## Description/Analysis

**Issue:** The PBID Area Law of 1994 requires the Greater Broadway PBID (District) to file an Annual Report with the City Clerk and for City Council to approve the report as filed together with assessments and budgets for FY2011/12. Approval of the District's Annual Report will authorize the City to collect assessments in the amount sufficient to provide funding for security and safety programs, image and street maintenance, promotion and advocacy planning within the District for FY2011/12 and to establish the associated budget. The assessment will not change for FY2011/12.

The Annual Report does not change the scope of services or any other aspect of the District's legal structure as established in the Management District Plan approved at formation of the District.

The District Advisory Board has prepared the Annual Report, which is on file with the Public Improvement Financing Division, which the City Clerk has designated as the custodian of such records. The report addresses the proposed budgets, assessments, and services to be provided.

**Policy Considerations:** The annual proceedings for the District are set forth in Sections 36600 to 36671 of the California Streets and Highways Code, entitled "Property and Business Improvement District Law of 1994."

### Environmental Considerations:

**California Environmental Quality Act (CEQA):** Under the California Environmental Quality Act (CEQA) guidelines, annual proceedings of a Special District do not constitute a project, and are therefore exempt from review.

**Sustainability:** There are no sustainability considerations applicable to the formation or renewal and administration of an assessment district.

**Commission/Committee Action:** None.

**Rationale for Recommendation:** The actions in the recommended Resolution are required by the California Streets and Highways Code Part 7 (beginning with Section 36600) of Division 18.

**Financial Considerations:** Financing of the District will be provided by the levy of assessments upon real property that benefits from improvements and activities of the District. The District does not plan to issue bonds. The City of Sacramento participates as a property owner in the District. City-owned properties will have a total annual assessment of approximately \$46,000. Funding to pay the City's Assessment is included in the FY2011/12 Proposed Budget.

The District assessment budget for FY2011/12 is \$226,397. The District will receive approximately \$223,331 for operations. The City will retain \$3,066 to cover City

administrative costs. The annual operating budget for the District will be adjusted to reflect the Council approved assessments and expenditure plans.

**Emerging Small Business Development (ESBD):** City Council approval of these proceedings is not affected by City policy related to the ESBD Program.
