Description/Analysis

Issue Detail: The Fairbairn Water Treatment Plant, located at 7501 College Town Drive, has been open since the early 1960s, and is in need of various improvements. This report recommends approving a design-build project contract with Otto Construction Company to replace the roofs on three of the buildings on the campus:

- Administration Building
- Filter Building
- Laboratory Building

On February 5, 2013, Council approved Resolution 2013-0032 authorizing the use of a design-build approach for delivery of the Fairbairn Water Treatment Plant Re-Roof Project. The design-build delivery approach provides the opportunity to maximize project scope within a limited time and budget. Per Council approval, staff solicited requests for proposals through a Request for Proposal (RFP) process on February 6. Two firms submitted qualifications, Otto Construction, Inc. and Southwest Construction & Property Management.

A selection committee composed Department of Utilities and the Department of General Services selected Otto Construction, Inc. as the most qualified, experienced and responsive firm. This was due in part to their past quality performance and that their submittal included roofing solutions with an emphasis on difficult and unique projects.

Policy Considerations: The design-build approach to this project is consistent with construction industry best practices.

Economic Impacts: None

Environmental Considerations:

California Environmental Quality Act (CEQA):

The Environmental Services Manager has determined that the proposed project is exempt from CEQA under Section Number 15301(d) of the CEQA Guidelines. Exemption 15301(d) consists of rehabilitation of deteriorated or damaged structures to meet current standards of public health and safety.

Sustainability: None

Commission/Committee Action: None

Rationale for Recommendation: The design-build delivery approach provides the opportunity to maximize project scope within a limited budget and time. It is a faster delivery method than design-bid-build delivery approach and is consistent with the alternative delivery approaches mentioned in the Smith-Culp report presented to City Council in February, 2003.

The hiring of a design-build team allows for the roofing contractor and asbestos contractor to advise on constructability, and provide technical review and value engineering throughout the design phase. Additionally, retention of a roofing

subcontractor team through a RFP process ensures that they have the necessary experience and qualifications.

Financial Considerations: There are sufficient funds within the Project Capital Improvement Project (CIP) budget Z14111101 to award the design-build contract to Otto Construction Company in the amount of \$915,877.

Emerging Small Business Development (ESBD): Otto Construction is not a ESBE but has proposed using Madsen Roofing and Waterproofing Inc.(ESBE #39013), which will allow them to exceed the 20% minimum participation level.

- B. Terms, words, and phrases used in the Contract Documents shall have the meanings given them in the Special Conditions (Exhibit B).
- C. The Contract Documents form the entire contract between the CITY and Design-Builder and by incorporation herein are as fully binding on the parties as if repeated herein. No oral representations or other agreements have been made by the parties except as specifically stated in the Contract Documents and this contract.

4.00 OWNERSHIP OF WORK PRODUCT

4.01 Work Product

CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by Design-Builder pursuant to this Contract. In this Contract, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostating, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. Design-Builder shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.

4.02 City's Right to "Information" at Termination

City retains all rights to "information". Should this contract be terminated, the City retains the right to complete or execute the Work with designers, professionals, contractors, sub-contractors, and others hired directly or indirectly by the Design-Builder to prepare the "information". Design-Builder agrees to encourage and facilitate the completion of the Work and not prohibit or discourage designers, professionals, contractors, sub-contractors or others hired directly or indirectly by the Design-Builder from entering into contracts with City to complete the Work with the City.

4.03 Design-Builder Requirement to Use Licensed Professionals

Design-Builder shall, consistent with applicable California state licensing laws, provide qualified, licensed design professionals employed by Design-Builder, or procured from qualified, California licensed Design Consultants, the necessary design services, including architectural, engineering and other design professional services, for the preparation of the required drawings, specifications and other design submittals to permit Design-Builder to complete the Work consistent with the Contract Documents. Licensed design consultants shall not include licensed contractors preparing designs for work they will install under the provisions of Division 3 of the Business and Professions Code by Section 5537.2 or 6737.3. Nothing in the Contract Requirements is intended or deemed to create any legal or contractual relationship between City and any design consultant employed by the Design-Builder. Design-Builder shall not transfer responsibility for any design or professional services to a different consultant, design-build sub-contractor or other design team member.

5.00 CONTRACT PRICE

- A. City shall pay Design-Builder in accordance with the requirements set forth in this section. Design-Builder acknowledges that City is not obligated to complete the work with the Design-Builder.
- B. City agrees to pay Design-Builder, as part of the Contract Price, on the following basis:
 - 1. Professional Services and reimbursable expenses associated with design activities for a total not to exceed Thirty Three Thousand Six Hundred and Fifty Dollars (\$33,650.00).
 - 2. Professional Services Contingency, which is owned and controlled by the City of Sacramento, for a total not to exceed One Thousand Dollars (\$1,000.00).
 - 3. Construction Services, construction, labor, materials, equipment and associated expenses related to the completion of construction Eight Hundred and Thirty Three Thousand One Hundred and Fourteen Dollars (\$833,114.00).

4. Construction Contingency, which is owned and controlled by the City of Sacramento, for a total amount not to exceed Forty Eight Thousand One Hundred and Thirteen Dollars (\$48,113.00).
5. Total compensation shall not exceed Nine Hundred and Fifteen Thousand Eight Hundred and Seventy Seven (\$915,877.00).
6. Compensation for Professional Services covered by items #1 & #2 above shall not be subject to retention.
7. Compensation for all work covered by items #3 & #4 above shall be subject to retention. (Refer to Exhibit A – Section 1 – Progress Payments and Final Payment).
8. Design-Builder shall submit a separate invoice for Professional Services covered by items #1 & #2 above.
9. Design-Builder shall submit a separate pay request and schedule of values for construction related work covered by items #3 & #4 above.
10. Professional Services Contingency and Construction Contingency, Items #2 and #4, are owned and controlled by the City of Sacramento. Only the City has the authority to allocate use of contingency funds (See section 5.03(B)).

5.02 Cost of the Work

The term “Cost of the Work” shall mean costs reasonably incurred by Design-Builder in the proper performance of the Work.

The following items are NOT a part of the “Cost of the Work” and shall be paid for by the CITY.

- A. Cost of the City Building Department plan check, City Building Department Construction & Demolition Permits and the City Building Department Inspections unless specifically excluded elsewhere in this agreement; and,
- B. Cost of furniture including freestanding furniture and delivery cost to the project site; and,
- C. Cost of installing data and communications systems; and,
- D. Cost of artwork related to the “Art-In-Public-Places” program, and any directly related additional foundations, footings, roof reinforcement or engineering; and,
- E. Cost of the soils report; and,
- F. Cost of the initial materials testing and special inspections throughout the work.

The following items remain the responsibility of the DESIGN-BUILDER and shall be included in the "Cost of the Work":

- A. Cost of any overtime charges, special inspections conducted outside normal working hours, retesting fees, re-inspection fees and similar charges resulting for action or inaction by the DESIGN-BUILDER; and,
- B. All costs associated with retesting, reinspection and similar quality assurance confirmation efforts when the initial test, inspection or quality assurance confirmation fails to meet the requirements of the contract documents.
- C. Cost of all CBC Title 24 Part 6 Acceptance Testing and documentation requirements.

5.03 The Guaranteed Maximum Price (GMP)

- A. Design-Builder guarantees that it shall complete all Work described in this agreement for a cost not to exceed the GMP attached to this agreement. The GMP shall include the following:
 - a. A detailed construction and design cost breakdown for all work to be completed by Design-Builder and sub-contractors, including a detailed description of all assumptions used for alternates,
 - b. A list of subcontractors;
 - c. A list of professionals;
 - d. A performance schedule documenting the Critical Path;
 - e. All documentation required in Exhibits "F" and "G";
 - f. All bonds and insurance necessary for completion of the Work.
 - g. ESD Certification documentation related to how the Design-Build team will achieve or exceed 20% participation.
- B. The Contingency is available for City's exclusive use for costs that are incurred in performing the Work that are not included in a specific line item of the GMP. Contingency funds remaining at the end of the project shall be returned to the City.
- C. Savings
 - If the sum of the actual Cost of the Work is less than the GMP, as such GMP may have been adjusted over the course of the Project, the difference ("Savings") shall remain with City and the "Contract Price" shall be reduced by the same amount upon issuance of the final payment to the Design-Builder.

GENERAL CONDITIONS

1. PROGRESS PAYMENTS AND FINAL PAYMENT

Subject to the terms and conditions of the Contract, City shall cause payments to be made upon demand of Design-Builder as follows:

- (A) On or about the first of the month, the Design-Builder shall present to the City a separate itemized Invoice for work completed through the twentieth (20th) calendar day of the preceding month. The Invoice shall be limited to design related work and associated reimbursable expenses. After the City's representative and Design-Builder approve the scope of work and charges listed in the Invoice in writing, the City will issue a certificate for one hundred percent (100%) of the Invoice amount less any amount subject to deductions or withholdings authorized or required under the contract or by any applicable laws or regulations.
- (B) On or about the first of the month, Design-Builder shall present to the City a separate itemized Pay Request Application and matching Schedule of Values for work completed through the twentieth (20th) calendar day of the preceding month. The Pay Request Application shall be limited to construction related work itemizing the amount of labor and materials incorporated in the Work. After the City's Representative and Design-Builder approve the scope of work and charges listed in the Pay Request Application and Schedule of Values in writing, and the City's Construction Manager and Inspector confirms the Pay Request Application and Schedule of Values are acceptable for payment, and the City's Labor Compliance Officer confirms all labor compliance associated with the Pay Request Application has been properly completed and filed, the City will issue a certificate for ninety five percent (95%) of the amount the City shall find to be due, subject to any deductions or withholdings authorized or required under the Contract or any applicable Laws or Regulations.
- (C) No inaccuracy or error in said monthly estimates shall operate to release Design-Builder from damages arising from such Work or from enforcement of each and

every provision of the Contract Documents, and City shall have the right subsequently to correct any error made in any estimate for payment.

- (D) Design-Builder shall not be paid for any defective or improper Work.
- (E) The remaining five (5) percent of the value of the Work performed under the Contract, if unencumbered and subject to any deductions or withholdings authorized or required under the Contract or any applicable Laws or Regulations, shall be due and payable sixty (60) days after completion and final acceptance of the Work by City; provided that the City may determine, in its sole discretion, to release up to fifty (50) % of such retention, in whole or in part, at any time. Acceptance by Design-Builder of the final payment shall constitute a waiver of all claims against the City arising under the Contract Documents, except for disputed claims in stated amounts that the Design-Builder specifically reserves in writing, but only to the extent that the Design-Builder has complied with all procedures and requirements applicable to the presentation and processing of such claim(s) under the Contract Documents. Design-Builder shall be entitled to substitute securities for retention or to direct that payments of retention be made into escrow, as provided in Public Contract Code Section 22300, upon execution of the City's Escrow Agreement for Security Deposits in Lieu of Retention.
- (F) The parties agree that, for purposes of the timely progress payment requirements specified in Public Contract Code Section 20104.50, the date that the City receives an Invoice and/or Pay Request Application jointly approved by the Design-Builder and the City's Representative as provided above shall be deemed to constitute the date that City receives an undisputed and properly submitted payment request from the Design-Builder. Progress payments not made within 30 days after this date may be subject to payment of interest as provided in Section 20104.50.

2. RETENTION OF SUMS CHARGED AGAINST DESIGN-BUILDER

When, under the provisions of this Contract or any applicable Laws or Regulations, City is authorized or required to withhold, deduct or charge any sum of money against Design-Builder, City may deduct and retain the amount of such charge from the amount of the next succeeding progress estimate(s), or from any other moneys due or that may become due Design-Builder from City. If, on completion or termination of the Contract, sums due Design-Builder are insufficient to pay City's charges, City shall have the right to recover the balance from Design-Builder or its Sureties.

3. COMMENCEMENT AND PROSECUTION OF WORK

The CITY shall issue a Notice to Proceed for the Work under this contract.

Design-Builder shall commence the Work activities on or before fifteen (15) calendar days from the date the written Notice to Proceed is issued by the City.

Design-Builder shall diligently prosecute the work to final completion.

4. TIME OF COMPLETION

The entire Work shall be brought to completion in the manner provided for in the Contract Documents on or before 180 calendar days from the date of the Notice to Proceed (hereinafter called the "Completion Date") unless extensions of time are granted in accordance with the Contract Documents.

Failure to complete the entire Work by the Completion Date and in the manner provided for in the Contract Documents shall subject Design-Builder to liquidated damages as provided in this Contract. Time is and shall be of the essence in the performance and completion of the Work.

The City may extend the contract time for purposes of administrative management. Extensions of contract time shall not extend the "Time of Completion" set forth above unless specifically mentioned as a modification to the "Time of Completion".

5. PAYMENTS DO NOT IMPLY ACCEPTANCE OF WORK

The payment of any progress payment, or the acceptance thereof by Design-Builder, shall not constitute acceptance of the Work or any portion thereof and shall in no way reduce the liability of Design-Builder to replace unsatisfactory work or material, whether or not the unsatisfactory character of such work or material was apparent or detected at the time such payment was made.

6. ACCEPTANCE NOT RELEASE

Design-Builder shall correct immediately any defective or imperfect work or materials which may be discovered before final acceptance of the entire Work, whether or not such defect or imperfection was previously noticed or identified by the City. The inspection of the Work, or any part thereof, shall not relieve Design-Builder of any of its obligations to perform satisfactory work as herein specified.

