

RESOLUTION NO. 2012-381

Adopted by the Sacramento City Council

November 13, 2012

ESTABLISH A CAPITAL IMPROVEMENT PROJECT AND APPROPRIATE FUNDS- DOWNTOWN/RIVERFRONT STREETCAR TRANSIT PROJECT (S15131800)

BACKGROUND

- A. The Sacramento Area Council of Governments was appointed as Project Sponsor, grantee of \$1.2 million in federal 5307 Flex Funds, and Project Manager to coordinate the cooperative effort of the cities of Sacramento and West Sacramento, the Sacramento Regional Transit District, and the Yolo County Transportation District to apply for federal grant funding through the New Starts program for a transit project connecting Midtown, Downtown Sacramento, and West Sacramento. The partner agencies have committed to matching the 5307 Flex Funds with \$155,418 of local funds. The share of the match for the City of Sacramento is \$38,750. Establishment of a capital improvement project (CIP) and the allocation of funding to a CIP are necessary to properly account for the expenditures related to this effort.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The Downtown/Riverfront Streetcar Transit Project (S15131800) is established as a new Capital Improvement Project.
- Section 2. The FY12/13 Capital Improvement Program budget is amended by appropriating \$38,750 (Fund 2012) from the Downtown Transportation Systems Management (TSM) Fund to the Downtown/Riverfront Streetcar Transit Project (S15131800).
