Description/Analysis

Issue Detail: Subject to City Council approval, the City has an ongoing requirement for uniformed unarmed security guard services for approximately 22 City facilities. The existing City contract (Contract No. 2008-032) with National Security Industries & Services will expire on May 24, 2014. On November 13, 2013, Procurement Services issued an Invitation for Bid (IFB) No. B14061511003. Seven contractors responded to the IFB.

Policy Considerations: The recommendations in this report are in accordance with 1) Resolution No. 2013-0367, which requires additional posting time for labor agreements and agreements greater than \$1 million; 2) City Code Chapter 3.56; 3) City Code Chapter 3.58 requiring the payment of a living wage for certain non-professional services contracts; and 4) Administrative Policy 4101 for the procurement of non-professional services.

Economic Impacts: None

Environmental Considerations:

California Environmental Quality Act (CEQA): No environmental review is necessary because the recommendations in this report involve the administrative activity of contracting for the purchase of uniformed unarmed security guard services, and are not considered to be a project in accordance with Section 15378(b)(2) of the CEQA Guidelines.

Sustainability: Not applicable

Commission/Committee Action: None

Rationale for Recommendation: The City has an ongoing requirement for uniformed unarmed security guard services for approximately 22 City facilities. The existing City contract (Contract No. 2008-032) will expire May 24, 2014. On November 13, 2013, Procurement Services issued IFB No. B14061511003 to solicit qualified contractors to provide uniformed unarmed security guard services.

Seven bids were received and opened by the City Clerk on December 18, 2013. Subsequent to the bid opening, the lowest bidder, First Alarm, withdrew its bid based on a mistake that made its bid lower than intended. City staff accepted the bid withdrawal. The second low bidder, Securitas Security Services USA, Inc., was found non-responsive, which resulted in the third low bidder, National Security Industries & Services, being the lowest responsive bidder. On February 21, 2014, a bid protest was filed. The matter went through the bid protest and administrative hearing process and a finding of fact decision was rendered on April 11, 2014, supporting Staff's recommendation to award to National Security Industries & Services.

The bid results are shown in the table below:

Financial Considerations: In determining the recommended spending authority, staff reviewed the expenditure history for this service and considered future needs. The recommended not-to-exceed amount of \$12,917,447 includes a two percent contingency in each year to allow for unexpected increases in service needs by City departments. Estimated annual expenditures are provided in the table shown above.

Funding for uniformed unarmed security guard services will be provided by the operating budgets of the departments utilizing this service. Sufficient funding is available in the FY2013/14 budget for security services through June 30, 2014. Purchases made after June 30, 2014, are subject to funding availability in the adopted department budgets for the applicable fiscal year.

Local Business Enterprise (LBE): This vendor is headquartered in San Jose but has a local office in Sacramento.

Background:

The City of Sacramento has an ongoing requirement for uniformed unarmed security guard services citywide. The current contract with National Security Industries & Services (No. 2008-032) expires March 24, 2014.

On February 26, 2013, City Council extended a five-year contract for one additional year to National Security Industries & Services for unarmed security guard services in a total amount not to exceed \$13,907,311 for a six-year period.

On November 13, 2013 with the end of the contract extension term approaching, Procurement Services issued IFB No. B14061511003. Seven contractors responded to the IFB. The lowest bidder, First Alarm withdrew their bid, Securitas Security Services USA, Inc. was found non-responsive and National Security Industries & Services was determined to be the lowest responsive and responsible bidder from the formal competitive process.

On February 21, 2014 a bid protest was filed by Securitas pursuant to City Code 3.60.500. The matter was taken before McGeorge Law School as an administrative hearing. A decision was rendered on April 11, 2014 supporting staff's recommendation to award to National Security Industries & Services.

cost to the City, the contractor shall equip each security guard with a properly-functioning two-way communication device and shall provide and maintain 24-hour radio communication capability with all assigned personnel and supervisors. The contractor shall also provide, at no additional cost to the City, all equipment necessary to properly carry out assigned tasks. Such additional equipment may include, but is not limited to, first aid and safety equipment items, operable flashlights, and spare batteries for all battery-operated equipment.