Failure or neglect on the part of City or any of its officers, employees or authorized agents to discover, identify, condemn or reject defective or imperfect work or materials shall not be construed to imply an acceptance of such work or materials, if such defect or imperfection becomes evident at any time prior to final acceptance of the entire Work, nor shall such failure or neglect be construed as barring City from enforcing Design-Builder's warranty(ies) or otherwise recovering damages or such a sum of money as may be required to repair or rebuild the defective or imperfect work or materials whenever City may discover the same, subject only to any statutes of limitation that may apply to any such claim.

7. RELEASE

If requested to do so by the City, at the time of final payment, as a condition precedent to final payment, Design-Builder and each assignee under any assignment in effect at the time of final payment shall execute and deliver a release in form and substance satisfactory to and containing such exemptions as may be found appropriate by City which shall discharge City, its officers, agents, and employees of and from all liability, obligations, and claims arising under this contract.

8. CITY'S RIGHT TO TAKE POSSESSION OF THE WORK IN WHOLE OR IN PART

The City shall have the right at any time to enter upon the Work and perform work not covered by this Contract, or to occupy and use a portion of the Work, prior to the date of the final acceptance of the Work as a whole, without in any way relieving Design-Builder of any obligations under this Contract.

9. NO WAIVER OF REMEDIES

Neither the inspection by City, its officers, employees or agents, nor any certificate or other approval for the payment of money, nor any payment for, nor acceptance of the whole or any part of the Work by City, nor any extensions of time, nor any position taken by City, its officers, employees or its agents shall operate as a waiver of any provision of the Contract Documents nor of any power herein reserved to City or any right to damages herein provided, nor shall any waiver of any breach of this Agreement be held to be a waiver of any other or subsequent breach. All remedies provided in the Contract Documents shall be taken and construed as cumulative; in addition to each and every other remedy herein provided, the City shall have any and all equitable and legal remedies that it would in any case have.

10. WARRANTY

a) Except as otherwise expressly provided in the Contract Documents, and excepting only items of routine maintenance, ordinary wear and tear and unusual abuse or neglect by City, Design-Builder warrants and guarantees all Work executed and all supplies, materials and devices of whatsoever nature incorporated in or attached to the Work, or otherwise provided as a part of the Work pursuant to the Contract, to be absolutely free of all defects of workmanship and materials for a period of one year after the completion date listed on the Notice of Completion document that is filed with the County of Sacramento. Design-Builder shall repair or replace all work or material, together with any other work or material that may be displaced or damaged in so doing, that may prove defective in workmanship or material within this one year warranty period without expense or charge of any nature whatsoever to City. Design-Builder is obligated to conduct a pre-warranty walkthrough with the owner representative to verify warranty issues 30 calendar days prior to the expiration date of the warranty period. Failure to do so will extend the warranty period until the walkthrough has occurred.

b) In the event that Design-Builder shall fail to comply with the conditions of the foregoing warranty within ten (10) calendar days after being notified of the defect in writing, City shall have the right, but shall not be obligated, to repair, or obtain the repair of, the defect and Design-Builder shall pay to City on demand all costs and expense of such repair. Notwithstanding anything herein to the contrary, in the event that any defect in workmanship or material covered by the foregoing warranty results in a condition that constitutes an immediate hazard to public health or safety, or any property interest, or any person, City shall have the right to immediately repair, or cause to be repaired, such defect, and Design-Builder shall pay to City on demand all costs and expense of such repair. The foregoing statement relating to hazards to health, safety or property shall be deemed to include both temporary and permanent repairs that may be required as determined in the sole discretion and judgment of City.

c)

d) In addition to the above, the Design-Builder shall make a written assignment of all manufacturers' and other product warranties to the City, prior to completion and final acceptance of the Work by City.

e)

The Design-Builder's Performance Bond shall secure the performance of the Design-Builder's obligations under this Section, and the Design-Builder and its Surety shall be jointly and severally liable for these obligations.

11. LIQUIDATED DAMAGES IF WORK NOT COMPLETED ON TIME

(A) The actual fact of the occurrence of damages and the actual amount of the damages that City would suffer if the entire Work, and/or any specified portion thereof, were not completed within the time(s) specified herein are dependent upon many circumstances and conditions that could prevail in various combinations, and for this reason, it is impracticable and extremely difficult to fix the actual damages. Damages that City would suffer in the event of such delay include: loss of the use of the project; expenses of prolonged assignment to the project of an architectural and/or engineering staff; prolonged costs of administration, inspection, and supervision; increased operational expenses and/or impaired operation of other facilities dependent upon completion of the project; and the loss and inconvenience suffered by the public within the City of Sacramento by reason of the delay in the completion of the project or portion thereof. Accordingly, the parties agree, and by execution of this Agreement, Design-Builder acknowledges that it understands and agrees, that the amount(s) set forth herein as liquidated damages reflect the parties' best efforts at the time of entering into the Contract to estimate the damages that may be incurred by City and the public due to the Design-Builder's delay in completion of the Work and/or any specified portion thereof, and shall be presumed to be the amount of damages sustained by the failure of Design-Builder to complete the entire Work and/or any specified portion thereof within the time(s) specified herein.

(B) Design-Builder shall pay liquidated damages to City for failure to complete the entire Work by the Completion Date (as extended in accordance with the Contract Documents, if applicable) in the amount of \$473.00 for each calendar day after the Completion Date (as extended in accordance with the Contract Documents, if applicable), continuing to the time at which the entire Work is completed. Such amount is the actual cash value agreed upon by the City and Design-Builder as the loss to City and the public resulting from Design-Builder's default.

The parties agree, and by execution of this Agreement, Design-Builder acknowledges that it understands and agrees, that the foregoing provisions provide for the imposition of liquidated damages from the Completion Date (as extended in accordance with the Contract Documents, if applicable) until the date of completion of the entire Work as determined by the Engineer in accordance with Section 8-4 of the Standard Specifications, whether or not the Work or any portion thereof is claimed or determined to be substantially complete prior to such date of completion.

THE FOLLOWING ADDITIONAL LIQUIDATED DAMAGES PROVISION(S) APPLY IF CHECKED:

- In addition to the liquidated damages specified above, Design-Builder shall pay additional liquidated damages to City for failure to complete the portion

of the Work specified below by the milestone date specified below (as such milestone date may be extended in accordance with the Contract Documents, if applicable). The amount of such additional liquidated damages shall be either [check one]:

a lump sum amount of _____, OR

the daily amount of _____ for each calendar day after such milestone date (as extended in accordance with the Contract Documents, if applicable), continuing to the time at which such portion of the Work is completed.

Such amount is the actual cash value agreed upon by the City and Design-Builder as the additional loss to City and the public resulting from Design-Builder's default.

<u>Portion of the Work</u>	<u>Milestone Date</u>

DESIGN-BUILDER'S ACKNOWLEDGMENT: _____

In addition to the potential damages described above, failure to complete the entire Work within the time(s) specified herein may expose the City to penalties or fines and/or may negatively affect the availability of project funding. In recognition of these potential damages, in addition to the liquidated damages specified above, Design-Builder shall pay additional liquidated damages to City in the lump sum amount of _____ if the entire Work is not completed by _____. Such amount is the actual cash value agreed upon by the City and Design-Builder as the additional loss to City and the public resulting from Design-Builder's default.

DESIGN-BUILDER'S ACKNOWLEDGMENT: _____

(C) In the event Design-Builder shall become liable for liquidated damages, City, in addition to all other remedies provided by law, shall have the right to withhold any and all payments that otherwise would be or become due Design-Builder until the liability of Design-Builder under this section is finally determined. City shall have the right to use and apply such payments, in whole or in part, to reimburse City for all liquidated damages due or to become due to City. Any remaining balance of such payments shall be paid to Design-Builder only after discharge in full of all liability incurred by Design-Builder under this section or otherwise under any provision of the Contract Documents or any applicable Law or Regulation. If the sum so retained by City is not sufficient to discharge all such liabilities of Design-Builder, Design-Builder shall continue to remain liable to City until all such liabilities are satisfied in full. No failure by City to withhold any payment as specified above shall in any manner be construed to constitute a release of any such liabilities nor a waiver of the City's right to withhold payment for such liabilities.

12. DESIGN-BUILDER SHALL ASSUME RISKS

Until the completion and final acceptance by City of all Work under this Contract, the Work shall be under Design-Builder's responsible care and charge. Design-Builder, at no cost to City, shall rebuild, repair, restore and make good all injuries, damages, re-erections, and repairs occasioned or rendered necessary by accidental causes of any nature, to all or any portions of the Work.

13. GENERAL LIABILITY OF DESIGN-BUILDER

Except as otherwise herein expressly stipulated, Design-Builder shall perform all the Work and furnish all the labor, materials, tools, equipment, apparatus, facilities, transportation, power and light, and appliances, necessary or proper for performing and completing the Work herein required in the manner and within the time herein specified. The mention of any specific duty or liability of Design-Builder shall not be construed as a limitation or restriction of any general liability or duty of Design-Builder, and any reference to any specific duty or liability shall be construed to be solely for the purpose of explanation.

14. INSURANCE

Design-Builder shall maintain all insurance and bonds as set forth in Exhibits "D" & "F" through completion of this contract.

15. FAILURE TO MAINTAIN BONDS OR INSURANCE

If, at any time during the performance of this Contract, Design-Builder fails to maintain any item of the bonds and/or insurance required under the Contract in full force and effect, Design-Builder shall immediately suspend all work under the Contract and notify City in writing of such failure. After such notice is provided, or if City discovers such failure and notifies Design-Builder, the City thereafter may withhold all Contract payments due or that become due until notice is received by City that such bonds and/or insurance have been restored in full force and effect and that the premiums therefore have been paid for a period satisfactory to the Division of Risk Management. Design-Builder shall not resume work until notified by City to do so, and the City shall have no responsibility or liability for any costs incurred by Design-Builder as a result of such suspension of Work.

In addition to the foregoing, any failure to maintain any item of the required bonds and/or insurance at any time during the performance of this Contract will be sufficient cause for termination of the Contract by City.

The Design-Builder shall be solely responsible for, and shall defend, indemnify and hold harmless the City, its officers, employees and agents against and from, any and all damages, claims, losses, actions, costs or other expenses of any kind incurred by any party as a direct or indirect result of any suspension of Work or termination of the Contract under the provisions of this Section.

16. EXCUSABLE DELAYS

Design-Builder shall be entitled to a no cost time extension(s) for "Excusable Delays" as defined in Exhibit B, Section 1.02, only when the request for an Excusable Delay is accepted and approved by the City's Designated Representative. Design-Builder is not entitled to, and shall not receive, additional compensation for Excusable Delays.

Time associated with Excusable Delays may be deducted from the project float administered by the City, or added to the Completion Date, at the discretion of the City's Designated Representative.

17. DESIGN-BUILDER TO SERVE NOTICE OF DELAYS

Whenever Design-Builder foresees any delay in the prosecution of the Work, and in any event as soon as possible (not to exceed a period of ten (10) calendar days) after the initial occurrence of any delay that Design-Builder regards as or may later claim to be an Excusable Delay, the Design-Builder shall notify the Engineer in writing of such delay and its cause, in order that the Engineer: (i) may take immediate steps to prevent if possible the occurrence or continuance of the delay; or (ii) if this cannot be done, may determine whether the delay is to be considered excusable, how long it continues, and to what extent the prosecution and completion of the Work are delayed thereby. Said written notice shall constitute an application for an extension of time only if the notice requests such an extension and sets forth the Design-Builder's estimate of the additional time required together with a full description of the cause of the delay relied upon.

After the completion of any part or whole of the Work, the Engineer, in estimating the amount due Design-Builder, will assume that any and all delays that may have occurred in its prosecution and completion were not Excusable Delays, except for such delays for which the Design-Builder has provided timely written notice as required herein, and that the Engineer has found to be excusable. Design-Builder shall not be entitled to claim Excusable Delay for any delay for which the Design-Builder failed to provide such timely written notice.

18. EXTENSION OF TIME

If the Design-Builder complies with Section 17, above, and the Engineer finds a delay claimed by the Design-Builder to be an Excusable Delay, the Design-Builder shall be allowed an extension of time to complete the Work that is proportional to the period of Excusable Delay determined by the Engineer, subject to the approval by City of a change order granting such time extension. During a duly authorized extension for an Excusable Delay, City shall not charge liquidated damages against the Design-Builder for such delay.

If the City extends the time to complete the Work as provided herein, such extension shall in no way release any warranty or guarantee given by Design-Builder pursuant to the provisions of the Contract Documents, nor shall such extension of time relieve or release the sureties of the Bonds provided pursuant to the Contract Documents. By executing such Bonds, the Sureties shall be deemed to have expressly agreed to any such extension of time. The granting of any extension of time as provided herein shall in no way operate as a waiver on the part of City of its rights under this Contract, excepting only extension of the Completion Date for such period of Excusable Delay as may be determined by the Engineer and approved by a duly authorized change order.

19. NO PAYMENT FOR DELAYS

No damages or compensation of any kind shall be paid to Design-Builder or any sub-contractor because of delays in the progress of the Work whether or not such delays qualify for extension of time under this Agreement; except that this provision shall not preclude the

recovery of damages for a delay caused by the City that is unreasonable under the circumstances and that is not within the contemplation of the parties, provided that the Design-Builder timely submits all such written notice(s) and fully complies with such other procedures as may be specified in the Contract Documents or any Laws or Regulations for Design-Builder to claim damages for such delay.

