Description/Analysis

Issue: A majority of property owners along the Midtown corridor proposed to renew the Midtown Sacramento Property and Business Improvement District No. 2012-02 (District) for a five-year term. In response, on May 29, 2012, the City Council adopted a resolution that: 1) directed staff to mail assessment ballots and notices of public hearing to the owners of real property within the proposed District; and 2) set July 19, 2012, as the date for a public hearing on the proposed District and assessment. At the conclusion of the hearing, the City Clerk tabulated the assessment ballots submitted and not withdrawn to determine whether there was a majority protest against the proposed District assessment (i.e., whether a majority of the property owners who submit ballots are opposed to the District and assessment).

Based on the results of the tabulation, there is not a majority protest. As such, staff recommends that the City Council adopt a resolution declaring the results of the majority protest proceedings and renewing the District. Staff also recommends that City Council adopt the District Board's annual budget, levy the assessment and amend the FY2012/13 Adopted City Budget for the District.

Policy Considerations: The District will continue to provide advocacy and communications efforts, security and code enforcement, economic development and marketing, transportation improvements, and maintenance and beautification efforts with the intent of increasing the commercial activity and overall image of the Midtown corridor.

Economic Impacts: None.

Environmental Considerations:

California Environmental Quality Act (CEQA): The renewal of a district does not constitute a project under CEQA and is therefore exempt from review pursuant to Guidelines Section 15378(b)(4).

Sustainability Considerations: There are no sustainability considerations applicable to the formation or renewal process and administration of an assessment district.

Commission/Committee Action: None.

Rationale for Recommendation: The actions are required by the California Streets and Highways Code Part 7 (beginning with Section 36600) of Division 18.

Financial Considerations: Financing will be provided by the levy of assessments upon real property that benefit from improvements and activities of the District. The District does not issue bonds.

The District assessment budget for FY2012/13 is approximately \$623,578. The City will retain \$5,159 to cover City administrative costs.

If this District is renewed, the City of Sacramento will be participating as a property owner in the District. The City owns three assessed parcels within the District and will have a total first-year annual assessment of approximately \$20,472, which is the same as the current year. The City

did not absorb any Redevelopment Agency parcels within the District. Funds are currently budgeted for continued participation in the District. Future assessment rates may be subject to an increase of no more than 3% annually.

Emerging Small Business Development (ESBD): None. No goods or services are being purchased with this action.

BACKGROUND

The Midtown Sacramento PBID (District) was initially approved by City Council on August 9, 2007, in accordance with the PBID Area Law of 1994, and became effective on January 1, 2008. The property owners within the District would like to renew the District for a five (5) year term.

The District provides funding for maintenance and streetscape services, which include litter removal and graffiti abatement. In addition to these services, security service and outreach programs for the homeless are provided. The District also provides advocacy by promoting events and marketing with the intent of continuing to create a positive business atmosphere in the District.

The District's Board of Directors has prepared the Management District Plan (MDP), which is on file with the Public Improvement Financing Division of the Department of Finance, which has been designated by the City Clerk as the custodian of such records. The MDP is a comprehensive document which describes the process of forming the District, the assessments and their allocation to properties, and the specific activities and improvements authorized. The attached resolution declaring the results of the mailed ballot election will finalize the renewal proceedings of the District. The MDP is included as Exhibit A to this resolution.

The initial cost to the parcel owner in the District is based on benefit zone and parcel type. Parcels in Benefit Zone 1 shall be assessed \$0.137680 per parcel square foot per year; parcels in Benefit Zone 2 shall be assessed \$0.078000 per parcel square foot per year. In addition to benefit zones, parcels will also be assessed based upon their uses. The assessment methodology has been created to ensure proportional benefit based on actual benefits to be received.

Program Category	Budget	% of Total
Safety / Maintenance / Streetscape	\$361,675	58

Tabulation Results of Assessment Ballots

On May 29, 2012, City Council directed staff to complete the actions necessary to renew the District. On May 30, 2012, staff mailed out assessment ballots and notices of public hearing to the owners of property in the proposed District. Ballots must be submitted no later than the close of the public hearing to be counted. At the close of the public hearing

on July 19, 2012, the assessment ballots were tabulated to determine whether there was a majority protest.

The City Clerk's tabulation of ballots found 76.35% of ballots in favor of renewing the District. The assessment ballots are weighted for each property according to the proportional financial obligation of the specific- property. The actual ballot count is a result of assessment value for all ballots cast. The total assessment value is \$623,578. The ballots cast represent \$440,461.87, which is a turnout of approximately 70%. Of the ballots returned and not withdrawn, the amount cast in favor of the assessment was \$336,290.76 and the amount cast in opposition to the assessment was \$104,171.11.

Based on the tabulation results, a majority protest does not exist as the ballots submitted in opposition to the assessment do not exceed the ballots submitted in favor of it. Therefore, the proceedings to levy the assessment will continue.

RESOLUTION NO.

