Description/Analysis

Issue Detail: The Department of Utilities (DOU) is continuing the deployment of Automated Meter Infrastructure (AMI), which automates the collection of monthly water meter reads via a citywide wireless radio collection system. This technology significantly increases efficiencies by eliminating the need for older drive-by meter read collection systems. To date, approximately 5,000 meter interface units have been installed and programmed throughout the City. DOU anticipates that approximately 70,000 meter interface units will need to be installed and programmed in the next five years. DOU initiated a competitive bid process for these services and Vanguard Utility Services, Inc. was the lowest responsible bidder.

Policy Considerations: City Council approval is required for service contracts in amounts of \$100,000 or more. The recommendations in this report are in accordance with the City's policy for the procurement of Nonprofessional Services, AP 4101, and the provisions of City Code Chapter 3.56, that provide for the award of competitively bid nonprofessional services contracts to the lowest responsible bidder.

Economic Impacts: None.

Environmental Considerations:

California Environmental Quality Act (CEQA): The Community Development Department, Environmental Planning Services Manager has reviewed the project and has determined that the ongoing installation and programming of meter interface units is exempt from review under the California Environmental Quality Act (CEQA) under Section Number 15061(b)(3) of the CEQA Guidelines. The activity is covered by the general rule that CEQA applies only to projects that have the potential for causing significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

Sustainability: The AMI installation and programming services that will be purchased under this contract comply with the City's Sustainability Master Plan Goal to conserve the use and protect the sources of water. The implementation of AMI technology promotes sustainability by collecting meter reads accurately and billing our customers based on water consumption, thereby providing a financial and ecological incentive to reduce water consumption.

Commission/Committee Action: Not Applicable

Rationale for Recommendation: In June 2014, DOU issued Invitation for Bid No. B14141411019 for Badger Orion SE Meter Interface Unit Installation and Programming Services, in accordance with City Code Chapter 3.56. The project was publicly advertised and five bids were received and opened on July 2, 2014. The low

bidder was Vanguard Utility Services, Inc., submitting a bid of \$1,192,100.00 for the maximum five-year contract term. Staff recommends contract award to Vanguard Utility Services, Inc., as the lowest responsive and responsible bidder. The bids are summarized below:

| Contractor | Bid Amount |
|---------------------------------|-----------------|
| Vanguard Utility Services, Inc. | \$ 1,192,100.00 |
| Grid-One Solutions, Inc. | \$ 1,363,600.00 |
| Ferguson Enterprises, Inc. | \$ 1,400,000.00 |
| A. Teichert & Sons | \$ 1,533,000.00 |
| Vulcan Construction | \$ 1,855,000.00 |

Financial Considerations: The purchase of Meter Interface Unit installation and programming services will be charged to the Automated Meter Infrastructure Capital Improvement Project (CIP) Z14010053. The agreement has an initial one-year term, with four one-year renewal options, for a total not-to-exceed amount of \$1,192,100 over the maximum five-year term. There is sufficient FY2014/15 funding (Water Fund 6005) in the Project for the initial one-year term. Renewal of the contract for succeeding one-year terms will be subject to the availability of sufficient funds in the budget adopted for the applicable fiscal year.

Local Business Enterprise (LBE): Vanguard Utility Services, Inc., the vendor recommended for award, has complied with the City’s minimum 5% LBE participation level on this contract.

Background

Since 2009, over 37,000 water meters were equipped with Datamatic meter interface units. Beginning in June 2010, the failure rate for this hardware was higher than expected. In September 2012 the City's AMI contractor, Ferguson Enterprises, notified the Department of Utilities (DOU) that Datamatic was experiencing significant financial difficulties. Datamatic filed for Chapter 7 bankruptcy on September 26, 2013.

When the problem posed by Datamatic's hardware failures and financial condition became apparent, Ferguson proposed to address this problem by replacing the Datamatic AMI system with a different AMI system. DOU management supported that approach because it was the best way to keep implementation of the Water Meter Reading Automation (WMRA) project on track under the City's existing contracts with Ferguson, without changing the overall project cost to the City. Ferguson subsequently solicited proposals from AMI suppliers, and based on a proof of concept evaluation by a committee of DOU staff, selected Badger Meter's AMI system as the system which best meets the City's requirements. On December 10, 2013, the City Council approved agreements with Ferguson and Badger Meter to authorize replacement of the Datamatic units and continuation of the WMRA project using Badger Meter's AMI system.

To date, approximately 5,000 of the new Badger Orion SE meter interface units have been installed and programmed throughout the City. This contract is for installation of additional meter interface units. DOU anticipates that approximately 70,000 meter interface units will need to be installed and programmed in the next five years.

The contract can be extended with up to four additional one-year renewals by a supplemental agreement at the City's option.

