

RESOLUTION NO. 2011-102

Adopted by the Sacramento City Council

February 22, 2011

STATE ROUTE 99/ELKHORN BOULEVARD IMPROVEMENT PROJECT (T15116400)

BACKGROUND

- A. The City of Sacramento is obligated to construct operational improvements at the interchange of Elkhorn Boulevard and State Route 99 pursuant to City Agreement 95-217 with the State of California.
- B. Signalization of the northbound off-ramp intersection with Elkhorn Boulevard and the addition of a second eastbound lane from the intersection to the East Commerce Way will improve operations and reduce congestion.
- C. Funding the Design and Environmental phase of this project with local funds at this time will position the City of Sacramento to receive Proposition 1B funding for construction later in 2011.
- D. The Department of Transportation (DOT) advertised a Request for Proposals (RFP) for consultant services to perform preliminary engineering and prepare the final design for the State Route 99/Elkhorn Boulevard Improvement Project (T15116400). Nine firms responded to the RFP. A panel, consisting of staff from the City of Sacramento, Department of Transportation and the State of Sacramento, Department of Transportation (Caltrans), reviewed and evaluated written proposals based on experience, qualifications, and a proposed work plan for the project. Based on this, the panel held interviews with the five highest ranked firms. It was determined by the panel that Dokken Engineering is the top-ranked firm.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The State Route 99/Elkhorn Boulevard Improvements Project (T15116400) is established as a new Capital Improvement Project.
- Section 2. The FY10/11 Capital Improvement Program budget is amended by appropriating \$900,000 from the North Natomas Financing Plan (Fund 3201) to the State Route 99/Elkhorn Boulevard Improvement Project (T15116400).
- Section 3. The City Manager is authorized to execute a Professional Services Agreement with Dokken Engineering in the amount not to exceed \$362,765 for the State Route 99/Elkhorn Boulevard Improvement Project (T15116400).
- Section 4. Exhibits A and B are hereby incorporated into and are a part of this Resolution.

4. Contractor understands that Contractor will not be considered to be discriminating in the provision or application of employee benefits under the following conditions or circumstances:
 - a. If the actual cost of providing a benefit to a domestic partner or spouse exceeds the cost of providing the same benefit to a spouse or domestic partner of an employee, Contractor will not be required to provide the benefit, nor shall it be deemed discriminatory, if Contractor requires the employee to pay the monetary difference in order to provide the benefit to the domestic partner or to the spouse.
 - b. If Contractor is unable to provide a certain benefit, despite taking reasonable measures to do so, if Contractor provides the employee with a cash equivalent Contractor will not be deemed to be discriminating in the application of that benefit.

Task 1 - Project Management

1.1 Meetings and Coordination

The Dokken team will organize, attend, and facilitate a variety of meetings intended to provide progress updates, coordinate between technical disciplines, and facilitate overall project communication. For each meeting, Dokken will provide meeting notices, prepare meeting materials and agenda, attend and facilitate the meeting and prepare meeting minutes. Dokken will consult with the City's project manager prior to each meeting to get input regarding the agenda. The following meetings are anticipated for this project:

Kickoff Meeting: At the start of the project, Dokken will organize a kickoff meeting with all key personnel on the project. The purpose of this meeting will be to review the goals and objectives of the project, discuss each team member's roles and responsibilities, identify critical project issues and obtain consensus on task durations, particularly reviews. The kickoff meeting helps to ensure that everyone on the project team is on the same page and functioning with the same understanding regarding project delivery and execution.

PDT Meetings: The project development team (PDT) meetings will serve as the primary forum for reviewing the status of the project and identifying and resolving project issues. Attendees will include the Dokken PM, consultant task leads as needed, City and Caltrans staff and other stakeholders as necessary. Throughout the anticipated 10-month duration of the project design phase, Dokken will attend and facilitate up to seven PDT meetings.

Technical Coordination Meetings: Dokken will coordinate technical design issues with the City, Caltrans and others through meetings and correspondence. Dokken will prepare for and facilitate up to three technical meetings, as needed, including the City's internal design review meeting.

Deliverables: Meeting notices, agendas and minutes

1.2 Project Administration

Dokken will monitor and control the effort and progress of the proposed services as follows:

- Prepare Project Guide
- Set up project accounting system
- Prepare Subconsultant agreements
- Monitor Subconsultant progress and review/approve invoices
- Prepare monthly Progress Reports and client invoices
- Prepare, monitor and adjust CPM Schedule (MS Project)

Deliverables: 10 Monthly Status Reports/Invoices/CPM Schedules (MS Project)

1.3 Quality Control

Dokken will prepare a Quality Control Plan and provide the technical resources necessary to review the deliverables for compliance with City and Caltrans requirements. Independent reviews will be conducted by senior staff not directly involved with the design or preparation of the deliverables. Quality control reviews will be performed for the following deliverables as part of the task for said deliverables:

- Survey control and mapping
- Geotechnical Design Report
- Storm Water Data Report/SWPPP
- Drainage Memo
- Quantity take-offs
- 65%, 95% and 100% plans, specifications and estimates

A comment resolution matrix will be completed for each review to document the quality control comments and how each comment was resolved.