Adopted by the Sacramento City Council

RESOLUTION DECLARING THE RESULTS OF THE MAJORITY PROTEST PROCEEDINGS AND RENEWING THE MIDTOWN SACRAMENTO PROPERTY AND BUSINESS IMPROVEMENT DISTRICT (PBID) NO. 2012-02

BACKGROUND

- A.** The owners of property within the boundaries of the proposed Midtown Sacramento PBID No. 2012-02 (District) have submitted petitions asking that the City Council renew the District. Included with the petitions was a summary of the Management District Plan (MDP) that describes the proposed assessment to be levied on property within the District to pay for the following activities and improvements: (1) a safety program, providing security patrol, daily street maintenance, and street lighting improvements; (2) economic development outreach and activities to convey a positive image for the area; and (3) promotion of events and marketing, advocating consumer awareness of services available in the corridor. The MDP is on file with the Public Improvement Financing Division (PIF) of the Department of Finance, which has been designated by the City Clerk as the custodian of such records.
- B.** The proposed owners who signed the petitions will collectively pay more than 50% of the proposed assessment. Accordingly, on May 29, 2012, the City Council adopted Resolution No. 2012-148 entitled "Intention to Renew the Midtown Sacramento Property and Business Improvement District" (the Resolution of Intention). Among other things, the Resolution of Intention states that a public hearing on the renewal of the District and the proposed assessment will be held on July 19, 2012, at 6:00 p.m. in the City Council's chambers, Sacramento City Hall, 915 "I" Street (first floor), Sacramento, California. The Resolution of Intention also states the City Council's finding that the MDP satisfies all requirements of Streets and Highways Code Section 36622.
- C.** The properties within the exterior boundaries of the District will be benefited by the activities and improvements to be funded by the proposed assessment.
- D.** On May 30, 2012, the City Clerk mailed to each owner of record of each parcel within the District's exterior boundaries a notice concerning the public hearing on the renewal of the District and the proposed assessment. Each notice included the statutorily required information about the assessment and the majority protest procedure, as well as an assessment ballot.
- E.** At 6:00 p.m. on July 19, 2012, in the City Council's Chambers, Sacramento City Hall, 915 "I" Street (first floor), Sacramento, California, the City Council held a public hearing regarding the renewal of the District and the levy of the assessment. During the public hearing, the City Council heard and received all

objections and protests to the renewal of the District and the proposed assessment. The City Clerk has received, been given custody of, and tabulated the assessment ballots returned and not withdrawn by the owners of property located within the District. The City Clerk has reported the results of the tabulation by her written Certificate to the City Council. The Clerk's Certificate of Ballot Procedure Results for the Mailed-Ballot, Property Owner Majority Protest Proceeding indicates that, of the assessment ballots signed and returned to the City Clerk, and not withdrawn, prior to the close of the public hearing on July 19, 2012, and weighting the ballots for each property according to the proportional financial obligation of each property, 76.35 percent of the assessment ballots were in favor of the levy of the assessments as proposed, and 23.65 percent were opposed. The number of assessment ballots submitted and not withdrawn in opposition to the proposed assessment did not exceed the number of ballots submitted and not withdrawn in favor of the proposed assessment, with ballots weighted according to the amount of the assessment to be imposed upon the parcel for which each ballot was submitted. Therefore, a majority protest against the proposed assessment does not exist.

- F. All actions and proceedings described in paragraphs A through E were undertaken and completed in accordance with law.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. That the statements in paragraphs A through F of the background are true and adopts them as findings.

Section 2. No majority protest having been made through the assessment ballot procedure, the City Council:

- (a) Overrules all protests to the proposed assessment and these proceedings;
- (b) Approves the Engineer's Report and MDP on the proposal to levy an annual assessment on land within the District to be renewed, attached hereto as Exhibit A and by this reference made a part of this resolution, preliminarily approved by Resolution No. 2012-148, modified in non-substantive ways in this Resolution;
- (c) Renews the District for a five-year term that will expire on December 31, 2017, for the territory generally described in Exhibit B, attached hereto and by this reference made a part of this resolution, as shown in the Engineer's Report and MDP, preliminarily approved by Resolution No. 2012-148;
- (d) Confirms the assessment diagram and assessment roll and, upon establishment of the District annual budget, levies the assessment

on real property within the District as described in the Engineer's Report and MDP. In accordance with Streets and Highways Code Section 36631 and the MDP, the assessment to fund the activities and improvements for the District will be collected at the same time and in the same manner as are ad valorem property taxes and will have the same lien priority and penalties for delinquent payment.

Section 3. Properties within the District will be subject to any amendments to the Property and Business Improvement District Law of 1994.

Section 4. Bonds will not be issued.

Section 5. The City Manager (or designee) is directed to take all necessary actions to complete the renewal of the District and to levy the assessment. The City Clerk is directed to record, in the Sacramento County Recorder's office, a notice and assessment diagram as required by Streets and Highways Code Section 36627. The City Clerk is further directed to certify the passage and adoption of this resolution and to enter it in the book of original resolutions.

I. OVERVIEW

The Midtown Property and Business Improvement District (MPBID) is a special assessment district created in 2007 for a five-year term. The District has reached the end of its first term and property owners in Midtown desire to renew the District. The renewed MPBID will continue providing services to property owners throughout Midtown Sacramento. The first year assessment rates for the renewed MPBID shall be the same as the original PBID assessment rates approved by Council. No increase has been made in the assessment rate.

Location: The District generally includes parcels along all of J and K Streets between 16th and 29th Streets; portions of H Street between 15th and 17th Streets; portions of I Street between 15th and 17th Streets and again between 27th and 28th Streets; portions of L Street between 15th and 22nd Streets and again between 26th and 29th Streets; portions of Capitol Avenue between 15th and 22nd Streets and again between 27th and 29th Streets; portions of N Street between 15th and 17th Streets, between 19th and 22nd Streets, and again between 27th and 29th Streets; portions of O Street between 15th and 17th Streets and again between 19th and 22nd Streets; portions of P Street between 15th and 17th Streets and again between 20th and 22nd Streets; and portions of Q Street between 16th and 17th Streets. The District has been divided into two benefit zones; more detail on boundaries and zones can be found in Section IV.

