Description: On November 18, 2008, the Sacramento County Board of Supervisors approved a grant application for the County to pursue funding for the Cordova Creek Restoration under the State of California Safe Drinking Water Bond Act of 2006 (Proposition 84). The County was successful in its application and obtained \$1,732,407 in grant funding to restore natural form and function to this concrete-lined, channelized stream. This is a collaborative project with multiple project partners, and the Sacramento-County Office of Metropolitan Water Planning (CCOMWP) will be administering the project design, pursuant to the terms of an Interagency Reimbursement and Performance Agreement previously approved by the City Council. The County will be responsible for construction of the project. A Professional Services Agreement (Agreement) for design services has been prepared for City Council approval.

Policy Considerations: This report is submitted in compliance with the policy direction provided by the Sacramento City Council and Sacramento County Board of Supervisors in forming the CCOMWP, approving its work plan, and supporting the efforts of the Water Forum (C2001-005).

Economic Impacts: None.

Environmental Considerations: Any environmental documentation and compliance required for the Cordova Creek Naturalization Project will be conducted by the County of Sacramento concurrently with development of the Project design, and the County will be responsible for any approvals required under the California Environmental Quality Act and any other applicable environmental laws and regulations prior to awarding any contract(s) to construct the Project.

Commission/Committee Action: None

Rationale for Recommendation: Approval of this Agreement will further enable the Water Forum to continue its services and projects related to implementation of the Habitat Management Element in collaboration with multiple project partners.

Financial Considerations: This Agreement has no impact on the City's General Fund. The County of Sacramento has been awarded a grant of \$1,732,407 in Proposition 84 funds from the California Natural Resources Agency to fund the project. The County has asked the CCOMWP, on behalf of the Water Forum, to contract for and administer the professional service agreement to design the Project and prepare a design report to be used in the preparation of construction documents by the County, subject to reimbursement for these services from the Grant funds.

The project design cost is estimated at an amount not to exceed \$200,000. Sufficient funds are available in the Habitat Management Element (HME) Fund 7104 to cover expenses until expenditures are reimbursed by the County of Sacramento according to

the terms detailed in Interagency Agreement C2012-0658. Funding for the CCOMWP Habitat Management Element in Fund 7104 is provided by cost sharing agreements between the City of Sacramento and County of Sacramento. Other purveyors with contracts for Central Valley Project water also contribute to the HME in those years when they divert non-CVP water above their baseline.

Emerging Small Business Development (ESBD): cbec, Inc. is certified by the City of Sacramento as an Emerging or Small Business Enterprise.

Background Information:

- The City and County of Sacramento created the City-County Office of Metropolitan Water Planning (CCOMWP) in 1991 to pursue a joint water planning effort in the greater Sacramento Metropolitan area.
- In 1993, a diverse group of business and agricultural leaders, citizens groups, environmentalists, water managers, and local governments formed the Sacramento Area Water Forum.
- In 1999, Water Forum members approved a comprehensive Water Forum Agreement (WFA) (City Agreement No. 1999-222). The WFA consists of integrated actions necessary for providing a regional solution to water shortages, environmental damage, groundwater contamination, and limited economic prosperity.
- The CCOMWP has been charged with staffing the effort to implement the WFA, known as the Water Forum Successor Effort (WFSE).
- California voters passed the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006 (Proposition 84) on November 7, 2006. It authorized the Legislature to appropriate the sum of \$62 million for the acquisition, restoration, protection and development of river parkways in accordance with the California River Parkway Act of 2004.
- In June 2011 the final round of the Proposition 84 River Parkway Grant Program was announced (\$30 million available for awards).
- The County of Sacramento Parks Department (Parks) submitted an application for the Cordova Creek Naturalization Project (Project), and in the spring of 2011 it was notified that the Project was selected to receive \$1,732,407 in grant funding. During the summer of 2011, the County was informed that the grant contracts were prepared and ready for review and signature. During that time Parks was going through an organizational transformation. Based on the nature and scope of the Project, Parks and the Department of Water Resources (DWR) agreed on a new approach to project oversight and implementation. The budget was revised, and a project management plan was created that paved the way for the County to proceed with the project. Project management will be provided by DWR staff, with support from Parks and the City of Sacramento-County Office of Metropolitan Water Planning, also referred to as the Water Forum.
- Approval of this Professional Services Agreement to design the Project in order to restore natural form and function to Cordova Creek is one of the key actions required to launch the start of the work.