Deliverables: QC Plan

Task 2 – Mapping and Surveys

2.1 Encroachment Permit & Survey Control

The Dokken team will mobilize field survey staff within 48 hours of receiving notice to proceed. To accomplish this, the application for an Encroachment Permit with Caltrans will be made immediately after being selected for this project.

The Dokken team will recover and expand upon the City's "COSS GPS CONTROL NETWORK" for this project. Supplemental survey control will be established for topographic mapping as required by the teams design engineers, as well as to locate land net controlling monuments.

These survey control points will be exhibited on a "Survey Control Data Sheet" and will be semi-permanent in nature so as to serve as project control during the construction of the project.

Deliverables: Copy of Caltrans Encroachment, Permit Survey Control Data Sheet

2.2 Topographic Surveys

Survey and engineering staff will convene on site to discuss and understand the exact limits of the project and the specific additional survey needs. Within the project limits, detailed topographic survey data will capture visible surface features and improvements within the project limits that are relevant to the design of the project, as determined by the design team. The survey data will be processed and developed into a Digital Terrain Model (DTM) and CAD basemap. The CAD map will exhibit 1-foot contours, spot elevations, all pertinent surface features, and utilities.

Deliverables: Topographic Basemap, DTM

2.3 Monument Recovery, Survey and Boundary Resolution

It is anticipated that all proposed improvements will be within Caltrans, Sacramento County and the City of Sacramento public Right of Way. As a guide to ensure this objective is met, the Dokken team will research and review State right-of-way maps, recorded maps, deeds and other available information.

The Dokken team will search for and tie existing monumentation of property corners and/or right of way control as needed to define the existing right-of-way and property boundaries. The property corner monuments and right-of-way monuments will be tied into the project control. Analysis of the surveyed monumentation, with record maps and deeds, will be performed to resolve the existing land net and right-of-way configurations.

Deliverables: Land Net Map in CAD format

Task 3 – Preliminary Engineering

3.1 Field Review

Dokken will obtain and review available data related to the project from the City, County, Caltrans, utility companies and other stakeholders. Dokken will also conduct a field review to identify and document physical features, potential design constraints and environmental considerations. Field information will be recorded using field notes and digital photos.

3.2 Geotechnical Investigation

In order to determine the necessary pavement section for the road widening, the Dokken team will perform a brief geotechnical investigation that will include the following tasks:

- Perform a literature search of all available geologic, hydrogeologic and other soils related information to better quantify the field investigation.
- Obtain a Caltrans Encroachment Permit, locate the borings in the field and determine the location of any underground utilities prior to the start of the field investigation.
- Drill and sample two (2) soil boring along the eastern edge of the SR-99 off-ramp and three (3) borings along the southern shoulder of Elkhorn Boulevard to obtain disturbed soil samples and measure the existing shoulder asphalt concrete pavement section.
- The asphalt pavement thicknesses, asphalt base materials and thicknesses, and soils encountered in the borings will be logged by an engineer and bulk soil samples will be obtained. The recovered soil samples will be brought to a laboratory for testing. The tests may include, but not limited to, moisture/density, either sieve analyses or Atterberg

Limits, Expansive Index, Corrosion Testing, Unconfined Compression, Direct Shear, and Resistance Value (R-value) testing of the recovered samples for the new signal pole foundations, utility installations, roadway and shoulder widening, and structural pavement sections.

Based upon the findings of the field report and laboratory testing, a Geotechnical Design Report will be prepared in accordance with the Caltrans Guidelines for Preparing Geotechnical Design Reports, v.1.3, December 2006, which will include a general project description, description of the field work, Boring Location Plan, Logs of Borings for the roadway borings, and the results of the field and laboratory testing.

The draft report will be prepared and submitted three weeks after all laboratory testing and field work is completed. Upon receipt of all review comments, a Final Geotechnical Design Report will be issued with the 95% PS&E submittal. A revised Final Geotechnical Design Report will be issued based upon the 95% PS&E comments.