Services: Safety, streetscape, maintenance, advocacy, marketing, and administration to specially benefit properties within the District.

Budget: The MPBID budget for the initial year of its five year operation is \$623,578.84. Assessment rates in years two (2) through five (5) may be subject to an increase of no more than three percent (3%) per year.

Cost: The initial cost to the parcel owner in the district is based on benefit zone and parcel use. Parcels in Zone 1 shall be assessed \$0.137680 per parcel square foot per year. Parcels; parcels in Zone 2 shall be assessed \$0.078000 per parcel square foot per year. Tax-exempt parcels with health-care uses shall be assessed \$0.085020 per parcel square foot per year in either zone. Tax-exempt parcels with religious, educational, and/or charity uses shall be assessed \$0.062072 per parcel square foot per year in both zones. Public park parcels throughout the District shall be assessed a rate of \$0.114736 per parcel square foot per year in either zone. Notwithstanding the foregoing, all parcels owned and operated by the State of California Department of Parks and Recreation shall be assessed a flat rate equal to the cost of providing services to their parcels as detailed in the Engineer's Report.

Governance: A non-profit corporation, the Midtown PBID Corporation, shall continue to manage the renewed MPBID.

Renewal: MPBID renewal requires submittal of petitions from property owners representing at least 50% of the total assessment. The “Right to Vote on Taxes Act” (also known as Proposition 218) also requires a ballot vote in which more than 50% of the ballots received, weighted by assessment, be in support of the renewed MPBID.

Duration: The renewed MPBID will have a five (5) year life from January 1, 2013 to December 31, 2017. After five (5) years, the petition process, ballot process, and City Council hearing process must be repeated for the MPBID to again be re-established.

II. SUCCESSES

During its first five-year term, the Midtown PBID successfully provided many services to District properties. The MPBID's services supplemented City services and helped create an identity and vibrancy in Midtown. Midtown has become the destination neighborhood in Sacramento for arts and culture. The renewed MPBID will continue building upon previous successes and improving the efficiency and effectiveness of the property-related services it provides.

Graffiti Abatement

As part of the District's maintenance program, regular graffiti removal has been and will continue to be undertaken throughout the District. Graffiti removal is provided free of charge to all properties within the District. Each month, over 800 tags and stickers are removed from properties throughout the District. In 2010, over 11,000 tags and stickers were removed. The renewed District will continue providing maintenance services, keeping the MPBID a clean, attractive place to do business.

Litter Removal

Litter removal is also part of the District's maintenance program. During its first term the District removed up to 580 gallons of litter each week. In 2010, 17,820 gallons of litter were removed from MPBID service area. Efforts have included, and will continue to include, additional clean-up services after Second Saturday and other events. New trash receptacles were installed during the District's first term, which will be maintained and replaced as needed by the renewed district.

Safety

The MPBID has provided and will continue to provide safety services throughout the District. These services include a homeless navigator program, Lavender Angels late-night patrol and concierge service, patrolling and removal of unconscious individuals from railroad tracks and other dangerous situations, and coordination with the police department and private security firms operating within the District boundaries. A homeless outreach program was implemented and will be significantly increased during the renewed district. Increased safety services have been provided to protect the interests of property owners during special events. The safety program has also improved lighting throughout the District, and will continue to improve and maintain lighting.

Marketing and Promotions

Marketing and promotions efforts have been undertaken to create and maintain a vibrant commercial area in Midtown. These programs have included a banner project, directional parking signage, website development, and advertising. Midtown is now the destination for arts and entertainment in Sacramento. The renewed MPBID will maintain and improve the area's destination status and resulting prosperity.

III. BACKGROUND

The International Downtown Association estimates that more than 1,500 Property and Business Improvement Districts currently operate throughout the United States and Canada. The Sacramento area alone has fourteen PBIDs providing supplemental services to property owners, twelve of which are within the City limits.

A Property and Business Improvement District may provide services, identity formulation, market research, and economic development in addition to those provided by local government. Property and Business Improvement Districts may also provide physical improvements such as entry features, benches, or lighting. These services are concentrated within a distinct geographic area and are paid for by means of a special parcel owner assessment. A Board of Directors representing those who pay the assessment would govern the organization responsible for providing these services.

Property and Business Improvement Districts are proven to work by providing services that improve the overall viability of commercial districts, resulting in higher property values and sales volumes.

The MPBID will be renewed pursuant to a State Law that took effect in January of 1995. The “Property and Business Improvement District Law of 1994,” which was signed into law by Governor Pete Wilson, ushered in a new generation of Property and Business Improvement Districts in California by allowing a greater range of services and independence from government. Key provisions of the law include:

- Allows Property and Business Improvement Districts to provide services ranging from security to maintenance and from business advocacy to economic development.
- A Property and Business Improvement District is *designed and governed by those who will pay* the assessment.
- Petition and ballot support from private property owners paying at least 50% of proposed private property assessments are required to form a Property and Business Improvement District.
- Allows for the formation of a property owner advisory board to provide oversight of District operations and submit a yearly service plan.
- Requires limits for assessments to ensure that they do not exceed pre-established levels.
- Provides a multi-year life for Property and Business Improvement Districts and requires a new petition and balloting process to renew a District. The MPBID will have a five (5) year term.

The “Property and Business Improvement Business District Law of 1994” is provided in Appendix 1 of this document.