20. CHANGES IN THE WORK

Changes in the Work authorized or directed in accordance with the Contract Documents and extensions of time of completion made necessary by reason thereof shall not in any way release any warranty or guarantee given by Design-Builder pursuant to the provisions of the Contract Documents, nor shall such changes in the Work relieve or release the Sureties on Bonds provided pursuant to the Contract Documents. By executing such Bonds, the Sureties shall be deemed to have expressly agreed to any such change in Work and to any extension of time made by reason thereof.

21. ACCOUNTING RECORDS OF DESIGN-BUILDER

During performance of the Contract and for a period of three (3) years after completing the entire Work, Design-Builder shall maintain all accounting and financial records related to the Contract and performance of the Work in accordance with generally accepted accounting practices, and shall keep and make such records available for inspection and audit by representatives of the City upon reasonable written notice.

22. USE TAX REQUIREMENTS

- (A) Use Tax Direct Payment Permit For all leases and purchases of materials, equipment, supplies, or other tangible personal property used to perform the Contract and shipped from outside California, the Design-Builder and any subcontractors leasing or purchasing such materials, equipment, supplies or other tangible personal property shall obtain a Use Tax Direct Payment Permit from the California State Board of Equalization ("SBE") in accordance with the applicable SBE criteria and requirements.
- (B) Sellers Permit For any construction contract and any construction subcontract in the amount of \$5,000,000 or more, Design-Builder and the subcontractor(s) shall obtain sellers permits from the SBE and shall register the jobsite as the place of business for the purpose of allocating local sales and use tax to the City. Design-Builder and its subcontractors shall remit the self-accrued use tax to the SBE, and shall provide a copy of each remittance to the City.
- (C) The above provisions shall apply in all instances unless prohibited by the funding source for the Contract.

EXHIBIT B
SPECIAL CONDITIONS

B. 1.00 SPECIAL CONDITIONS

1. 1.01 Mutual Obligations

City and Design-Builder commit at all times to cooperate fully with each other, and proceed on the basis of trust and good faith, to permit each party to realize the benefits afforded under the Contract Documents.

2. 1.02 Basic Definitions

- A. **City** shall mean the City of Sacramento, A Municipal Corporation. Direction to the Design-Builder concerning work executed under this contract shall be through the City's designated representative. Directions and requirements from regulatory authorities established by the **City** shall not be construed as direction from the **City**, but rather as direction and requirements from an independent regulatory authority, and not subject to additional compensation.
- B. **City's Project Criteria** shall mean all criteria developed by or for City to describe City's program requirements and objectives for the Project, including use, space, price, time, site and expandability requirements, as well as submittal requirements and other requirements governing Design-Builder's performance of the Work. City's Project Criteria may include conceptual documents, design criteria, performance requirements and other Project-specific technical materials and requirements.
- C. **Contract** shall mean the executed contract between CITY and Design-Builder.
- D. **Day or Days** shall mean calendar days unless otherwise specifically noted in the Contract Documents.

- E. **Designer** shall mean a qualified, licensed design professional who is not an employee of Design-Builder, but is retained by Design-Builder, or employed or retained by anyone under contract with Design-Builder or Subcontractor, to furnish design services required under the Contract Documents.
- F. **Engineer** shall mean the City's designated representative.
- G. **Fully Executed** shall mean the final completion of any document requiring endorsements and signatures. A document is not fully executed until all required signatures have been secured and the document has been issued to the Design-Builder by the CITY with all required signatures.
- H. **Hazardous Materials** shall mean any materials, wastes, substances and chemicals deemed to be hazardous under applicable Legal Requirements, or the handling, storage, remediation, or disposal of which are regulated by applicable Legal Requirements.
- II. I. **LEED** shall mean "Leadership in Energy and Environmental Design" as established by the U.S. Green Building Council.
- J. **Legal Requirements** shall mean all applicable federal, state and local laws, codes, ordinances, rules, regulations, orders and decrees of any government or quasi-government entity having jurisdiction over the Project or Site, the practices involved in the Project or Site, or any Work.
- K. **Site** shall mean the project as defined by the parcel number.
- L. **Special Conditions of Contract** shall mean Exhibit B to this contract.
- M. **Subcontractor** shall mean any person or entity retained by Design-Builder as an independent contractor to perform a portion of the Work and shall include material, labor, and suppliers.
- N. **Substantially Complete** as applied to the Work shall mean that the building is ready for its intended purpose without undue interference, but there are minor deficiencies, as determined by the City Representative, that do not prevent the Work from being fully functional nor pose any risk to the public health, safety or welfare or public or private property, as determined by the City Representative. The Work shall be considered substantially complete on the date that the City Representative accepts a final punchlist prepared by Design-Builder in writing and the City's Representative issues a Notice of Substantial Completion. Liquidated damages are based upon the final completion date listed in the Notice of Completion document that is filed with the County. Liquidated damages are not based upon substantial completion, beneficial occupancy, or certificate of occupancy.

- O. **Sub-Subcontractor** shall mean any person or entity retained by a Subcontractor as an independent contractor to perform any portion of a Subcontractor's Work and shall include material, men and suppliers.
- P. **Testing Authority** shall mean the individual in charge of organizing, conducting, paying for all testing and documentation, administering tests, documenting all test results and compiling a formal Acceptance Testing Report required under Title 24, Part 6. For the purposes of this contract the Design-Builder shall be the Testing Authority.
- Q. **Work** shall mean all efforts associated with Design-Builder's design, construction and other services required by the Contract Documents, including procuring and furnishing all materials, equipment, services and labor reasonably inferable from the Contract Documents.
- R. **Rain Days** shall mean days when rain exceeds the 30 year annual mean precipitation by more than 20% as listed in the National Oceanic and Atmospheric Administration (NOAA) for the Sacramento Airport for the period of 1971-2000, when measured during the construction period of the contract. Rain days shall not be measured against monthly averages.
- S. **Excusable Delay** is limited to time delays directly caused by any of the following where the Design-Builder was not directly or indirectly responsible for the action:
1. Acts of God;
 2. Acts of a public enemy;
 3. Fires;
 4. Rain Days" as defined in Exhibit B Section 1.02.R;
 5. Riots;
 6. Insurrections;
 7. Epidemics;
 8. Quarantine restrictions;
 9. Strikes;
 10. Lockouts;
 11. Sitdowns;
 12. Unreasonable acts of a governmental agency;
 13. Priorities or privileges established for the manufacture, assembly, or allotment of materials necessary in the Work by order, decree or otherwise of the United States or by any department, bureau, commission, committee, agent, or administrator of any legally constituted public authority;
 14. Changes in the Work ordered by City insofar as they necessarily require additional time in which to complete the Work and are not part of a Change Order;
 15. Prevention of Design-Builder from commencing or prosecuting the Work because of the acts of others, excepting Design-Builder's subcontractors or suppliers; or
 16. Prevention of Design-Builder from commencing or prosecuting the Work because of a Citywide failure of public utility service.
 17. Any situation beyond the City's control.

Excusable Delays shall specifically **exclude** all of the following:

1. Delays that do not directly impact the critical path on the approved project schedule;
2. Delays that could have been avoided by the exercise of care, prudence, foresight and diligence on the part of Design-Builder;
3. Reasonable delays resulting from time required by City for review of any Design-Builder submittals and for the making of surveys, measurements and inspections;
4. Any delay arising from an interruption in the prosecution of the Work on account of reasonable interference by others employed by City that does not necessarily prevent the completion of the entire Work within the time specified.

2.00 DESIGN-BUILDER'S SERVICES AND RESPONSIBILITIES

2.01 General Services

- A. Design-Builder's Representative shall be reasonably available to City and shall have the necessary expertise and experience required to supervise the Work. Design-Builder's Representative shall communicate regularly with City and shall be vested with the authority to act on behalf of Design-Builder. Design-Builder's Representative may be replaced only with the mutual agreement of City and Design-Builder.
- B. Design-Builder shall provide City with a monthly status report detailing the progress of the Work, including (i) confirmation the Work is proceeding according to schedule, (ii) listing of discrepancies, conflicts, or ambiguities in the Contract Documents that require resolution, (iii) a listing of health and safety issues related to execution and completion of the Work, (iv) a listing of other items requiring resolution so as not to jeopardize Design-Builder's ability to complete the Work for the Contract Price and within the Contract Time(s), (v) a detailed cost and time breakdown of project cost and any executed or pending PCO's or Change Orders, and (vi) a detailed work schedule for subsequent the 60 day period.
- C. Design-Builder shall prepare and submit, at least ten (10) days prior to the meeting contemplated by Section 2.01.D hereof, a Critical Path Schedule for the execution of the Work. The schedule shall indicate the dates for the start and completion of the various stages of Work, including the dates when City information and approvals are required to enable Design-Builder to achieve the Contract Time(s). The schedule shall be revised as required by conditions and progress of the Work, but such revisions shall not relieve Design-Builder of its obligations to complete the Work within the Contract Time(s), as such dates may be adjusted in accordance with the Contract Documents. Adjustments to the Critical Path Schedule shall not use "float" or "excused delays" unless approved by City's Designate Representative City's review of and response to the schedule shall not be construed as relieving Design-Builder of its complete and exclusive

control over the means, methods, sequences and techniques for executing the Work.

- D. Within fifteen (15) days of the issuance of the Notice to Proceed the Design-Builder will meet to discuss issues affecting the administration of the Work and to implement the necessary procedures, including those relating to submittals and payment, to facilitate the ability of the parties to perform their obligations under the Contract Documents.
- E. Design-Builder assumes responsibility for protection, security and control of all facilities, structures and equipment within the areas of construction.
- F. Design-Builder assumes responsibility for installation, transferring, maintaining and paying for all utility costs related to the execution of the Work through issuance of the final Notice of Substantial Completion.

2.02 Design Professional Services

Design-Builder shall, consistent with applicable State of California licensing laws, provide through qualified, licensed design professionals employed by Design-Builder, or procured from qualified, independent licensed Design Firms, the necessary design services, including architectural, engineering and other design professional services, for the preparation of the required drawings, specifications and other design submittals to permit Design-Builder to complete the Work consistent with the Contract Documents. Nothing in the Contract Documents is intended or deemed to create any legal or contractual relationship between City and any Design Design-Builder.

2.03 Standard of Care for Design Professional Services

The standard of care for all design professional services performed to execute the Work shall be the care and skill ordinarily used by members of the design profession practicing under similar conditions at the same time and locality of the Project. Notwithstanding the preceding sentence, if the parties agree upon specific performance standards for any aspect of the Work, such standards are to be set forth in an exhibit to the Contract entitled "Performance Standard Requirements," the design professional services shall be performed to achieve such standards.

2.04 Design Development and Construction Document Services

- A. Design-Builder and City shall, consistent with any applicable provision of the Contract Documents, agree upon any interim design submissions that City may wish to review, such interim design submissions may include design criteria, drawings, diagrams and specifications setting forth the Project requirements. On or about the time of the scheduled submissions, Design-Builder and City shall meet and confer about the submissions, with Design-Builder identifying during such meetings, among other things, the evolution of the design and any significant changes or deviations from the Contract Documents, or, if applicable, previously submitted design submissions. Minutes of the meetings will be maintained by Design-Builder and provided to all attendees for review. Following

the design review meeting, City shall review and approve the interim design submissions in a time that is consistent with the turnaround times set forth in Design-Builder's schedule, but no less than 10 calendar days for simple design reviews and no less than 20 calendar days for construction document reviews. Time limits established above shall not apply to regulatory or advisory reviews such as the Design Review Commission, Community Reviews, Environmental Review, Planning Commission, Building Department, Fire Department, Health Department or similar reviews.

- B. Design-Builder shall submit Construction Documents to the City setting forth in detail drawings and specifications describing the requirements for construction of the Work. The Construction Documents shall be consistent with the latest set of interim design submissions, as such submissions may have been modified in a design review meeting. The parties shall have a design review meeting to discuss, and City shall review and approve, the documents in accordance with the procedures set forth Section 2.04.A above. Design-Builder shall proceed with construction in accordance with the approved Construction Documents and shall submit Construction Documents to City prior to commencement of construction in a format or formats acceptable to the City.
- C. City's review and approval of interim design submissions and the Construction Documents is for the purpose of mutually establishing a conformed set of Contract Documents compatible with the requirements of the Work. Neither City's review nor approval of any interim design submissions and Construction Documents shall be deemed to transfer any design liability from Design-Builder to City.
- D. To the extent not prohibited by the Contract Documents or Legal Requirements, Design-Builder may prepare interim design submissions and Construction Documents for a portion of the Work to permit construction to proceed on that portion of the Work prior to completion of the Construction Documents for the entire Work.
- E. Review and approval by the City does not supersede or relieve the Design-Builder from securing all required regulatory reviews. Where regulatory reviews modify the scope of work the Design-Builder shall immediately advise the City of the cost and schedule impacts and develop alternative solution(s) acceptable to the regulatory agency(s) and the City within the GMP.

2.05 Legal Requirements

- A. Design-Builder shall perform the Work in accordance with all Legal Requirements presented in the General Conditions of the Contract and shall provide all notices applicable to the Work as required by the Legal Requirements.
- B. The Contract Price and/or Contract Time(s) may be adjusted to compensate Design-Builder for the effects of any changes in the Legal Requirements or LEED Compliance Requirements enacted after the Guaranteed Maximum Price is accepted by the City. Such effects may include, without limitation, revisions Design-Builder is required to make to the Construction Documents because of

changes in Legal Requirements or LEED Compliance. This exception does not apply where changes were the result of normal regulatory updates, or where the changes were publicly available for review prior to the date the City accepted the GMP

2.06 Government Approvals, Utility Fees and Permits

- A. Except as noted in "Cost of the Work" Design-Builder shall prepare and file all documentation and applications and pay for all necessary permits, approvals, licenses, utility charges, government charges/fees and inspection costs required for the prosecution of the Work by any utility, government or quasi-government entity having jurisdiction over the Project.
- B. Design-Builder shall provide reasonable assistance to City in obtaining those permits, approvals and licenses that are City's responsibility.