Attachment 1 to Exhibit A

Scope of Work

Meter Interface Units (MIU), to Install and Program

The contractor will install and program a Badger Meter ORION SE Nicor End MIU with the NICOR Hydroconn Series III cable, a Badger Meter ADE register pre-wired ORION SE MIU, or the Badger Meter ORION SE Wired-End MIU. Depending on the application some MIU's may require a splice kit, splice kits will be provided. Each MIU will include the Badger Meter recessed ORION cap and/or thru-hole ORION cap and washer kit. Meter Interface Unit's will be connected on water meters hung on cap and washer kits and programmed.

Installation Photographs

The Contractor shall take installation photographs using a quality camera with a minimum of 5 megapixel resolution to clearly capture the requirements outlined as follows:

1. MIU Installation

Photo A: Existing register out reading

Photo B: General meter location in front of property*

2. Trace (2-wire) register and MIU Installation

Photo A: Existing Trace (2-wire) register out reading

Photo B: General meter location in front of property*

* Photo B not required if the meter is located in an alley. The digital photographs shall be labeled, categorized using the City's CMMS (Computerized Maintenance Management System) generated work order id, photo letter, and name of installer (e.g., 311096_A_Smith.jpg, 311096_B_Smith.jpg) and submitted to the City in a mutually agreed upon format and location (e.g. FTP site)

Endpoint Programming

The Contractor will use the "Sacramento Project ORION SE" wiring diagram to properly install the Badger ORION SE unit to the meter register if splicing of the MIU is necessary.

| ORION SE Endpoint | RTR/ ADE ECR/ ICE | Trace 2 wire RTR | E-Coder ProRead |
| RED | RED | RED | BLACK |
| BLACK | BLACK | BLACK | GREEN |
| GREEN | GREEN | BLACK | RED |

Register Replacements

In the event Contractor encounters a Trace (2-wire) register with an existing MIU, the Contractor shall replace the old register with a Badger ADE register pre-wired ORION SE endpoint. If the Contractor encounters problems with removing the old register the Contractor shall contact Cesar Limon, the City's AMI Supervisor via email at climon@cityofsacramento.org. City crews will make the necessary replacement, install and program the endpoint. Endpoint installs performed by City crews will be removed from the Contractor's schedule. The Contractor will provide record of installations completed by both Contractor crews and City crews. The Contractor will submit verified and completed records to the City's Project Manager on a mutually agreed upon schedule.

Defective or Missing Meters and Registers

It is anticipated that the Contractor will encounter missing meters or registers that do not record a read after the programming water test. In the event that defective or missing meters are discovered, the Contractor shall contact Jon Conover, the City's Meter Shop Supervisor via email at jconover@cityofsacramento.org. City crews will make the necessary repairs, install and program the endpoint. Endpoint installs performed by City crews will be removed from the Contractor's schedule. The Contractor will provide record of installations completed by both Contractor crews and City crews. The Contractor will submit verified and completed records to the City's Project Manager on a mutually agreed upon schedule.

Routing and Scheduling

The City will provide 28 days' notice to the Contractor from the Notice to Proceed date for each route allowing for the Contractor's crew scheduling and logistics planning. The City's Project Manager shall provide the Contractor with installation and programming routes and the City's schedule of open billing cycles in a useable digital format. The Contractor is required to create and submit an installation schedule to the City's Project Manager based on the City's billing cycle. The Contractor represents and warrants that he/she has examined the location of the proposed work and is familiar with the conditions at the place where the work is to be done.

City is permitted to cancel, postpone, or reschedule the scheduled installation of a route without penalty by providing the Contractor 16 days advance email notice to the Contractor's project manager prior to the scheduled route installation start date. The Contractor may charge the City for all documented travel fees and penalties directly related and resulting from the City's cancellation, postponement, or rescheduling of a scheduled installation route without 16 days prior notice.

Since these meters are in the City's production billing cycle, it is imperative that routes are completed on schedule in their entirety to avoid billing cycle omissions. The City may charge the Contractor for City staff time at the rate documented in the City's work order management system related to incomplete installations impacting the City's production billing cycle. Contractor shall not be charged for incomplete routes caused by insufficient inventory of City supplied parts.

Upon completion of a route, the City shall perform any test reasonably necessary to determine faulty workmanship or installation. City staff shall inspect and/or verify installation and programming of all endpoints for each route within three weeks of the route installation start date. City shall provide Contractor with notice of rejection within this time period of any faulty workmanship or installation. If the City anticipates that a route install and verification will exceed this three week window, the City shall contact the Contractor as soon as possible and a new rejection term for the specific route shall be set to the agreement of both parties. After the three week period, or as alternately arranged, City shall be deemed as having accepted the installation.

Required Equipment

Contractor shall use the Trimble Ranger 3 handheld computer, or equivalent with the ORION Endpoint Utility to program ORION SE units.

