Description/Analysis

Issue: The Department of Utilities utilizes sewer flow measurement data to determine existing pipe capacity, develop and update sewer flow computer models, update sewer infrastructure master plans to include future development proposals, and to identify pipelines within the sewer system in need of rehabilitation. Staff is not available or trained in using the specialized equipment needed to conduct the flow measurements. SFE Global was selected through a Request for Qualifications (RFQ) process to provide these needed flow monitoring services. The work will include flow monitoring site assessments, equipment installation, site follow-up/maintenance, data retrieval, data reporting, equipment removal, and equipment repair.

Policy Considerations: The proposed action is consistent with the Sacramento City Code, Chapter 3.64 (Contracts for Professional Services), and is consistent with the City's strategic goal to achieve sustainability by implementing strategies to improve overall operational efficiency and customer service. Staff has documented that SFE Global has valid insurance policies in place as required.

Environmental Considerations: Environmental Planning Services has determined that agreements for condition assessment activities of this nature are exempt from the California Environmental Quality Act (CEQA), pursuant to Section 15061(b)(3) of the CEQA Guidelines. Section 15061(b)(3) sets forth the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect to an environmental resource, the activity is not subject to CEQA.

Sustainability: The flow measurement data will be used to support projects that are consistent with the City's Sustainability Master Plan by reducing Sanitary Sewer Outflows, which is one of the City's sustainability targets; by improving service; and by improving reliability, which will reduce energy-intensive maintenance efforts.

Commission/Committee Action: Not applicable

Rationale for Recommendation: The Department of Utilities (DOU) utilizes on-call flow monitoring services for various purposes. The Engineering Services division of the DOU developed a scope of work and advertised an RFQ for the performance of these flow monitoring services. Six statements of qualifications (SOQ's) were evaluated and SFE Global was selected as the highest ranked firm to provide these services.

Financial Considerations: The agreement for flow monitoring services is for a not-to-exceed amount of \$190,000. There is sufficient funding in the Flow Monitoring Services project (X14120200) to execute this agreement.

Emerging Small Business Development (ESBD): Emerging and Small Business Enterprise participation was considered during the Statement of Qualification (SOQ) evaluation by providing a five percent (5%) evaluation preference to firms that were certified by the City as a small business enterprise (SBE) and/or emerging business enterprise (EBE). SFE Global is not certified in the City as an Emerging Business Enterprise.

Background

Flow monitoring is utilized by the Department of Utilities for various reasons, including to determine existing pipe capacity, develop and update sewer flow computer models, update sewer infrastructure master plans to include future development proposals, and to identify pipelines within the sewer system in need of rehabilitation. Staff is not available or trained in using the specialized equipment needed to conduct the flow measurements.

In November 2011, the Department of Utilities (DOU) issued a Request for Qualifications (RFQ's) from qualified consultants to provide on-call flow monitoring services including: flow monitoring site assessment, equipment installation, site follow-up/maintenance, data retrieval, data reporting, equipment removal, and equipment repair to support a variety of projects located citywide. Based on the RFQ's submitted, SFE Global was selected to provide this service using a selection committee comprised of three staff from the DOU and one participant from the Department of Transportation using a standard rating system.

4. Contractor understands that Contractor will not be considered to be discriminating in the provision or application of employee benefits under the following conditions or circumstances:
 - a. If the actual cost of providing a benefit to a domestic partner or spouse exceeds the cost of providing the same benefit to a spouse or domestic partner of an employee, Contractor will not be required to provide the benefit, nor shall it be deemed discriminatory, if Contractor requires the employee to pay the monetary difference in order to provide the benefit to the domestic partner or to the spouse.
 - b. If Contractor is unable to provide a certain benefit, despite taking reasonable measures to do so, if Contractor provides the employee with a cash equivalent Contractor will not be deemed to be discriminating in the application of that benefit.

- 5. Contractor understands that failure to comply with the provisions of Section 4(a) through 4(i), above, will subject Contractor to possible suspension and/or termination of this Agreement for cause; repayment of any or all of the Agreement amount disbursed by the City; debarment for future agreements until all penalties and restitution have been paid in full and/or for up to two (2) years; and/or the imposition of a penalty, payable to the City, in the sum of \$50.00 for each employee, for each calendar day during which the employee was discriminated against in violation of the provisions of the Ordinance.
 - 6. Contractor understands and agrees to provide notice to each current employee and, within ten (10) days of hire, to each new employee, of their rights under the Ordinance. The undersigned declares under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that he or she is authorized to bind the Contractor to the provisions of this Declaration.