2.07 Design-Builder's Construction Phase Services

- A. Unless otherwise provided in the Contract Documents to be the responsibility of City or a separate contractor, Design-Builder shall provide through itself or Subcontractors the necessary supervision, labor, inspection, testing, start-up, material, equipment, machinery, temporary utilities and other temporary facilities to permit Design-Builder to complete construction of the Project consistent with the Contract Documents.
- B. Design-Builder shall perform all construction activities efficiently and with the requisite expertise, skill and competence to satisfy the requirements of the Contract Documents. Design-Builder shall at all times exercise complete and exclusive control over the means, methods, sequences and techniques of construction.
- C. Design-Builder shall employ only Subcontractors who are duly licensed and qualified to perform the Work consistent with the Contract Documents. City may reasonably object to Design-Builder's selection of any Subcontractor, provided that the Contract Price and/or Contract Time(s) shall be adjusted to the extent that City's decision impacts Design-Builder's cost and/or time of performance.
- D. Design-Builder assumes responsibility to City for the proper performance of the Work of Subcontractors and any acts and omissions in connection with such performance. Nothing in the Contract Documents is intended or deemed to create any legal or contractual relationship between City and any Subcontractor or Sub-Subcontractor, including but not limited to any third-party beneficiary rights.
- E. Design-Builder shall coordinate the activities of all Subcontractors. If City performs other work on the Project or at the Site with separate contractors under City's control, Design-Builder agrees to reasonably cooperate and coordinate its activities with those of such separate contractors so that the Project can be completed in an orderly and coordinated manner without unreasonable disruption.

- F. Design-Builder shall keep the Site reasonably free from debris, trash and construction wastes to permit Design-Builder to perform its construction services efficiently, safely and without interfering with the use of adjacent land areas. Upon Substantial Completion of the Work, or a portion of the Work, Design-Builder shall remove all debris, trash, construction wastes, materials, equipment, machinery and tools arising from the Work or applicable portions thereof to permit City to occupy the Project or a portion of the Project for its intended use.
- G. Design-Builder shall secure all non-professional services, labor, materials, sub-contractors following competitive bidding guidelines. Design-Builder may be asked to include the City's designated representative in all competitive bidding activities including notification(s), document release, bid receipt/documentation, bid analysis, bid verification, bid challenges, and award procedures.

2.08 Design-Builder's Responsibility for Project Safety

- A. Design-Builder recognizes the importance of performing the Work in a safe manner so as to prevent damage, injury or loss to (i) all individuals at the Site, whether working or visiting, (ii) the Work, including materials and equipment incorporated into the Work or stored on-Site or off-Site, and (iii) all other property at the Site or adjacent thereto. Design-Builder assumes responsibility for implementing and monitoring all safety precautions and programs related to the performance of the Work. Design-Builder shall, prior to commencing construction, designate a Safety Representative with the necessary qualifications and experience to supervise the implementation and monitoring of all safety precautions and programs related to the Work. Unless otherwise required by the Contract Documents, Design-Builder's Safety Representative shall be an individual stationed at the Site who may have responsibilities on the Project in addition to safety. The Safety Representative shall make routine daily inspections of the Site and shall hold weekly safety meetings with Design-Builder's personnel, Subcontractors and others as applicable.
- B. Design-Builder and Subcontractors shall comply with all Legal Requirements relating to safety, as well as any City-specific safety requirements set forth in the Contract Documents, provided that such CITY-specific requirements do not violate any applicable Legal Requirement. Design-Builder will immediately report in writing any safety-related injury, loss, damage or accident arising from the Work to City's Representative and, to the extent mandated by Legal Requirements, to all government or quasi-government authorities having jurisdiction over safety-related matters involving the Project or the Work.
- C. Design-Builder's responsibility for safety under this Section 2.08 is not intended in any way to relieve Subcontractors and Sub-Subcontractors of their own contractual and legal obligations and responsibility for (i) complying with all Legal Requirements, including those related to health and safety matters, and (ii) taking all necessary measures to implement and monitor all safety precautions and programs to guard against injury, losses, damages or accidents resulting from their performance of the Work.

2.09 Design-Builder's Warranty

Design-Builder warrants to City that the construction, including all materials and equipment furnished as part of the construction, shall be new unless otherwise specified in the Contract Documents, of good quality, in conformance with the Contract Documents and free of defects in materials and workmanship. Design-Builder's warranty obligation excludes defects caused by abuse, alterations, or failure to maintain the Work by persons other than Design-Builder or anyone for whose acts Design-Builder may be liable. Nothing in this warranty is intended to limit any manufacturer's warranty which provides City with greater warranty rights than set forth in this Section 2.09 or the Contract Documents. Design-Builder will provide City with all manufacturers' warranties upon Substantial Completion.

3.00 CITY'S SERVICES AND RESPONSIBILITIES

3.01 City's Separate Contractors

CITY is responsible for all work performed on the Project or at the Site by separate contractors under City's control. City shall contractually require its separate contractors to cooperate with, and coordinate their activities so as not to interfere with, Design-Builder in order to enable Design-Builder to timely complete the Work consistent with the Contract Documents.

4.00 HAZARDOUS CONDITIONS AND DIFFERING SITE CONDITIONS

4.01 Hazardous Conditions

- A. Unless otherwise expressly provided in the Contract Documents to be part of the Work, Design-Builder is responsible for any Hazardous Conditions encountered at the Site.
- B. Upon encountering any Hazardous Conditions, Design-Builder will notify City and take steps necessary to protect the Work and continue working in unaffected areas of the project site whenever possible.

4.02 Differing Site Conditions

- A. Concealed or latent physical conditions or subsurface conditions at the Site that (i) materially differ from the conditions indicated in the Contract Documents or (ii) are of an unusual nature, differing materially from the conditions ordinarily encountered and generally recognized as inherent in the Work are collectively referred to herein as "Differing Site Conditions."
- B. Upon encountering a Differing Site Condition, Design-Builder shall provide prompt written notice to City of such condition, which notice shall not be later than four (4) calendar days after such condition has been encountered. Design-Builder shall, to the extent reasonably possible, provide such notice before the Differing Site Condition has been substantially disturbed or altered.

5.00 CHANGES TO THE CONTRACT PRICE AND TIME

5.01 Change Orders

- A. A Change Order is a written instrument issued after execution of the Contract fully executed by City and Design-Builder, stating their agreement upon all of the following:
1. The scope of the change in the Work;and/or
 2. The amount of the adjustment to the Contract Price; and/or
 3. The extent of the adjustment to the Contract Time(s).
- B. All changes in the Work authorized by applicable Change Order shall be performed under the applicable conditions of the Contract Documents. City and Design-Builder shall negotiate in good faith and as expeditiously as possible the appropriate adjustments for such changes.
- C. If City requests a proposal for a change in the Work from Design-Builder and subsequently elects not to proceed with the change, a Change Order shall not be issued to reimburse Design-Builder for costs incurred for estimating services, design services and services involved in the preparation of proposed revisions to the Contract Documents. .
- D. Design-Builder shall not list Change Orders on invoices or pay requests until the Change Order is fully executed.
- E. Change Orders shall be calculated using the "EZ-PCO" form and guidelines. By executing this agreement the Design-Builder agrees to the mark-up percentages and calculations set forth in the "EZ-PCO" form and guidelines.

5.02 Work Change Directives

- A. A Work Change Directive is a written order prepared and signed by City, directing a change in the Work prior to agreement on an adjustment in the Contract Price and/or the Contract Time(s).
- B. City and Design-Builder shall negotiate in good faith and as expeditiously as possible the appropriate adjustments for the Work Change Directive. Upon reaching an agreement, the parties shall prepare and execute an appropriate Change Order reflecting the terms of the agreement.

5.03 Minor Changes in the Work

Minor changes in the Work do not involve an adjustment in the Contract Price and/or Contract Time(s) and do not materially and adversely affect the Work in the judgment of the City. Design-Builder may make minor changes in the Work consistent with the intent of the Contract Documents, provided, however that Design-Builder shall promptly inform City in writing before any minor change is implemented, and receive written confirmation from the City accepting the minor change in the Work.

5.04 Emergencies

In any emergency affecting the safety of persons and/or property, Design-Builder shall act, at its discretion, to prevent threatened damage, injury or loss, but shall take steps to immediately notify the City of the emergency and submit a written notification to the City within 24 hours of taking any emergency action.

6.00 CONTRACT ADJUSTMENTS AND DISPUTES

6.01 Duty to Continue Performance

Unless provided to the contrary in the Contract Documents, Design-Builder shall continue to perform the Work and City shall continue to satisfy its payment obligations to Design-Builder, pending the final resolution of any dispute or disagreement between Design-Builder and City.

6.02 Consequential Damages

Notwithstanding anything herein to the contrary, neither Design-Builder nor City shall be liable to the other for any consequential losses or damages, whether arising in contract, warranty, tort (including negligence), strict liability or otherwise, including but not limited to losses of use, profits, business, reputation or financing, excluding Liquidated Damages established in this contract.

7.00 MISCELLANEOUS

7.01 Assignment

Neither Design-Builder nor City shall, without the written consent of the other assign, transfer or sublet any portion or part of the Work or the obligations required by the Contract Documents.

7.02 Successorship

Design-Builder and City intend that the provisions of the Contract Documents are binding upon the parties, their employees, agents, heirs, successors and assigns.

7.03 Governing Law

The Contract and all Contract Documents shall be governed by the laws of the State of California, without giving effect to its conflict of law principles.

7.04 Severability

If any provision or any part of a provision of the Contract Documents shall be finally determined to be superseded, invalid, illegal, or otherwise unenforceable pursuant to any applicable Legal Requirements, such determination shall not impair or otherwise affect the validity, legality, or enforceability of the remaining provision or parts of the provision of the Contract Documents, which shall remain in full force and effect as if the unenforceable provision or part were deleted.

7.05 No Waiver

The failure of either Design-Builder or City to insist, in any one or more instances, on the performance of any of the obligations required by the other under the Contract

Documents shall not be construed as a waiver or relinquishment of such obligation or right with respect to future performance.

7.06 Headings

The headings used in these Special Conditions of Contract, or any other Contract Document, are for ease of reference only and shall not in any way be construed to limit or alter the meaning of any provision.

7.07 Notice

Whenever the Contract Documents require that notice be provided to the other party, notice will be deemed to have been validly given (i) if delivered in person to the individual intended to receive such notice, (ii) four (4) days after being sent by registered or certified mail, postage prepaid to the address indicated in the Contract or (iii) if transmitted by facsimile, by the time stated in a machine generated confirmation that notice was received at the facsimile number of the intended recipient.

7.08 Amendments

The Contract Documents may not be changed, altered, or amended in any way except in writing signed by a duly authorized representative of each party.

EXHIBIT C

FACILITIES AND EQUIPMENT TO BE PROVIDED BY CITY

CITY shall not furnish any facilities or equipment for the execution of the Work.

EXHIBIT D

GENERAL PROVISIONS

1. Independent Contractor.

- A. It is understood and agreed that DESIGN-BUILDER (including DESIGN-BUILDER's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither DESIGN-BUILDER nor DESIGN-BUILDER's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to DESIGN-BUILDER under the provisions of this Agreement, and DESIGN-BUILDER shall be issued a Form 1099 for its services hereunder. As an independent contractor, DESIGN-BUILDER hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of DESIGN-BUILDER's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)
- B. It is further understood and agreed by the parties hereto that DESIGN-BUILDER, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by DESIGN-BUILDER for accomplishing such results. To the extent that DESIGN-BUILDER obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the DESIGN-BUILDER's sole discretion based on the DESIGN-BUILDER's determination that such

use will promote DESIGN-BUILDER's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that DESIGN-BUILDER use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.

- C. If, in the performance of this Agreement, any third persons are employed by DESIGN-BUILDER, such persons shall be entirely and exclusively under the direction, supervision, and control of DESIGN-BUILDER. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by DESIGN-BUILDER. It is further understood and agreed that DESIGN-BUILDER shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of DESIGN-BUILDER's assigned personnel and subcontractors.
- D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and DESIGN-BUILDER. DESIGN-BUILDER may represent, perform services for, or be employed by such additional persons or companies as DESIGN-BUILDER sees fit provided that DESIGN-BUILDER does not violate the provisions of Section 5, below.

- 2. **Licenses; Permits, Etc.** DESIGN-BUILDER represents and warrants that DESIGN-BUILDER has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that are legally required for DESIGN-BUILDER to practice its profession or provide any services under the Agreement. DESIGN-BUILDER represents and warrants that DESIGN-BUILDER shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for DESIGN-BUILDER to practice its profession or provide such Services. Without limiting the generality of the foregoing, if DESIGN-BUILDER is an out-of-state corporation, DESIGN-BUILDER warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
- 3. **Time.** DESIGN-BUILDER shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of DESIGN-BUILDER's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
- 4. **DESIGN-BUILDER Not Agent.** Except as CITY may specify in writing, DESIGN-BUILDER and DESIGN-BUILDER's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. DESIGN-BUILDER and DESIGN-BUILDER's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.

