Description/Analysis

Issue Detail: The Fiscal Year (FY) 2014/15 Child Development Program Audit Report has been prepared to present the financial results of the 4th R Child Development Program for the fiscal year that ended June 30, 2015.

Policy Considerations: This report is consistent with the City's fiscal transparency and accountability principles.

Economic Impacts: None.

Environmental Considerations: Not applicable.

California Environmental Quality Act (CEQA): This action is not a project that is subject to CEQA because it is an administrative activity that will not result in direct or indirect physical changes in the environment, and it relates to government fiscal activities that do not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment. (CEQA Guidelines § 15378(a), (b)(2), (b)(4) and (b)(5).)

Sustainability Considerations: Not applicable.

Commission/Committee Action: The Child Development Program Audit Report was presented to the Budget and Audit Committee on February 2, 2016. The Committee approved a Motion to forward the report to the City Council.

Rationale for Recommendation: It is in the best interest of the City Council to receive and file the FY2014/15 Child Development Program Audit Report for the following reasons:

- This report is required by the California Department of Education and includes information necessary to comply with the California Department of Education Audit Guide.
- The public accounting firm of Vavrinek, Trine, Day & Co., LLP, has audited the 4th R Child Development Program's FY2014/15 financial statements and has rendered its unmodified opinion that the financial statements are fairly presented in accordance with generally accepted accounting principles.

Financial Considerations: The 4th R program had a deficit fund balance of \$40,000 at fiscal year-end primarily due to a labor grievance settlement. The FY2015/16 Midyear staff report includes a recommendation to transfer resources to the 4th R Fund to eliminate its deficit fund balance.

Local Business Enterprise (LBE): No goods or services are being purchased under this report.

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council
City of Sacramento
Sacramento, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Child Development Program (Program), an enterprise fund of the City of Sacramento, California (City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Program, as of June 30, 2015, and the changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

Individual Fund Financial Statements

As discussed in Note A, the financial statements present only the Child Development Program, an enterprise fund of the City of Sacramento, California, and do not purport to, and do not, present fairly the financial position of the City of Sacramento, California as of June 30, 2015, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Implementation of New Accounting Standards

Also, as discussed in Note A to the financial statements, the Program adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB 68*, effective July 1, 2014. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of the Program's Proportionate Share of the Net Pension Liability and the Schedule of Contributions on pages 19 and 20 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Program's basic financial statements. The general information and supplementary information, as listed in the table of contents are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and certain additional procedures in conformity with the *California Department of Education Audit Guide*, issued by the California Department of Education, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The general information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2015, on our consideration of the City's internal control over financial reporting as it relates to the Child Development Program and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance as it relates to the Child Development Program.

**CITY OF SACRAMENTO
CHILD DEVELOPMENT PROGRAM**

Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2015

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

General

The City of Sacramento (City) administers the Child Development Program (Program). The Program provides school age childcare services and is funded by grants from the California State Department of Education (State) and parent fees. The accompanying financial statements present only the Child Development Program, an enterprise fund of the City, and are not intended to present fairly the financial position or changes in financial position or cash flows of the City in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Program are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned. Expenses are recognized in the accounting period in which the liability is incurred, regardless of the timing of related cash flows.

The principal operating revenues of the Program are state apportionments, parent fees, and miscellaneous revenues. Operating expenses include costs of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

New Pronouncements

GASB Statement No. 68 – In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The Statement is effective for periods beginning after June 15, 2014. The Program recognized a restatement to beginning net position on the statement of activities of \$4,036,562. See footnote G for more information.

GASB Statement No. 69 – In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. The objective of this Statement is to establish reporting standards related to government combinations and disposals of government operations. The Statement is effective for periods beginning after December 15, 2013. This Statement did not have a material effect on the financial statements.

GASB Statement No. 71 – In November 2013, GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. This Statement did not have a material effect on the financial statements.

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NEW FUTURE GASB PRONOUNCEMENTS:

GASB Statement No. 72 – In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*. This Statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. These disclosures should be organized by type of asset or liability reported at fair value. It also requires additional disclosures regarding investments in certain entities that calculate net asset value per share (or its equivalent). The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015. The Program has not determined its effect on the financial statements.

GASB Statement No. 73– In June 2015, GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015—except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016. The Program has not determined its effect on the financial statements.

GASB Statement No. 74 – In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. Statement No. 74 replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement 43, and Statement No. 50, *Pension Disclosures*. The provisions in Statement 74 are effective for fiscal years beginning after June 15, 2016. The Program has not determined its effect on the financial statements.