INITIAL TRAINING AND CERTIFICATION

In addition to any training required for specific job classifications, site training, or special assignments, all security personnel assigned under the City contract shall satisfactorily complete a minimum of training as specified in this section prior to assignment at the City. For each guard assignment, at the time the guard begins the assignment, the contractor shall provide to the City site supervisor with a copy of the guard's current permanent registration card, issued by the State of California, Department of Consumer Affairs ("guard card") and written certification that the guard has received the following training prior to reporting for duty at a City site:

1. Current certification for First Aid and Cardio-Pulmonary-Resuscitation (CPR).
2. General training in security and emergency procedures, crowd control, and public relations (Professional Security Training Network (PSTN) Modules #1 & #2, or equivalent).
3. Training in customer service and diversity to prepare officers to interact with the public in general and physically challenged individuals.
4. Contractor shall ensure that all security guards assigned to City facilities receive all security guard training required by State, local or other laws or regulations.
5. Contractor shall ensure that all security guards assigned to City facilities receive site-assignment training as needed

SITE-ASSIGNMENT TRAINING

Each security guard assigned to a City facility must be trained on-site at the assigned City facility by a supervisor provided by the Contractor. The site training provided by the Contractor shall include, but not be limited to:

At least one training period of up to 16 hours, at which all the security guards to be utilized at a facility will be instructed by designated City personnel in the use of City security systems, control rooms, and other job-related equipment and requirements. All site-assignment training is subject to the satisfaction and approval of the City site supervisor. In the event that the City site supervisor determines that assigned personnel have not been properly trained, the contractor shall provide additional training as needed, at the contractor's expense. Site training may include evacuation plans, disaster reparation training and participation in drills. Contractor will be responsible to provide training on any aspects of security that are unique to a specific site. Sources for such training may be recommended by City site supervisor.

If required by City site supervisor, refresher site training will be provided by the Contractor on a quarterly basis for all security guards assigned to City facilities. Refresher training shall be designed to ensure that all security guards are proficient in all areas of security guard operations, with special attention to site-specific requirements. The refresher training shall be specifically coordinated with the City supervisors for the sites at which the security guards are assigned.

GENERAL/ONGOING TRAINING

Contractor shall maintain an ongoing training program consisting of multiple security-related program modules, similar to the programs offered by the Professional Security Training Network (PSTN). Separate training courses shall be provided for security officers (e.g., PSTN Basic Security Officer Training Series, or similar) and for supervisor personnel (e.g., PSTN Supervisor Training Series, or similar). In addition to initial training and any training required for specific job classifications or special assignments, all security personnel assigned under the City contract shall satisfactorily complete a minimum of eight (8) hours of security training each year. All security personnel training shall be at the contractor's expense, and up-to-date written documentation of each guard's training (including annual training) shall be provided to the client site supervisor on an ongoing basis.

GUARD CLASSIFICATIONS AND TRAINING REQUIREMENTS

Contractor shall provide a minimum of four (4) classifications of security guards. While the working titles may vary depending upon the Contractor's organization, the classifications shall conform to the following basic criteria. At the start of every assignment, the contractor shall provide to the City site supervisor written certification of the assigned guard's training:

Security Officer I (S/O I) - Must possess good written and verbal communication skills and the ability to communicate ideas. Must have strong customer service skills and the ability to make decisions under pressure. Must be capable of independent thought and action while being a strong member of a team. Minimum training equivalent to PSTN. Module #1 (Asset Protection & Security) and Module #2 (Physical Security & Crime Prevention).

Security Officer II (S/O II) - In addition to meeting the requirements for S/O I, must have at least 90 days experience at a city site or 180 days at an assignment substantially similar to a City site. Minimum training equivalent to PSTN Basic Security Officer Training Series, Modules #1 and #2, and at least two of the following modules: #4 (Fire Protection & Life Safety), #5 Criminal law & Criminal liability), #6 (Communications), #8 (Ethics, Department, & Professional Conduct), #9 (Report Writing), #11 (Human & Public Relations), or #12 (Emergency Situations).

Additional duties may include shift supervision responsibilities and supervision of other security personnel (e.g., S/O I & II). Minimum training equivalent to PSTN Supervisor Training Series, Module #1 (Principles of Leadership I) and Module #2 (Principles of Leadership II).