- The selection process followed the Request for Qualifications (RFQ) that was issued publicly by the City of Sacramento on August 3, 2012. Two project teams, led by cbec, Inc., and by Philip Williams and Associates, respectively, submitted Statements of Qualifications (SOQs) in response.
- A selection panel consisting of representatives of the City of Sacramento, the City of Rancho Cordova, and the Sacramento County Parks Department, Development Services Department, and Drainage Department reviewed and ranked the SOQs based on the qualifications submitted, the project teams' familiarity with the Lower American River's regulatory environment, their ability to provide resources locally, and their proposed approach for the project. Based on this evaluation, the project team led by cbec, Inc., was determined to be the most qualified team for this project.

Shaded in Yellow represents key milestone meetings and workshops.

The following scope of work describes the tasks associated with this project.

Task 2.1 – Geomorphic Assessment

cbec will complete the following elements of a geomorphic assessment:

- Collect preliminary information regarding existing site conditions including:
 - General site reconnaissance
 - Characterization of topographic floodplain heterogeneity, soils, and vegetation.
 - Existing project constraints such as infrastructure, fencelines, trails, etc.
 - Review of existing geomorphic degradation, including migrating head cut at downstream extents.
 - General assessment of stream power of creek feeding into the preliminary design.
 - General assessment of project vulnerabilities and potential problems.
- Summary of site observations and conclusions in a brief technical memorandum.

Assumptions: This task will include a general overview of site conditions and will not represent a detailed quantitative assessment at this stage.

Deliverable: Field notes, photographs and general observations included in Basis of Design Report as an appendix, as described in Task 2.6.

Task 2.2 – Soils Investigation

The cbec team will perform a basic soils investigation to characterize soils parameters required for design of earthworks features. These investigations will be undertaken by a suitably qualified geotechnical specialist and will include the assessment of parameters required for slope stability and earthworks compaction. The information will also be utilized in geomorphic design of the proposed project.

Assumptions: Investigations to be undertaken by a qualified geotechnical specialist.

Deliverable: Technical memorandum to be provided by geotechnical specialist summarizing the results of the investigation.

Task 2.3 – Hydraulic Modeling

cbec will undertake hydraulic modeling on the preferred concept design for two broad purposes:

- To develop a geomorphically stable channel design that will maximize the future sustainability of the project. The channel design will anticipate the expected the future evolution of the morphology of the channel over time. The design will not assume a static condition over time, nor will this be a goal of the project. The morphology of the channel should be expected to evolve over time and not be static.
- To assess the potential impacts to flood conveyance to meet the requirements of the Central Valley Flood Protection Board (CVFPB).

Assumptions: Geomorphically stable channel design will be conducted on one preferred project concept.

Deliverable: Summary of the geomorphically stable channel design included in the Basis of Design report described in Task 2.6.

Task 2.4 – Physical Design

The basic design parameters established through Task 2.3, such as channel sinuosity, slope, cross section, and elevations, will be utilized to develop concept sketches of the preferred design concept. These concepts will be developed approximately to the 15% design level and will include sufficient detail to enable to County to develop final design package to the 100% design level. The 15% design level package will include plan, profile and cross section detail sketches, and appropriate outlines of recommended specifications. A specific CAD surface will not be produced as part of this deliverable.

Assumptions: These concepts will be developed approximately to the 15% design level and will include sufficient detail to enable to County to develop final design package to the 100% design level.

Deliverable: The 15% design level package will include plan, profile and cross section detail sketches, and appropriate outlines of recommended specifications, included in the Basis of Design report described in Task 2.6.

Task 2.5 – Habitat/Ecological Design

Habitat and ecological input will be provided into the 15% design level package. This will include information on habitat evaluation criteria that will be utilized to establish inundation-elevation criteria for the physical design. The habitat and ecological design will focus on project sustainability and evolution. This task will also include development of a planting palette to be provided to the County for inclusion in the final design package.

Assumptions: Habitat and ecological designs will be developed to the appropriate level for the 15% design level submittal.

Deliverable: The 15% design level package will include plan, profile and cross section detail sketches of proposed habitat and ecological design elements, and appropriate outlines of recommended specifications, included in the Basis of Design report described in Task 2.6.

Task 2.6 – Design Memorandum – Basis of Design Reporting

The cbec team will develop a Basis of Design Memorandum that will include the following broad elements:

1. Summary of the geomorphic reconnaissance and assessment.
2. Summary of the soils investigation.
3. Hydraulic modeling calculations, including existing and proposed water surface profiles and inundation patterns, and stable channel design parameters.
4. 15% design level package including conceptual profiles, cross sections and planform for the preferred design option.
5. Habitat and ecological design, including planting palette input into the 15% design level package.