GASB Statement No. 75 - In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Statement 75 establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. The Program has not determined its effect on the financial statements.

GASB Statement No. 76 – In June 2015, GASB issues Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of generally accepted accounting principles (GAAP). This Statement supersedes Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. This statement is not effective until the fiscal year ending June 30, 2016. The Program has not determined the effect of this statement.

**CITY OF SACRAMENTO
CHILD DEVELOPMENT PROGRAM**

Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2015

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GASB Statement No. 77 – In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. 2. The objective of this Statement is to provide financial statement users with essential information about the nature and magnitude of the reduction in tax revenues through tax abatement programs. This statement is not effective until the fiscal year ending June 30, 2017. The Program has not determined the effect of this statement.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Program of City of Sacramento's California Public Employees Retirement System (CalPERS) plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Cash and Investments and Restricted Cash and Investments Held by City

All of the Program's cash and investments are included in the City's investment pool, which is described in the City's Comprehensive Annual Financial Report (CAFR). The City, as a charter city, has adopted its own investment guidelines, which are consistent with the requirements of the California Government Code. The City Council and City Treasurer provide oversight of the City's investment pool and reaffirm its investment policy on a quarterly basis. The estimated fair value of investments in the pool is based upon quoted market prices. The value of the pool shares that may be withdrawn at any time is determined on an amortized cost basis, which is different than the fair value of the Program's position in the pool. The City's investment pool is not rated and has a weighted average maturity of 2.15 years as of June 30, 2015. Additional information regarding investment risk of the City's pool, including interest rate and credit risk, can be found in the City's CAFR.

Restricted cash and investments is the amount of reserves held by the Program for center-based programs in accordance with an agreement with the State.

Allowance for Doubtful Accounts

Management periodically reviews the collectability of its accounts receivable and establishes an allowance for doubtful accounts as necessary. Management considers factors such as historical experience, credit quality, and the age of the accounts receivable balances in determining the appropriate allowance. As of June 30, 2015, the Program's allowance for doubtful accounts was \$104,119

Intangible Asset

The intangible asset is from a shared facility use agreement where the Child Development Program made payments in 2006 of \$236,000 to Rio Linda Unified School District for the construction and use of a child care classroom facility at a Rio Linda school site.

The program is allowed to operate the child care center and collect third party fees at the Regency Park School site based on the joint use agreement. The expenses are being amortized over the 30-year life of the right-to-use agreement using the straight line method.

CITY OF SACRAMENTO
CHILD DEVELOPMENT PROGRAM
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2015

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets are defined as assets with an initial, individual cost of more than \$20,000, and an estimated useful life greater than one year. Capital assets are recorded at historical cost. Depreciation of capital assets is provided on the straight-line method over estimated useful lives between 5 and 30 years.

Compensated Absences

Program employees accrue vacation, sick, holiday and compensatory time off benefits. Employees may accumulate vacation time up to 480 hours. Sick pay vests and may be accumulated until retirement. An employee with sixty or more days of accumulated sick leave at the end of a calendar year may elect to receive a 25% payment of any unused sick leave earned in the previous year. The amount of sick leave paid is deducted from the employee's total accumulation. Upon retirement, employees with a minimum of 20 years of City service have the option of converting their sick leave accumulation into California Public Employees' Retirement System (CalPERS) service credit hours, or receiving a cash payment of one-third of the vested accumulated sick leave. Employees who leave the City and are not retiring forfeit any remaining sick leave. The Program records unpaid accrued vacation and sick leave as an expense and related liability as the benefits are earned.

Unearned Revenue

Unearned revenue represents resources received from the State that the Program has not yet earned.

Accrued Claims and Judgments

Accrued claims and judgements represent the actuarially determined liability for the first year of claims and salary continuation in the City's workers compensation program. This liability was reported in the prior year as wages and employee benefits payable.

Net Position

When both restricted and unrestricted resources are available for use, it is the Program's policy to use restricted resources first, then unrestricted resources as they are needed.

Statement of Cash Flows

For purposes of the statement of cash flows, the Program considers cash and cash equivalents to include all pooled cash and investments, including restricted assets, as these pooled balances have the general characteristics of a demand deposit account.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE F – OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description

The City provides post-retirement medical and dental benefits to retirees who retire directly from the City through a single-employer defined benefit OPEB plan (the Plan). To be eligible for the City paid benefits, retirees must be at least age 50 with 10 years of City service at retirement, or have 30 years of service with no age requirement. The Program’s employees participate in the City’s plan.