Deliverables: Draft and Final Geotechnical Design Report

3.3 Traffic Analysis

The Dokken team will utilize the traffic volumes from the most recent monitoring effort to develop existing and, if needed, design-year traffic volumes at the SR 99 NB off-ramp/Elkhorn Blvd and E. Commerce Way/Elkhorn Blvd intersections. Based on the traffic volumes developed, the Dokken team will use Synchro and SimTraffic software to analyze the following scenarios:

- Existing Conditions
- Design-year conditions with existing lane configurations and signal control at the SR 99 NB off-ramp intersection including a signal controlled NB right-turn lane
- Design-year conditions with existing lane configurations and signal control at the SR 99 NB off-ramp intersection including a free NB right-turn lane
- Design-year conditions with existing lane configurations and signal control at the SR 99 NB off-ramp intersection including a free NB right-turn lane and an EB aux lane between SR 99 NB off-ramp and East Commerce Way

The traffic analysis will include both the a.m. and p.m. peak hour level of service analysis. In addition, the Dokken team will use SimTraffic software to analyze any potential queues at the studied intersection including queue on the SR 99 NB off-ramp.

The Dokken team will summarize the traffic analysis in a draft technical memorandum and submit to the City of Sacramento, County of Sacramento, and Caltrans for review. Any comments by review agencies will be incorporated into final tech memo.

Deliverables: Draft and Final Traffic Tech Memo

3.4 Storm Water Data Report/SWPPP

Because a portion of this project will take place within Caltrans right-of-way, Caltrans requires the preparation of a Storm Water Data Report (SWDR) to document the decision making process associated with BMP implementation and to serve as a basis for Caltrans' compliance monitoring. To that end, Dokken Engineering will develop a PS&E level SWDR in accordance with Caltrans Project Planning and Design Guide and Storm Water Management Plan. The document will include:

- A discussion of the stormwater quality issues specific to this project
- A description of the proposed design pollution prevention BMPs
- A description of the proposed permanent treatment BMPs, if required.
- A description of the proposed maintenance BMPs
- BMP cost estimate
- Completed SW-, DPP-, and T- checklists
- Maps and exhibits

Dokken will work with the Caltrans District Storm Water Coordinator to circulate the draft document through the Maintenance, Landscape, and Storm Water units. One round of comments will be addressed, and the final document will be submitted for approval.

To fulfill the requirements of the General Construction Activity Storm Water Permit, Dokken will prepare the Notice of Intent (NOI) as well as the Storm Water Pollution Prevention Plan (SWPPP) for this project. Preparation of the NOI will include calculating the total disturbed and percent impervious area of the project site, classifying the project based on risk level, preparing the required map attachments, and completing the NOI application. It is assumed that all permit fees will be paid directly by City.

Preparation of the SWPPP will involve developing a detailed project information exhibit, identifying the sources that could add pollutants to stormwater discharges or could result in non-stormwater discharges, selection of the Best Management Practices (BMPs) that will control each of the identified pollutants, integration of appropriate post-construction stormwater BMPs and development of a maintenance, inspection and repair program.

Deliverables: Draft and Final Storm Water Data Report, NOI/SWPPP

3.5 Drainage Memorandum

The proposed project improvements are expected to have the following impacts on drainage:

- The anticipated widening along the northbound off-ramp will increase the impervious surfaces and, in turn, the runoff to the ditch along the east side of the off-ramp. In addition, the ramp widening will require reconstruction of the existing toe ditch.
- The potential widening of eastbound Elkhorn Boulevard will add impervious surface, thereby increasing runoff to the roadside ditch. In addition, the roadway widening will require the extension of an existing cross culvert.
- If curb, gutter and sidewalk are included with the eastbound Elkhorn Boulevard widening, inlets and pipes will be required to remove runoff from the roadway.

Dokken will prepare a technical memorandum with supporting calculations to demonstrate to Caltrans and the City that the impacted ditches and culverts draining the aforementioned areas have the capacity to accept the additional runoff. Hydrology calculations will be performed using the Rational Method, based on an intensity supplied by Caltrans. Ditch hydraulics will be calculated using FlowMaster software assuming normal depth with no backwater conditions. Culvert hydraulics will be performed using CulvertMaster software assuming normal depth at the outlet of the culvert.

Deliverables: Drainage Technical Memorandum

3.6 Geometric Concept Drawing

Dokken will prepare geometric concept drawings (GCD) at a scale of 1"=100' on a 22"x34" sheet showing the horizontal layout of the proposed roadway improvements. The following information will be depicted:

- North Arrow
- Station Lines
- Bearings and Curve Data
- Lane configurations
- Sidewalks, medians and shoulders, as appropriate
- Project Limits, R/W and earthwork limits

Dokken will submit the GCD to Caltrans and the City for review and will respond to one round of comments. City and Caltrans acceptance of the GCD will be required prior to commencing with the final design.

As part of this task, Dokken will also complete the DIB 78 checklist for the areas within Caltarns right-of-way to document compliance with design standards. Preparation of design exception fact sheets are not anticipated to be needed.