5. **Conflicts of Interest.** DESIGN-BUILDER covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder DESIGN-BUILDER's performance of Services under this Agreement. DESIGN-BUILDER further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. DESIGN-BUILDER agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If DESIGN-BUILDER is or employs a former officer or employee of the CITY, DESIGN-BUILDER and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.

6. **Confidentiality of CITY Information.** During performance of this Agreement, DESIGN-BUILDER may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the CITY. DESIGN-BUILDER agrees to protect all City Information and treat it as strictly confidential, and further agrees that DESIGN-BUILDER shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, DESIGN-BUILDER shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions # 30. A violation by DESIGN-BUILDER of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. **DESIGN-BUILDER Information.**
 - A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by DESIGN-BUILDER pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostating, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. DESIGN-BUILDER shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.

 - B. DESIGN-BUILDER shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by DESIGN-BUILDER pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights.

CITY shall make reasonable efforts to notify DESIGN-BUILDER not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve DESIGN-BUILDER of its obligations hereunder, which shall survive any termination or expiration of this Agreement.

- C. All proprietary and other information received from DESIGN-BUILDER by CITY, whether received in connection with DESIGN-BUILDER's proposal to CITY or in connection with any Services performed by DESIGN-BUILDER, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to DESIGN-BUILDER of any request for the disclosure of such information. The DESIGN-BUILDER shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The DESIGN-BUILDER shall have sole responsibility for defense of the actual "trade secret" designation of such information.
- D. The parties understand and agree that any failure by DESIGN-BUILDER to respond to the notice provided by CITY and/or to enter into an agreement with CITY, in accordance with the provisions of subsection C, above, shall constitute a complete waiver by DESIGN-BUILDER of any rights regarding the information designated "trade secret" by DESIGN-BUILDER, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

8. Standard of Performance.

DESIGN-BUILDER shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of DESIGN-BUILDER's profession in California. All products of whatsoever nature that DESIGN-BUILDER delivers to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in DESIGN-BUILDER's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. DESIGN-BUILDER shall assign only competent personnel to perform Services pursuant to this Agreement. DESIGN-BUILDER shall notify CITY in writing of any changes in DESIGN-BUILDER's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by DESIGN-BUILDER to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, DESIGN-BUILDER shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. DESIGN-BUILDER Bankrupt.

If Design-Builder should commence any bankruptcy proceeding, or if Design-Builder is adjudged a bankrupt, or if Design-Builder makes any assignment for the benefit of creditors, or if a receiver is appointed on account of Design-Builder's insolvency, then the City may, without prejudice to any other right or remedy, terminate the Contract and complete the work by giving notice as provided above.

10. Termination After Completion Date.

In addition to any other rights City may have, if any services or work required under the Contract (including but not limited to punch list items) are not completed as of the Completion Date (as adjusted by any extensions of time for Excusable Delays granted pursuant to the Contract Documents), City may terminate the Contract at any time after the Completion Date (as adjusted by any extensions of time for Excusable Delays granted pursuant to the Contract Documents), by providing a written notice to Contractor specifying the date of termination. Such notice also may specify conditions or requirements that Design-Builder must meet to avoid termination of the Contract on such date. If Design-Builder fails to fulfill all such conditions and requirements by such termination date, or, if no such conditions or requirements are specified, Design-Builder shall cease rendering services and performing work on such termination date, and shall not be entitled to receive any compensation for services rendered or work performed after such termination date. In the event of such termination, Design-Builder shall remain liable to City for liquidated damages incurred for any period of time prior to the termination date.

In addition to any other charges, withholdings or deductions authorized under the Contract or any Laws or Regulations, if City terminates the Contract pursuant to this section, City may withhold and deduct from any payment and/or retention funds otherwise due Design-Builder any sum necessary to pay the City's cost of completing or correcting, or contracting for the completion or correction of, any services or work under the Contract that are not completed to the satisfaction of the City or that otherwise are deficient or require correction as of such termination date, including but not limited to incomplete punch list items. Such costs shall include all of the City's direct and indirect costs incurred to complete or correct such services or work, including the City's administrative and overhead costs. If the amount of payment(s) and/or retention funds otherwise due the Design-Builder are insufficient to pay such costs, City shall have the right to recover the balance of such costs from the Design-Builder and/or its Surety(ies).

11. Termination for Convenience.

Upon written notice to the Design-Builder, the City may at any time, without cause and without prejudice to any other right or remedy of the City, elect to terminate the Contract for the convenience of City. In such case, the Design-Builder shall be paid (without duplication of any items, and after deduction and/or withholding of any amounts authorized to be deducted or withheld by the Contract Documents or any Laws or Regulations):

(A) For Work executed in accordance with the Contract Documents prior to the effective date of termination and determined to be acceptable by the Engineer, including fair and reasonable sums for overhead and profit on such Work;

(B) For reasonable claims, costs, losses, and damages incurred in settlement of terminated contracts with subcontractors, suppliers, and others; and

(C) For reasonable expenses directly attributable to termination.

Design-Builder shall not be paid for any loss of anticipated profits or revenue for any Work not performed prior to termination, nor for any economic loss arising out of or resulting from such termination, except for the payments listed in this section. Design-Builder's warranty under Section 10 of Exhibit A within this Agreement shall apply, and Design-Builder shall remain responsible for all obligations related to such warranty, with respect to all portions of the Work performed prior to the effective date of the termination for convenience pursuant to this section. The City shall be entitled to have any or all remaining Work performed by other contractors or by any other means at any time after the effective date of a termination for convenience pursuant to this section.

12. Termination for Breach of Contract

If Design-Builder abandons the Work under this Contract, or if the Contract or any portion of the Contract is sublet or assigned without the consent of the City, or if the Engineer determines in the Engineer's sole discretion that the conditions of the Contract in respect to the rate of progress of the Work are not being fulfilled or any part thereof is unnecessarily delayed, or if Design-Builder violates or breaches, or fails to execute in good faith, any of the terms or conditions of the Contract, or if Design-Builder refuses or fails to supply enough properly skilled labor or materials or refuses or fails to make prompt payment to subcontractors for material or labor, or if Design-Builder disregards any Laws or Regulations or proper instruction or orders of the Engineer, then, notwithstanding any provision to the contrary herein, the City may give Design-Builder and its Sureties written notification to immediately correct the situation or the Contract shall be terminated.

In the event that such notice is given, and, in the event such situation is not corrected, or arrangements for correction satisfactory to the City are not made, within ten (10) calendar days from the date of such notice or within such other period of time as may be specified by the City in the notice, the Contract shall upon the expiration of said period cease and terminate. In the event of any such termination, City may take over the Work and prosecute the Work to completion, or otherwise, and the Design-Builder and its Sureties shall be liable to City for any cost occasioned City thereby, as hereinafter set forth.

In the event City completes the Work, or causes the Work to be completed, no payment of any kind shall be made to Design-Builder until the Work is complete. The cost of completing the Work, including but not limited to, extra costs of project administration and management incurred by City, both direct or indirect, shall be deducted from any sum then due, or that becomes due, to Design-Builder from City. If sums due to Design-Builder from City are less than the cost of completing the Work, Design-Builder and its Sureties shall pay City a sum equal to this difference on demand. In the event City completes the Work, and there is a sum remaining due to Design-Builder after City deducts the costs of completing the Work, then City shall pay such sum to Design-Builder. The Design-Builder and Design-Builder's Sureties shall be jointly and severally liable for all obligations imposed on Design-Builder hereunder.

No act by City before the Work is finally accepted, including, but not limited to, exercise of other rights under the Contract, actions at law or in equity, extensions of time, payments,

assessments of liquidated damages, occupation or acceptance of any part of the Work, waiver of any prior breach of the Contract or failure to take action pursuant to this section upon the happening of any prior default or breach of Design-Builder, shall be construed to be a waiver or estoppel of the City's right to act pursuant to this Section upon any subsequent event, occurrence or failure by Design-Builder to fulfill the terms and conditions of the Contract. The rights of City to terminate the Contract pursuant to this Section and pursuant to all Termination Sections are cumulative and are in addition to all other rights of City pursuant to the Contract and at law or in equity.

13. Sureties' Obligations Upon Termination.

If the City terminates the Contract pursuant to the Termination Sections above:

(A) The Surety under Design-Builder's performance bond shall be fully responsible for all of the Design-Builder's remaining obligations of performance under the Contract as if the Surety were a party to the Contract, including without limitation Design-Builder's obligations, as provided in the Contract Documents, to complete and provide a one-year warranty of the entire Work, pay liquidated damages and indemnify, defend and hold harmless City, up to the full amount of the performance bond.

(B) The Surety under Design-Builder's payment bond shall be fully responsible for the performance of all of the Design-Builder's remaining payment obligations for work, services, equipment or materials performed or provided in connection with the Work or any portion thereof, up to the full amount of the payment bond.

14. City's Right to Perform and Terminate for Cause.

15. Design-Builder's Right to Stop Work.

Design-Builder may not stop work unless directed to do so by City, or under "Emergency" conditions as set forth in this contract.

16. Indemnity and Hold Harmless.

(A) Design-Builder shall defend, hold harmless and indemnify the City, its officers, employees, and agents, and each and every one of them, from and against any and all actions, damages, costs, liabilities, claims, demands, losses, judgments, penalties, costs and expenses of every type and description, whether arising on or off the site of the Work, including, but not limited to, any fees and/or costs reasonably incurred by City's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Liabilities"), including but not limited to Liabilities arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, arising out of or in any way connected with performance of or failure to perform the Work by the Design-Builder, any subcontractor or agent, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, whether or not (i) such

Liabilities are caused in part by a party indemnified hereunder, or (ii) such Liabilities are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for damages for death or bodily injury to persons, injury to property, or other loss, damage or expense to the extent arising from (i) the sole negligence or willful misconduct of, or defects in design furnished by, City, its agents, servants, or independent contractors who are directly responsible to City, or (ii) the active negligence of City.

- (B) The existence or acceptance by City of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of City's rights under this Section 16, nor shall the limits of such insurance limit the liability of Design-Builder hereunder. The provisions of this Section 16 shall survive any expiration or termination of the Contract.

17. Insurance.

During the entire term of this Contract and until completion and final acceptance of the Work as provided in the Contract Documents, Design-Builder shall maintain in full force and effect the insurance coverage described in this section.

Full compensation for all premiums that Design-Builder is required to pay for the insurance coverage described herein shall be included in the compensation specified for performance of the Work under the Contract. No additional compensation will be provided for Design-Builder's insurance premiums.

It is understood and agreed by the Design-Builder that its liability to the City shall not in any way be limited to or affected by the amount of insurance coverage required of or carried by the Design-Builder.

A. Minimum Scope and Limits of Insurance Coverage

(1) Commercial General Liability Insurance, providing coverage at least as broad as ISO CGL Form 00 01 on an occurrence basis for bodily injury, including death, of one or more persons, property damage and personal injury, with limits of not less than one million dollars (\$1,000,000) per occurrence. The policy shall provide contractual liability and products and completed operations coverage for the term of the policy.

(2) Automobile Liability Insurance providing coverage at least as broad as ISO Form CA 00 01 on an occurrence basis for bodily injury, including death, of one or more persons, property damage and personal injury, with limits of not less than one million dollars (\$1,000,000) per occurrence. The policy shall provide coverage for owned, non-owned and/or hired autos as appropriate to the operations of the Design-Builder.

(3) Workers' Compensation Insurance with statutory limits, and Employers' Liability Insurance with limits of not less than one million dollars (\$1,000,000). The Worker's Compensation policy shall include a waiver of subrogation.

(4) Professional Liability Insurance providing coverage on a claims made basis for errors, omissions, or malpractice with limits of not less than one million (\$1,000,000) dollars.

B. Additional Insured Coverage

(1) Commercial General Liability Insurance: The City, its officials, employees and volunteers shall be covered by policy terms or endorsement as additional insureds as respects general liability arising out of activities performed by or on behalf of Design-Builder, products and completed operations of Design-Builder, and premises owned, leased or used by Design-Builder. The general liability additional insured endorsement must be signed by an authorized representative of the insurance carrier.

If the policy includes a blanket additional insured endorsement or contractual additional insured coverage, the above signature requirement may be fulfilled by submitting that document with a signed declaration page referencing the blanket endorsement or policy form.

(2) Automobile Liability Insurance: The City, its officials, employees and volunteers shall be covered by policy terms or endorsement as additional insureds as respects auto liability.

C. Other Insurance Provisions

The policies are to contain, or be endorsed to contain, the following provisions:

(1) Contractor's insurance coverage shall be primary insurance as respects City, its officials, employees and volunteers. Any insurance or self-insurance maintained by City, its officials, employees or volunteers shall be in excess of Contractor's insurance and shall not contribute with it.

(2) Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its officials, employees or volunteers.

(3) Coverage shall state that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) City will be provided with thirty (30) days written notice of cancellation or material change in the policy language or terms.

D. Acceptability of Insurance

Insurance shall be placed with insurers with a Bests' rating of not less than A:V. Self-insured retentions, policy terms or other variations that do not comply with the requirements of this Section must be declared to and approved by the City Risk Management Division in writing prior to execution of this Agreement.