Funding Policy

The Plan’s funding policy provides for periodic contributions by the City. The contribution rate is determined on an annual basis by an independent actuary and authorized by the City Council. The contribution rate is based on the annual required contribution (ARC), an amount that is actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The current ARC rate is 11.9 percent of annual covered payroll. Currently, the City is contributing to the plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation

The annual OPEB cost recorded by the Program is calculated by the City and represents an allocation of the total ARC of the City, adjusted for interest and other adjustments. The allocation is based upon the Program’s percentage share of the City’s yearly pay-as-you go costs. The Program’s OPEB obligation as of June 30, 2015 based off the June 30, 2013 valuation allocated to the Program was calculated as follows:

Annual required contribution (ARC)	\$	70,000
Interest on net OPEB obligation		11,000
Adjustment to annual required contribution		(21,000)
Annual OPEB cost (expense)		60,000
Contributions made		(18,000)
Increase in net OPEB obligation		42,000
Net OPEB obligation - Beginning of year		192,000
Net OPEB obligation - End of year	\$	234,000

The Program’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the last three fiscal years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of OPEB Cost Contributed	Net OPEB Obligation
June 30, 2013	\$ 52,000	31%	\$ 157,000
June 30, 2014	52,000	33%	192,000
June 30, 2015	60,000	30%	234,000

Additional disclosure detail required by GASB Statement No. 45, regarding the City’s OPEB plan is presented in City’s Comprehensive Annual Financial Report for the fiscal year ended June 30, 2015.

NOTE G - RETIREMENT PLAN

Plan Description – All qualified permanent and probationary employees of the Program are eligible to participate in the City’s Miscellaneous Employee Pension Plan (Plan), an agent-multiple employer defined benefit pension plan administered by the California Public Employees Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information can be found on the CalPERS website at: <http://www.calpers.ca.gov/index.jsp?bc=/about/forms-pubs/calpers-reports/actuarial-reports/home.xml>.

Benefits Provided – CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plans’ provisions and benefits in effect at June 30, 2015, are summarized as follows:

	<u>Classic</u>	<u>PEPRA</u>
	Prior to January 1, 2013	On or after January 1, 2013
Hire Date		
Formula	2% @ 55	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life
Retirement age	50-55	52-67
Monthly benefits, as a % of annual salary	1.4% to 2.7%	1.0% to 2.5%
Required employee contribution rates	6.80%	6.75%
Required employer contribution rates	14.42%	14.42%

Contributions – Section 20814(c) of the California Public Employees’ Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Program is required to contribute the difference between the actuarially determined rate and the contribution rates of employees.

Employee contribution rates for the fiscal year ended June 30, 2015, were 6.8% for the Classic Plan Members and 6.75% for the PEPRA Plan members. The Program’s proportionate share of the City’s contributions to the miscellaneous plan was \$367,072 for the year ended June 30, 2015.

NOTE G - RETIREMENT PLAN (CONTINUED)

Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2015, the Program reported a net pension liability of \$3,455,257 for its proportionate share of the City's miscellaneous plan's net pension liability.

The net pension liability of the Plan was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2013 rolled forward to June 30, 2014. The Program's proportion of the City's miscellaneous pension plan's net pension liability was based on the Program's fiscal year 2015 contributions to the City's miscellaneous pension plan relative to the total contributions of the City as a whole. The Program's proportionate share of the City's miscellaneous pension plan's net pension liability as of June 30, 2013 and 2014 was 1.61% for both years.

For the year ended June 30, 2015, the Program recognized pension expense of \$292,536. At June 30, 2015, the Program reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions paid by the Program subsequent to measurement date	\$ 367,072	
Net differences between projected and actual earnings on pension plan investments		\$ 873,840
Total	\$ 367,072	\$ 873,840

The amount of \$367,072 reported as deferred outflows of resources related to pensions, resulting from the Program's contributions to the City's plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred inflows of resources related to pensions will be recognized as a reduction to pension expense as follows:

Year ended June 30	
2016	\$ (218,460)
2017	(218,460)
2018	(218,460)
2019	(218,460)

NOTE G - RETIREMENT PLAN (CONTINUED)

Actuarial Assumptions – The Program’s proportion of the City’s total pension liabilities in the June 30, 2013 actuarial valuation was determined using the following actuarial assumptions.

