

# RESOLUTION NO. 2011-476

Adopted by the Sacramento City Council

August 16, 2011

## **FREEPORT BOULEVARD BIKE LANES PROJECT (K15125100)**

### **BACKGROUND**

- A. Freeport Boulevard between Sutterville Road and Vallejo Way provides access for numerous residential and commercial establishments and to key destinations including William Land Municipal Park, C. K. McClatchy Senior High School and the Sacramento City College. Currently, there are no bike lanes for the most part on this segment of Freeport Boulevard. However, bike lanes exist to the north and south of the project limits.
- B. The Department of Transportation has completed a preliminary feasibility study that evaluates the implementation of a lane reduction along Freeport Boulevard between Vallejo Way and Sutterville Road (North). Based on the study, the City proposes to reduce the number of travel lanes in order to provide bike lanes.
- C. The Freeport Boulevard Bike Lanes Project will provide for a complete street that balances the needs of all roadway users and improves safety and convenience for all modes of transportation.

### **BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. The Freeport Boulevard Bike Lanes Project (K15125100) is established as a new Capital Improvement Project.
- Section 2. The FY11/12 Capital Improvement Program budget is amended by transferring \$200,000 from the 2012 Overlay and Seal Coat Program (R15122000) and \$100,000 from the Bikeway Program (K15120000) to the Freeport Boulevard Bike Lanes Project (K15125100).
- Section 3. Exhibit A is hereby incorporated into and is a part of this Resolution.