IV. BOUNDARIES

The MPBID will deliver services to the Midtown Sacramento area. The District generally includes parcels along all of J and K Streets between 16th and 29th Streets; portions of H Street between 15th and 17th Streets; portions of I Street between 15th and 17th Streets and again between 27th and 28th Streets; portions of L Street between 15th and 22nd Streets and again between 26th and 29th Streets; portions of Capitol Avenue between 15th and 22nd Streets and again between 27th and 29th Streets; portions of N Street between 15th and 17th Streets, between 19th and 22nd Streets, and again between 27th and 29th Streets; portions of O Street between 15th and 17th Streets and again between 19th and 22nd Streets; portions of P Street between 15th and 17th Streets and again between 19th and 22nd Streets; and portions of Q Street between 16th and 17th Streets. South along the eastern boundary of parcels fronting the eastern edge of 16th Street, across O Street and P Street, to Q Street; then west along the northern edge of Q Street to 16th Street.

North along the eastern edge of 16th Street to P Street; then northwest across the intersection of P Street and 16th Street to the southwest corner of Map Key #156 (APN 006-0350-051-0000). North along the western boundary of parcels fronting the western edge of 16th Street, across O Street and N Street, to L Street; then east along the southern edge of L Street to 16th Street. Northeast across the intersection of 16th Street and L Street; then north along the eastern edge of 16th Street, across K Street and J Street, to I Street. Northwest across the intersection of 16th Street and I Street; then west along the northern edge of I Street to 15th Street; then north along the eastern edge of 15th Street to the northwest corner of Map Key #1 (APN 006-0061-001-0000), the point of beginning.

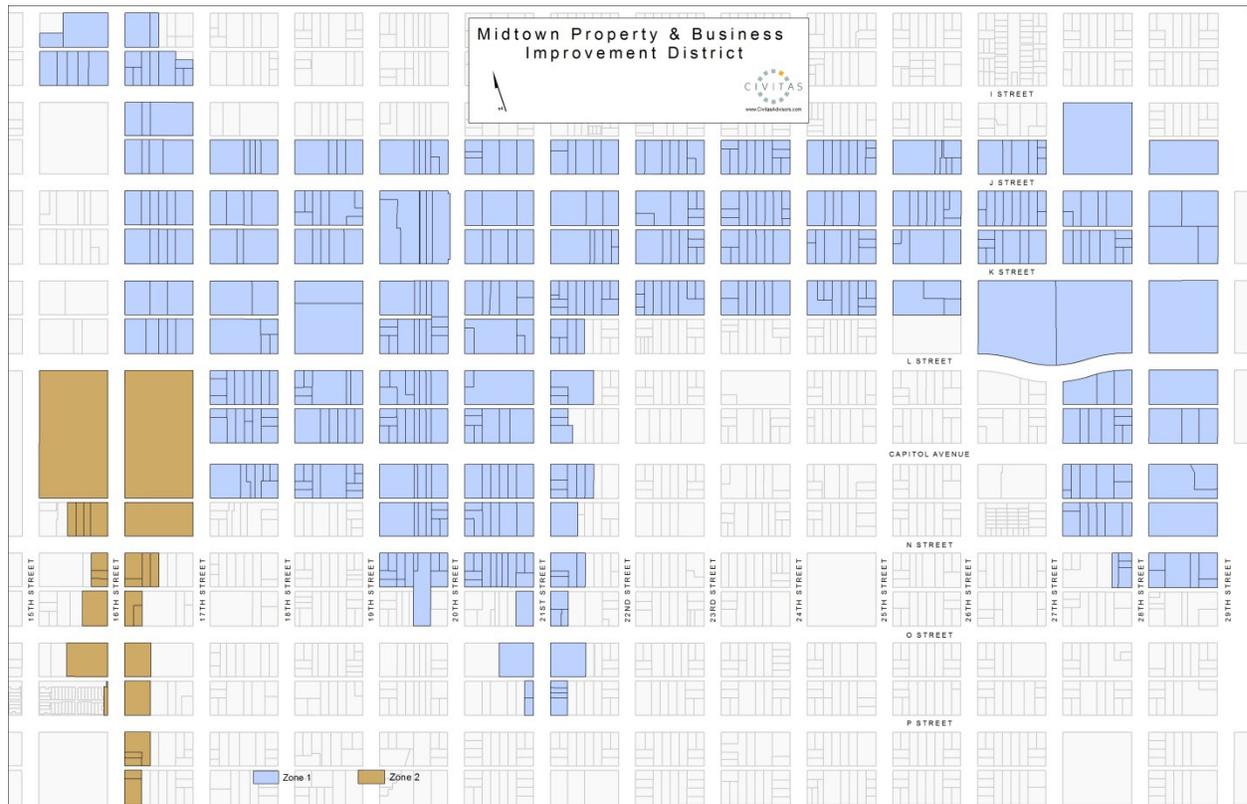

Benefit Zone Boundaries:

The District has been divided into two zones based on the services and benefit parcels receive in each zone.

Zone 2: Beginning at the southeast corner of L Street and 15th Street; east along the southern edge of L Street, across 16th Street to 17th Street. Then south along the western edge of 17th Street to N Street; west along the northern edge of N Street to a point opposite the northeast corner of Map Key #145. South across N Street and continuing south along the eastern boundary of Map Key #145 to the alley between N Street and O Street. Southwest across the alley between N Street and O Street to the northeast corner of Map Key #147; then south along the eastern boundary of parcels fronting the eastern edge of 16th Street, across O Street and P Street, to Q Street. West along the northern edge of Q Street to 16th Street; then north along the eastern edge of 16th Street to P Street. Northwest across the intersection of P Street and 16th Street to the southwest corner of Map Key #156; then north along the western boundary of parcels fronting the western edge of 16th Street, across O Street and N Street, to the southeast corner of L Street and 15th Street, the point of beginning.