3. Conflict of Interest Requirements.

A. **Generally.** Under the California Political Reform Act, Government Code §§ 81000 et seq., designated employees of the CITY are required to comply with the CITY's Conflict of Interest Code. The term designated employees is a term of art and includes individuals who are working for contractors who are providing services or performing work for the CITY and who are considered to be consultants under the Political Reform Act. The term consultant generally includes individuals who make, or participate in making, governmental decisions or who serve in a staff capacity. Individuals who

perform work that is solely clerical, ministerial, manual or secretarial are not “consultants.”

The CITY’s Conflict of Interest Code requires designated employees, including individuals who qualify as “consultants”, to file the following statements of economic interests:

- (1) An “assuming office” statement of economic interests to be filed within 30 days after execution of the agreement between the City and the contractor;
- (2) Annual statements of economic interests while the agreement remains in effect, to be filed not later than April 30 of each year; and
- (3) A “leaving office” statement of economic interests to be filed within 30 days of completion of the contract.

The above statements of economic interests are public records subject to public disclosure under the California Public Records Act.

The CITY’s Conflict of Interest Code also requires individuals who qualify as “consultants” under the Political Reform Act to comply with the conflict of interest provisions of the Political Reform Act, which generally prohibit individuals from making or participating in the making of decisions that will have a material financial effect on their economic interests.

B. Conflict of Interest Statements. The individual(s) who will provide services or perform work pursuant to this Agreement are “consultants” within the meaning of the Political Reform Act and the CITY’s Conflict of Interest Code: yes no *[check one]*

If “yes” is checked above, CONTRACTOR shall cause the following to occur within 30 days after execution of this Agreement:

- (1) Identify the individuals who will provide services or perform work under this Agreement as “consultants”;
- (2) Cause these individuals to file with the CITY Representative the assuming office@ statements of economic interests required by the CITY’s Conflict of Interest Code.

Thereafter, throughout the term of the Agreement, CONTRACTOR shall cause these individuals to file with the CITY Representative annual statements of economic interests, and “leaving office” statements of economic interests, as required by the CITY’s Conflict of Interest Code. The CITY may withhold all or a portion of any payment due under this Agreement until all required statements are filed.

4. Scope of Services. The services to be provided involve flow monitoring services on an as-needed basis for the Department of Utilities projects within the City. The services provided shall be as set forth in Attachment 1 to Exhibit A, attached hereto and incorporated herein.

5. **Time of Performance.** The services described herein shall be provided during the period, or in accordance with the schedule, set forth in the scope of services.

Attachment 1 to Exhibit A

SCOPE OF WORK

The intent of this proposed scope of work is to provide the Department of Utilities with sewer flow data at various locations within the City on an as-needed basis for a period of 2 years following the contractor's notification to proceed.

Task 1.0 Project Management

The Consultant shall provide project management to ensure the project is completed on time and within budget and meets the goals described in Task 4.0. This task shall include:

- Monthly invoices with detailed budget status information on a subtask basis, and a brief Progress Report describing project activities and expenditures during the period covered by the invoice, project schedule, work progress to date and budget status.
- Initial meeting with City staff.

Throughout the course of the project, the Consultant shall provide qualified staff to complete all tasks and trained in the use of flow monitoring equipment, including the use of appropriate safety procedures. Training documentation and Standard Operating Procedures shall be submitted to the City within one week of contract approval. Procedures shall meet or exceed Cal-OSHA and Federal Department of Transportation MUTCD with the California Supplement requirements. This includes requirements for Confined Space Entry, Injury and Illness Prevention, and Temporary Traffic Controls.

Task 1.0 Deliverables:

1. Training documentation, including flow meter use and appropriate safety procedures within one week of contract approval.
2. Standard Operating Procedures within one week of contract approval.

Task 2.0 Site Assessment

City staff will initially identify the location of temporary flow monitoring sites needed to measure flows for various projects throughout the City. The Consultant shall then perform a site visit with available city staff to the selected monitoring sites. The purpose of the site visit will be to evaluate the suitability of the sites for flow monitoring in regards to site access, traffic control, and appropriate flow monitoring technology. Alternative flow monitoring sites should be proposed by the Consultant to city staff if the initial sites are determined to not be suitable for flow monitoring. The results of the evaluation shall be summarized in a brief technical memo to the City.

Task 2.0 Deliverable: Site Evaluation Technical Memos within two weeks of written notification of potential flow monitoring site locations.