Lieutenant (Supervisory) - In addition to meeting the requirements for Sergeant, this supervisory classification must coordinate security and service related issues between City and Contractor. Duties may include site supervision responsibilities and supervision of other security personnel (e.g., S/O I & II, Sergeant). Minimum training equivalent to PSTN Supervisor Training Series, Modules #1 and #2, and at least two of the following modules: #3 (Effective Communications), #6 (Behavior & Motivation), #7 (Civil Counseling & Sexual Harassment), #8 (Substance Abuse), or #9 (Discrimination & Affirmative Action).

PERFORMANCE

Poor performance will not be tolerated. City reserves the right to refuse or reject any person assigned under the contract either with or without cause. If any person is removed from a City site at the request of the City, that person is not to be re-assigned to any other City site without first

advising the City contact at the new site of the person's previous assignment and the reasons for his/her removal.

EXAMPLES OF TYPICAL GUARD DUTIES

Typical duties of the security guards at City facilities include, but are not limited to the following:

1. Monitoring admittance of personnel and authorized visitors to City facilities.
2. Making rounds of inspection to determine that fences, gates, doors and windows are properly closed and/or locked or otherwise properly secured.
3. Operating telephones and transmitter/receiver radios, cameras, and automated security system equipment.
4. Responding to emergency situations and notifying appropriate City personnel when emergencies occur.

15. Monitoring surveillance equipment for unusual or suspicious activity and rotate surveillance tapes as needed, where applicable.
16. Reviewing and maintaining logbooks, where applicable.
17. Monitoring alarm systems, including daily verification of operability (checking to insure system is on and appears to be working properly).
18. For those assigned to the Convention Center, City Hall, Crocker Art Museum, 24th Street Corp Yard, and North Area Corp Yard general knowledge of and use of a PC and use of email to communicate.

Contractor shall ensure that while on duty at any City facility, Guards will not:

1. Carry firearms, batons, handcuffs, knives, saps, brass knuckles, stun-gun, taser, oleoresin capsicum (pepper) spray, or any tear gas agent at any time while on-duty. This includes, but is not limited to, the employee's vehicle or locker at any City site.
2. Listen to radios, police scanners, or any other audio medium that is not directly job-related.
3. Watch television.
4. Read any materials which are not job-related.
5. Use City telephones or any other electronic equipment except for City business.

7. Entertain personal visitors.
8. Be under the influence of illegal drugs or alcohol.
9. Be under the influence of any prescribed or over-the-counter medications which inhibit job performance in accordance with the specifications set forth herein. The City shall be notified by the Contractor of all guards taking medicine and the type of medication being taken.
10. Display a discourteous, abrupt, abrasive or belligerent attitude at anytime.

DOUBLE SHIFTS, EXTENDED SHIFTS

No employee of the Contractor may work more than one normal 8-hour shift per day at City assignments without permission from the City designee. Off-duty peace officers or security guards of other jurisdictions may be employed by the Contractor, provided their work under the City contract is only on their days off from their other positions.

MANAGEMENT TEAM

The Contractor must assign an experienced Manager who shall be responsible for assuring that all requirements described in this Invitation for Bid and resulting contract are fulfilled.

SUPERVISION

Personnel assigned to work under the contract must be supervised by the Contractor on a daily basis, 24 hours per day, and 7 days per week. Supervision must include a physical inspection of security personnel and of the contract sites by shift supervisors at a minimum of once each shift, each day, 7 days per week.

COOPERATION WITH SACRAMENTO POLICE DEPARTMENT AND OTHER PUBLIC SAFETY AGENCIES AS NECESSARY.

Contractor and assigned contract personnel are required to cooperate with City of Sacramento Police Department, and all other public safety agencies at all times.

REPLACEMENT PERSONNEL, TEMPORARY ASSIGNMENTS, AND PERMANENT PART-TIME ASSIGNMENTS

The Contractor shall provide replacement or additional personnel, for either temporary or permanent assignments, upon two-hour advance notice when requested by the City to do so. No temporary ("non-standard hours") assignment shall be for a duration of less than four hours (should any assignment be for less than four hours, the Contractor will be compensated for a minimum of four hours). Permanent part-time assignment shifts shall be not less than four hours per shift.

BACKGROUND CHECKS

City reserves the right to review the personal background and to conduct security clearance background checks on all personnel assigned under the contract, including the right to review the Department of Consumer Affairs' records of security companies and their staff.