Zone 1: Includes all other parcels within the general District boundaries.

The service area includes 745 parcels depicted in the map below. A map book showing parcel identification numbers is attached as Appendix 3. A larger map is available on request by calling (916) 325-0604 or (800) 999-7781.

V. SERVICE PLAN AND BUDGET

A. Improvements and Services

The MPBID provides services above and beyond those currently provided by the City of Sacramento. Service levels to individual parcels will be based on the amount paid into the MPBID, as further detailed in the Engineer's Report in Section VII of this Plan.

1. Safety, Streetscape, and Maintenance

These programs will work efficiently to maintain Midtown as a safe and inviting environment. Services will include:

Safety: The safety program will improve district safety day and night. The homeless outreach program initiated during the District's first term will be significantly increased during the renewed term. During the day the district will improve safety by: providing daytime security patrols; working with the City and County to prevent crime within the district by addressing the issues within the district causing it, including homelessness, poverty, substance abuse, and unemployment; patrolling the district and providing a deterrent presence to public nuisances; dissemination of safety information on railroad tracks; and coordinating with the Sacramento Police Department to identify and prevent crime. During the night the district will improve safety by: providing patrols to secure commercial and entertainment corridors; improve safety for employees, customers, and other visitors; and serving as liaison to the Sacramento Police Department.

Streetscape: Streetscape lighting improvements will also be undertaken to increase nighttime visibility and the attractiveness of lighting infrastructure along major thoroughfares and alleyways.

Maintenance: District maintenance services will maintain increased frequency of graffiti and sticker removal, sidewalk pressure washing, gutter and storm drain cleaning, street sweeping, and litter removal services. Maintenance personnel will collect debris from sidewalks throughout the district on a regular basis and continue to work with property owners to reduce illegal dumping in alleys and thoroughfares. Maintenance shall also include maintaining the sidewalk and bulb-outs on new 16th street improvements, and up to \$30,000 annually to fund landscaping projects and program that may include a master gardener/groundskeeper for state park facilities.

2. Advocacy, Administration & Marketing

Advocacy: Advocacy services will include policy analysis and representation at all levels of government; unified position statements on issues affecting Midtown's prosperity; and business retention and attraction services. Business retention services may include establishment and tracking of business metrics such as retail sales data, developing the area as an incubator for small businesses, and improving business accessibility via parking improvement programs. Advocacy services will also work closely with assessed property

owners to keep them aware of district activities and ensure their interests are accurately represented.

Administration: Administration will include standard office expenses such as rent, insurance, legal and accounting fees, and telephone charges.

The administration budget will also include City and County administrative fees for levying, collecting, and forwarding the assessment and accounting. City and County administrative costs will be actual costs, subject to the requirements of state law and compliant with generally accepted methods for costing under Federal regulations (OMB Circulars). In addition, all City administrative costs will be accounted for in detail and available on demand. City and County administrative costs have averaged \$6,000 annually over recent years in the existing district. Because of the changed configuration of the new district, costs are estimated at up to \$10,000 per year. To provide some certainty to the district budget, City and County administrative costs will be capped at \$10,000 for any current year’s cost but will be subject to adjustment in the subsequent year for any excess costs.

Marketing: Marketing services shall aim to maintain and increase the vibrancy of the Midtown commercial area. Services may include: branding, including banners, promotional maps and visitor guides; press releases and media relations; and maintenance of the district website. Promotions will be designed to raise awareness of Midtown as an excellent place to do business, invest, and develop. They will also work to maintain a high level of visitor traffic and resulting economic prosperity in the commercial District.

3. Contingency Reserve

The budget includes a prudent fiscal reserve. Changes in data and other issues may change the revenue and expenses. In order to buffer the organization for unexpected changes in revenue, and/or allow the MPBID to fund other overhead costs, the reserve is included as a budget item. In the event there are contingency funds remaining at the expiration of the MPBID, those funds may be allocated for a renewal effort.

Contingency / Renewal	\$45,881.38	\$4,004.93
Total	\$573,517.22	\$50,061.62

C. Adjustments

As assesses and members of the Midtown community, the Midtown PBID Corporation's Board of Directors will make every effort to be careful stewards of the annual budget; however the Board may, at its discretion, increase the assessment rate by no more than three percent (3%) per year. Additionally, the Board may adjust the amount spent per category by no more than twenty percent (20%) per year to ensure efficient provision of prudent services.

VI. GOVERNANCE

A. Owners' Association

The District shall be governed by the Midtown PBID Corporation, with oversight from the Sacramento City Council. The Midtown PBID Corporation shall serve as the Owners' Association described in the Streets and Highways Code §36651.

The Board of Directors of the Midtown PBID Corporation shall be comprised of representatives from small, medium, and large MPBID assessees. The Board may include a representative from the City. The Board must represent a variety of interests within the MPBID and respond to the needs of property owners from the various commercial neighborhoods within the MPBID. The Board of Directors of the Midtown PBID Corporation is charged with the day-to-day operations of the MPBID and may contract for services with third parties.

The Board of Directors shall act in the best interests of all assessed properties within the MPBID. The diverse representation described above ensures that the interests of all property owners are fairly represented.

B. Brown Act and Public Records Act Compliance

The Midtown PBID Corporation is considered a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Midtown PBID Corporation board must be held in compliance with the public notice and other requirements of the Brown Act. The owners' association is also subject to the record keeping and disclosure requirements of the California Public Records Act.