Task 3.0 Equipment Installation, Site Maintenance and Equipment Removal

Consultant shall utilize City-owned ISCO 2150 flow meters and/or approved consultant supplied flow meters that employ continuous wave doppler, pulse doppler, radar and/or custom compound weir flow monitoring technologies.

Each meter shall be tested in the shop prior to field installation, following manufacturer recommended methods. The accuracy, linearity, and stability of each sensor shall be verified and documented. Parts such as batteries and desiccant cartridges shall be replaced as needed prior to installation. Meters shall only be placed in the field if shop testing verifies the Data Availability/Accuracy Goal in Task 4.0 can be met.

Should a City-owned meter be found in need of repair, the Consultant shall notify the City, submit the meter to the manufacturer for repair, and verify the adequacy of repairs after return from the manufacturer.

The Consultant shall follow all Occupational Health and Safety Administration regulations concerning Personal Protective Equipment, confined-space entry, exposure to bloodborne pathogens and traffic protection.

Task 3.1 Installation

This task includes work to install and calibrate flow monitoring equipment in temporary locations throughout the City.

Data logging equipment shall be mounted to the manhole wall or ladder rung (if present) and be capable of 1, 5, and 15-minute data recording rates. The data loggers shall be set to the 5-minute recording interval, unless otherwise requested by city staff.

Upon installation, the instrument shall be site calibrated according to manufacturer recommendations to account for site conditions that may offset sensor measurements. The Consultant shall take all required steps to resolve discrepancies between manual and meter-based measurements that affect the data quality goals described in Task 4.0. The Consultant shall notify the City immediately if Consultant determines that site conditions or instrument malfunctions will reduce data quality and recommend corrective measures.

Task 3.2 Site Maintenance

This task includes maintenance of the flow monitoring sites, data collection, and data review activities that support the data quality goals described in Task 4.0.

The Consultant shall follow the flow meter manufacturer's recommended maintenance procedures. At a minimum complete the following activities beginning within one (1) week of the installation of a flow monitoring device and continue as necessary to support the data quality goals described in Task 4.0.

- Field verification of equipment measurements.
- Download of the collected flow monitoring data including graphical records for review of any data discontinuity.
- Review of scatter plots of velocity/depth data consistency for area-velocity meter sites to verify meter accuracy.
- Data check to ensure a proper diurnal pattern is established.
- Check of the minimum and maximum flows for possible drift.
- Check batteries and replace if necessary.

- Clean sensor equipment if necessary.
- Update appropriate inspection documentation.

Any discrepancies or problems with the performance of the flow monitoring equipment shall be documented and corrective actions taken. Upon identifying anomalous data, the Consultant shall promptly undertake corrective actions. The quality control activities and any subsequent corrective action shall be reported to City staff whether or not the problems can be resolved.

If a problem is not resolved, the technician shall not leave the site until a corrective action plan is developed. The Consultant shall give the corrective plan high priority to correct the issue and start providing good data within 24 hours. Consultant shall notify City staff immediately upon determination that this objective cannot be met for a given site.

Task 3.3 Decommission

Site decommissioning is the process of removing equipment from a flow monitoring site. The Consultant shall provide all labor, material and equipment required during the removal of flow monitoring equipment from the site. Prior to removal, the Consultant shall complete the site maintenance activities described in task 3.2.

Task 3.0 Deliverables:

1. Notification of need for City-owned meter repair within one week of determination.
2. Manufacturer documentation of repair submitted with monthly invoice.
3. Installation Report with the following information at a minimum:
 - A site location map
 - Photographs of the monitoring equipment
 - Documentation of observed flow characteristics
 - Measurements of the physical dimensions of the flow monitoring site, including dimensions of manholes and pipes and the location of the flow monitoring equipment
 - Shop testing documentation
 - Documentation of the initial manual and meter-based measurements used for meter calibration
4. Monthly Data Reports with the following information at a minimum:
 - Both raw (unmodified, as collected from the equipment) and processed (modified by quality control measures) data. The data shall be provided in an electronic, ASCII file format. The columns in the ASCII file shall be separated by commas.
 - Graphs of 5-minute depth, velocity (for AV sites), and flow data measured for each site for the previous month.
 - Scatter plots of 5-minute velocity and depth data for “area velocity meter” sites for the previous month.
 - Documentation of maintenance activities, field measurements or calibrations, corrective actions, etc.
 - Table summarizing compliance (or non-compliance) with the Data Availability/Accuracy Goal (Task 4.0) at each site for the previous month.