City Supplied Parts

The City will supply the following parts 1) ORION SE endpoint 2) Badger ADE register pre-wired ORION SE endpoint 3) splice kits 4) Recess ORION Cap and/or Through Hole ORION Cap & Washer 5) Mushroom cap for concrete meter lid with pre-drilled hole 6) City of Sacramento magnetic decal for placement on Contractor's vehicles 7) City Contractor ID Badge. Note: If any City supplied parts are lost or stolen, the Contractor is responsible for reporting it immediately to the City's Project Manager.

Contractor Receipt of City Supplied Parts

The Contractor shall pick up all City supplied parts at the City Corporation Yard, located at 5730 24th Street Bldg # 22. The Contractor shall be responsible for scheduling pick-ups, receiving and transporting these items from the City's Corporation yard. All parts, once received, shall become the responsibility of the Contractor. Replacement of lost or damaged parts shall be at the Contractors expense.

Inventory Management

The Contractor shall work with the City warehouse staff to obtain all City supplied parts. To initiate the parts ordering process, Contractor shall fill out a Parts Request form provided by the City in an electronic format (See Attachment A). A complete Parts Request form shall be emailed to a Stores Administrator. City warehouse staff shall have parts available for pick-up within five business days of receiving a Parts Request form. Contractor will be notified as soon as possible if parts are unavailable. The Contractor shall schedule a pick-up by contacting a Stores Administrator.

The Contractor shall pick-up all City supplied parts at the City's Corporation Yard, 5730 24th Street, Bldg. #22. At pick-up, the Contractor shall verify that their parts request has been filled correctly by reviewing their order and signing for receipt of parts at the bottom of the Parts Request form. A copy of the completed and signed Parts Request form and a list of serial numbers for all ORION SE endpoints being issued shall be supplied by City warehouse staff to the Contractor.

Upon completion of the project, any unused City supplied parts shall be returned to the City's Corporation Yard, 5730 24th Street, Bldg. #22. The Contractor shall coordinate with a Stores Administrator to schedule the return of unused or defective

parts. Prior to arriving, the Contractor shall complete a Parts Return form(s) provided by the City in an electronic format (See Attachment B). One form and serial number list shall be provided for each return type. Return types include unused, damaged, and defective. The Contractor shall complete a Parts Return form and attach a list of serial numbers for all ORION SE endpoints being returned for each type of return. All parts shall be placed in separate boxes or containers based on return type and marked accordingly; under no circumstances shall unused parts, damaged parts, and defective parts be placed in the same box or container.

All returned unused parts shall be in like new condition to the satisfaction of a Stores Administrator. The cost of damaged, lost, or unreturned City supplied parts will be deducted from the Contractor's final payment at project closeout. The Contractor bears the sole financial responsibility for damage to City supplied parts during installation and shall reimburse or credit the City for the full price of each part damaged during installation.

Defective Parts/Failure Rate

The City anticipates that there may be a failure rate of approximately less than 0.25% of Badger ORION SE endpoints that will require replacement. Defective units will be exchanged at the City Corporation Yard located at 5730 24th Street, Bldg # 22 as indicated in the "Inventory Management" section.

When the Contractor identifies a unit as defective, the Contractor shall be responsible for exchanging it for another unit. All work associated with the defective unit, such as but not limited to the transporting, installing and programming of the defective unit shall be at no additional charge to the City. In other words, Contractor shall be paid only the unit rate for installing and programming one unit, and **no additional payment will be made to the Contractor for replacement and programming if the unit is defective**, whether or not the actual failure rate is more or less than the anticipated failure rate of less than 0.25%. The Contractor shall not be responsible for subsequent failures after the first read.

Utility Import Tool

The Contractor will receive Meter Information Sheets as a Source Document (See Appendix A for sample fields and values) for the installation project area. The Contractor shall work with City staff to define required fields to be collected and viewable in the Contractor's work order system. The Contractor shall export the completed project information in the format required by the City with all required fields collected for back update into the City's CMMS (Computerized Maintenance Management System).

Quality Audit and Quality Control

Meter information sheets will be uploaded electronically to the Contractor's work order management system and audited for accuracy. The Contractor shall offer the City 24 hour/7days a week electronic access to their work order management system for downloadable audit reports and installation information. Contractor shall have capability to customize their work order system and reports to meet the City's requirements.

Public Notification

The Contractor is required to place a twenty-four (24) hour notice by door hanger prior to the commencement of work at any address where access on to private property is required. The notice must include the scope of work, date the work will be performed, contractor contact information, and a contact for city project manager.

