Message	<p>Are both measures going on the same ballot? Is it possible for both to pass? If both pass what happens? In jurisdictions that have elected to make the mayor the chief executive officer rather than the city manager, did the sitting mayor immediately assume the new role or was the new structure implemented only after a new mayoral election was held? I quickly read some of the provisions of the proposed charter as it relates to contraction authority and responsibility. My first impression is that this topic is not clearly addressed. What is its status or what portions of proposed changes should I reread to better understand the contraction provisions?</p>
