Description/Analysis

Issue: The City of Sacramento is the sponsoring agency for California Task Force Seven (“CA TF-7”), Urban Search and Rescue Team (“US&R”). Each year the City applies for annual federal funding from Department of Homeland Security (“DHS”) / Federal Emergency Management Agency (“FEMA”) for the operation of CA TF-7. This report is recommending that the City Council authorize the City Manager, or his designees, Fire Chief and Deputy Fire Chief, to apply, sign and submit documentation for annual federal funding for Federal Fiscal year 2012 (Federal Fiscal year is October 1, 2011 through September 30, 2012), and accept any funds, and/or equipment awarded to CA TF-7. Per FEMA, the amount of funding per award, subject to availability, is estimated to range from \$1,261,000 to \$1,450,000.

Policy Considerations: Application for, and acceptance of the federal US&R funding is consistent with City Council action relative to state and federal grant awards.

The US&R grant funds will provide federal funds that will be used to staff, train and equip a regional/national emergency response team.

Environmental Considerations: Ongoing administrative maintenance activities, such as purchases of supplies, equipment or materials which are not made for purposes of a public construction project, do not constitute a “project” and are exempt from the California Environmental Quality Act (CEQA). CEQA Guidelines, Section 15061(b)(3), 15378(b)(2).

Sustainability: There are no sustainability considerations applicable to the applying and acceptance of federal funding reimbursing DHS/FEMA directed activities.

Commission/Committee Action: None.

Rationale for Recommendation: The City of Sacramento Fire Department is the sponsoring agency for the CA TF-7 US&R Team. The team also includes the following participating agencies: County of Sacramento - Airport System, City of Folsom Fire Department, City of West Sacramento Fire Department, Cosumnes Community Services District (“CSD”) Fire Department, FBA, Inc., Roseville Fire Department, Sacramento Metropolitan Fire District, and various affiliated personnel. The US&R grant helps foster regional interagency collaboration and increased effectiveness in the Sacramento Operational Area.

The City of Sacramento Fire Department is responsible for organizing, equipping, and maintaining the specialized equipment cache, training task force personnel, and mobilizing the team upon activation. The application process is the first step in the receipt of the annual federal US&R funds. Staff recommends authorization for the City Manager, or his designees, Fire Chief and Deputy Fire Chief, to apply, sign and submit documentation for annual federal funding; and if awarded, accept any funds, and/or equipment awarded in order to continue the operations of CA TF-7.

Financial Considerations: The approval and adoption of the attached Resolution, is not requesting an augmentation to the Fire Department budget; nor is there any obligation on the

part of the City for matching funds. The CA TF-7 US&R grant funds will be used for expenses, including but not limited to, personnel costs, training, storage and maintenance, and purchase of supplies and equipment in order to maintain a state of readiness, and to meet the grant reporting and audit requirements. Staff is recommending that an operating grant be established with revenue and expenditure budgets to match the final grant when awarded. If the grant is not awarded, the program ends with the last approved cooperative agreement and funding.

Emerging Small Business Development (ESBD): Staff will follow the emerging and small business guidelines when purchasing any supplies or services under this grant.