E. Verification of Coverage

(1) Contractor shall furnish City with certificates and required endorsements evidencing the insurance required. Contractor shall provide initial insurance documents to the Engineer upon request, prior to execution of the final contract. All future insurance renewal documents shall be sent to:

EBIX BPO
212 Kent Street
Portland, MI, 48875
Phone: (517) 647-1700
Fax: (517) 647-7900
Email: CertsOnly@periculum.com

(2) Copies of policies shall be delivered to the City on demand. Certificates of insurance shall be signed by an authorized representative of the insurance carrier.

F. Subcontractors

Design-Builder shall require and verify that all subcontractors maintain insurance coverage that meets the minimum scope and limits of insurance coverage specified in subsection A, above.

G. Builders Risk Property Insurance

Design-Builder shall maintain Builder's Risk property insurance coverage in the amount of replacement value of the work. Such property insurance shall be maintained by Design-Builder until final payment has been made under this Contract. This insurance shall include the interests of the CITY, Design-Builder, their consultants, contractors, sub-contractors, vendors of every tier, as their interest may appear.

This property insurance shall be on an "all-risk" or equivalent policy form and shall include without limitation, insurance against the perils of fire, earthquake, and physical loss or damage including theft, vandalism, malicious mischief, collapse, flood, windstorm, falsework, temporary buildings and debris removal including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for Contractor's services and expenses required as a result of such insured loss. Design-Builder shall fund the deductible which shall not exceed \$10,000.

DESIGN-BUILDER shall provide the City with a certificate of insurance and loss payee endorsement showing proof of coverage prior to commencement of construction activities.

18. Equal Employment Opportunity.

During the performance of this Contract, DESIGN-BUILDER, for itself, its assignees

and successors in interest, agrees as follows:

- A. Compliance With Regulations: DESIGN-BUILDER shall comply with the Executive Order 11246 entitled "Equal Opportunity in Federal Employment", as amended by Executive Order 11375 and 12086, and as supplemented in Department of Labor regulations (41 CFR Chapter 60), hereinafter collectively referred to as the "Regulations".

Nondiscrimination: DESIGN-BUILDER, with regards to the work performed by It after award and prior to completion of the work pursuant to this Contract, shall not discriminate on the ground of race, color, religion, sex, national origin, age, marital status, physical handicap or sexual orientation in selection and retention of subcontractors, including procurement of materials and leases of equipment. DESIGN-BUILDER shall not participate either directly or indirectly in discrimination prohibited by the Regulations.

- B. Solicitations for Subcontractors, Including Procurement of Materials and Equipment: In all solicitations either by competitive bidding or negotiations made by DESIGN-BUILDER for work to be performed under any subcontract, including all procurement of materials or equipment, each potential subcontractor or supplier shall be notified by DESIGN-BUILDER of DESIGN-BUILDER's obligation under this Contract and the Regulations relative to nondiscrimination on the ground of race, color, religion, sex, national origin, age, marital status, physical handicap or sexual orientation.

- C. Information and Reports: DESIGN-BUILDER shall provide all information and reports required by the Regulations, or by any orders or instructions issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the CITY to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of DESIGN-BUILDER is in the exclusive possession of another who fails or refuses to furnish this information, DESIGN-BUILDER shall so certify to the CITY, and shall set forth what efforts it has made to obtain the information.

- D. Sanctions for Noncompliance: In the event of noncompliance by DESIGN-BUILDER with the nondiscrimination provisions of this Contract, the CITY shall impose such sanctions as it may determine to be appropriate including, but not limited to:

- (1) Withholding of payments to DESIGN-BUILDER under this Contract until DESIGN-BUILDER complies;
- (2) Cancellation, termination, or suspension of the Contract, in whole or in part.

- E. Incorporation of Provisions: DESIGN-BUILDER shall include the provisions of subsections A through E, above, in every subcontract, including procurement of materials and leases of equipment, unless exempted by the Regulations, or by any order or instructions issued pursuant thereto. DESIGN-BUILDER shall take such action with respect to any subcontract or procurement as the

CITY may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event DESIGN-BUILDER becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, DESIGN-BUILDER may request CITY to enter such litigation to protect the interests of CITY.

EXHIBIT E

REQUIREMENTS FOR THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS BY CITY CONTRACTORS ORDINANCE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits By City Contractors Ordinance (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$25,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed. The provisions apply only to those employee(s) actually working on the City contract and only for the actual amount of time the employee(s) spend working on such contract.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

“Contract” means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. “Contract” also means a written agreement for the exclusive use (“exclusive use” means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City’s use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

“Contract” shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation, street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

“Contractor” means any person or persons, firm partnership or corporation, company, or combination thereof, that enters into a Contract with the City. “Contractor” does not include a public entity.

“Domestic Partner” means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

“Employee Benefits” means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. “Employee benefits” shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR’S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee’s name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A

violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

III. EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

(a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form (attachment "A"), signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.

(b) The Contractor shall give each existing employee working directing on a City contract, and (at the time of hire), each new employee, a copy of the notification provided as attachment "B."

(c) Contractor shall post, in a place visible to all employees, a copy of the notice provided as attachment "C."

Address

The above named contractor ("Contractor") hereby declares and agrees as follows:

1. I have read and understand the Non-Discrimination In Employee Benefits By City Contractors Ordinance ("Ordinance") provided to me by the City of Sacramento ("City") in connection with the City's request for proposals or other solicitations for the performance of services, or for the provision of commodities, under a City contract or agreement ("Contract").
2. As a condition of receiving the City Contract, I agree to fully comply with the requirements of the Ordinance, codified as Chapter 3. 54 of the Sacramento City Code.
3. If the face amount of this City Contract is less than \$25,000, as a condition of receiving this Contract, I agree to notify the City in writing if the aggregate value of the City Contract referenced herein, after changes, modifications, or similar actions, equals or exceeds \$25,000 in total value.
4. I understand, to the extent that such benefits are not preempted or prohibited by federal or state law, employee benefits covered by the Ordinance, are any of the following:
 - a. Bereavement Leave
 - b. Disability, life, and other types of insurance
 - c. Family medical leave
 - d. Health benefits
 - e. Membership or membership discounts

- f. Moving expenses
- g. Pension and retirement benefits
- h. Vacation
- i. Travel benefits
- j. Any other benefit offered to employees

I agree that should I offer any of the above listed employee benefits, that I will offer those benefits, without discrimination between employees with spouses and employees with domestic partners, and without discrimination between the spouses and domestic partners of such employees.

5. I understand that I will not be considered to be discriminating in the provision or application of employee benefits under the following conditions or circumstances:

**DECLARATION OF COMPLIANCE
Equal Benefits Ordinance**

- a. In the event that the actual cost of providing a benefit to a domestic partner or spouse, exceeds the cost of providing the same benefit to a spouse or domestic partner of an employee, I will not be required to provide the benefit, nor shall it be deemed discriminatory, if I require the employee to pay the monetary difference in order to provide the benefit to the domestic partner or to the spouse.
- b. In the event I am unable to provide a certain benefit, despite taking reasonable measures to do so, if I provide the employee with a cash equivalent, I will not be deemed to be discriminating in the application of that benefit.
- c. If I provide employee benefits neither to employee's spouses nor to employee's domestic partners.
- d. If I provide employee benefits to employees on a basis unrelated to marital or domestic partner status.
- e. If I submit, to the Program Coordinator, written evidence of making reasonable efforts to end discrimination in employee benefits by implementing policies which are to be enacted before the first effective date after the first open enrollment process following the date the Contract is executed with the City.

I understand that any delay in the implementation of such policies may not exceed one (1) year from the date the Contract is executed with the City, and applies only to those employee benefits for which an open enrollment process is applicable.

- f. Until administrative steps can be taken to incorporate, in the infrastructure, nondiscrimination in employee benefits

The time allotted for these administrative steps will apply only to those employee benefits for which administrative steps are necessary and may not exceed three (3) months from the date the Contract is executed with the City.

- g. Until the expiration of a current collective bargaining agreement(s) where, in fact, employee benefits are governed by a collective bargaining agreement(s).
- h. I take all reasonable measures to end discrimination in employee benefits by either requesting the union(s) involved agree to reopen the agreement(s) in order for me to take whatever steps are necessary to end discrimination in employee benefits or by my ending discrimination in employee benefits without reopening the collective bargaining agreement(s).

**DECLARATION OF COMPLIANCE
Equal Benefits Ordinance**

- i. In the event I cannot end discrimination in employee benefits despite taking all reasonable measures to do so, I provide a cash equivalent to eligible employees for whom employee benefits (as listed previously), are not available.

Unless otherwise authorized in writing by the City Manager, I understand this cash equivalent must begin at the time the union(s) refuse to allow the collective bargaining agreement(s) to be reopened or no longer than three (3) months from the date the Contract is executed with the City.

- 6. I understand that failure to comply with the provisions of Section 5. (a) through 4. (i), above, will subject me to possible suspension and/or termination of this Contract for cause; repayment of any or all of the Contract amount disbursed by the City; debarment for future contracts until all penalties and restitution have been paid in full; deemed ineligible for future contracts for up to two (2) years; the imposition of a penalty, payable to the City, in the sum of \$50.00 for each employee, for each calendar day during which the employee was discriminated against in violation of the provisions of the Ordinance.
- 7. I understand and do hereby agree to provide each current employee and, within ten (10) days of hire, each new employee, of their rights under the Ordinance. I further agree to maintain a copy of each such letter provided, in an appropriate file for possible inspection by an authorized representative of the City. I also agree to prominently display a poster informing each employee of these rights.
- 8. I understand that I have the right to request an exemption to the benefit provisions of the Ordinance when such a request is submitted to the Procurement Services Division, in writing with sufficient justification for resolution, prior to contract award.

I further understand that the City may request a waiver or exemption to the provisions or requirements of the Ordinance, when only one contractor is available to enter into a contract or agreement to occupy and use City property on terms and conditions established by the City; when sole source conditions exist for goods, services, public project or improvements and related construction services; when there are no responsive bidders to the EBO requirements and the contract is for essential goods or services; when emergency conditions with public health and safety implications exist; or when the contract is for specialized legal services if in the best interest of the City.

9. In consideration of the foregoing, I shall defend, indemnify and hold harmless, the City, its officers and employees, against any claims, actions, damages, costs (including reasonable attorney fees), or other liabilities of any kind arising from any violation of the City's Equal Benefits Requirements or of the Ordinance by me.

**DECLARATION OF COMPLIANCE
Equal Benefits Ordinance**

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that I am authorized to bind the Contractor to the provisions of this Declaration.

**YOUR RIGHTS UNDER THE CITY OF SACRAMENTO'S
NON-DISCRIMINATION IN EMPLOYEE BENEFITS BY CITY CONTRACTORS
ORDINANCE**

On (date), your employer (the "Employer") entered into a contract with the City of Sacramento (the "City") for (contract details), and as a condition of that contract, agreed to abide by the requirements of the City's Non-Discrimination In Employee Benefits By City Contractors Ordinance (Sacramento City Code Section 3.54).

The Ordinance does not require the Employer to provide employee benefits. The Ordinance does require that if certain employee benefits are provided by the Employer, that those benefits be provided without discrimination between employees with spouses and employees with domestic partners, and without discrimination between the spouse or domestic partner of employees.

The Ordinance covers any employee working on the specific contract referenced above, but only for the period of time while those employees are actually working on this specific contract.

The included employee benefits are:

- | | |
|---|---|
| - Bereavement leave | - Moving expenses |
| - Disability, life and other types of insurance | - Pension and retirement benefits |
| - Family medical leave | - Vacation |
| - Health benefits | - Travel benefits |
| - Membership or membership discounts | - Any other benefits given to employees |

(Employee Benefits does not include benefits that may be preempted by federal or state law.)

If you feel you have been discriminated or retaliated against by your employer in the terms and conditions of your application for employment, or in your employment, or in the application of these employee benefits, because of your status as an applicant or as an employee protected by the Ordinance, or because you reported a violation of the Ordinance, and after having exhausted all remedies with your employer,

You May . . .

- o Submit a written complaint to the City of Sacramento, Contract Services Unit, containing the details of the alleged violation. The address is:

City of Sacramento
Contract Services Unit
915 I St., 2nd Floor
Sacramento, CA 95814

- o Bring an action in the appropriate division of the Superior Court of the State of California against the Employer and obtain the following remedies:
 - Reinstatement, injunctive relief, compensatory damages and punitive damages
 - Reasonable attorney's fees and costs

YOUR RIGHTS UNDER THE CITY OF SACRAMENTO'S

NON-DISCRIMINATION IN EMPLOYEE BENEFITS BY CITY CONTRACTORS ORDINANCE

If your employer provides employee benefits, they must be provided to those employees working on a City of Sacramento contract without discriminating between employees with spouses and employees with domestic partners.

The included employee benefits are:

- Bereavement leave
- Disability, life and other types of insurance
- Family medical leave
- Health benefits
- Membership or membership discounts
- Moving expenses
- Pension and retirement benefits
- Vacation
- Travel benefits
- Any other benefits given to employees

If you feel you have been discriminated against by your employer . . .

You May . . .

- o Submit a written complaint to the City of Sacramento, Contract Services Unit, containing the details of the alleged violation. The address is:

City of Sacramento
Contract Services Unit

915 I St., 2nd Floor
Sacramento, CA 95814

- Bring an action in the appropriate division of the Superior Court of the State of California against the employer and obtain reinstatement, injunctive relief, compensatory damages, punitive damages and reasonable attorney's fees and costs.

Discrimination and Retaliation Prohibited.

If you feel you have been discriminated or retaliated against by your employer in the terms and conditions of your application for employment, or in your employment, because of your status as an applicant or as an employee protected by the Ordinance, or because you reported a violation of this Ordinance . . .