C. Annual Report

The Midtown PBID Corporation board shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 1). The Annual Report will detail the proposed budget and assessment for the next year of operation.

VII. ENGINEER'S REPORT

This section, which incorporates by this reference the other sections of this MDP, serves as the detailed engineer's report required to support the benefit assessments proposed to be levied within the MPBID.

A. Assessment Methodology

1. Base Formula

Property owners, merchants, and other Midtown Sacramento stakeholders have emphasized that an assessment formula for the MPBID be fair, balanced, and commensurate with benefits received. Each parcel owner will pay based on benefits received. The variables used for the annual assessment formula are gross parcel size, measured in square feet, and parcel use.

The initial cost to the parcel owner in the District is based on benefit zone and parcel type. Parcels in Benefit Zone 1 shall be assessed \$0.137680 per parcel square foot per year; parcels in Benefit Zone 2 shall be assessed \$0.078000 per parcel square foot per year.

In addition to benefit zones, parcels will also be assessed based upon their uses. Parcels with commercial uses will pay the full assessment for the benefit zone in which they lie. Tax-exempt, health-care parcels shall be assessed a rate of \$0.085020 per parcel square foot per year regardless of benefit zone. Religious, educational, and charity parcels shall be assessed a rate of \$0.062072 per parcel square foot per year regardless of benefit zone. Public park parcels shall be assessed a rate of \$0.114736 per parcel square foot per year regardless of benefit zone. Because the MPBID programs have been designed to provide benefits to parcels with commercial uses, and do not provide special benefit to parcels with low-density residential use, parcels with residential uses of four units or less shall not be assessed.

Parcel Use	Annual Parcel Assessment (\$/sqft/yr)	
	<i>Benefit Zone 1</i>	<i>Benefit Zone 2</i>
Commercial	\$0.137680	\$0.078000
Tax-Exempt Healthcare	\$0.085020 (regardless of zone)	
Religious, Educational, and Charity	\$0.062072 (regardless of zone)	
Public Park	\$0.114736 (regardless of zone)	
Low-Density Residential	Not assessed	

Assessment rates may be subject to an increase of no more than three percent (3%) per year.

If you would like more information about parcel assessments, please call Civitas Advisors at (916)325-0604.

The total maximum MPBID budget for each year of its five year operation is:

2013	2014	2015	2016	2017
\$623,578.84	\$642,286.21	\$661,554.79	\$681,401.44	\$701,843.48

2. Determination of Special Benefit

Only special benefits may be assessed, and general benefits, if any, must be separated from the special benefits conferred on parcels. A special benefit is a particular and distinct benefit over and above general benefits conferred on the real property located in the district or to the public at large. The California State Legislature, in Streets and Highways Code section 36601(d), has already found that “assessments levied for the purpose of providing improvements and promoting activities that benefit real property or businesses are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property or businesses for which the improvements and activities are provided.” In addition to this legislative determination, the District’s programs are tailored so that each and every parcel within the MPBID, except for exempt parcels (discussed below), receives a particular and distinct benefit from the improvements and services provided with MPBID funds. The special benefit to assessed parcel owners is over and above general benefits conferred by the general activities of the City. The services provided with assessment funds are, in and of themselves, a special benefit to assessed parcels. For example, marketing and promotions efforts, the navigator program, and the maintenance program focused on sidewalk cleaning, trash removal, graffiti removal, and cleaning at the properties that are assessed are tailored to confer special benefits on particular parcels, not the general public. Further, the results provided by the services and improvements are a special benefit to assessed parcels. The District’s programs will improve economic development within the MPBID, and services are designed to maintain and increase commerce and economic development throughout the District area, specially benefiting parcels.

To ensure that parcels outside of the District will not specially benefit from the assessments, services and improvements will only be provided within the boundaries of the District. Specifically, the navigator program, security, maintenance/sanitation personnel, and similar service providers employed in connection with the District will only patrol and provide services on the streets and sidewalks within the District and will not provide services outside of District boundaries. Similarly, the District will not fund improvements outside of the boundaries of the District, nor will District promotional efforts promote activities outside of District boundaries. All District programs are intended to promote commercial vitality, and to attract and retain new business within the District for the special benefit of parcels within the District.

Assessment law also requires the determination of the proportionate special benefit derived by each parcel in relationship to the entirety of the cost of improvement(s) or the maintenance and operation expenses or the cost of the parcel-related service being provided. In addition, no assessment may exceed the reasonable cost of the proportional special benefit conferred on parcel(s). As explained throughout this MDP and in sections V. A. and VII A.1., the total amount to be assessed will not exceed the estimated reasonable cost of the program, and because each parcel will be assessed in proportion to its share of the total benefit created by the program, no assessment will exceed the reasonable cost of the proportional special benefit conferred on the parcel.

3. Benefit Zones

Zone 1: Parcels in Zone 1 will receive and benefit from all of the District’s services. This is the highest level of services and benefit provided by the District. These parcels will pay a full

assessment rate of \$0.137680 per parcel square foot per year, which is proportional to the special benefit these parcels will receive from the services provided.

Zone 2: Parcels in Zone 2 will not receive nor benefit from all of the District’s services. Zone 2 will only receive daytime security, maintenance, and a portion of the marketing and advocacy services. The services these parcels will receive represent 56.65% of the services provided in Zone 1, thus these parcels will pay 56.65% of the Zone 1 assessment rate, which is proportional to the special benefit these parcels will receive from the services provided.