GENERAL PROVISIONS

1. Independent Contractor.

- A. It is understood and agreed that CONTRACTOR (including CONTRACTOR's employees) is an independent contractor and that no relationship of employer-employee exists between the parties hereto for any purpose whatsoever. Neither CONTRACTOR nor CONTRACTOR's assigned personnel shall be entitled to any benefits payable to employees of CITY. CITY is not required to make any deductions or withholdings from the compensation payable to CONTRACTOR under the provisions of this Agreement, and CONTRACTOR shall be issued a Form 1099 for its services hereunder. As an independent contractor, CONTRACTOR hereby agrees to indemnify and hold CITY harmless from any and all claims that may be made against CITY based upon any contention by any of CONTRACTOR's employees or by any third party, including but not limited to any state or federal agency, that an employer-employee relationship or a substitute therefor exists for any purpose whatsoever by reason of this Agreement or by reason of the nature and/or performance of any Services under this Agreement. (As used in this Exhibit D, the term "Services" shall include both Services and Additional Services as such terms are defined elsewhere in this Agreement.)

- B. It is further understood and agreed by the parties hereto that CONTRACTOR, in the performance of its obligations hereunder, is subject to the control and direction of CITY as to the designation of tasks to be performed and the results to be accomplished under this Agreement, but not as to the means, methods, or sequence used by CONTRACTOR for accomplishing such results. To the extent that CONTRACTOR obtains permission to, and does, use CITY facilities, space, equipment or support services in the performance of this Agreement, this use shall be at the CONTRACTOR's sole discretion based on the CONTRACTOR's determination that such use will promote CONTRACTOR's efficiency and effectiveness. Except as may be specifically provided elsewhere in this Agreement, the CITY does not require that CONTRACTOR use CITY facilities, equipment or support services or work in CITY locations in the performance of this Agreement.

- C. If, in the performance of this Agreement, any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. Except as may be specifically provided elsewhere in this Agreement, all terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by CONTRACTOR. It is further understood and agreed that CONTRACTOR shall issue W-2 or 1099 Forms for income and employment tax purposes, for all of CONTRACTOR's assigned personnel and subcontractors.

D. The provisions of this Section 1 shall survive any expiration or termination of this Agreement. Nothing in this Agreement shall be construed to create an exclusive relationship between CITY and CONTRACTOR. CONTRACTOR may represent, perform services for, or be employed by such additional persons or companies as CONTRACTOR sees fit provided that CONTRACTOR does not violate the provisions of Section 5, below.

2. **Licenses; Permits, Etc.** CONTRACTOR represents and warrants that CONTRACTOR has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals of whatsoever nature that are legally required for CONTRACTOR to practice its profession or provide any services under the Agreement. CONTRACTOR represents and warrants that CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for CONTRACTOR to practice its profession or provide such Services. Without limiting the generality of the foregoing, if CONTRACTOR is an out-of-state corporation, CONTRACTOR warrants and represents that it possesses a valid certificate of qualification to transact business in the State of California issued by the California Secretary of State pursuant to Section 2105 of the California Corporations Code.
3. **Time.** CONTRACTOR shall devote such time and effort to the performance of Services pursuant to this Agreement as is necessary for the satisfactory and timely performance of CONTRACTOR's obligations under this Agreement. Neither party shall be considered in default of this Agreement, to the extent that party's performance is prevented or delayed by any cause, present or future, that is beyond the reasonable control of that party.
4. **CONTRACTOR Not Agent.** Except as CITY may specify in writing, CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to act on behalf of CITY in any capacity whatsoever as an agent. CONTRACTOR and CONTRACTOR's personnel shall have no authority, express or implied, to bind CITY to any obligations whatsoever.
5. **Conflicts of Interest.** CONTRACTOR covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, that would conflict in any manner with the interests of CITY or that would in any way hinder CONTRACTOR's performance of Services under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor, without the written consent of CITY. CONTRACTOR agrees to avoid conflicts of interest or the appearance of any conflicts of interest with the interests of CITY at all times during the performance of this Agreement. If CONTRACTOR is or employs a former officer or employee of the CITY, CONTRACTOR and any such employee(s) shall comply with the provisions of Sacramento City Code Section 2.16.090 pertaining to appearances before the City Council or any CITY department, board, commission or committee.
6. **Confidentiality of CITY Information.** During performance of this Agreement, CONTRACTOR may gain access to and use CITY information regarding inventions, machinery, products, prices, apparatus, costs, discounts, future plans, business affairs, governmental affairs, processes, trade secrets, technical matters, systems, facilities, customer lists, product design, copyright,

data, and other vital information (hereafter collectively referred to as "City Information") that are valuable, special and unique assets of the CITY. CONTRACTOR agrees to protect all City Information and treat it as strictly confidential, and further agrees that CONTRACTOR shall not at any time, either directly or indirectly, divulge, disclose or communicate in any manner any City Information to any third party without the prior written consent of CITY. In addition, CONTRACTOR shall comply with all CITY policies governing the use of the CITY network and technology systems, as set forth in applicable provisions of the City of Sacramento Administrative Policy Instructions U 30. A violation by CONTRACTOR of this Section 6 shall be a material violation of this Agreement and shall justify legal and/or equitable relief.