You May Also . . .

Submit a written complaint to the City of Sacramento, Contract Services Unit, at the same address, containing the details of the alleged violation.

WHEREAS, the City of Sacramento, State of California, hereinafter called City, has conditionally awarded to Otto Construction, 1717 2nd Street, Sacramento, CA 95811:

as principal, hereinafter called Contractor, a contract for construction of:
Fairbairn Water Treatment Plant Re-Roof Project (P13131541010)
which contract is by reference incorporated herein and made a part hereof as if the Surety named below were a party to the contract, and is hereinafter referred to as the Contract; and

WHEREAS, under the terms of the Contract, Contractor is required to furnish a bond for the faithful performance of the Contract.

NOW, THEREFORE, we the Contractor and (*here insert full name and address of Surety*):
Travelers Casualty and Surety Company of America, One Tower Square, Hartford, CT 06183,
a corporation duly authorized and admitted to transact business and issue surety bonds in the State of California, hereinafter called Surety, are held and firmly bound unto the City, as obligee, in the sum of:
Nine Hundred Fifteen Thousand Eight Hundred Seventy Seven Dollars and no cents (\$915,877.00),
for the payment of which sum well and truly to be made, we the Contractor and Surety bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally. The condition of this obligation is such that, if the Contractor, Contractor's heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and fully perform all covenants, conditions and agreements required to be kept and performed by Contractor in the Contract and any changes, additions or alterations made thereto, to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meanings, and shall indemnify and save harmless the City, its officers, employees and agents, as therein provided, then the Surety's obligations under the Contract and this bond shall be null and void; otherwise they shall be and remain in full force and effect. This obligation shall remain in full force and effect through the end of the Contract warranty period, which will expire one year after the completion of work date specified in the Notice of Completion filed for the above-named project.

As part of the obligations secured hereby and in addition to the sum specified above, there shall be included all costs, expenses and fees, including attorney's fees, reasonably incurred by City in successfully enforcing such obligations, all to be taxed as costs and included in any judgment rendered.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or to the specifications accompanying the same shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension, alteration or addition.

IN WITNESS WHEREOF, this instrument has been duly executed by authorized representatives of the Contractor and Surety. SIGNED AND SEALED on May 7, 2013.

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Farmington Casualty Company, Fidelity and Guaranty Insurance Company, Fidelity and Guaranty Insurance Underwriters, Inc., St. Paul Fire and Marine Insurance Company, St. Paul Guardian Insurance Company, St. Paul Mercury Insurance Company, Travelers Casualty and Surety Company, Travelers Casualty and Surety Company of America, and United States Fidelity and Guaranty Company, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

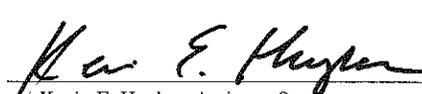

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, Kevin E. Hughes, the undersigned, Assistant Secretary, of Farmington Casualty Company, Fidelity and Guaranty Insurance Company, Fidelity and Guaranty Insurance Underwriters, Inc., St. Paul Fire and Marine Insurance Company, St. Paul Guardian Insurance Company, St. Paul Mercury Insurance Company, Travelers Casualty and Surety Company, Travelers Casualty and Surety Company of America, and United States Fidelity and Guaranty Company do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 7th day of May, 20 13.

MADE AND EXECUTED AT HARTFORD, CONNECTICUT, THIS 7th DAY OF MAY, 2013.

WHEREAS, the City of Sacramento, State of California, hereinafter called City, has conditionally awarded to Otto Construction, 1717 2nd Street, Sacramento, CA 95811:

as principal, hereinafter called Contractor, a contract for construction of:

Fairbairn Water Treatment Plant Re-Roof Project (P13131541010)

which contract is by reference incorporated herein and made a part hereof as if the Surety named below were a party to the contract, and is hereinafter referred to as the Contract; and

WHEREAS, under the terms of the Contract, Contractor is required to furnish a bond for the faithful performance of the Contract.

NOW, THEREFORE, we the Contractor and (*here insert full name and address of Surety*):

Travelers Casualty and Surety Company of America, One Tower Square, Hartford, CT 06183,

a corporation duly authorized and admitted to transact business and issue surety bonds in the State of California, hereinafter called Surety, are held and firmly bound unto the City, as obligee, in the sum of:

Nine Hundred Fifteen Thousand Eight Hundred Seventy Seven Dollars and no cents (\$915,877.00), for the payment of which sum well and truly to be made, we the Contractor and Surety bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally. The condition of this obligation is such that, if the Contractor, Contractor's heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and fully perform all covenants, conditions and agreements required to be kept and performed by Contractor in the Contract and any changes, additions or alterations made thereto, to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meanings, and shall indemnify and save harmless the City, its officers, employees and agents, as therein provided, then the Surety's obligations under the Contract and this bond shall be null and void; otherwise they shall be and remain in full force and effect. This obligation shall remain in full force and effect through the end of the Contract warranty period, which will expire one year after the completion of work date specified in the Notice of Completion filed for the above-named project.

As part of the obligations secured hereby and in addition to the sum specified above, there shall be included all costs, expenses and fees, including attorney's fees, reasonably incurred by City in successfully enforcing such obligations, all to be taxed as costs and included in any judgment rendered.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or to the specifications accompanying the same shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension, alteration or addition.

IN WITNESS WHEREOF, this instrument has been duly executed by authorized representatives of the Contractor and Surety. SIGNED AND SEALED on May 7, 2013.

WHEREAS, the City of Sacramento, in the State of California, hereinafter called City, has conditionally awarded to: Otto Construction, 1717 2nd Street, Sacramento, CA 95811

hereinafter called Contractor, a contract for construction of:

Fairbairn Water Treatment Plant Re-Roof Project (P13131541010)

Which contract is by reference incorporated herein and made a part hereof, and is hereinafter referred to as the Contract; and

WHEREAS, under the terms of the Contract and pursuant to Chapter 5 of Title 3 of Part 6 of Division 4 of the California Civil Code (commencing with Civil Code Section 9550), Contractor is required to furnish a good and sufficient payment bond to secure payment of the claims to which reference is made in Civil Code Section 9554.

NOW, THEREFORE, we the Contractor and (*here insert full name and address of Surety*):

Travelers Casualty and Surety Company of America, One Tower Square, Hartford, CT 06183, a corporation duly authorized and admitted to transact business and issue surety bonds in the State of California, hereinafter called Surety, are held and firmly bound unto the City, and unto all persons or entities entitled to assert a claim against a payment bond under any of the aforesaid Civil Code provisions in the sum of **Nine Hundred Fifteen Thousand Eight Hundred Seventy Seven Dollars and no cents (\$915,877.00)**, on the condition that if Contractor shall fail to pay for any materials or equipment furnished or used in performance of the Contract, or for any work or labor thereon of any kind, or for amounts due under the Unemployment Insurance Act with respect to such work or labor, or for any amounts required to be deducted, withheld, and paid over to the Franchise Tax Board or the Employment Development Department from the wages of employees of the Contractor and all subcontractors with respect to such work or labor, then the Surety shall pay the same in an amount not exceeding the sum specified above. If suit is brought upon this bond, Surety shall pay, in addition to the above sum, all costs, expenses and fees, including attorney's fees, reasonably incurred by any party in successfully enforcing the obligation secured hereby, all to be taxed as costs and included in any judgment rendered. Should the condition of this bond be fully performed, then this obligation shall become null and void, otherwise it shall be and remain in full force and effect, and shall bind Contractor, Surety, their heirs, executors, administrators, successors and assigns, jointly and severally.

It is hereby stipulated and agreed that this bond shall inure to the benefit of all persons, companies, corporations, political subdivisions, State agencies and other entities entitled to assert a claim against a payment bond under any of the aforesaid Civil Code provisions, so as to give a right of action to them or their assigns in any suit brought upon this bond. The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or to the specifications accompanying the same shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension, alteration or addition.

IN WITNESS WHEREOF, this instrument has been duly executed by authorized representatives of the Contractor and Surety. SIGNED AND SEALED on May 7, 2013.

WORKER'S COMPENSATION CERTIFICATION

In accordance with Article 5 (commencing at Section 1860), Chapter 1, Part 7, Division 2 of the Labor Code, the below certificate must be signed and filed with the awarding body prior to performing any work under this contract. Labor Code Section 3700, inter alia, states the following:

"Every employer shall secure the payment of compensation in one or more of the following ways:

- "(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this State.
- "(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his employees.

To be signed by authorized corporate officer or partner or individual submitting the Proposal. If Bidder is: (example)

1. An individual using a firm name, sign: "John Doe, an individual doing business as Blank Company."
2. An individual doing business under his own name, Sign: your name only.
3. A co-partnership, sign: "John Doe and Richard Doe, co-partners doing business as Blank Company, by, John Doe, co-partner.
4. A corporation, sign: "Blank Company, by John Doe, Secretary." (or other title)

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for worker's compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

* Please note that any facility may receive source-separated recyclable materials as long as it is authorized to do so by the State of California. This is not meant to be a complete list.

Construction and Demolition (C&D) Debris Recycling Requirements

As a condition of receiving this Contract, Contractor agrees to fully comply with the requirements specified herein for all demolition projects, as well as projects with a valuation of \$250,000 or more:

1. **Definitions.** For purposes of this section, the following terms, words and phrases shall have the following meanings:

“Certified C&D sorting facility” means a facility that receives C&D debris and/or processes C&D debris into its component material types for reuse, recycling, and disposal of residuals and possesses a valid certificate as a C&D sorting facility from the Sacramento Regional County Solid Waste Authority.

“Construction and demolition debris” or “C&D debris” means used or commonly discarded materials resulting from construction, repair, remodel or demolition operations on any pavement, house, building, or other structure, or from landscaping that are not hazardous as defined in California Health and Safety Code section 25100 et seq. Such materials include, but are not limited to, concrete, asphalt, wood, metal, brick, dirt, sand, rock, gravel, plaster, glass, gypsum wallboard, cardboard and other associated packaging, roofing material, ceramic tile, carpeting, masonry, plastic pipe, trees, and other vegetative matter resulting from land clearing and landscaping.

“Divert” or “diversion” means to use materials for any purpose other than disposal in a landfill or transformation facility. Methods to divert materials include on-site reuse of the materials, delivery of materials from the project site to a certified C&D sorting facility or a recycling facility, or other methods as approved in regulations promulgated by the City Department of Utilities.

“Franchised waste hauler” means a person who possesses a valid commercial solid waste collection franchise issued by the Sacramento Regional County Solid Waste Authority.

“Mixed C&D debris” means loads that include commingled recyclable and non-recyclable C&D debris generated at a project site.

“Recyclable C&D debris” means C&D debris required to be diverted from landfills as specified in the Waste Management Plan and returned to the economic mainstream in the form of raw material for new, reused or reconstituted products that meet the quality standards necessary to be used in the marketplace.

“Recycling facility” means a facility or operation that receives, processes, and transfers source-separated recyclable materials.

"Source-separated C&D debris" means recyclable C&D debris that is separately sorted and containerized at the site of generation by individual material type and segregated from mixed C&D debris prior to collection and transporting.

"Waste log" means a record detailing the management of C&D debris generated by the covered project, including the date and weight/volume of material by type that was salvaged, reused, recycled or disposed.

2. **Waste Management Plan.** A completed WMP (see **Attachment 1**) must be submitted to and approved by the City prior to commencing any work on the project. The WMP must specify the types of C&D debris that will be generated from the project; the manner in which C&D debris will be managed and/or stored on the project site; the manner in which recyclable C&D debris generated from the project will be recycled or reuse; the person who will haul, collect or transport the recyclable C&D debris from the project site; and the certified C&D sorting facility or recycling facility where recyclable C&D debris will be delivered. The WMP must be approved by the City prior to commencing any work on the project.

3. Contractor shall be solely responsible for diverting the recyclable C&D materials specified on the WMP. Mixed C&D debris shall be delivered to a SWA-certified C&D sorting facility only. Only the permit holder, the person who generates the waste, a franchised waste hauler, or the City of Sacramento can transport or haul mixed C&D debris. Source-separated C&D debris may be delivered by any person to any recycling facility that accepts such materials. (See **Attachment 2** for list of C&D Debris Haulers and Facilities).

4. During the course of the project, Contractor shall maintain a waste log (see **Attachment 3**), and keep all weight tickets or weight receipts, for all C&D debris hauled away from the project. At a minimum, the waste log shall specify the C&D debris generated by the project; the manner in which C&D debris was recycled or re-used; and the facility where the C&D debris was delivered.

5. Within 30 days after submitting the project completion report, Contractor shall submit to the City a completed waste log, along with copies of supporting weight tickets. Contractor shall maintain and keep accurate and complete records of all bills, weight receipts or weight tickets that were issued for the collection, transport or disposal of C&D debris for a period of one-year after submittal of the waste log. The records shall be made available for inspection, examination and audit by the City during the one-year retention period to validate the information provided in the WMP and in the waste log. If the City determines noncompliance by the Contractor after an audit has been conducted, Contractor shall reimburse the City for all costs incurred in performing the audit.

6. Failure by Contractor to comply with any provisions specified herein will subject Contractor to possible suspension and/or termination of this Contract for cause; repayment of any or all of the Contract amount disbursed by the City; imposition of a penalty, payable to the City (\$50-\$250 for first offense, \$251-\$500 for second offense, and \$501-\$1500 for subsequent offenses); and/or submission of a performance security deposit fee when submitting a permit application to the City for a project within one year of imposition of the penalty.