*Deliverables: Geometric Concept Drawings
DIB 78 Checklist*

3.7 City Project Report

Dokken will prepare a report that summarizes the preliminary engineering phase. The report will be prepared in City format as shown in Section 2-2 of the City of Sacramento Project Delivery Manual and will include the following:

- Project background and description
- Purpose of the project
- Existing conditions and proposed improvements
- Alternatives considered
- Right-of-Way
- Environmental impacts
- Geotechnical considerations
- Permits
- Cost estimate
- Funding
- Project Schedule
- Public Outreach/Stakeholders
- Coordination with other agencies
- Utility coordination
- Cooperative agreements
- Project Approval and Authorization Form (PAAF)

The report will include a preliminary geometric layout of the proposed improvements. All technical studies contributing to the report will be attached as appendices. Dokken will submit the draft Project Report to the City three reviews: staff review, senior review, and executive review. Based on comments received, Dokken will update and submit the final Project Report.

Deliverable: Draft and Final Project Report

4.0 Utility Coordination

Preliminary utility investigations performed in advance of the project show that, with the exception of Caltrans lighting conduit, there are no utilities in the proposed project work area. To verify that the proposed project will not impact nearby utilities, Dokken will conduct the following utility coordination activities:

4.1 Utility 'A' Plans

Dokken will send the following materials to all utility companies serving the project area: A vicinity map capturing the boundaries of all potential alternatives and a City-approved letter requesting as-built or record information of the location, size and depth (if applicable) of each utility company's facilities within the study boundaries. Information regarding planned utility construction that might affect the project also will be requested.

Based on the information collected, Dokken will prepare a utility base map for use in identifying utility conflicts with the proposed improvements.

Deliverables: Utility Letters and Plans ('A')

4.2 Utility 'B' Plans

Dokken will review the utility base map in light of the proposed improvements and evaluate the extent of any potential utility conflicts. If necessary, Dokken will prepare and send Utility 'B' packages to affected utility companies, which will include the following: 'B' Plans and a City-approved letter notifying the utility companies of conflicts between existing utility facilities and the proposed work. The letter will ask the utility companies to verify the conflict and notify them of the need to relocate their facilities. Based on an initial site visit, significant utility conflicts are not anticipated. As a result, this scope assumes a maximum of one B letter package.

Deliverables: Utility Letters and Plans ('B')

4.3 Utility 'C' Plans

Dokken will send a copy of the 'C' Final Plans and a City-approved letter to the utility companies when the project is advertised for bids. The letter will be the final notification to the utility companies that the project is going to construction and will request one last verification that there are no conflicts with the project.

Deliverables: Utility Letters and Plans ('C')

Task 5 – Final Design

5.1 Plans

Based on the approved Geometric Concept Drawings, Dokken will prepare and submit the project design to the City and Caltrans for review and comment at the 65%, 95% and 100% completion milestones. Each interim milestone submittal shall include a total of ten (10) sets of half-size plans as well as specifications and estimates in accordance with Task 5.7 and 5.8 below. Comments received at every interim milestone will be reviewed in a meeting with City and Caltrans staff and will be formally documented in a Comment Resolution Matrix to be included with the subsequent submittal.

The final submittal will include ten (10) sets of half size plans, one (1) set of full size signed mylars, ten (10) bound sets of specifications, one (1) unbound set specifications, ten (10) copies of the Engineers estimate, and one (1) CD containing PDF files of the plans, specifications, and estimate. iPlot files are not included in the deliverables.

All PS&E documents will be developed using English units. The project design shall include the following:

5.1.1 Roadway Improvements

Dokken will prepare design plans for the proposed roadway improvements developed during the Preliminary Engineering phase. The plans will specify horizontal and vertical alignment data, pavement thickness, curb type/sidewalk width (if applicable), limits of cut/fill, right-of-way, slopes, construction details and contour grading.

5.1.2 Drainage and Utilities

Drainage improvements for the proposed project components are expected to be limited to ditch realignment and culvert extension. These improvements will be shown together with the existing utility lines in the project area. Utility modifications and/or relocations are not anticipated.

As part of this task, erosion control plans will also be developed to show permanent erosion control features. Temporary erosion control will be dictated by the Storm Water Pollution Prevention Plan.

5.1.3 Signal Design

The Dokken team will prepare traffic signal plans, specifications, and estimates (PS&E) for the SR99/Northbound off ramp intersection at Elkhorn Blvd and for the signal modification at Elkhorn Blvd/E. Commerce Way intersection. Subtasks for this submittal include:

- Conduct a field inventory of existing signal equipment including overhead and underground facilities
- Obtain and review as built records
- Traffic signal interconnect design between the SR99/Northbound off-ramp and E. Commerce Way intersections
- Prepare detailed design of the traffic signal installation including vehicle and pedestrian signals, intersection lighting, signal controller and service enclosure, vehicle detection, and equipment/conductor schedules.
- Prepare detailed design for signal interconnect plans
- Show the signal phasing diagram
- Provide complete equipment and conductor schedules
- Prepare special provisions and a cost estimate.
- Submit the PS&E package for up to three submittals 65%, 95% and final.
- Review by Engineer in responsible charge

5.1.4 Lighting Design

The Dokken team will prepare preliminary lighting and sign illumination plans for the ramp at SR99/Northbound off ramp intersection. Subtasks necessary for this submittal include:

- Identify highway lighting and sign illumination requirements
- Establish electrolier placement along SR99/Northbound off ramp
- Prepare detailed design at 1"=40' scale for lighting and sign illumination plans

5.1.5 Signing and Striping

Dokken will conduct an existing sign inventory in the field and will prepare signing and striping plans for the roadway and signal improvements within the project limits.