Assumptions: The County will take the Basis of Design Memorandum and use it to establish the final design to the 100% design level.

Deliverable: Draft Basis of Design Memorandum will be delivered electronically via e-mail or ftp to the Water Forum. Based on one set of collated comments, the cbec team will respond with a Final Basis of Design Memorandum within one month of receipt of comments. Final Basis of Design Memorandum will be delivered electronically via e-mail or ftp to the Water Forum.

Task 2.7 – Project Management, Coordination and Meetings

This task covers basic day-to-day management of the cbec team contract and sub-contractors, weekly coordination calls with the Water Forum and other general coordination with the project team, including the County. It also covers preparation, attendance and participation in the meetings outlined at the start of this scope of work.

Assumptions: All meetings will be scheduled, organized and facilitated by the Water Forum.

Deliverable: Monthly invoicing with progress summary.

Task 3.1 – Construction Observation – Physical

cbec will support the project team, specifically the County, with on-call construction observation regarding the physical elements of the project during construction. cbec’s level of effort for this task will be commensurate with the budget specified in the attached budget estimate.

Assumptions: cbec’s level of effort for this task will be commensurate with the budget specified in the attached budget estimate.

Deliverable: None.

Task 3.2 – Construction Observation – Ecological

The cbec team will support the project team, specifically the County, with on-call construction observation regarding the ecological elements of the project during construction. The cbec team’s level of effort for this task will be commensurate with the budget specified in the attached budget estimate.

Assumptions: The cbec team’s level of effort for this task will be commensurate with the budget specified in the attached budget estimate.

Deliverable: None.

EXHIBIT D

PROFESSIONAL SERVICES AGREEMENT FOR DESIGN SERVICES

GENERAL PROVISIONS

1. Independent Contractor.

- A. It is understood and agreed that CONTRACTOR (including CONTRACTOR's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither CONTRACTOR nor CONTRACTOR's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to CONTRACTOR under the provisions of this Agreement, and CONTRACTOR shall be issued a Form 1099 for its services hereunder. As an independent contractor, CONTRACTOR hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of CONTRACTOR's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)
- B. It is further understood and agreed by the parties hereto that CONTRACTOR, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by CONTRACTOR for accomplishing such results. To the extent that CONTRACTOR obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the CONTRACTOR's sole discretion based on the CONTRACTOR's determination that such use will promote CONTRACTOR's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that CONTRACTOR use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.
- C. If, in the performance of this Agreement, any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by CONTRACTOR. It is further understood and agreed that CONTRACTOR shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of CONTRACTOR's assigned personnel and subcontractors.

D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and CONTRACTOR. CONTRACTOR may represent, perform services for, or be employed by such additional persons or companies as CONTRACTOR sees fit provided that CONTRACTOR does not violate the provisions of Section 5, below.

2. **Licenses; Permits, Etc.** CONTRACTOR represents and warrants that CONTRACTOR has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that are legally required for CONTRACTOR to practice its profession or provide any services under the Agreement. CONTRACTOR represents and warrants that CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for CONTRACTOR to practice its profession or provide such Services. Without limiting the generality of the foregoing, if CONTRACTOR is an out-of-state corporation, CONTRACTOR warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
3. **Time.** CONTRACTOR shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of CONTRACTOR's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
4. **CONTRACTOR Not Agent.** Except as CITY may specify in writing, CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.
5. **Conflicts of Interest.** CONTRACTOR covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder CONTRACTOR's performance of Services under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. CONTRACTOR agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If CONTRACTOR is or employs a former officer or employee of the CITY, CONTRACTOR and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.
6. **Confidentiality of CITY Information.** During performance of this Agreement, CONTRACTOR may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the CITY. CONTRACTOR agrees to protect all City

Information and treat it as strictly confidential, and further agrees that CONTRACTOR shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, CONTRACTOR shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions # 30. A violation by CONTRACTOR of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. CONTRACTOR Information.