7. CONTRACTOR Information.

- A. CITY shall have full ownership and control, including ownership of any copyrights, of all information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement. In this Agreement, the term "information" shall be construed to mean and include: any and all work product, submittals, reports, plans, specifications, and other deliverables consisting of documents, writings, handwritings, typewriting, printing, photostatting, photographing, computer models, and any other computerized data and every other means of recording any form of information, communications, or representation, including letters, works, pictures, drawings, sounds, or symbols, or any combination thereof. CONTRACTOR shall not be responsible for any unauthorized modification or use of such information for other than its intended purpose by CITY.
- B. CONTRACTOR shall fully defend, indemnify and hold harmless CITY, its officers and employees, and each and every one of them, from and against any and all claims, actions, lawsuits or other proceedings alleging that all or any part of the information prepared, produced, or provided by CONTRACTOR pursuant to this Agreement infringes upon any third party's trademark, trade name, copyright, patent or other intellectual property rights. CITY shall make reasonable efforts to notify CONTRACTOR not later than ten (10) days after CITY is served with any such claim, action, lawsuit or other proceeding, provided that CITY's failure to provide such notice within such time period shall not relieve CONTRACTOR of its obligations hereunder, which shall survive any termination or expiration of this Agreement.
- C. All proprietary and other information received from CONTRACTOR by CITY, whether received in connection with CONTRACTOR's proposal to CITY or in connection with any Services performed by CONTRACTOR, will be disclosed upon receipt of a request for disclosure, pursuant to the California Public Records Act; provided, however, that, if any information is set apart and clearly marked "trade secret" when it is provided to CITY, CITY shall give notice to CONTRACTOR of any request for the disclosure of such information. The CONTRACTOR shall then have five (5) days from the date it receives such notice to enter into an agreement with the CITY, satisfactory to the City Attorney, providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff's attorney fees) incurred by CITY in any legal action to compel the disclosure of such information under the California Public Records Act. The

CONTRACTOR shall have sole responsibility for defense of the actual "trade secret" designation of such information.

- D. The parties understand and agree that any failure by CONTRACTOR to respond to the notice provided by CITY and/or to enter into an agreement with CITY, in accordance with the provisions of subsection C, above, shall constitute a complete waiver by CONTRACTOR of any rights regarding the information designated "trade secret" by CONTRACTOR, and such information shall be disclosed by CITY pursuant to applicable procedures required by the Public Records Act.

8. Standard of Performance. CONTRACTOR shall perform all Services required pursuant to this Agreement in the manner and according to the standards currently observed by a competent practitioner of CONTRACTOR's profession in California. All products of whatsoever nature that CONTRACTOR delivers to CITY pursuant to this Agreement shall be prepared in a professional manner and conform to the standards of quality normally observed by a person currently practicing in CONTRACTOR's profession, and shall be provided in accordance with any schedule of performance specified in Exhibit A. CONTRACTOR shall assign only competent personnel to perform Services pursuant to this Agreement. CONTRACTOR shall notify CITY in writing of any changes in CONTRACTOR's staff assigned to perform the Services required under this Agreement, prior to any such performance. In the event that CITY, at any time during the term of this Agreement, desires the removal of any person assigned by CONTRACTOR to perform Services pursuant to this Agreement, because CITY, in its sole discretion, determines that such person is not performing in accordance with the standards required herein, CONTRACTOR shall remove such person immediately upon receiving notice from CITY of the desire of CITY for the removal of such person.

9. Term; Suspension; Termination.

- A. This Agreement shall become effective on the date that it is approved by both parties, set forth on the first page of the Agreement, and shall continue in effect until both parties have fully performed their respective obligations under this Agreement, unless sooner terminated as provided herein.
- B. CITY shall have the right at any time to temporarily suspend CONTRACTOR's performance hereunder, in whole or in part, by giving a written notice of suspension to CONTRACTOR. If CITY gives such notice of suspension, CONTRACTOR shall immediately suspend its activities under this Agreement, as specified in such notice.
- C. CITY shall have the right to terminate this Agreement at any time by giving a written notice of termination to CONTRACTOR. If CITY gives such notice of termination, CONTRACTOR shall immediately cease rendering Services pursuant to this Agreement. If CITY terminates this Agreement:
- (1) CONTRACTOR shall, not later than five days after such notice of termination, deliver to CITY copies of all information prepared pursuant to this Agreement.

- (2) CITY shall pay CONTRACTOR the reasonable value of Services rendered by CONTRACTOR prior to termination; provided, however, CITY shall not in any manner be liable for lost profits that might have been made by CONTRACTOR had the Agreement not been terminated or had CONTRACTOR completed the Services required by this Agreement. In this regard, CONTRACTOR shall furnish to CITY such financial information as in the judgment of the CITY is necessary for CITY to determine the reasonable value of the Services render by CONTRACTOR. The foregoing is cumulative and does not affect any right or remedy that CITY may have in law or equity.