5.1.6 Traffic Handling

Dokken will prepare traffic handling plans to describe how traffic will be routed during the construction of the intersection improvements, northbound off-ramp widening, and signal construction.

Plan set deliverables will include the following sheets:

5.2 Cost Estimates

A cost estimate will be prepared for the 95% milestone and will be updated at the 100% and final submittals. The estimate will include standard Caltrans BEES bid item codes and descriptions, calculated plan quantities, unit costs and total costs. Immediately prior to the final submittal, the unit cost data will be verified using the latest available bid summary data from Caltrans cost database.

This task assumes that the City is utilizing one funding source and that a segregated estimate is not required.

Deliverables: 95%, 100% and final cost estimates

5.3 Specifications

Dokken will prepare technical special provisions based on Caltrans Standard Special Provisions. Specifications will be provided at the 95%, 100% and final design milestones. Dokken will also prepare a construction working day schedule to assist in determining liquidated damages. Reviewing and editing of City's boilerplate is beyond the scope of this task.

*Deliverables: 95%, 100% and final specifications
Construction working day schedule*

5.4 Constructability/Biddability Review (Optional)

At the City's option, Dokken will provide the 95% PS&E package to an independent construction manager to review for constructability and biddability. Dokken will update the plan set to address the comments received and finalize the plan set for advertising.

Deliverables: Constructability/Biddability Review Comments

5.5 RE Pending File

Dokken will provide the City with the project data required to administer the construction contract. The information will be compiled in an RE File including:

- Permits and conditions
- Survey data / Slope stake notes
- Project quantities calculations
- Design calculations
- Preliminary construction schedule

Deliverables: RE Pending File

Task 6 – Caltrans Project Approval

Caltrans project approval is expected to be obtained through the Encroachment Permit process, which consists of a completed Encroachment Permit form together with the pertinent supporting documentation as determined by the Caltrans Project Manager. In addition to the engineering studies and PS&E, prepared as part of Tasks 3 and 5, it is expected that Caltrans will require the following documentation:

6.1 Right-of-Way Certification

As part of the Encroachment Permit process, Caltrans requires the local agency to provide Right-of-Way Certification. Since right-of-way acquisition is not anticipated, the required documentation will take the form of a Certification No. 1 in its minimal form. Dokken will prepare the Certification for City signature, submit the documentation to Caltrans, and coordinate with Caltrans throughout the processing.

Deliverables: Right-of-Way Certification

6.2 Maintenance Agreement

A maintenance agreement may be required between the City and Caltrans outlining the maintenance and timing adjustment responsibilities associated with the signals. Dokken will facilitate coordination between the City and Caltrans to develop a maintenance agreement prior to the Encroachment Permit approval.

6.3 CTC Coordination

To assist the City and Caltrans in getting the necessary construction funds programmed and approved, Dokken is available to facilitate communications between the City, Caltrans, and the CTC as needed to ensure that the reallocation and funds request are agendized simultaneously on the August meeting calendar.

6.4 Encroachment Permit

Once all of the supporting documentation is approved, the Dokken will submit this documentation to the Caltrans Project Manager, together with a completed encroachment permit, to be reviewed by the Permit Department. Dokken will prepare the encroachment permit for the City's signature and will submit it to Caltrans for processing.

Deliverables: Encroachment Permit Application

Task 7 – Services During Construction

7.1 Bidding Assistance

We anticipate that the City will advertise the project for bidding and distribute the plans to prospective bidders. Dokken's project manager and project staff will be available during the bidding phase to assist the City in responding to contractor inquiries. Work associated with this task will include:

- Attending a pre-bid meeting to answer questions from prospective bidders.
- Supporting the City during the bidding process by providing answers to Contractor inquiries and issuing addenda (if required) as the result of bidder inquiries.
- Prepare a Bid Evaluation after all bids have been received and opened.

7.2 Construction Assistance

Dokken will be available during construction to respond to questions specifically related to the design plans and specifications and provide clarification when requested. As part of this task, Dokken will:

- Attend the project pre-construction meeting.

- Provide consultation and interpretation of construction documents, as required.
- Review and comment on contract change orders.
- Prepare plan revisions as necessitated by contract change orders.

The professional hours for this task are limited to those provided in the cost proposal.