- A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostating, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. CONTRACTOR shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.
- B. CONTRACTOR shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. CITY shall make reasonable efforts to notify CONTRACTOR not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve CONTRACTOR of its obligations hereunder, which shall survive any termination or expiration of this Agreement.
- C. All proprietary and other information received from CONTRACTOR by CITY, whether received in connection with CONTRACTOR's proposal to CITY or in connection with any Services performed by CONTRACTOR, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to CONTRACTOR of any request for the disclosure of such information. The CONTRACTOR shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The CONTRACTOR shall have sole responsibility for defense of the actual "trade secret" designation of such information.
- D. The parties understand and agree that any failure by CONTRACTOR to respond to the notice provided by CITY and/or to enter into an agreement with CITY, in accordance with the provisions of subsection C, above, shall constitute a complete waiver by

CONTRACTOR of any rights regarding the information designated "trade secret" by CONTRACTOR, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

8. Standard of Performance. CONTRACTOR shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of CONTRACTOR's profession in California. All products of whatsoever nature that CONTRACTOR delivers to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in CONTRACTOR's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. CONTRACTOR shall assign only competent personnel to perform Services pursuant to this Agreement. CONTRACTOR shall notify CITY in writing of any changes in CONTRACTOR's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by CONTRACTOR to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, CONTRACTOR shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. Term; Suspension; Termination.

- A. This Agreement shall become effective on the date that it is approved by both parties, set forth on the first page of the Agreement, and shall continue in effect until both parties have fully performed their respective obligations under this Agreement, unless sooner terminated as provided herein.
- B. CITY shall have the right at any time to temporarily suspend CONTRACTOR's performance hereunder, in whole or in part, by giving a written notice of suspension to CONTRACTOR. If CITY gives such notice of suspension, CONTRACTOR shall immediately suspend its activities under this Agreement, as specified in such notice.
- C. CITY shall have the right to terminate this Agreement at any time by giving a written notice of termination to CONTRACTOR. If CITY gives such notice of termination, CONTRACTOR shall immediately cease rendering Services pursuant to this Agreement. If CITY terminates this Agreement:
 - (1) CONTRACTOR shall, not later than five days after such notice of termination, deliver to CITY copies of all information prepared pursuant to this Agreement.
 - (2) CITY shall pay CONTRACTOR the reasonable value of Services rendered by CONTRACTOR prior to termination; provided, however, CITY shall not in any manner be liable for lost profits that might have been made by CONTRACTOR had the Agreement not been terminated or had CONTRACTOR completed the Services required by this Agreement. In this regard, CONTRACTOR shall furnish to CITY such financial information as in the judgment of the CITY is necessary for CITY to determine the reasonable value of the Services rendered by CONTRACTOR. The foregoing is cumulative and does not affect any right or remedy that CITY may have in law or equity.

10. Indemnity.

- A. Indemnity: CONTRACTOR shall defend, hold harmless and indemnify CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, damages, costs, liabilities, demands, losses, judgments, penalties and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Liabilities"), including but not limited to Liabilities arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, that arise out of, pertain to or relate to any negligent act or omission, recklessness or willful misconduct of CONTRACTOR, its sub-consultants, subcontractors or agents, and their respective officers and employees, in connection with performance of or failure to perform this Agreement, whether or not such Claims are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for damages for death or bodily injury to persons, injury to property, or other loss, damage or expense to the extent arising from (i) the sole negligence or willful misconduct of, or defects in design furnished by, CITY, its agents, servants, or independent contractors who are directly responsible to CITY, or (ii) the active negligence of CITY.
- B. Insurance Policies; Intellectual Property Claims: The existence or acceptance by CITY of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of CITY's rights under this Section 10, nor shall the limits of such insurance limit the liability of CONTRACTOR hereunder. This Section 10 shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 7.B., above. The provisions of this Section 10 shall survive any expiration or termination of this Agreement.

11. Insurance Requirements. During the entire term of this Agreement, CONTRACTOR shall maintain the insurance coverage described in this Section 11.

Full compensation for all premiums that CONTRACTOR is required to pay for the insurance coverage described herein shall be included in the compensation specified for the Services provided by CONTRACTOR under this Agreement. REQUIREMENTS OF THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS CODE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits Code (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$100,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

"Contract" means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. "Contract" also means a written agreement for the exclusive use ("exclusive use" means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City's use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

"Contract" shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation, street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas

and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

“Contractor” means any person or persons, firm partnership or corporation, company, or combination thereof, that enters into a Contract with the City. “Contractor” does not include a public entity.

“Domestic Partner” means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

“Employee Benefits” means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. “Employee benefits” shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR’S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee’s name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

(a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form, signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.

(b) The Contractor shall give each existing employee working directing on a City contract, and (at the time of hire), each new employee, a copy of the notification provided as Attachment “A.”

(c) Contractor shall post, in a place visible to all employees, a copy of the notice provided as Attachment “B.”