INSPECTION ROUNDS / VERIFICATION OF INSPECTION ROUNDS

The City will specify the sites at which inspection rounds are required to be performed by the security personnel, including the locations to be visited by the security personnel and the frequency-per-shift when making those inspection rounds.

For each City site at which security personnel are required to conduct inspection rounds, Contractor shall provide a method for verification that the inspection rounds are performed. The verification system is to be provided at no additional cost to the City and must, at a minimum, provide identification of specific locations visited by the security personnel and the dates and times at which those visits are made. The verification system must be capable of all-weather operation, and is to be used at all times on all sites where inspection rounds are required. The verification system must be "user-friendly" and allow for ready retrieval of information about inspection rounds. "Detex-style"

clock system, alone, will not satisfy this requirement. If the Contractor's system is personal-computer-based, the City may provide the personal computer (PC). If the Contractor is required to provide the PC(s), the cost of the PC and its installation will be negotiated between the Contractor and the City. Regardless of the platform on which the rounds verification system operates, it shall be capable of providing inspection rounds verification information on an "on-demand" basis at the City site at which the rounds are performed. The contractor is responsible for ongoing maintenance and proper operation of the inspection rounds verification systems at all locations where they are installed. In the event of a system failure, or failure of any system components, the contractor is to correct the problem(s) and return the system to full functionality within twenty-four (24) hours. Failure to take such corrective action within the time specified, or failure of security personnel to properly carry out assigned rounds based on information provided by the rounds verification system, shall be grounds for the City to claim a "service credit" of up to one complete shift.

Not all sites require inspection rounds. The requirement for inspection rounds may be added to or deleted from any site at any time, and may be included in any new sites added. Any and all changes, additions, or deletions of inspection rounds or the frequencies thereof are to be provided at no additional cost to the City.

INCIDENT REPORTS / VISITOR LOGS

The Contractor shall furnish each City site client contact with written incident reports whenever there is a security breach, law or rule violation, injury, or any other incident that requires the City's knowledge or attention. Such reports shall be delivered to the site client contact as soon as possible following the end of each shift. Some City sites may require the assigned security guard on each shift to maintain a visitor sign-in record, to notify City personnel of visitors, and to distribute visitor passes.

SECURITY REVIEWS / OPERATING PROCEDURES

Upon request of the City at any time during the course of the contract, and at no additional cost to City, the Contractor shall: 1) Review and assist City in amending current standard operating procedures pertaining to the guard posts; 2) Provide complete orientation and training to personnel to be assigned; and 3) Review security company operating procedures with the City designee and/or the City Police Department.

The Contractor shall review security operations with the City designee on a monthly basis (or as otherwise requested by City designee), so that operating procedures can be updated as often as necessary to ensure the optimum level of security, service, and cooperation.

POSTING OF GUARD DUTIES (POST ORDERS)

The Contractor, working with City's site supervisors, shall prepare and deliver to the City a complete listing of guard post duties and descriptions (post orders) for each City site covered under the contract within thirty (30) days following the start date of the contract. The post orders shall be provided to the City for approval prior to posting. Thereafter, the Contractor shall maintain and update the post orders as necessary, and ensure that they are posted in a conspicuous location at each City site. The Contractor shall be responsible for ensuring that the relevant post orders are reviewed with and understood by each security guard prior to assignment at any City site.

SERVICE GUARANTEE CREDIT

The Contractor is to guarantee that security officers assigned to City sites report on time, fit for duty, in proper uniform, properly instructed, oriented, and supervised. The Contractor is also to guarantee that City security issues are identified and receive proper response, and that the

Contractor communicates regularly with each site supervisor (monthly, or as otherwise requested by site supervisor) for sites at which security guards are regularly assigned. If at any time the Contractor (including any of Contractor's guards assigned to any City site) fails to provide services as described above, the Contractor shall issue a "service guarantee credit" to the City. For such failures, the amount of each such service credit shall be the cost of eight (8) hours of service at the billing rate charged for the highest-ranking security officer assigned to the subject site and shift for each incident of failure. For failure to provide required inspection rounds, or verification reports thereof, the contractor shall be required to provide a service credit for up to eight (8) hours of service at the billing rate charged for the highest-ranking security officer assigned to the subject rounds, based on the client site supervisor's judgment of the magnitude of failure.

