Message	Can't seem to find the "informational brochure" mentioned in the August Progress Report as being available on the committee's website. I've signed up to receive "email updates" from the committee's website, though there's no explanation of what the email updates will actually be. Apparently, the email updates DO NOT seem to include notices of the committee's meeting schedule, or agendas, or progress reports, as I've received NO emails from the committee to my knowledge in more than 6 weeks.