4. Tax-exempt Parcels

The 1994 Law, in Section 36622(k), states that the Management District Plan, “may provide that all or any class or category of real property which is exempt by law from real property taxation may nevertheless be included within the boundaries of the district but shall not be subject to assessment on real property.”

Real property which is partially tax-exempt shall be assessed in equal proportion to its exemption; e.g. if a parcel is 50% tax-exempt, it will pay 50% of the assessment rate for its benefit zone and classification. Real property which is fully tax-exempt and has not submitted a signed statement agreeing to be assessed will not be assessed. Real property which is fully tax-exempt and has submitted a signed statement agreeing to be assessed will be assessed at the corresponding rate for its zone and classification, e.g. a fully tax-exempt parcel which had submitted a signed statement, with a religious use in zone 1 would be assessed a rate of \$0.062072 per parcel square foot per year.

Real property which is tax-exempt and does not pay the district assessment shall not receive, nor benefit from, any of the district’s services. Fully tax-exempt parcels which have submitted signed statements and are paying the full assessment rate for their zone and classification shall receive and benefit from all of the district’s services for their benefit zone and classification. Partially tax-exempt parcels shall receive and benefit from the services provided to their zone and classification proportionally to the amount of assessment paid by each parcel.

A listing of tax-exempt parcels and the amount each will pay is attached as Appendix 3.

5. Public Park Parcels

Public park parcels do not specially benefit from all of the District’s services. These parcels will only receive and benefit from security and maintenance services. These parcels will not receive nor benefit from marketing, advocacy, or promotions. These parcels will only benefit from administration to the extent those services relate to provision of security and maintenance. The services these parcels will receive represent 83.34% of the District’s budget, thus these parcels will pay 83.34% of the highest assessment rate, which proportional to the services they will receive and benefit from.

6. Government-Owned Parcels

Under “The Right to Vote on Taxes Act” (also known as Proposition 218) all public parcels are required to pay assessments unless they can demonstrate by clear and convincing evidence that their

parcels do not receive benefit. The City of Sacramento, State of California, and most other public parcels will benefit from all of the District's services and will pay the full assessment.

State Parks

The California Department of Parks and Recreation (State Parks) owns and operates three historic state parks within the Midtown Property and Business Improvement District (PBID) boundaries. These parks include Sutter's Fort State Historic Park, the State Indian Museum and the Governor's Mansion State Historic Park. Collectively, these parks occupy five parcels within the PBID.

State Parks currently provides, and will continue to provide, security and maintenance services to the park parcels. Security is provided by State Park Peace Officers, and maintenance is provided by State Parks maintenance staff. State Parks staff also provides education and interpretive services to the general public, via interpreters, park aides, and guides; their efforts are complemented by a large volunteer docent staff.

State Parks parcels will not receive, nor benefit from, the majority of the PBID's daytime security, maintenance and clean-up services. The State Parks parcels will, however, receive and benefit from PBID marketing activities and nighttime security services. Further, State Parks will benefit from a specific portion of the day-time security, maintenance and clean-up services, which will include special landscaping projects and programs (e.g. master gardener/groundskeeper, equipment acquisition and use, and certain event management on park property).

State Parks will pay an amount equal to the annual cost of providing these services, a total sum of \$36,933.39. This amount was derived by using appropriate Zone 1 assessment rates based upon the parcel use for each of the five individual parcels owned by the State Parks. Specific program and project details outlined in a work plan (Memorandum of Understanding) between the owners' association and California State Parks Capital District.

7. Residential and Mixed-Use Parcels

The primary purpose of the MPBID is to benefit parcels with commercial uses and high-density residential and mixed-use parcels. Any incidental benefit to low density residential parcels within the MPBID boundaries does not warrant assessing those parcels. Therefore, parcels within the boundaries of the MPBID to the extent that they are low-density residential parcels with fewer than four units shall not be assessed. That portion of mixed-use parcels which is used for commercial purposes shall be assessed; however, residential portions of mixed-use parcels shall not be assessed.

B. Time and Manner for Collecting Assessments

As provided by State Law, the MPBID assessment will appear as a separate line item on annual property tax bills prepared by the County of Sacramento. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installment. The County of Sacramento shall distribute funds collected to the City of Sacramento and then to the MPBID pursuant to the authorization of this Plan. Existing laws for enforcement and appeal of property taxes apply to the MPBID assessments.

C. Assessment Notice

An Assessment Notice will be sent to owners of each parcel in the MPBID. The Assessment Notice provides an estimated assessment based upon gross parcel square footage. The final individual assessment for any particular parcel may change, up or down, if the parcel area differs from that found on the Assessment Notice. A list of parcels to be included in the MPBID is provided within Appendix 2.

APPENDIX 1 – THE PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

*** This document is current through the 2012 Supplement ***
(All 2011 legislation)

§ 36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

§ 36601. Legislative findings and declarations

The Legislature finds and declares all of the following:

(a) Businesses located and operating within the business districts of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow cities to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that benefits from those improvements.

(d) Assessments levied for the purpose of providing improvements and promoting activities that benefit real property or businesses are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property or businesses for which the improvements and activities are provided.

§ 36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within a business improvement area. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

§ 36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

§ 36603.5. Part prevails over conflicting provisions

Any provision in this part that conflicts with any other provision of law shall prevail over the other provision of law.

§ 36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

§ 36605. [Section repealed 2001.]

§ 36606. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and promoting activities which will benefit the properties or businesses located within a property and business improvement district.

