitative CEQA thresholds of significance using a sensitivity analysis to determine the thresholds' project and emissions capture rates to provide the City information on desired outcomes (i.e., maximum CEQA streamlining benefits for General Plan-consistent projects, substantial reduction in GHG emissions, and that the thresholds are supported by substantial evidence). City staff can assist in this analysis by conducting data gathering on past projects that have been subject to CEQA and City approval for use by the Ascent team.

Deliverables (Task 5b):

- ✓ Draft Thresholds Evaluation memorandum (one electronic copy including technical appendix).
- ✓ Final Thresholds Evaluation memorandum (one electronic copy including technical appendix).

Task 6 Public Meetings and Hearings

City staff have indicated that the consultant will support staff by attending certain stakeholder and public meetings (four [4] meetings). City staff will arrange and organize public participation activities and coordination with existing stakeholder groups. City staff will also manage communication with the stakeholder groups. (Our team is experienced in and available for more extensive involvement in community participation activities, if needed, subject to budget augmentation.) The Ascent team will:

- ▲ Attend and participate in up to four (4) public outreach meetings and four (4) public hearings to be scheduled in coordination with City staff.
- ▲ CAP presentation materials will be prepared for use by City staff in stakeholder and public meetings. Also, summary notes of key input items, directions, and actions will be prepared and submitted to the City.

Deliverables (Task 6):

- ✓ One (1) set of CAP presentation materials (PowerPoint slides or handout materials) that can be used for all public outreach meetings and four (4) sets of CAP presentation materials for public hearings.

 furnish the following facilities or equipment for the Agreement:

**EXHIBIT D
PROFESSIONAL SERVICES AGREEMENT**

GENERAL PROVISIONS

1. Independent Contractor.

- A. It is understood and agreed that CONTRACTOR (including CONTRACTOR's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither CONTRACTOR nor CONTRACTOR's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to CONTRACTOR under the provisions of this Agreement, and CONTRACTOR shall be issued a Form 1099 for its services hereunder. As an independent contractor, CONTRACTOR hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of CONTRACTOR's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefore exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)
- B. It is further understood and agreed by the parties hereto that CONTRACTOR, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by CONTRACTOR for accomplishing such results. To the extent that CONTRACTOR obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the CONTRACTOR's sole discretion based on the CONTRACTOR's determination that such use will promote CONTRACTOR's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that CONTRACTOR use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.
- C. If, in the performance of this Agreement, any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by CONTRACTOR. It is further understood and agreed that CONTRACTOR shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of CONTRACTOR's assigned personnel and subcontractors.

D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and CONTRACTOR. CONTRACTOR may represent, perform services for, or be employed by such additional persons or companies as CONTRACTOR sees fit provided that CONTRACTOR does not violate the provisions of Section 5, below.

2. **Licenses; Permits, Etc.** CONTRACTOR represents and warrants that CONTRACTOR has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that is legally required for CONTRACTOR to practice its profession or provide any services under the Agreement. CONTRACTOR represents and warrants that CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for CONTRACTOR to practice its profession or provide such Services. Without limiting the generality of the foregoing, if CONTRACTOR is an out-of-state corporation, CONTRACTOR warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
3. **Time.** CONTRACTOR shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of CONTRACTOR's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
4. **CONTRACTOR Not Agent.** Except as CITY may specify in writing, CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.
5. **Conflicts of Interest.** CONTRACTOR covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder CONTRACTOR's performance of Services under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. CONTRACTOR agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If CONTRACTOR is or employs a former officer or employee of the CITY, CONTRACTOR and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.
6. **Confidentiality of CITY Information.** During performance of this Agreement, CONTRACTOR may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the CITY. CONTRACTOR agrees to protect all City Information and treat it as strictly confidential and further agrees that CONTRACTOR shall not

at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, CONTRACTOR shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions # 30. A violation by CONTRACTOR of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. CONTRACTOR Information.

- A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostatting, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. CONTRACTOR shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.
- B. CONTRACTOR shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. CITY shall make reasonable efforts to notify CONTRACTOR not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve CONTRACTOR of its obligations hereunder, which shall survive any termination or expiration of this Agreement.
- C. All proprietary and other information received from CONTRACTOR by CITY, whether received in connection with CONTRACTOR's proposal to CITY or in connection with any Services performed by CONTRACTOR, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to CONTRACTOR of any request for the disclosure of such information. The CONTRACTOR shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The CONTRACTOR shall have sole responsibility for defense of the actual "trade secret" designation of such information.
- D. The parties understand and agree that any failure by CONTRACTOR to respond to the notice provided by CITY and/or to enter into an agreement with CITY, in accordance with the provisions of subsection C, above, shall constitute a complete waiver by CONTRACTOR of any rights regarding the information designated "trade secret" by

CONTRACTOR, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

8. **Standard of Performance.** CONTRACTOR shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of CONTRACTOR's profession in California. All products of whatsoever nature that CONTRACTOR delivers to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in CONTRACTOR's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. CONTRACTOR shall assign only competent personnel to perform Services pursuant to this Agreement. CONTRACTOR shall notify CITY in writing of any changes in CONTRACTOR's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by CONTRACTOR to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, CONTRACTOR shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. **Term; Suspension; Termination.**