10. Indemnity.

- A. Indemnity: CONTRACTOR shall defend, hold harmless and indemnify CITY, its officers and employees, and each and every one of them, from and against any and all actions, damages, costs, liabilities, claims, demands, losses, judgments, penalties, costs and expenses of every type and description, including, but not limited to, any fees and/or costs reasonably incurred by CITY and any fees and expenses incurred in enforcing this provision (hereafter collectively referred to as "Liabilities"), arising from personal injury or death, damage to personal, real or intellectual property or the environment, contractual or other economic damages, or regulatory penalties, arising out the negligence of CONTRACTOR, any subcontractor or agent, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, whether or not (i) such Liabilities are caused in part by a party indemnified hereunder or (ii) such Liabilities are litigated, settled or reduced to judgment; provided that the foregoing indemnity does not apply to liability for any damage or expense for death or bodily injury to persons or damage to property to the extent arising from the negligence or willful misconduct of CITY, its agents, servants, or independent contractors, except when such agents, servants, or independent contractors are under the direct supervision and control of CONTRACTOR.

- B. Insurance Policies; Intellectual Property Claims: The existence or acceptance by CITY of any of the insurance policies or coverages described in this Agreement shall not affect or limit any of CITY's rights under this Section 10, nor shall the limits of such insurance limit the liability of CONTRACTOR hereunder. This Section 10 shall not apply to any intellectual property claims, actions, lawsuits or other proceedings subject to the provisions of Section 7.B., above. The provisions of this Section 10 shall survive any expiration or termination of this Agreement.

11. Insurance Requirements. During the entire term of this Agreement, CONTRACTOR shall maintain the insurance coverage described in this Section 11.

Full compensation for all premiums that CONTRACTOR is required to pay for the insurance

coverage described herein shall be included in the compensation specified for the Services provided by CONTRACTOR under this Agreement. No additional compensation will be provided for CONTRACTOR's insurance premiums.

 - C. The above provisions shall apply in all instances unless prohibited by the funding source for the Contract or Agreement.

EXHIBIT E
LIVING WAGE REQUIREMENTS
(Nonprofessional Service Agreement)

The Living Wage Ordinance

The City of Sacramento's Living Wage Ordinance (the "LWO") is codified as Chapter 3.58 of the Sacramento City Code. The LWO requires certain firms that enter into agreements or contracts (all subsequent references to a "contract" or "contracts" will refer to both contracts and agreements) to provide certain services to or for the CITY, to pay a specified minimum level of compensation to their employees for time spent performing any work on the CITY contract. The LWO also applies to certain subcontractors.

The LWO applies to contracts entered into, amended, or renewed or extended at the CITY's discretion, on or after March 1, 2004 (the "LWO Effective Date").

Contracts and Contractors Covered by the LWO

Determining whether the LWO applies to a specific CITY contract, contractor or subcontractor, depends on whether the contract, contractor and/or subcontractor meet the criteria specified in the LWO for contract type, contract amount, contractor size (# of employees), subcontract amount and subcontractor size (# of employees). These criteria are summarized below.

Contract Type

The LWO applies only to contracts for Nonprofessional Services. Under the LWO, this includes contracts for any services of a nonprofessional character, including but not limited to tree trimming services, repair services for motor vehicles and office equipment, vehicle towing, and security services.

The LWO does not apply to: (1) Incidental services, such as delivery, installation or maintenance, that are provided under contracts for the purchase or lease of equipment, supplies, or other personal property; (2) contracts that are subject to CITY, state, or federal prevailing-wage requirements; (3) contracts for professional services (including but not limited to services rendered by engineers, architects, auditors, banks, consultants, actuaries and attorneys); and (4) contracts with nonprofit corporations that are organized under section 501 of the Internal Revenue Code and have fewer than 100 employees, whether full or part time.

Contract Amount

The LWO applies to contracts entered into or amended after the LWO Effective Date that provide compensation from the CITY of \$100,000 or more. In addition, the LWO applies to a contract entered into or amended after the LWO Effective Date that, by itself, does not reach this amount, if the aggregate value of that contract and of any other Nonprofessional Services contracts covered by the LWO that the CITY has awarded to the same person or firm within the previous 12 months, is \$100,000 or more. IT IS THE CONTRACTOR'S RESPONSIBILITY TO

DETERMINE WHETHER THIS AGGREGATE VALUE IS \$100,000 OR MORE, AND TO NOTIFY THE CITY IN WRITING WHENEVER THIS IS THE CASE.

Contractor Size

The LWO only applies to a contractor that has at least 25 employees, working either full or part time. The number of employees that a contractor has is determined by adding the contractor's employees and the employees of any other person or entity deemed to be a "Related Person" under the LWO.^a

Subcontract Amount

The LWO applies to a subcontractor providing services under a covered contract if the amount of the subcontract is at least 25 % of the contract amount, without regard to the number of employees the subcontractor has.