Valuation Date	June 30, 2013
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Investment Rate of Return	7.5% (2)
Inflation	2.75%
Payroll Growth	3.0%
Projected Salary Increase	3.3% - 14.2% (1)
Mortality	2010 CalPERS Experience Study

(1) Depending on age, service and type of employment

(2) Net of pension plan investment expenses, including inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2013 valuation were based on the results of a January 2014 actuarial experience study for the period of 1997 to 2011. Further details of the Experience Study can be found on the CalPERS website at:

<http://www.calpers.ca.gov/index.jsp?bc=/about/forms-pubs/calpers-reports/actuarial-reports.xml>

Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

In determining the long-term expected 7.50% rate of return on pension plan investments, CalPERS took into account both short and long-term market return expectations as well as the expected pension fund cash flows. Based on the expected benefit payments of the Public Employees’ Retirement Fund, CalPERS indicated that a 19 year horizon was ideal in determining the level equivalent discount rate assumption. Using simulated rates of return, together with the CalPERS asset allocation mix, the medium net return over the 19 years was calculated. The final geometric rate of return was set after removing 15 basis points for expected administrative expenses. The target allocation and best estimates of arithmetic real rates of return for each major asset class are the same for the Plan and are summarized in the following table:

**CITY OF SACRAMENTO
CHILD DEVELOPMENT PROGRAM**

Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2015

NOTE G - RETIREMENT PLAN (CONTINUED)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	47%	5.71%
Global Fixed Income	19%	2.43
Inflation Sensitive	6%	3.36
Private Equity	12%	6.95
Real Estate	11%	5.13
Infrastructure and Forestland	3%	5.09
Liquidity	2%	-1.05
Total	<u>100%</u>	

Discount Rate – The discount rate used to measure the total pension liability was 7.50% for the Plan. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the Program’s contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, each pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Program’s proportionate share of the City’s Miscellaneous Plan Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the Program for the Plan, calculated using the discount rate for the Plan, as well as what the Program’s net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

1% Decrease	6.50%
Net Pension Liability	\$ 5,847,031
Current Discount Rate	7.50%
Net Pension Liability	\$ 3,455,257
1% Increase	8.50%
Net Pension Liability	\$ 1,487,878

Pension Plan Fiduciary Net Position – Detailed information the City’s collective net pension liability is available in the City’s separately issued Comprehensive Annual Financial Report (CAFR). NOTE G - RETIREMENT PLAN (CONTINUED)

Payable to the Pension Plan

At June 30, 2015, the Program reported a payable of \$15,897 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2015.

NOTE H – CONTINGENCIES

The Program has received state and federal funding for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, management of the Program believes that any required reimbursements will not be material.

NOTE I – RISK MANAGEMENT

The City is exposed to various risks of loss related to workers' compensation, torts, theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City self-insures and/or carries commercial insurance. Earthquake damage is not included in the property insurance coverage carried by the City. All funds of the City participate in the program and make payments to the Risk Management Internal Service Fund based on estimates of the amounts needed to pay operating costs, insurance premiums, and prior and current year claims.

NOTE J – RESTATEMENT OF BEGINNING NET POSITION

As discussed in Note A to the financial statements, the Program adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial reporting for Pensions – an amendment of GASB Statement No. 27*, as of July 1, 2014, and GASB Statement No. 71, *Pension Transition for Contributions Made to the Measurement Date – an Amendment of GASB Statement No. 68*. The impact of the implementation on the beginning net position is as follows:

	<u>Net Position</u>
Net Position - Beginning of Year, as previously reported	\$ 328,360
Net Pension Liability	(4,386,105)
Deferred Outflows of Resources	349,543
Net Position - Beginning of Year, as restated	\$ (3,708,202)

The following is the pro-forma effect of the retroactive application of GASB 68:

	Previously Presented	Restatement	Restated
Deferred outflows of resources	-	\$ 349,543	\$ 349,543
Net pension liability	-	(4,386,105)	(4,386,105)

OTHER REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and City Council
City of Sacramento
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Child Development Program (Program), an enterprise fund of the City of Sacramento, California (City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements, and have issued our report thereon dated November 9, 2015. Our report included an emphasis of matter paragraph stating the financial statements present only the Program and do not purport to, and do not, present fairly the financial position of the City of Sacramento, California. Our report included an emphasis of matter paragraph regarding the Program's adoption of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB 68*, effective July 1, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as it relates to the Program, to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including requirements of the California Department of Education, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