- A. This Agreement shall become effective on the date that it is approved by both parties, set forth on the first page of the Agreement, and shall continue in effect until both parties have fully performed their respective obligations under this Agreement, unless sooner terminated as provided herein.
- B. CITY shall have the right at any time to temporarily suspend CONTRACTOR's performance hereunder, in whole or in part, by giving a written notice of suspension to CONTRACTOR. If CITY gives such notice of suspension, CONTRACTOR shall immediately suspend its activities under this Agreement, as specified in such notice.
- C. CITY shall have the right to terminate this Agreement at any time by giving a written notice of termination to CONTRACTOR. If CITY gives such notice of termination, CONTRACTOR shall immediately cease rendering Services pursuant to this Agreement. If CITY terminates this Agreement:
 - (1) CONTRACTOR shall, not later than five days after such notice of termination, deliver to CITY copies of all information prepared pursuant to this Agreement.
 - (2) CITY shall pay CONTRACTOR the reasonable value of Services rendered by CONTRACTOR prior to termination; provided, however, CITY shall not in any manner be liable for lost profits that might have been made by CONTRACTOR had the Agreement not been terminated or had CONTRACTOR completed the Services required by this Agreement. In this regard, CONTRACTOR shall furnish to CITY such financial information as in the judgment of the CITY is necessary for CITY to determine the reasonable value of the Services rendered by CONTRACTOR. The foregoing is cumulative and does not affect any right or remedy that CITY may have in law or equity.

10. Indemnity.

- A. Indemnity: CONTRACTOR shall defend, hold harmless and indemnify CITY, its officers and employees, and each and every one of them, from and against any and all actions, damages, costs, liabilities, claims, demands, losses, judgments, penalties, costs and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Liabilities"), including but not limited to Liabilities arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, arising out of or in any way connected with performance of or failure to perform this Agreement by CONTRACTOR, any sub-consultant, subcontractor or agent, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, whether or not (i) such Liabilities are caused in part by a party indemnified hereunder or (ii) such Liabilities are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for any damage or expense for death or bodily injury to persons or damage to property to the extent arising from the sole negligence or willful misconduct of CITY, its agents, servants, or independent contractors who are directly responsible to CITY, except when such agents, servants, or independent contractors are under the direct supervision and control of CONTRACTOR.
- B. Insurance Policies; Intellectual Property Claims: The existence or acceptance by CITY of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of CITY's rights under this Section 10, nor shall the limits of such insurance limit the liability of CONTRACTOR hereunder. This Section 10 shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 7.B., above. The provisions of this Section 10 shall survive any expiration or termination of this Agreement.

EXHIBIT E

REQUIREMENTS OF THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS CODE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits Code (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$25,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

"Contract" means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. "Contract" also means a written agreement for the exclusive use ("exclusive use" means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City's use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

"Contract" shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation, street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas

and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

"Contractor" means any person or persons, firm partnership or corporation, company, or combination thereof, that enters into a Contract with the City. "Contractor" does not include a public entity.

"Domestic Partner" means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

"Employee Benefits" means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. "Employee benefits" shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR'S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee's name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

(a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form, signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.

(b) The Contractor shall give each existing employee working directing on a City contract, and (at the time of hire), each new employee, a copy of the notification provided as Attachment "A."

(c) Contractor shall post, in a place visible to all employees, a copy of the notice provided as Attachment "B."

ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

NAME OF PERSON(S) OR ORGANIZATION(S): City of Sacramento, its officials, employees, volunteers

PROJECT/LOCATION OF COVERED OPERATIONS: All Operations of the Named Insured.

PROVISIONS

A. The following is added to WHO IS AN INSURED (Section II):

The person or organization shown in the Schedule above is an additional insured on this Coverage Part, but only with respect to liability for bodily injury, "property damage" or "personal injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- a. In the performance of your ongoing operations;
- b. In connection with premises owned by or rented to you; or
- C. In connection with your work and included within the "products-completed operations hazard."

Such person or organization does not qualify as an additional insured for "bodily injury", "property damage" or "personal injury" for which that person or organization has assumed liability in a contract or agreement.

The insurance provided to such additional insured is limited as follows:

- d. This insurance does not apply to the rendering of or failure to render any "professional services".
 - e. The limits of insurance afforded to the additional insured shall be the limits which you agreed in that "contract or agreement requiring insurance" to provide for that additional insured, or the limits shown in the Declarations for this Coverage Part, whichever are less. This endorsement does not increase the limits of insurance stated in the LIMITS OF INSURANCE (Section III) for this Coverage Part.
- B. The following is added to Paragraph a. of 4. Other Insurance in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):
However, if you specifically agree in a contract or agreement requiring insurance that, for the additional insured shown in the Schedule, the insurance provided to that additional insured under this

COMMERCIAL GENERAL LIABILITY

Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such additional insured which covers such additional insured as a named insured, and we will not share with the other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal injury" for which coverage is sought arises out of an offense committed;

after you have entered into that "contract or agreement requiring insurance" for such additional insured. But this insurance still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when the additional insured is also an additional insured under any other insurance.

- C. The following is added to Paragraph 8. Transfer Of Rights Of Recovery Against Others To Us in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

We waive any rights of recovery we may have against the additional insured shown in the Schedule above because of payments we make for "bodily injury", "property damage" or "personal

injury" arising out of "your work" on or for the project, or at the location, shown in the Schedule above, performed by you, or on your behalf, under a "contract or agreement requiring insurance" with that additional insured. We waive these rights only where you have agreed to do so as part of the "contract or agreement requiring insurance" with that additional insured entered into by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

- D. The following definition is added to DEFINITIONS (Section V):

"Contract or agreement requiring insurance" means that part of any contract or agreement under which you are required to include the person or organization shown in the Schedule as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs, and the "personal injury" is caused by an offense committed:

- a. After you have entered into that contract or agreement;
- b. While that part of the contract or agreement is in effect; and
- c. Before the end of the policy period.
