## Description/Analysis

**Issue:** A City Council Resolution was adopted on May 13, 2014 authorizing the transfer of \$174,150 (\$88,294 Fund 2001, \$85,856 Fund 2007) from the State and Federal Grant Match funding to the Meadowview Road Streetscape Project (T15145500).

There was a typographical error in the project description for this specific fund transfer. Resolution 2014-0119 referenced the fund transfer in the amount of \$174,150 (\$88,294 Fund 2001, \$85,856 Fund 2007) from the State and Federal Grant Match to the Meadowview Road Streetscape Project (T15145500), when it should have completed the transfer to the Fruitridge Road Complete Street Project (T15036300). The Amended Resolution reflects the corrected language.

**Policy Considerations:** Not applicable.

**Environmental Considerations:** Not applicable.

**Other:** None.

**Commission/Committee Action:** None.

**Rationale for Recommendation:** A City Council Resolution 2014-0119 was adopted on May 13, 2014, authorizing the fund transfer in the amount of \$174,150 (\$88,294 Fund 2001, \$85,856 Fund 2007) from the State and Federal Grant Match (T15007200) to the Meadowview Road Streetscape Project (T15145500). While staff was preparing to complete the funding transfer, it was discovered that there was a typographical error in the project description. An amended resolution is required before the fund transfer can be completed.

**Financial Considerations:** The amended resolution reflects the authority to complete the fund transfer in the amount of \$174,150 (\$88,294 Fund 2001, \$85,856 Fund 2007) from the State and Federal Grant Match to the Fruitridge Road Complete Streets Project (T15036300).

## **RESOLUTION NO. 2014-0119-1**

Adopted by the Sacramento City Council

May 13, 2014

### **AMENDING RESOLUTION 2014-0119**

#### **ESTABLISH CAPITAL IMPROVEMENT PROJECTS AND APPROPRIATE FUNDS**

##### **BACKGROUND**

- A. The Bell Avenue Complete Street Project (T15145600), Power Inn Road Complete Street Project (T15145400), Meadowview Road Streetscape Project (T15145500), and Fruitridge Road Complete Street Project (T15036300) were each awarded Regional Surface Transportation Program Funds in the 2013 Sacramento Area Council of Governments call for projects. In order to begin preliminary engineering, these projects need to be established as Capital Improvement Projects (CIP), federal funds need to be appropriated, and local funds must be transferred to cover local match and ineligible expenses. The Fruitridge Road Complete Street Project (T15036300) has an established CIP but is not fully funded.
- B. In 2013, the Caltrans Highway Safety Improvement Program (HSIP) programmed federal funds for the HSIP Hybrid Pedestrian Signals Project (T15145100) and the Carlson Drive and H Street Improvements Project (T15145800). In order to move forward with preliminary engineering, these projects need to be established as CIPs, the federal funds need to be appropriated, and the local transportation funds for match and federally ineligible expenses need to be transferred.
- C. In April 2013, Caltrans approved the Auburn Boulevard Bridge Replacement Project (T15145300) for federal bridge replacement funds through the Highway Bridge Program. In order to move forward with preliminary engineering, this project will need to be established as a CIP, federal funds need to be appropriated, and the local transportation funds for match and federally ineligible expenses need to be transferred.
- D. On November 25, 2008, the City Council adopted Resolution 2008-771, establishing the 7<sup>th</sup> Street Extension Tunnel Project (T15098700). The funding for this project was not realized through state grant funds.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**