City staff shall review the data and compliance summaries and determine at that time if flow monitoring at a particular site shall be continued.

Task 4.0 Data Availability/Accuracy Goal

The City has set a goal of acquiring flow data that is available and accurate 90% of the time. The availability of data is determined by the number of data points measured in a month divided by the total number of 5-minute periods in the month. Accurate flow data is defined as measurements that are presumed to be within 5% of actual flows based on manual verification field measurements.

Each month, the Consultant shall summarize compliance (or non-compliance) with the goal for each of the sites (see Task 4.0). The City maintains the right to independently assess and revise the Consultant's compliance summary based upon an analysis of the data. If the Data Availability/Accuracy goal is not met for one or more sites, that month's compensation for Task 3.0 will be adjusted according to the guidelines set forth below in Table 1.0.

Table 1.0 - Data Availability/Accuracy Goal and Cost Modifications

Percent of Data Available and Accurate for Site	Percent Reduction of Task 3 Compensation for Site
90 – 100%	None
80 – 89.9%	50%
70 – 79.9%	70%
60 – 69.9%	80%
<60%	100%

Consultant shall be exempt from financial penalties and non-compliance where the Data Availability/Accuracy Goal non-compliance is caused through no fault of Consultant or where the Consultant has not recommended flow monitoring at a certain site and the City has exempted the Consultant from financial penalties and non-compliance in writing at a particular site. This shall include and is not limited to, whether intentional or otherwise, vandalism, tampering and damage to flow monitoring stations.

PROFESSIONAL SERVICES AGREEMENT**

GENERAL PROVISIONS

I. Independent Contractor.

- A. It is understood and agreed that CONTRACTOR (including CONTRACTOR's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither CONTRACTOR nor CONTRACTOR's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to CONTRACTOR under the provisions of this Agreement, and CONTRACTOR shall be issued a Form 1099 for its services hereunder. As an independent contractor, CONTRACTOR hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of CONTRACTOR's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)

- B. It is further understood and agreed by the parties hereto that CONTRACTOR, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by CONTRACTOR for accomplishing such results. To the extent that CONTRACTOR obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the CONTRACTOR's sole discretion based on the CONTRACTOR's determination that such use will promote CONTRACTOR's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that CONTRACTOR use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.

- C. If, in the performance of this Agreement, any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by CONTRACTOR. It is further understood and agreed that CONTRACTOR shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of CONTRACTOR's assigned personnel and subcontractors.

D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and CONTRACTOR. CONTRACTOR may represent, perform services for, or be employed by such additional persons or companies as CONTRACTOR sees fit provided that CONTRACTOR does not violate the provisions of Section 5, below.

2. **Licenses; Permits, Etc.** CONTRACTOR represents and warrants that CONTRACTOR has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that are legally required for CONTRACTOR to practice its profession or provide any services under the Agreement. CONTRACTOR represents and warrants that CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for CONTRACTOR to practice its profession or provide such Services. Without limiting the generality of the foregoing, if CONTRACTOR is an out-of-state corporation, CONTRACTOR warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
3. **Time.** CONTRACTOR shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of CONTRACTOR's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
4. **CONTRACTOR Not Agent.** Except as CITY may specify in writing, CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.
5. **Conflicts of Interest.** CONTRACTOR covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder CONTRACTOR's performance of Services under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. CONTRACTOR agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If CONTRACTOR is or employs a former officer or employee of the CITY, CONTRACTOR and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.
6. **Confidentiality of CITY Information.** During performance of this Agreement, CONTRACTOR may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are

valuable, special and unique assets of the CITY. CONTRACTOR agrees to protect all City Information and treat it as strictly confidential, and further agrees that CONTRACTOR shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, CONTRACTOR shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions # 30. A violation by CONTRACTOR of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. CONTRACTOR Information.

