Description/Analysis

Issue: Adjust the various financial limits contained in the campaign contribution limit chapter of the Sacramento City Code to reflect changes in the consumer price index.

Policy Considerations: Prior to presenting an ordinance to the City Council for approval, the ordinance title must first be passed for publication.

Environmental Considerations: None.

Sustainability: None.

Commission/Committee Action: Pursuant to the request of Councilmember Cohn at the Council meeting of March 8, 2011, this report bypassed the Law and Legislation Committee due to the administrative nature of the action.

Rationale for Recommendation: In compliance with City Code, update the various limits to reflect changes in the consumer price index.

Financial Considerations: None.

Emerging Small Business Development (ESBD): None.

Background:

City Code Section 2.13.120 and 2.14.320 pertaining to contribution limits and campaign financing require a periodic review of the various campaign limits. These limits include campaign contributions, campaign spending limits, public matching funds, aggregate off-year limits and contributions to legal defense funds. As provided in City Code, the City Clerk shall bring forth amendments in March of every odd year updating these limits to reflect any increase or decrease in the Consumer Price Index for All Urban Consumers (CPI-U) over the previous two years (2009 and 2010). Based on the activity of the CPI-U (-0.4% and 1.6% respectively), the amendments will reflect the “proposed limits” column of the following table. **Note that some limits will not change.**

City Code Section 2.14.320(E) provides that in any budget year in which funds for public funding of campaigns are not included in the Campaign Reform Fund budget, such limits shall not be adjusted. Therefore, the limits for campaign spending and public matching funds are not being adjusted at this time.