MOBILE PATROL

Contractor must provide mobile patrol services upon request of the City. The contractor is responsible for providing the necessary personnel and vehicle(s) for the mobile patrol services. Unless otherwise requested or approved by the City, personnel assigned mobile patrol duties under the contract shall be of the Lieutenant classification. Unless otherwise requested or approved by the City, all vehicles used for mobile patrol services under this contract are to be clearly marked with the contractor's company logo and/or other such markings that clearly identify the vehicle as a private security patrol vehicle. Upon request of the City for additional mobile patrol services that require the contractor to provide additional vehicle(s), contractor will be allowed two (2) business days following the request to commence the required services.

COMMUNICATIONS

Contractor must provide for and maintain two-way communications with all security guards assigned under the contract. Contractor must provide each security guard with a properly functioning two-way communication device and the Contractor must maintain a central communications center that is staffed 24-hours-a-day, seven-days-a-week. The two-way communications system shall allow all security personnel assigned under the contract to contact the central communications center at any time. The central communications center shall be capable of contacting all security personnel assigned under the contract at all times, and shall be capable of simultaneously contacting the Sacramento City Police and Fire Departments and other public safety agencies as necessary. Failure to equip any guard assigned under the contract with a properly functioning two-way communication device at any assignment shall constitute grounds for a full-shift "service credit"

Guards and site supervisors will coordinate to establish a list of emergency contact telephone numbers, including the local law enforcement agency, fire, paramedics, and ambulance

EXHIBIT D
NONPROFESSIONAL SERVICES AGREEMENT

GENERAL PROVISIONS

1. Independent Contractor.

- A. It is understood and agreed that CONTRACTOR (including CONTRACTOR's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither CONTRACTOR nor CONTRACTOR's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to CONTRACTOR under the provisions of this Agreement, and CONTRACTOR shall be issued a Form 1099 for its services hereunder. As an independent contractor, CONTRACTOR hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of CONTRACTOR's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)

- B. It is further understood and agreed by the parties hereto that CONTRACTOR, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by CONTRACTOR for accomplishing such results. To the extent that CONTRACTOR obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the CONTRACTOR's sole discretion based on the CONTRACTOR's determination that such use will promote CONTRACTOR's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that CONTRACTOR use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.

- C. If, in the performance of this Agreement, any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by CONTRACTOR. It is further understood and agreed that CONTRACTOR shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of CONTRACTOR's assigned personnel and subcontractors.

- D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and CONTRACTOR. CONTRACTOR may represent, perform services for, or be employed by such additional persons or companies as CONTRACTOR sees fit provided that CONTRACTOR does not violate the provisions of Section 5, below.

2. **Licenses; Permits, Etc.** CONTRACTOR represents and warrants that CONTRACTOR has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that are legally required for CONTRACTOR to practice its profession or provide any services under the Agreement. CONTRACTOR represents and warrants that CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for CONTRACTOR to practice its profession or provide such Services. Without limiting the generality of the foregoing, if CONTRACTOR is an out-of-state corporation, CONTRACTOR warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
3. **Time.** CONTRACTOR shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of CONTRACTOR's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
4. **CONTRACTOR Not Agent.** Except as CITY may specify in writing, CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.
5. **Conflicts of Interest.** CONTRACTOR covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder CONTRACTOR's performance of Services under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. CONTRACTOR agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If CONTRACTOR is or employs a former officer or employee of the CITY, CONTRACTOR and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.
6. **Confidentiality of CITY Information.** During performance of this Agreement, CONTRACTOR may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright, data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the CITY. CONTRACTOR agrees to protect all City Information and treat it as strictly confidential, and further agrees that CONTRACTOR shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, CONTRACTOR shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions # 30. A violation by CONTRACTOR of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. CONTRACTOR Information.

