## Description/Analysis

**Issue:** The Sacramento City Unified School District (Sacramento City) has requested that the Parks and Recreation Department's Sacramento START (Students Today Achieving Results for Tomorrow) program continue to operate the after-school literacy and enrichment program at 15 of Sacramento City's elementary schools during July 2011 and at 27 schools during the 2011/12 school year. A list of the schools may be found in Attachment 2. Sacramento City has received a grant from the California Department of Education for the after-school program and selected Sacramento START to operate the program at these schools. Agreements with Sacramento City have been negotiated and authorization is requested for the City Manager to sign the agreements.

**Policy Considerations:** Continued participation in after-school programming is consistent with the City's strategic plan to enhance livability.

### **Environmental Considerations:**

**California Environmental Quality Act (CEQA):** This report concerns administrative activities that will not have any significant effect on the environment and that do not constitute a "project," as defined by CEQA [CEQA Guidelines Sections 15061(b)(3); 15378(b)(2)].

**Sustainability Considerations:** Not applicable.

**Commission/Committee Action:** None

**Rationale for Recommendation:** Since 1996 the Sacramento START program has operated after-school literacy and enrichment programs at dozens of elementary school campuses throughout Sacramento County. The programs have been funded in large part by grants from the California Department of Education. Over the years several local school districts have applied for and received their own direct grants from the State, precluding the City from receiving a grant to serve the same school. Some of the school districts operate their own after-school literacy and enrichment program and some contract with providers such as Sacramento START.

Executing the agreements with Sacramento City will allow the elementary school children at a number of elementary schools to participate in the Sacramento START after-school literacy and enrichment program this year.

START has been operating the programs at Sacramento City's schools for many years, initially under the City's grant. As was reported to City Council on March 22, 2011, this year Sacramento City became the direct grant recipient from the California Department of Education. The City previously operated the START program at 36 Sacramento City elementary schools. As a result of a request for proposals process, other providers were selected to operate the after-school programs at 9 schools. In addition, Sacramento City is passing on to the City only half of the funding for administrative functions at 22 of the schools, and is not passing on any of the funding for administrative functions at 5 of the schools.

**Financial Considerations:** Sacramento City will pay the City up to \$126,998 for work at 15 schools during July 2011 and up to \$3,013,980 for work at 27 schools during the 2011/12 school year. After making adjustments to the program to reduce costs, these amounts cover the City's full direct costs of operating the programs. No additional General Fund appropriation is required.

During the next few years Sacramento City may choose to extend the contractual relationship with the City to subsequent fiscal years, increase or decrease the cost paid per student, change the number of students to be served at any particular school or change other operational requirements. In addition, because the City has experience operating the START program at many Sacramento City elementary schools, Sacramento City may request the City to operate the START program at additional schools or to substitute schools.

Provided the START program has the capacity to operate under the new conditions and to give flexibility to the START program to respond to changing situations, approval is requested to authorize the City Manager to execute amendments or new agreements for operation of the START program at one or more of the same 15 summer school or 27 school year schools through June 30, 2015, subject to approval as to form by the City Attorney, that extend the term, change the cost paid per student, change the number of students to be served at any particular school or change other operational requirements, as long as any amendment or new agreement does not increase the maximum payment to the City by more than \$500,000 and no additional General Fund support is required.

In addition, approval is requested to authorize the City Manager to execute new agreements with Sacramento City for operation of the START program, subject to approval as to form by the City Attorney, at other Sacramento City schools through June 30, 2015, if the new agreements are substantially the same as used in the 2011/12 school year and no additional General Fund support is required.

Although Sacramento City desires to contract their programmatic operations to the City, it has sole fiscal and compliance responsibility for their grant with the California Department of Education.

**Emerging Small Business Development (ESBD):** Purchase of supplies and equipment will be made in accordance with the City's Emerging and Small Business Development program requirements.