Subcontractor Size

The LWO also applies to a subcontractor providing services under a covered contract if the subcontractor has at least 25 employees, working either full or part time, whether or not the amount of the subcontract is at least 25 % of the contract amount.

Payment of Living Wage to Covered Employees

If a contractor or subcontractor meets the criteria specified in the LWO for contract type, contract amount, contractor size, subcontract amount and/or subcontractor size, the contractor or subcontractor is deemed to be a "Covered Employer" under the LWO. The LWO requires a Covered Employer to provide specified minimum compensation to its employees who perform work directly related to the CITY contract (these employees are called "Covered Employees" under the LWO), for all hours the Covered Employees perform under the CITY contract.^b

^a The LWO provides that a person or entity is a Related Person when any of the following circumstances exists:

- (1) The person or entity and the contractor are both corporations, and (i) share a majority of members of their governing boards, or (ii) have two or more officers in common, or (iii) are controlled by the same majority shareholder or shareholders (control means more than 50% of the corporation's voting power), or (iv) are in a parent-subsidiary relationship (such a relationship exists when one corporation directly or indirectly owns shares possessing more than 50% of another corporation's voting power); or
- (2) The person or entity otherwise controls and directs, or is controlled and directed by, the contractor, as determined by the City Manager.

^b A Covered Employee includes full-time, part-time, contingent, contract and temporary employees, but does not include: (1) individuals who participate in job-training-and-education programs that have, as their express purpose, the provision of basic job skills and education to participants, with the goal of earning a high-school-equivalency diploma and permanent employment; (2) student interns; (3) individuals participating in specialized-training programs; and (4) an employee whose term and conditions of employment are governed by a bona fide collective-bargaining agreement containing an express waiver of the LWO.

The minimum compensation required is as follows:

- (1) If health benefits are provided to Covered Employees and the Covered Employer's contribution for the benefits is at least \$1.50 for each hour, then the rates are as follows:

Notification to Covered Employees

The LWO requires a Covered Employer to give each existing employee and (at the time of hire) each new employee a copy of the following written notification:

This company may enter into a contract to perform services for the City of Sacramento. If you work on such a contract, then you are entitled to be paid a living wage for each hour so worked. For more information, see Chapter 3.58 of the Sacramento City Code, which can be viewed at www.cityofsacramento.org.

The LWO requires the above notification to be provided in each language spoken by 10% or more of the Covered Employer's workforce.

The LWO also requires a Covered Employer to inform all employees of their possible right to the federal Earned Income Credit (EIC), and to make available to those employees any forms required to secure advance EIC payments from the Covered Employer.

Subcontractor Compliance

A contractor is responsible for requiring all of its subcontractors who are covered by these requirements to comply with the provisions of the LWO, by including these requirements in all subcontracts covered by the LWO.

Other Provisions of the LWO

Use of Funds Paid Under CITY Contracts

Under the LWO, Covered Employers may not directly use CITY funds to persuade Covered Employees to support or oppose unionization, and Covered Employers may not directly use CITY funds to schedule or hold meetings related to union representation during the Covered Employees' working hours. These restrictions do not apply to expenditures made during good-faith collective bargaining or to expenditures required under bona fide collective-bargaining agreements.

No Reduction in Non-Wage Benefits

Under the LWO, Covered Employers may not fund any wage increases required by the LWO, nor shall Covered Employers otherwise respond to the enactment of the LWO, by reducing the health, insurance, pension, vacation, or other non-wage benefits of any of their employees.

No Retaliation

The LWO prohibits a Covered Employer from taking any adverse action against a Covered Employee because the Covered Employee does any of the following: (1) exercises or asserts his or her rights under the LWO; (2) informs or assists other Covered Employees concerning their rights and the Covered Employer's obligations under the LWO; (3) complains about the Covered Employer's failure to comply with the LWO; or (4) seeks to enforce the LWO.

No Reduction in Collective-Bargaining Wage Rates

The LWO does not require or authorize any Covered Employer to reduce wages set by a collective-bargaining agreement or required under any prevailing-wage law.

Violations and Monitoring

The LWO provides that any violation of the LWO by a CITY contractor constitutes a material breach of the contract, and authorizes the CITY to terminate the contract and pursue all available legal and equitable remedies. In order to monitor compliance, the LWO authorizes the CITY to require Covered Employers to verify their compliance with the LWO by submitting certified payroll records to the CITY, and to take such other steps as may be necessary for the CITY to determine whether the requirements of the LWO have been satisfied.

The LWO also includes provisions authorizing an employee or interested person to file a judicial action against a contractor or subcontractor for violation of the LWO.