- A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostating, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. CONTRACTOR shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.
- B. CONTRACTOR shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. CITY shall make reasonable efforts to notify CONTRACTOR not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve CONTRACTOR of its obligations hereunder, which shall survive any termination or expiration of this Agreement.
- C. All proprietary and other information received from CONTRACTOR by CITY, whether received in connection with CONTRACTOR's proposal to CITY or in connection with any Services performed by CONTRACTOR, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to CONTRACTOR of any request for the disclosure of such information. The CONTRACTOR shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The CONTRACTOR shall have sole responsibility for defense of the actual "trade secret" designation of such information.
- D. The parties understand and agree that any failure by CONTRACTOR to respond to the notice provided by CITY and/or to enter into an agreement with CITY, in accordance with the provisions of subsection C, above, shall constitute a complete waiver by CONTRACTOR of any rights regarding the information designated "trade secret" by CONTRACTOR, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

- 8. **Standard of Performance.** CONTRACTOR shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of CONTRACTOR's profession in California. All products of whatsoever nature that CONTRACTOR delivers

to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in CONTRACTOR's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. CONTRACTOR shall assign only competent personnel to perform Services pursuant to this Agreement. CONTRACTOR shall notify CITY in writing of any changes in CONTRACTOR's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by CONTRACTOR to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, CONTRACTOR shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. Term; Suspension; Termination.

A. This Agreement shall become effective on the date that it is approved by both parties, set forth on the first page of the Agreement, and shall continue in effect until both parties have fully performed their respective obligations under this Agreement, unless sooner terminated as provided herein.

B. CITY shall have the right at any time to temporarily suspend CONTRACTOR's performance hereunder, in whole or in part, by giving a written notice of suspension to CONTRACTOR. If CITY gives such notice of suspension, CONTRACTOR shall immediately suspend its activities under this Agreement, as specified in such notice.

C. CITY shall have the right to terminate this Agreement at any time by giving a written notice of termination to CONTRACTOR. If CITY gives such notice of termination, CONTRACTOR shall immediately cease rendering Services pursuant to this Agreement. If CITY terminates this Agreement:

- (1) CONTRACTOR shall, not later than five days after such notice of termination, deliver to CITY copies of all information prepared pursuant to this Agreement.
- (2) CITY shall pay CONTRACTOR the reasonable value of Services rendered by CONTRACTOR prior to termination; provided, however, CITY shall not in any manner be liable for lost profits that might have been made by CONTRACTOR had the Agreement not been terminated or had CONTRACTOR completed the Services required by this Agreement. In this regard, CONTRACTOR shall furnish to CITY such financial information as in the judgment of the CITY is necessary for CITY to determine the reasonable value of the Services rendered by CONTRACTOR. The foregoing is cumulative and does not affect any right or remedy that CITY may have in law or equity.

10. Indemnity.

A. Indemnity: CONTRACTOR shall defend, hold harmless and indemnify CITY, its officers and employees, and each and every one of them, from and against any and all actions, damages, costs, liabilities, claims, demands, losses, judgments, penalties, costs and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY's staff attorneys or outside attorneys and any fees and expenses incurred in enforcing this

provision (hereafter collectively referred to as "Liabilities"), including but not limited to Liabilities arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, arising out of or in any way connected with performance of or failure to perform this Agreement by CONTRACTOR, any subcontractor or agent, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, whether or not (i) such Liabilities are caused in part by a party indemnified hereunder or (ii) such Liabilities are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for any damage or expense for death or bodily injury to persons or damage to property to the extent arising from the sole negligence or willful misconduct of CITY, its agents, servants, or independent contractors who are directly responsible to CITY, except when such agents, servants, or independent contractors are under the direct supervision and control of CONTRACTOR.

- B. EXHIBIT E

LIVING WAGE REQUIREMENTS (Nonprofessional Service Agreement)

The Living Wage Ordinance

The City of Sacramento's Living Wage Ordinance (the "LWO") is codified as Chapter 3.58 of the Sacramento City Code. The LWO requires certain firms that enter into agreements or contracts (all subsequent references to a "contract" or "contracts" will refer to both contracts and agreements) to provide certain services to or for the CITY, to pay a specified minimum level of compensation to their employees for time spent performing any work on the CITY contract. The LWO also applies to certain subcontractors.

The LWO applies to contracts entered into, amended, or renewed or extended at the CITY's discretion, on or after March 1, 2004 (the "LWO Effective Date").

Contracts and Contractors Covered by the LWO

Determining whether the LWO applies to a specific CITY contract, contractor or subcontractor, depends on whether the contract, contractor and/or subcontractor meet the criteria specified in the LWO for contract type, contract amount, contractor size (# of employees), subcontract amount and subcontractor size (# of employees). These criteria are summarized below.