For questions or to obtain more information about the Recycling Requirements for C&D debris, contact the City of Sacramento, Solid Waste Services Division, 2812 Meadowview Road, Building 1, Sacramento, CA 95832, or telephone (916) 808-4833, or email C&D@cityofsacramento.org

EXHIBIT G
DESIGN GUIDELINES

A. 1. Design Requirements

1.1 Design Professional Services

Design-Builder shall provide the following professional services through completion of the Work.

Design-Builder shall prepare and submit for review by the City and other designated groups, Design Development Documents consisting of:

Site plans, SWPPP documents, roof plans, sections, elevations, civil engineering drawings, plumbing and mechanical drawings, electrical drawings, and other mutually acceptable drawings, and respective specifications to identify and illustrate the size, extent and character of the Work in its essentials as to materials, type of structure, mechanical, electrical and, and other systems essential for the definition of the Work, including interface of all systems. Documents shall as a minimum include:

- a. Roof Plan - showing all roof mounted equipment, screening, vents, daylighting elements and roof/equipment access.
- b. Exterior Elevations - dimensioned, showing equipment screen and daylighting with all material and color selections.
- c. Typical building sections and all interior elevations necessary to illustrate design decisions and system coordination including all material and color selections, daylighting, Title 24 – Part 6 energy compliance and LEED compliance (Refer to Section 1.3.1).
- d. Preliminary Structural Framing and Foundation Plans - with final detail documenting all structural decisions, material selections, quality, size, spacing anchorage and reinforcing.
- e. HVAC System selection, location, size, coordination, and load calculations for each room, space and zone, control recommendations, and equipment specifications and manufacturers cut sheets.
- f. Electrical Design, layout drawings, load and lighting density calculations for each space and zone, control recommendations, energy saving options, and equipment specifications and manufacturers' cut sheets.
- g. Drawings, calculations, specifications and manufactures cut sheets illustrating all on-site and off-site development work.
- h. Specifications - in CSI Division format with sufficient detail to indicate

all decisions, including complete detail cut sheets of all specified equipment (with maintenance requirements) and materials.

- i. Prepare project cost estimates and coordinate with the City's cost estimator to review intermediate and final cost estimates for the project. The City's cost estimator is not a substitute for the Design-Builders responsibilities, but serves as a reference for the City only.
- j. Submit one (1) reproducible set, five (5) full size copies on bond paper plus a version in Adobe Acrobat of the above-mentioned documents for review and approval by the City.
- k. Meet with City staff during the design phases and/or review period to discuss staff comments and address potential problems or inconsistencies.
- l. Provide a detailed GMP breakdown itemizing cost and assumptions for the entire project with deductive alternates, if needed, to provide a project within the available project budget.
- m. Provide drawings and support documentation requested by City.
- n. Design, prepare, coordinate, secure approvals, pay for and secure all necessary permits .

1.1.3 Construction Document Phase

- a. Building Code and Zoning Analysis describing all the basic design assumptions and criteria for project related decisions.
- b. Roof Plan - showing all roof mounted equipment, screening, vents, daylighting elements and roof/equipment access.
- c. Exterior Elevations - dimensioned, showing equipment screen and daylighting with all material and color selections.
- d. Typical building sections and all interior elevations necessary to illustrate design decisions and system coordination including all material and color selections, daylighting, Title 24 – Part 6 energy compliance and LEED compliance (Refer to Section 1.3.1).
- e. Preliminary Structural Framing and Foundation Plans - with final detail documenting all structural decisions, material selections, quality, size, spacing anchorage and reinforcing.
- f. HVAC System selection, location, size, coordination, and load calculations for each room, space and zone, control recommendations, and equipment specifications and manufacturers cut sheets.
- g. Electrical Design, layout drawings, load and lighting density calculations for each space and zone, control recommendations, energy saving options, and equipment specifications and manufacturers' cut sheets.

- h. Drawings, calculations, specifications and manufactures cut sheets illustrating all on-site and off-site development work.
- i. Specifications - in CSI Division format with sufficient detail to indicate all decisions, including complete detail cut sheets of all specified equipment (with maintenance requirements) and materials.
- j. Project binder indexing all manufacturer's cut sheets and maintenance requirements on all equipment, materials and finishes.
- k. Engineering calculations,
- l. Prepare project cost estimates and coordinate with the City's cost estimator to review intermediate and final cost estimates for the project. The City's cost estimator is not a substitute for the Design-Builders responsibilities, but serves as a reference for the City only.
- m. Submit one (1) reproducible set, five (5) full size copies on bond paper plus a versions in Adobe Acrobat and AutoCAD formats of the above-mentioned documents for review and approval by the City.
- n. Meet with City staff during this phase and discuss staff comments and address potential problems and/or inconsistencies.
- o. Provide a budget updated construction cost with detailed comparison to the approved GMP and document how the project remains within budget.
- p. Provide drawings and support documentation requested by City.
- q. Secure all reviews, approval and permits.

1.2 Design-Builder shall provide the following professional services through completion of the work.

1.2.1 Public Information Meetings/Design Presentations/Public Meetings

Design-Builder shall prepare, coordinate, and participate in relevant informational meetings, Design-Builder shall be responsible for preparing meeting notes for all activities listed above and distributing copies of notes and a list of follow-up actions to all parties designated by the City.

1.2.3 Meetings, Notes and Agenda

Where the Design-Builder has the responsibility for meetings in this agreement they shall be responsible for the following:

1. Contact all participants and coordinate a mutually acceptable time and location; and
2. Prepare and issue the meeting agenda prior to the meeting; and,
3. Prepare and maintain all meeting notes; and,
4. Meeting notes shall include and action item list with designated responsible individuals and deadlines for each item; and,
5. Provide copies of the meeting notes and action items to all meeting participants

no more than two (2) working days following each meeting.

1.3.7 Additional Clarification and Documentation

Design-Builder shall provide additional details, isometrics, sections, calculations and similar information when requested by City to clarify design and installation requirements and coordination on the project as part of the basic services under this contract.

1.3.8 Code / Regulatory Interpretation or Conflict

Where an interpretation, regulation, law or code conflicts with other interpretations, regulations, law or codes the Design-Builder shall follow the most stringent requirement.

1.4 Design-Builder shall comply with the following procedural requirements throughout completion of the work.

1.4.1 Public Information Releases

Design-Builder, and all associated firms and/or individuals, shall not release information concerning this Project for public relations or promotional purposes without the specific written authorization of the City. This limitation shall not prohibit the Design-Builder from referencing this Project in proposals developed by the Design-Builder to secure other contracts provided that the City is contacted in advance and approves such use and reference.

Upon request by the City, Design-Builder shall provide information necessary for the public information releases by the City.

1.4.2 Supporting Information Services

Design-Builder agrees to work with the City and develop, prepare and provide information requested by regulatory agencies, reviews, environment assessments and similar activities necessary to obtain required consensus, reviews and approvals for the project and related activities, and to pay for all related fees, excluding the City Building Department plancheck and permit fees.

1.4.3 Separate City Consultants

The City may secure the services of multiple separate consultants throughout the duration of the project and this contract. Design-Builder shall meet, coordinate, provide supporting information and generally support the work efforts of these consultants in a timely and expeditious manner at no additional cost to the project.

1.4.4 Incentives, Rebates and Tax Benefits

Design-Builder shall be responsible for reviewing the project scope and objectives with City staff and investigating the availability and impact of

current or anticipated incentives and/or rebates for energy efficient design improvements available to the project. Design-Builder shall evaluate the operational and lifecycle impacts with City staff. Design-Builder shall prepare all documentation, calculations and supporting paperwork required to file for any incentives and/or rebates.

Rebates and incentives available to the owner or occupant shall remain the property of the City; however, incentives and tax benefits available only to the design team shall remain the property of the design team in addition to compensation set forth in this contract. The design team is responsible for all documentation, testing, certification and similar actions necessary to document qualifications for incentives and/or tax benefits for the design team and the City. The City assumes no responsibility for loss of incentives or tax benefits to the design team due to actions by the City or the contractor(s).

1.4.5 System Commissioning

Design-Builder shall coordinate with City staff, develop and prepare a Kitchen Equipment -commissioning plan for the project to be included in the construction documents. The system-commissioning plan may include portions of the Title 24 Part 6 Acceptance Testing Requirements Design-Builder shall prepare scope and scheduling for commissioning all systems designed by Design-Builder. Design-Builder shall be responsible for field investigation, testing, development of commissioning reports and documentation of all commissioning activities. Design-Builder shall coordinate all field commissioning to allow City adequate opportunity to observe field tests necessary for system commissioning with a minimum 72 hours notice.

Design-Builder is the Commissioning Authority and responsible for all portions of Title 24 Part 6 Acceptance Testing requirements.

1.4.7 Building Maintenance, Operations, Servicing

Design-Builder shall meet with representatives from the City to determine how systems, spaces and access in the building will be facilitated for servicing and maintenance.

1.4.8 As-Built Documents

Design-Builder shall maintain a set of "as-built" drawings on site and updated on a weekly basis during construction, and available for the City to review. Design-Builder shall incorporate all construction changes in the final digital version of the drawings and specifications and provide the "As-Built" CAD drawings to the City at the completion of the work with all operations and maintenance manuals within 20 calendar day of securing the final occupancy permit. The "As-Built" drawings shall be in AutoCAD format on electronic media as well as in

PDF and TIFF formats. All specifications, submittals, operations and maintenance manuals shall be provided to the City in Microsoft Word format as well as Adobe Acrobat format. Final documentation shall include videos of all training and system start-up. The Design-Builder shall provide a written copyright release for all documents prepared for execution of the work to the City of Sacramento with the As-Built documents.

1.4.9 Information Format

Design-Builder shall provide all information developed for the project in an electronic format the City can readily use for reports, public notices, press releases, presentations and similar activities. The format shall be compatible with existing City software and resources.

1.4.10 Review and Coordination

Design-Builder shall, organize and conduct reviews of design, details and assumptions with the City, Regulatory Authorities, Utilities and Art-In-Public-Places as needed for efficient execution of the work, and to insure the City is involved in the development of the design solution. On or about the time of the scheduled submissions, Design-Builder shall establish a preliminary list of meetings necessary for the efficient execution of the Work. The meetings, document preparation and submittal deadlines shall be incorporated into the project schedule.

Minutes of all meetings shall be prepared and maintained by Design-Builder and provided to all attendees for review within 5 calendar days of the meeting.

1.4.11 GMP Update and Value Engineering

Design-Builder shall maintain and update the GMP summary, GMP Detail and the Schedule of Values at the end of each phase of the design and at the completion of each bid, at anytime when an estimate or allowance is adjusted, at anytime when a final cost can be assigned to an estimate or allowance and each time contingency funds are approved for use by the City. The updated GMP summary, GMP Detail and Schedule of Values shall be provided to the City in hardcopy and electronic format within 3 working days of each update listed above.

1.4.12 Ownership of Contingency Funds

The City retains ownership of all contingency funds. Where actual costs are less than estimates or allowances in the GMP the savings shall be transferred to the contingency. Only the City can authorize the use of contingency funds. Contingency funds remaining at the end of the project remain with the City.

1.4.13 Ownership of Scheduled Float

The City retains ownership, control and authorization to use all float in the project schedule. The project schedule shall indicate final completion of all construction activities, including any and all, commissioning, punchlist items and training by Design-Builder. The construction schedule shall include an additional 60 calendar days of

float after completion of all tasks on the Design-Builders schedule. The GMP shall include all overhead costs necessary through the completion of the construction schedule and all float.

1.4.14 Coordination and Submittal

The Design-Builder is responsible for coordinating all necessary meetings, including meetings with reviewing agencies, regulatory agencies and other entities that are involved in the project. Design-Builder shall prepare all submittal documentation, prepare and submit all drawings and calculations, pay all fees (excluding City of Sacramento Building Plancheck and Inspection fees) and complete all coordination necessary to secure reviews, approvals and similar actions necessary to complete the project.

1.4.15 Applicable Code(s)

The Design-Builder is responsible for completing the design to meet all code requirements in effect on the date of submittal to the appropriate regulatory authority. Where subsequent submittals are reviewed under a different code and conflicts occur, or Design-Builder shall be responsible for all coordination, revisions and associated costs.

1.4.16 Off-Site Access Improvement Costs

The Design-Builder is responsible for maintaining separate description, cost detail and summaries for all off-site access improvement costs completed each fiscal year (July 1 – June 30). Information on costs shall be provided to the City each July 15 through completion of the work.

1.4.17 Interim Design Reviews

City's review and approval of interim design submissions and Construction Documents are for the sole purpose of establishing a set of Contract Documents compatible with the requirements of the Work. Neither City's review nor approval of any interim design submissions or Construction Documents shall be deemed to transfer any design liability from Design-Builder to City. City's review and approval shall not release the Design-Builder from compliance with ALL requirements in the Contract Documents unless specific item(s) are identified for modification, addition or removal and approved in writing by both the City and Design-Builder.

1.4.18 Partial Design and Permit Reviews

To the extent allowed by the Contract Documents and legal requirements, Design-Builder may prepare interim design submissions and Construction Documents for portions of the Work to permit construction to proceed on that portion of the Work prior to completion of the Construction Documents for the entire Work. The Design-Builder is responsible for all documentation and coordination necessary to secure any partial permits, if allowed and available. Design Builder assumes all risk and cost associated with partial permits on the Work.