Declaration of Compliance

To assure compliance with the LWO, any person or entity entering into a contract to provide Nonprofessional Services to or for the CITY, on or after March 1, 2004, is required to provide the CITY with a signed Declaration of Compliance in the form required by the CITY, prior to the CITY's execution of the contract. The Declaration of Compliance shall be signed by a duly authorized representative of the person or entity entering into the contract, and, when accepted by the CITY, shall constitute part of the contract.

REQUIREMENTS OF THE NON-DISCRIMINATION IN EMPLOYEE BENEFITS CODE

INTRODUCTION

The Sacramento Non-Discrimination In Employee Benefits Code (the "Ordinance"), codified as Sacramento City Code Chapter 3.54, prohibits City contractors from discriminating in the provision of employee benefits between employees with spouses and employees with domestic partners, and between the spouses and domestic partners of employees.

APPLICATION

The provisions of the Ordinance apply to any contract or agreement (as defined below), between a Contractor and the City of Sacramento, in an amount exceeding \$100,000.00. The Ordinance applies to that portion of a contractor's operations that occur: (i) within the City of Sacramento; (ii) on real property outside the City of Sacramento if the property is owned by the City or if the City has a right to occupy the property; or (iii) at any location where a significant amount of work related to a City contract is being performed.

The Ordinance does not apply: to subcontractors or subcontracts of any Contractor or contractors; to transactions entered into pursuant to cooperative purchasing agreements approved by the Sacramento City Council; to legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City; where the requirements of the ordinance will violate or are inconsistent with the terms or conditions of a grant, subvention or agreement with a public agency or the instructions of an authorized representative of any such agency with respect to any such grant, subvention or agreement; to permits for excavation or street construction; or to agreements for the use of City right-of-way where a contracting utility has the power of eminent domain.

DEFINITIONS

As set forth in the Ordinance, the following definitions apply:

"Contract" means an agreement for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided, at the expense of the City or to be paid out of moneys deposited in the treasury or out of the trust money under the control or collected by the City. "Contract" also means a written agreement for the exclusive use ("exclusive use" means the right to use or occupy real property to the exclusion of others, other than the right reserved by the fee owner) or occupancy of real property for a term exceeding 29 days in any calendar year, whether by singular or cumulative instrument, (i) for the operation or use by others of real property owned or controlled by the City for the operation of a business, social, or other establishment or organization, including leases, concessions, franchises and easements, or (ii) for the City's use or occupancy of real property owned by others, including leases, concessions, franchises and easements.

"Contract" shall not include: a revocable at-will use or encroachment permit for the use of or encroachment on City property regardless of the ultimate duration of such permit; excavation,

street construction or street use permits; agreements for the use of City right-of-way where a contracting utility has the power of eminent domain; or agreements governing the use of City property that constitute a public forum for activities that are primarily for the purpose of espousing or advocating causes or ideas and that are generally protected by the First Amendment to the United States Constitution or that are primarily recreational in nature.

“Contractor” means any person or persons, firm, partnership, corporation, company, or combination thereof, that enters into a Contract with the City. “Contractor” does not include a public entity.

“Domestic Partner” means any person who has a currently registered domestic partnership with a governmental entity pursuant to state or local law authorizing the registration.

“Employee Benefits” means bereavement leave; disability, life, and other types of insurance; family medical leave; health benefits; membership or membership discounts; moving expenses; pension and retirement benefits; vacation; travel benefits; and any other benefit given to employees. “Employee benefits” shall not include benefits to the extent that the application of the requirements of this chapter to such benefits may be preempted by federal or state.

CONTRACTOR’S OBLIGATION TO PROVIDE THE CITY WITH DOCUMENTATION AND INFORMATION

Contractor shall provide the City with documentation and information verifying its compliance with the requirements of the Ordinance within ten (10) days of receipt of a request from the City. Contractors shall keep accurate payroll records, showing, for each City Contract, the employee’s name, address, Social Security number, work classification, straight time pay rate, overtime pay rate, overtime hours worked, status and exemptions, and benefits for each day and pay period that the employee works on the City Contract. Each request for payroll records shall be accompanied by an affidavit to be completed and returned by the Contractor, as stated, attesting that the information contained in the payroll records is true and correct, and that the Contractor has complied with the requirements of the Ordinance. A violation of the Ordinance or noncompliance with the requirements of the Ordinance shall constitute a breach of contract.

EMPLOYER COMPLIANCE CERTIFICATE AND NOTICE REQUIREMENTS

(a) All contractors seeking a Contract subject to the Ordinance shall submit a completed Declaration of Compliance Form, signed by an authorized representative, with each proposal, bid or application. The Declaration of Compliance shall be made a part of the executed contract, and will be made available for public inspection and copying during regular business hours.

(b) The Contractor shall give each existing employee working directly on a City contract, and (at the time of hire), each new employee, a copy of the notification provided as Attachment “A.”