- A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostating, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. CONTRACTOR shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.
- B. CONTRACTOR shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. CITY shall make reasonable efforts to notify CONTRACTOR not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve CONTRACTOR of its obligations hereunder, which shall survive any termination or expiration of this Agreement.
- C. All proprietary and other information received from CONTRACTOR by CITY, whether received in connection with CONTRACTOR's proposal to CITY or in connection with any Services performed by CONTRACTOR, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to CONTRACTOR of any request for the disclosure of such information. The CONTRACTOR shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The CONTRACTOR shall have sole responsibility for defense of the actual "trade secret" designation of such information.
- D. The parties understand and agree that any failure by CONTRACTOR to respond to the notice provided by CITY and/or to enter into an agreement with CITY, in accordance with

the provisions of subsection C, above, shall constitute a complete waiver by CONTRACTOR of any rights regarding the information designated "trade secret" by CONTRACTOR, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

8. Standard of Performance. CONTRACTOR shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of CONTRACTOR's profession in California. All products of whatsoever nature that CONTRACTOR delivers to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in CONTRACTOR's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. CONTRACTOR shall assign only competent personnel to perform Services pursuant to this Agreement. CONTRACTOR shall notify CITY in writing of any changes in CONTRACTOR's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by CONTRACTOR to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, CONTRACTOR shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. Term; Suspension; Termination.

A. This Agreement shall become effective on the date that it is approved by both parties, set forth on the first page of the Agreement, and shall continue in effect until both parties have fully performed their respective obligations under this Agreement, unless sooner terminated as provided herein.

B. CITY shall have the right at any time to temporarily suspend CONTRACTOR's performance hereunder, in whole or in part, by giving a written notice of suspension to CONTRACTOR. If CITY gives such notice of suspension, CONTRACTOR shall immediately suspend its activities under this Agreement, as specified in such notice.

C. CITY shall have the right to terminate this Agreement at any time by giving a written notice of termination to CONTRACTOR. If CITY gives such notice of termination, CONTRACTOR shall immediately cease rendering Services pursuant to this Agreement. If CITY terminates this Agreement:

(1) CONTRACTOR shall, not later than five days after such notice of termination, deliver to CITY copies of all information prepared pursuant to this Agreement.

(2) CITY shall pay CONTRACTOR the reasonable value of Services rendered by CONTRACTOR prior to termination; provided, however, CITY shall not in any manner be liable for lost profits that might have been made by CONTRACTOR had the Agreement not been terminated or had CONTRACTOR completed the Services required by this Agreement. In this regard, CONTRACTOR shall furnish to CITY such financial information as in the judgment of the CITY is necessary for CITY to determine the reasonable value of the Services rendered by CONTRACTOR. The foregoing is cumulative and does not affect any right or

remedy that CITY may have in law or equity.

10. Indemnity.

- A. Indemnity: CONTRACTOR shall defend, hold harmless and indemnify CITY, its officers and employees, and each and every one of them, from and against any and all actions, damages, costs, liabilities, claims, demands, losses, judgments, penalties, costs and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Liabilities"), including but not limited to Liabilities arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, arising out of or in any way connected with performance of or failure to perform this Agreement by CONTRACTOR, any sub-consultant, subcontractor or agent, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, whether or not (i) such Liabilities are caused in part by a party indemnified hereunder or (ii) such Liabilities are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for any damage or expense for death or bodily injury to persons or damage to property to the extent arising from the sole negligence or willful misconduct of CITY, its agents, servants, or independent contractors who are directly responsible to CITY, except when such agents, servants, or independent contractors are under the direct supervision and control of CONTRACTOR.

- B. Insurance Policies; Intellectual Property Claims: The existence or acceptance by CITY of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of CITY's rights under this Section 10, nor shall the limits of such insurance limit the liability of CONTRACTOR hereunder. This Section 10 shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 7.B., above. The provisions of this Section 10 shall survive any expiration or termination of this Agreement.

(1) Insurance Requirements. During the entire term of this Agreement, CONTRACTOR shall maintain the insurance coverage described in this Section 11.

Full compensation for all premiums that CONTRACTOR is required to pay for the insurance coverage described herein shall be included in the compensation specified for the Services provided by CONTRACTOR under this Agreement. No additional compensation will be provided for CONTRACTOR's insurance premiums.

REQUIREMENTS OF THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS CODE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits Code (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$25,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

"Contract" means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. "Contract" also means a written agreement for the exclusive use ("exclusive use" means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City's use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

"Contract" shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation, street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

“Contractor” means any person or persons, firm partnership or corporation, company, or combination thereof, that enters into a Contract with the City. “Contractor” does not include a public entity.

“Domestic Partner” means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

“Employee Benefits” means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. “Employee benefits” shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR’S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee’s name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

(a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form, signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.

(b) The Contractor shall give each existing employee working directing on a City contract, and (at the time of hire), each new employee, a copy of the notification provided as Attachment “A.”

(c) Contractor shall post, in a place visible to all employees, a copy of the notice provided as Attachment “B.”