## **Background**

Sacramento START (Students Today Achieving Results for Tomorrow) was launched in 1996. Today, START is widely recognized as one of the most outstanding after-school literacy and enrichment programs in the country, serving thousands of elementary school children in the most disadvantaged areas of the City and County. The City of Sacramento through its Parks and Recreation Department provides management and administrative support. Funding is provided through a partnership with the California Department of Education, the City of Sacramento's General Fund, the participating school districts, and donations from foundations, businesses and individuals. A significant portion of the funding comes from the State or from school districts whose funding comes from the State. No fees are charged to the children or their parents.

State law governs the overall structure of the START program, which is part of the State's After School Education and Safety (ASES) program. Requirements cover the duration and frequency of the program, the required ratio of staff to children, staff background and education qualifications, reimbursement rate, the percent of local matching funds and the need for an evaluation.

Program staff will be employees of the City. All program supervision and administration will be handled by the City's Parks and Recreation Department.

Sacramento City Unified School District will be solely responsible to the California Department of Education (CDE) for communication with CDE and for compliance with all CDE grant requirements. START will bill Sacramento City quarterly for the cost of all labor and supplies used in the program. An additional amount has been allocated in the budget to allow START to recover some administrative costs at most of the schools.

## **RESOLUTION NO. 2011-**

Adopted by the Sacramento City Council

November 29, 2011

### **APPROVING AGREEMENTS WITH SACRAMENTO CITY UNIFIED SCHOOL DISTRICT FOR START PROGRAM**

#### **BACKGROUND**

- A. The Department of Parks and Recreation has operated the START (Students Today Achieving Results for Tomorrow) after-school literacy and enrichment program since 1996.
- B. The City has operated the START program at numerous elementary schools in the Sacramento City Unified School District (Sacramento City) as a direct grant recipient from the California Department of Education (CDE) and/or as a contractor for many years.
- C. Sacramento City is now the direct grant recipient from CDE for the after-school program at their elementary schools. Based on a competitive process, Sacramento City selected the City to continue to operate the START program on a contract basis at 15 schools during July 2011 and at 27 schools during the 2011/12 school year. Sacramento City will pay the City's direct costs of operating the programs, up to a total of \$126,998 for July 2011 and up to \$3,013,980 for school year 2011/12. No additional General Fund appropriation for START is required to perform the services under the proposed agreements.
- D. During the next few years Sacramento City may choose to extend the contractual relationship with the City to subsequent fiscal years, increase or decrease the cost paid per student, change the number of students to be served at any particular school or change other operational requirements. In addition, because the City has experience operating the START program at many Sacramento City elementary schools, Sacramento City may request the City to operate the START program at additional schools or to substitute schools.

#### **BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. The City Manager or his designee is authorized to execute an agreement with the Sacramento City Unified School District (Sacramento City) for the City's Sacramento START (Students Today Achieving Results for Tomorrow) after-school program to operate the program at 15 elementary

- Section 2. The City Manager or his designee is authorized to execute an agreement with Sacramento City for the Sacramento START program to operate at 27 elementary schools during the 2011/12 school year and be reimbursed by Sacramento City up to a total of \$3,013,980 in Fiscal Year (FY) 2011/12.
- Section 3. The City Manager or his designee is authorized to enter into any amendments or new agreements with Sacramento City for operation of the START program at one or more of the same 15 summer schools or 27 school year schools through June 30, 2015, subject to approval as to form by the City Attorney, which may extend the term, change the cost paid per student, change the number of students to be served at any particular school or change other operational requirements, as long as any amendment or new agreement does not increase the maximum annual payment to the City by more than \$500,000 above the FY2011/12 amount and the additional services can be provided by the START program and require no additional General Fund support.
- Section 4. The City Manager or his designee is authorized to enter into any new agreements with Sacramento City for operation of the START program at other Sacramento City schools through June 30, 2015, subject to approval as to form by the City Attorney, if the new agreements contain substantially the same contract terms and conditions as the agreement described in Section 2 and the services can be provided by the START program and require no additional General Fund support.
- Section 5. The City Manager or his designee is authorized to adjust the operating revenue and expenditure budgets as necessary to implement the agreements with Sacramento City.