§ 36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

§ 36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with *Section 6500*) of Chapter 5 of Division 7 of Title 1 of the *Government Code*, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

§ 36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

§ 36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

- (a) Parking facilities.
- (b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
- (c) Trash receptacles and public restrooms.
- (d) Lighting and heating facilities.
- (e) Decorations.
- (f) Parks.
- (g) Fountains.
- (h) Planting areas.
- (i) Closing, opening, widening, or narrowing of existing streets.
- (j) Facilities or equipment, or both, to enhance security of persons and property within the area.
- (k) Ramps, sidewalks, plazas, and pedestrian malls.
- (l) Rehabilitation or removal of existing structures.

§ 36611. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

§ 36612. "Property"

"Property" means real property situated within a district.

§ 36613. "Activities"

"Activities" means, but is not limited to, all of the following:

- (a) Promotion of public events which benefit businesses or real property in the district.
- (b) Furnishing of music in any public place within the district.
- (c) Promotion of tourism within the district.
- (d) Marketing and economic development, including retail retention and recruitment.
- (e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
- (f) Activities which benefit businesses and real property located in the district.

§ 36614. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

§ 36614.5. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with *Section 54950*) of *Part 1 of Division 2 of Title 5 of the Government Code*), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with *Section 6250*) of *Division 7 of Title 1 of the Government Code*), for all documents relating to activities of the district.

§ 36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

§ 36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

§ 36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business

Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

§ 36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

§ 36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

§ 36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

- (1) A map showing the boundaries of the district.
- (2) Information specifying where the complete management district plan can be obtained.
- (3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

§ 36622. Contents of management district plan

The management district plan shall contain all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected lands and businesses included. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements and activities proposed for each year of operation of the district and the maximum cost thereof.

(e) The total annual amount proposed to be expended for improvements, maintenance and operations, and debt service in each year of operation of the district.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof, including operation and maintenance. The plan may provide that all or any class or category of real property which is exempt by law from real property taxation may nevertheless be included within the boundaries of the district but shall not be subject to assessment on real property.

(l) Any other item or matter required to be incorporated therein by the city council.

§ 36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with *Section 53753 of the Government Code*.

(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with *Section 54954.6 of the Government Code*, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

§ 36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements or

activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

§ 36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish the proposed property and business improvement district, the city council shall adopt a resolution of formation that shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement about whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements and activities to be provided in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements and activities funded by the assessments proposed to be levied.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

§ 36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in paragraphs (1) to (8), inclusive, of subdivision (b) of Section

36625, but need not contain information about the preliminary resolution if none has been adopted.

§ 36626.5. [Section repealed 1999.]

§ 36626.6. [Section repealed 1999.]

§ 36626.7. [Section repealed 1999.]

§ 36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk of the city shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

§ 36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

§ 36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements and activities.

§ 36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a parking and business improvement area.

§ 36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and a new district established pursuant to this part.

§ 36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part shall be charged interest and penalties.

§ 36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.

(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.

(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

§ 36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

§ 36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

§ 36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

§ 36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention; Modification of improvements and activities by adoption of resolution after public hearing

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public meetings and public hearings pursuant to this section shall comply with both of the following:

(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public meeting.

(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public meeting, to each business owner or property owner affected by the proposed modification.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

§ 36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

§ 36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with *Section 6584*) of *Chapter 5 of Division 7 of Title 1 of the Government Code*). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be

modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.

(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

§ 36641. [Section repealed 2001.]

§ 36642. [Section repealed 2001.]

§ 36643. [Section repealed 2001.]

§ 36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

- (1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
- (2) The improvements and activities to be provided for that fiscal year.
- (3) An estimate of the cost of providing the improvements and the activities for that fiscal year.
- (4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
- (5) The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
- (6) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

§ 36651. Designation of owners' association to provide improvements and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements or activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

§ 36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, may be renewed by following the procedures for establishment as provided in this chapter.

(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.

(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

§ 36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:

(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.

(2) During the operation of the district, there shall be a 30-day period each year in which assesses may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-

day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the area who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.

(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

§ 36671. Refund of remaining revenues upon disestablishment of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.

(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

RESOLUTION NO.

Adopted by the Sacramento City Council

ADOPTING THE ANNUAL MIDTOWN SACRAMENTO PROPERTY AND BUSINESS IMPROVEMENT DISTRICT BUDGET AND LEVYING ASSESSMENT FOR FY2012/13

BACKGROUND

- A. The Midtown Sacramento PBID No. 2012-02 (District), boundaries of which are depicted in Exhibit A, was established by the City Council and approved by the property owners on July 31, 2012.
- B. The City Council established the District under the Property and Business Law of 1994 (California Streets and Highway Code, Sections 36600 to 36671) (PBID Law) and has previously levied assessments on property in the District to pay for improvements and services to be provided within the District, all in accordance with the PBID Law.
- C. The District provides funding for the following services within the Midtown Corridor: Community service initiatives providing security patrol and daily street maintenance; economic development outreach and activities to convey a positive image for the area; and promotion of events and marketing, advocating consumer awareness of services available in the corridor. All services are as defined within the Management District Plan (MDP). The MDP is on file with Public Improvement Financing Division (PIF) of the Department of Finance, which has been designated by the City Clerk as the custodian of such records.
- D. The City Council is fully advised in this matter.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. The background statements in paragraphs A through D above are true.

Section 2. The City Council hereby:

- (a) Adopts the District Board's annual budget set forth in the FY2012/13 MDP and;
- (b) Levies on property within the District the assessment set forth in the FY 2012/13 MDP.

Section 3. Exhibits A and B are part of this resolution.