Contract Type

The LWO applies only to contracts for Nonprofessional Services. Under the LWO, this includes contracts for any services of a nonprofessional character, including but not limited to tree trimming services, repair services for motor vehicles and office equipment, vehicle towing, and security services.

The LWO does not apply to: (1) Incidental services, such as delivery, installation or maintenance, that are provided under contracts for the purchase or lease of equipment, supplies, or other personal property; (2) contracts that are subject to CITY, state, or federal prevailing-wage requirements; (3) contracts for professional services (including but not limited to services rendered by engineers, architects, auditors, banks, consultants, actuaries and attorneys); and (4) contracts with nonprofit corporations that are organized under section 501 of the Internal Revenue Code and have fewer than 100 employees, whether full or part time.

Contract Amount

The LWO applies to contracts entered into or amended after the LWO Effective Date that provide compensation from the CITY of \$100,000 or more. In addition, the LWO applies to a contract entered into or amended after the LWO Effective Date that, by itself, does not reach this amount, if the aggregate value of that contract and of any other Nonprofessional Services contracts covered by the LWO that the CITY has awarded to the same person or firm within the previous 12 months, is \$100,000 or more. IT IS THE CONTRACTOR'S RESPONSIBILITY TO DETERMINE WHETHER THIS AGGREGATE VALUE IS \$100,000 OR MORE, AND TO NOTIFY THE CITY IN WRITING WHENEVER THIS IS THE CASE.

Contractor Size

The LWO only applies to a contractor that has at least 25 employees, working either full or part time. The number of employees that a contractor has is determined by adding the contractor's employees and the employees of any other person or entity deemed to be a "Related Person" under the LWO.^a

Subcontract Amount

The LWO applies to a subcontractor providing services under a covered contract if the amount of the subcontract is at least 25 % of the contract amount, without regard to the number of employees the subcontractor has.

Subcontractor Size

The LWO also applies to a subcontractor providing services under a covered contract if the subcontractor has at least 25 employees, working either full or part time, whether or not the amount of the subcontract is at least 25 % of the contract amount.

Payment of Living Wage to Covered Employees

If a contractor or subcontractor meets the criteria specified in the LWO for contract type, contract amount, contractor size, subcontract amount and/or subcontractor size, the contractor or subcontractor is deemed to be a "Covered Employer" under the LWO. The LWO requires a Covered Employer to provide specified minimum compensation to its employees who perform work directly related to the CITY contract (these employees are called "Covered Employees" under the LWO), for all hours the Covered Employees perform under the CITY contract.^b

^a The LWO provides that a person or entity is a Related Person when any of the following circumstances exists:

- (1) The person or entity and the contractor are both corporations, and (i) share a majority of members of their governing boards, or (ii) have two or more officers in common, or (iii) are controlled by the same majority shareholder or shareholders (control means more than 50% of the corporation's voting power), or (iv) are in a parent-subsidiary relationship (such a relationship exists when one corporation directly or indirectly owns shares possessing more than 50% of another corporation's voting power); or
- (2) The person or entity otherwise controls and directs, or is controlled and directed by, the contractor, as determined by the City Manager.

^b A Covered Employee includes full-time, part-time, contingent, contract and temporary employees, but does not include: (1) individuals who participate in job-training-and-education programs that have, as their express purpose, the provision of basic job skills and education to participants, with the goal of earning a high-school-equivalency diploma and permanent employment; (2) student interns; (3) individuals participating in specialized-training programs; and (4) an employee whose term and conditions of employment are governed by a bona fide collective-bargaining agreement containing an express waiver of the LWO.

The minimum compensation required is as follows:

- (1) If health benefits are provided to Covered Employees and the Covered Employer's contribution for the benefits is at least \$1.50 for each hour, then the rates are as follows:
 - (a) During 2007, the greater of \$10.00 an hour or \$9.00 adjusted by the increase in the Consumer Price Index for All Urban Consumers, San Francisco/Oakland/San Jose area (1982--1984=100) from January 1, 2004, through December 31, 2006.
 - (b) For each year after 2007, the rate shall be based on the rate from the immediately preceding year adjusted by the increase in the Consumer Price Index for All Urban Consumers, San Francisco/Oakland/San Jose area (1982--1984=100) from January 1 through December 31 of the immediately preceding year.