Project Schedule

A detailed Project Development Schedule is provide on the following page with critical path tasks shown in red and tasks by others shown in green. Key project milestones are summarized in the table below.

Milestone	Date
Notice to Proceed (NTP)	February 2011
Survey and Mapping	March 2011
Preliminary Engineering	June 2011
Utility Coordination	August 2011
Final Design	September 2011
Caltrans Project Approval	August 2011
Advertise Project	September 2011
Start Construction	October 2011

This schedule is based on the following assumptions:

- The encroachment permit for field work can be obtained by Notice to Proceed.
- The existing traffic data can be used in lieu of traffic counts and forecasting analyses.
- The City is preparing a Categorical Exemption for CEQA compliance (or CEQA compliance can be obtained by August 2011).
- Caltrans approval will be obtained via an Encroachment Permit using the 95% plans as the basis for the application.
- The CTC reallocates and votes the construction funds at their August 10/11th meeting.
- Design reviews by all stakeholder agencies will be two weeks in duration.

The resulting schedule shows a total duration of 8 months from NTP to the theoretical start of construction. Given that project completion occurs just prior to the rainy season, it is recommended to begin construction in spring provided that the funding stipulations allow.

The key to maintaining the project schedule will be continual and consistent coordination with all project stakeholders such that information is provided in a timely manner and everyone is on the same page and functioning with the same understanding regarding project delivery and execution. Dokken will continually monitor and update the schedule to track critical tasks and prioritize our work effort to ensure that the key milestones are met.

GENERAL PROVISIONS

1. **Independent Contractor.**

- A. It is understood and agreed that CONTRACTOR (including CONTRACTOR's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither CONTRACTOR nor CONTRACTOR's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to CONTRACTOR under the provisions of this Agreement, and CONTRACTOR shall be issued a Form 1099 for its services hereunder. As an independent contractor, CONTRACTOR hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of CONTRACTOR's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)
- B. It is further understood and agreed by the parties hereto that CONTRACTOR, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by CONTRACTOR for accomplishing such results. To the extent that CONTRACTOR obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the CONTRACTOR's sole discretion based on the CONTRACTOR's determination that such use will promote CONTRACTOR's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that CONTRACTOR use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.
- C. If, in the performance of this Agreement, any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by CONTRACTOR. It is further understood and agreed that CONTRACTOR shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of CONTRACTOR's assigned personnel and subcontractors.

D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and CONTRACTOR. CONTRACTOR may represent, perform services for, or be employed by such additional persons or companies as CONTRACTOR sees fit provided that CONTRACTOR does not violate the provisions of Section 5, below.

2. **Licenses; Permits, Etc.** CONTRACTOR represents and warrants that CONTRACTOR has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that are legally required for CONTRACTOR to practice its profession or provide any services under the Agreement. CONTRACTOR represents and warrants that CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for CONTRACTOR to practice its profession or provide such Services. Without limiting the generality of the foregoing, if CONTRACTOR is an out-of-state corporation, CONTRACTOR warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
3. **Time.** CONTRACTOR shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of CONTRACTOR's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
4. **CONTRACTOR Not Agent.** Except as CITY may specify in writing, CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.
5. **Conflicts of Interest.** CONTRACTOR covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder CONTRACTOR's performance of Services under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. CONTRACTOR agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If CONTRACTOR is or employs a former officer or employee of the CITY, CONTRACTOR and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.
6. **Confidentiality of CITY Information.** During performance of this Agreement, CONTRACTOR may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright,

data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the CITY. CONTRACTOR agrees to protect all City Information and treat it as strictly confidential, and further agrees that CONTRACTOR shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, CONTRACTOR shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions # 30. A violation by CONTRACTOR of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. CONTRACTOR Information.

- A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostating, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. CONTRACTOR shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.
- B. CONTRACTOR shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. CITY shall make reasonable efforts to notify CONTRACTOR not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve CONTRACTOR of its obligations hereunder, which shall survive any termination or expiration of this Agreement.
- C. All proprietary and other information received from CONTRACTOR by CITY, whether received in connection with CONTRACTOR's proposal to CITY or in connection with any Services performed by CONTRACTOR, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to CONTRACTOR of any request for the disclosure of such information. The CONTRACTOR shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The CONTRACTOR shall have sole responsibility for defense of the actual "trade secret" designation of such information.
- D. The parties understand and agree that any failure by CONTRACTOR to respond to the

notice provided by CITY and/or to enter into an agreement with CITY, in accordance with the provisions of subsection C, above, shall constitute a complete waiver by CONTRACTOR of any rights regarding the information designated "trade secret" by CONTRACTOR, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

8. **Standard of Performance.** CONTRACTOR shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of CONTRACTOR's profession in California. All products of whatsoever nature that CONTRACTOR delivers to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in CONTRACTOR's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. CONTRACTOR shall assign only competent personnel to perform Services pursuant to this Agreement. CONTRACTOR shall notify CITY in writing of any changes in CONTRACTOR's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by CONTRACTOR to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, CONTRACTOR shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. **Term; Suspension; Termination.**

