Statement of Interest

It is with great interest that I apply for the open At-large member opening on the Sacramento Heritage, Inc. Board of Directors. I am applying for the vacant seat because my experience and enthusiasm for historic preservation in our community would be an asset to Sacramento Heritage. I have worked in the public and private sectors of cultural resource management for 14 years. My work has focused on the evaluation, interpretation and treatment of historic properties.

My qualifications include:

- Cultural resource professional with a working knowledge of historic preservation standards, guidance and regulatory frameworks.
- Experience completing National Register of Historic Places evaluations and nominations for historic buildings and engineering features.
- Considerable experience conducting impact assessments for a variety of projects on historic resources in the context of the California Environmental Quality Act and local ordinances.
- In my professional capacity, I routinely design and provide oversight of field investigations, special studies, and technical reporting related to historic and prehistoric resources in a variety of settings.
- Working knowledge of the City's Preservation Element of the General Plan and Historic preservation chapter of the City Code.
- Experience applying California Register criteria for evaluating the significance of historic resources and assessing effects.
- Frequent engagement and consultation with various preservation stakeholders including local governments, the State Historic Preservation Officer (SHPO), federal agencies, Native American tribes and historical societies.
- Well versed in the economic and regulatory challenges inherent in historic preservation.
- I strive to maintain a balanced approach that is mindful of the need for productive use of historic properties while maintaining and encouraging economic development.
- As a resident of Sacramento for more than 10 years, I am familiar with the rich historic built-environment within the diverse neighborhoods and business districts throughout the City.

Please refer to my attached resume for a summary of my work experience that is applicable to Sacramento Heritage's mission.

Michael W. Taggart, RPA

Please state the reason you would like to be a member of this board/commission (or attach):

I am a long time resident of Sacramento County, work in the City of Sacramento and have an ongoing interest in Historic Preservation. I am a founding Trustee of the Old Town Elk Grove Foundation and worked extensively with the City of Elk Grove to develop the Old Town SPA Planning guidelines and Standards adopted in 2005, with the City again on major revisions to the ordinance in 2010. I have served the Old Town Elk Grove Foundation as the Chair of the Development Review Committee which reviewed planning applications within the Special Planning Area. I also served for 12 years on the California Vehicle Foundation Board of Directors. I love this work and want to increase my community service in the City of Sacramento.

Are you currently, or have you in the past, served on an advisory group? Yes No If yes, state the name of the group and how that service supports your application (or attach).

I assume that the correct answer is "no" because Old Town Foundation outside of the City of Sacramento. I

Relevant Experience for Jay Hyde

May 15, 2012

I have been practicing Architecture in this area for over 35 years. I have worked for Mogavero Notestine Associates for over ten. When I first started I worked at a firm that specialized in Historic Buildings and I continued to work on Historic Buildings at SH2A where I was a partner. Buildings such as the first phase of the Woodland Opera House Restoration and the Crest Theater. During this time I gained experience working with the Secretary of the Interior's Standards on projects like the Capital Federal Credit Union in the Senator Hotel. I also oversaw work on an historic building survey for the City of Marysville.

I have experience with Non Profit Boards having served on the California Vehicle Foundation (Towe Auto Museum) Board for many years. I served on the Old Town Elk Grove Merchants' Association during which time I assisted in the transition from a Merchants' Association to the Old Town Elk Grove Foundation. I know the workings and function of a nonprofit Board of Directors.

I also worked with the City of Elk Grove in developing a completely rewritten Old Town Special Planning Area ordinance and its triennial revision. I serve on the SPA review committee of the Old Town Elk Grove Foundation reviewing applications for development within Old Town for compliance with the Ordinance and community compatibility.

I am active in the world of Building Codes. I serve on the California Association of Building Officials Statewide Green Building and Outreach and Communications Committees. I also serve on SVABO (the local CalBO Chapter) Code Development Committee and Outreach and Communications Committees.