- (2) If health benefits are not provided to Covered Employees or if health benefits are provided but the Covered Employer's contribution for the benefits is less than \$1.50 for each hour, then the rates are as follows:
 - (a) During 2007, the greater of \$11.50 an hour or \$10.50 adjusted by the increase in the Consumer Price Index for All Urban Consumers, San Francisco/Oakland/San Jose area (1982--1984=100) from January 1, 2004, through December 31, 2006.
 - (b) For each year after 2007, the rate shall be based on the rate from the immediately preceding year adjusted by the increase in the Consumer Price Index for All Urban Consumers, San Francisco/Oakland/San Jose area (1982--1984=100) from January 1 through December 31 of the immediately preceding year.

Notification to Covered Employees

The LWO requires a Covered Employer to give each existing employee and (at the time of hire) each new employee a copy of the following written notification:

This company may enter into a contract to perform services for the City of Sacramento. If you work on such a contract, then you are entitled to be paid a living wage for each hour so worked. For more information, see Chapter 3.58 of the Sacramento City Code, which can be viewed at www.cityofsacramento.org.

The LWO requires the above notification to be provided in each language spoken by 10% or more of the Covered Employer's workforce.

The LWO also requires a Covered Employer to inform all employees of their possible right to the federal Earned Income Credit (EIC), and to make available to those employees any forms required to secure advance EIC payments from the Covered Employer.

Subcontractor Compliance

A contractor is responsible for requiring all of its subcontractors who are covered by these requirements to comply with the provisions of the LWO, by including these requirements in all subcontracts covered by the LWO.

Other Provisions of the LWO

Use of Funds Paid Under CITY Contracts

Under the LWO, Covered Employers may not directly use CITY funds to persuade Covered Employees to support or oppose unionization, and Covered Employers may not directly use CITY funds to schedule or hold meetings related to union representation during the Covered Employees' working hours. These restrictions do not apply to expenditures made during good-faith collective bargaining or to expenditures required under bona fide collective-bargaining agreements.

No Reduction in Non-Wage Benefits

Under the LWO, Covered Employers may not fund any wage increases required by the LWO, nor shall Covered Employers otherwise respond to the enactment of the LWO, by reducing the health, insurance, pension, vacation, or other non-wage benefits of any of their employees.

No Retaliation

The LWO prohibits a Covered Employer from taking any adverse action against a Covered Employee because the Covered Employee does any of the following: (1) exercises or asserts his or her rights under the LWO; (2) informs or assists other Covered Employees concerning their rights and the Covered Employer's obligations under the LWO; (3) complains about the Covered Employer's failure to comply with the LWO; or (4) seeks to enforce the LWO.

No Reduction in Collective-Bargaining Wage Rates

The LWO does not require or authorize any Covered Employer to reduce wages set by a collective-bargaining agreement or required under any prevailing-wage law.

Violations and Monitoring

The LWO provides that any violation of the LWO by a CITY contractor constitutes a material breach of the contract, and authorizes the CITY to terminate the contract and pursue all available legal and equitable remedies. In order to monitor compliance, the LWO authorizes the CITY to require Covered Employers to verify their compliance with the LWO by submitting certified payroll records to the CITY, and to take such other steps as may be necessary for the CITY to determine whether the requirements of the LWO have been satisfied.

The LWO also includes provisions authorizing an employee or interested person to file a judicial action against a contractor or subcontractor for violation of the LWO.

Declaration of Compliance

To assure compliance with the LWO, any person or entity entering into a contract to provide Nonprofessional Services to or for the CITY, on or after March 1, 2004, is required to provide the CITY with a signed Declaration of Compliance in the form required by the CITY, prior to the CITY's execution of the contract. The Declaration of

Compliance shall be signed by a duly authorized representative of the person or entity entering into the contract, and, when accepted by the CITY, shall constitute part of the contract.

REQUIREMENTS OF THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS CODE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits Code (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$100,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

"Contract" means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. "Contract" also means a written agreement for the exclusive use ("exclusive use" means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City's use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

"Contract" shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation, street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

“Contractor” means any person or persons, firm, partnership, corporation, company, or combination thereof, that enters into a Contract with the City. “Contractor” does not include a public entity.

“Domestic Partner” means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

“Employee Benefits” means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. “Employee benefits” shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR’S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee’s name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

- (a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form, signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.