- A. This Agreement shall become effective on the date that it is approved by both parties, set forth on the first page of the Agreement, and shall continue in effect until both parties have fully performed their respective obligations under this Agreement, unless sooner terminated as provided herein.
- B. CITY shall have the right at any time to temporarily suspend CONTRACTOR's performance hereunder, in whole or in part, by giving a written notice of suspension to CONTRACTOR. If CITY gives such notice of suspension, CONTRACTOR shall immediately suspend its activities under this Agreement, as specified in such notice.
- C. CITY shall have the right to terminate this Agreement at any time by giving a written notice of termination to CONTRACTOR. If CITY gives such notice of termination, CONTRACTOR shall immediately cease rendering Services pursuant to this Agreement. If CITY terminates this Agreement:
- (1) CONTRACTOR shall, not later than five days after such notice of termination, deliver to CITY copies of all information prepared pursuant to this Agreement.
 - (2) CITY shall pay CONTRACTOR the reasonable value of Services rendered by CONTRACTOR prior to termination; provided, however, CITY shall not in any manner be liable for lost profits that might have been made by CONTRACTOR had the Agreement not been terminated or had CONTRACTOR completed the Services required by this Agreement. In this regard, CONTRACTOR shall furnish to CITY such financial information as in the judgment of the CITY is necessary for CITY to determine the reasonable value of the Services rendered

by CONTRACTOR. The foregoing is cumulative and does not affect any right or remedy that CITY may have in law or equity.

10. Indemnity.

- A. Indemnity: CONTRACTOR shall defend, hold harmless and indemnify CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, damages, costs, liabilities, demands, losses, judgments, penalties and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Claims"), including but not limited to Claims arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, that arise out of, pertain to or relate to any negligent act or omission, recklessness or willful misconduct of CONTRACTOR, its sub-consultants, subcontractors or agents, and their respective officers and employees, in connection with performance of or failure to perform this Agreement, whether or not such Claims are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for damages for death or bodily injury to persons, injury to property, or other loss, damage or expense to the extent arising from (i) the sole negligence or willful misconduct of, or defects in design furnished by, CITY, its agents, servants, or independent contractors who are directly responsible to CITY, or (ii) the active negligence of CITY.
- B. Insurance Policies; Intellectual Property Claims: The existence or acceptance by CITY of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of CITY's rights under this Section 10, nor shall the limits of such insurance limit the liability of CONTRACTOR hereunder. This Section 10 shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 7.B., above. The provisions of this Section 10 shall survive any expiration or termination of this Agreement.

11. Insurance Requirements. During the entire term of this Agreement, CONTRACTOR shall maintain the insurance coverage described in this Section 11.

Full compensation for all premiums that CONTRACTOR is required to pay for the insurance coverage described herein shall be included in the compensation specified for the Services provided by CONTRACTOR under this Agreement. EXHIBIT E

REQUIREMENTS OF THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS CODE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits Code (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$25,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

"Contract" means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. "Contract" also means a written agreement for the exclusive use ("exclusive use" means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City's use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

"Contract" shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation, street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas

and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

"Contractor" means any person or persons, firm partnership or corporation, company, or combination thereof, that enters into a Contract with the City. "Contractor" does not include a public entity.

"Domestic Partner" means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

"Employee Benefits" means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. "Employee benefits" shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR'S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee's name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

(a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form, signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.

(b) The Contractor shall give each existing employee working directing on a City contract, and (at the time of hire), each new employee, a copy of the notification provided as Attachment "A."

Instructions for Form 590

Withholding Exemption Certificate

References in these instructions are to the California Revenue and Taxation Code (R&TC).

What's New

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions release of loan funds made in the normal course of business are exempt from backup withholding. For additional information on California backup withholding, go to ftb.ca.gov and search for **backup withholding**.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (TIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information go to ftb.ca.gov and search for **backup withholding**.

General Information

For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding. California residents or entities should complete and present Form 590 to the withholding agent. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless told by the FTB that the form should not be relied upon.

The following are excluded from withholding and completing this form:

- The United States and any of its agencies or instrumentalities

- A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities
- A foreign government or any of its political subdivisions, agencies, or instrumentalities

Important – This form cannot be used for exemption from wage and real estate withholding.

- If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should call 888.745.3886 or go to www.edd.ca.gov.
- Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, to claim an exemption from real estate withholding.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties with activities in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are \$1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

C Who Certifies this Form

Form 590 is certified by the payee. An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee

until a valid certificate is received. In lieu of a completed certificate on the preprinted form, the withholding agent may accept as a substitute certificate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number. The withholding agent must retain a copy of the certificate or substitute for at least four years after the last payment to which the certificate applies, and provide it upon request to the Franchise Tax Board.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes.

Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of \$200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

- Where you maintain a true, fixed, and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders (Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA).

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

F What is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

G Withholding Agent

Keep Form 590 for your records. **Do not** send this form to the FTB unless it has been specifically requested.

For more information, contact Withholding Services and Compliance, see General Information H.

The payee must notify the withholding agent if any of the following situations occur:

- The individual payee becomes a nonresident.
- The corporation ceases to have a permanent place of business in California or ceases to be qualified to do business in California.
- The partnership ceases to have a permanent place of business in California.
- The LLC ceases to have a permanent place of business in California.
- The tax-exempt entity loses its tax-exempt status.

The withholding agent must then withhold and report the withholding using Form 592, Resident and Nonresident Withholding Statement, and remit the withholding using Form 592-V, Payment Voucher for Resident and Nonresident Withholding. Form 592-B, Resident and Nonresident Withholding Tax Statement, is retained by the withholding agent and a copy is given to the payee.

If you do not have a number, see *How to get a TIN* on page 3.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). Check the "Limited liability company" box only and enter the appropriate code for the tax classification ("D" for disregarded entity, "C" for corporation, "P" for partnership) in the space provided.

For a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line.

For an LLC classified as a partnership or a corporation, enter the LLC's name on the "Name" line and any business, trade, or DBA name on the "Business name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
 2. The United States or any of its agencies or instrumentalities,
 3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
 4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
 5. An international organization or any of its agencies or instrumentalities.
- Other payees that may be exempt from backup withholding include:
6. A corporation,
 7. A foreign central bank of issue,
 8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
 9. A futures commission merchant registered with the Commodity Futures Trading Commission,
 10. A real estate investment trust,
 11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
 12. A common trust fund operated by a bank under section 584(a),
 13. A financial institution,
 14. A middleman known in the investment community as a nominee or custodian, or
 15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 7

¹See Form 1099-MISC, Miscellaneous Income, and its instructions.

²However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see *Exempt Payee* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.consumer.gov/idtheft or 1-877-IDTHEFT(438-4338).

Visit the IRS website at www.irs.gov to learn more about identity theft and how to reduce your risk.

ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

NAME OF PERSON(S) OR ORGANIZATION(S): City of Sacramento, its officials, employees and volunteers.

PROJECT/LOCATION OF COVERED OPERATIONS: All Operations of the Named Insured.

PROVISIONS

A. The following is added to WHO IS AN INSURED (Section II):

The person or organization shown in the Schedule above is an additional insured on this Coverage Part, but only with respect to liability for bodily injury, "property damage" or "personal injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- a. In the performance of your ongoing operations;
- b. In connection with premises owned by or rented to you; or
- c. In connection with your work and included within the "products-completed operations hazard."

Such person or organization does not qualify as an additional insured for "bodily injury", "property damage" or "personal injury" for which that person or organization has assumed liability in a contract or agreement.

The insurance provided to such additional insured is limited as follows:

- d. This insurance does not apply to the rendering of or failure to render any "professional services".
- e. The limits of insurance afforded to the additional insured shall be the limits which you agreed in that contract or agreement requiring insurance" to provide for that additional insured, or the limits shown in the Declarations for this Coverage Part, whichever are less. This endorsement does not increase the limits of insurance stated in the LIMITS OF INSURANCE (Section III) for this Coverage Part.

B. The following is added to Paragraph a. of 4. Other Insurance in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):
However, if you specifically agree in a contract or agreement requiring insurance that, for the additional insured shown in the Schedule, the insurance provided to that additional insured under this

COMMERCIAL GENERAL LIABILITY

Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such additional insured which covers such additional insured as a named insured, and we will not share with the other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal injury" for which coverage is sought arises out of an offense committed;

after you have entered into that "contract or agreement requiring insurance" for such additional insured. But this insurance still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when the additional insured is also an additional insured under any other insurance.

- C. The following is added to Paragraph 8. Transfer Of Rights Of Recovery Against Others To Us in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

We waive any rights of recovery we may have against the additional insured shown in the Schedule above because of payments we make for "bodily injury", "property damage" or "personal

injury" arising out of "your work" on or for the project, or at the location, shown in the Schedule above, performed by you, or on your behalf, under a "contract or agreement requiring insurance" with that additional insured. We waive these rights only where you have agreed to do so as part of the "contract or agreement requiring insurance" with that additional insured entered into by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

- D. The following definition is added to DEFINITIONS (Section V):

"Contract or agreement requiring insurance" means that part of any contract or agreement under which you are required to include the person or organization shown in the Schedule as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs, and the "personal injury" is caused by an offense committed:

- a. After you have entered into that contract or agreement;
- b. While that part of the contract or agreement is in effect; and
- c. Before the end of the policy period.