My work with Mogavero Notestine as made me very aware that buildings do not exist in a vacuum. The importance of a building, its setting and its relationship to passers-by and to other buildings and improvements can be as important as the building itself.

I have spoken with Melisa Gaudreau who has shared with me the work of the Sacramento Heritage Foundation. I support the plaque program, the walking tours, and other programs of the Foundation and want to work on them to continue to build our great community. There is a proposal to provide our city with QR (Quick Response Code) at historic buildings so that residents and visitors can simply point their camera phone at a QR and download additional historical notes and historic photographs to learn more of our past. The good work of the

foundation is little known and deserves to be well known in Sacramento. This I want to help change.

In closing:

I am a "doer" I do not believe in joining an organization just to sit on the sidelines.

I have experience with 503c Boards

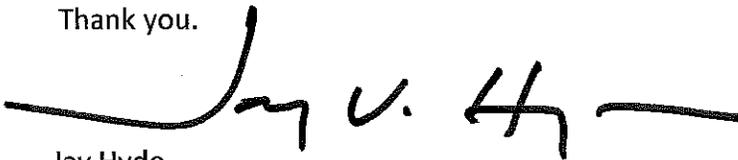

I have building and Historic Building/Preservation Experience.

I have Building Code Experience.

I am on two outreach and Communications Committees and believe the knowledge I gain while serving on those committees I will be able to bring to the Sacramento ~~Historic Preservation~~ Foundation and help get the word out about what it does. HERITAGE

I love historic buildings and know that preservation of our historic resources is critical to the character of our City.

Thank you.

Please state the reason you would like to be a member of this board/commission (or attach):

I studied history at the University of California, Riverside. When I first came to Sacramento I was amazed by all the history around me. That is thanks to our existing historical buildings and neighborhoods that have been preserved through the efforts of our citizens. I went back to school after my children were born and pursued an associate's degree in Architecture. I have been in that field for a dozen years now and have had the opportunity to work on projects that included remodeling bungalows and other older homes in our area. Knowledge and appreciation of these historic homes and buildings is critical to their preservation. I believe that I can bring that to the board.

WORK EXPERIENCE

March 2008 to present

Working from my home I produce plans and construction documents for residential remodel projects. I completed the construction documents for a remodel of a 1910 bungalow for Shawn and Michael Gray. I completed plans and pulled the permit for a remodel for the Whiteside/McPeck residence in Land Park. I'm seeking drafting jobs and would appreciate referrals.

Reid Architects

Aug 2007 to March 2008

At Reid Architects I produced construction documents for both residential and commercial projects. I contacted clients and building department officials to resolve problems and further the completion of projects. I did plan check revisions and code searches. I drafted details for specific jobs from a library of standard details that I worked to set up. Using ArchiCad software I did 3D BIM modeling.

Howard Taylor, Architect

April 2005 to May 2007

In Howard Taylor's office I produced design development and construction documents for new and remodeled single family homes. I did plan check revisions and simple code searches. I drafted details for specific jobs from a library of standard details. I prepared documents for application to City Planning and Historic Preservation review. I produced Title 24 documents using MicroPas 7.1.

James Plumb Associates

May 2003 to April 2005

While working in Jim Plumb's office I produced design development and construction documents for single family and multi-family housing. I was responsible for coordination of all architectural, electrical and structural sheets necessary to obtain building permits. I measured buildings and sites to produce "existing" drawings. I did plan check revisions and prepared documents to apply for entitlements from city planning. I contacted clients and building department officials to resolve problems and further the completion of projects. Under Jim's direction I did some design work.

AEC Services

April 2000 to May 2003

I worked at the offices of AEC Services to produce design development and construction documents. Projects included residential, commercial and education

facilities (for AEC Services). The commercial projects included a juice bar and a martial arts studio. The educational facilities included a high school athletic facility and an elementary school modernization. I drafted plans, elevations, interior elevations, sections and details working from a basic library. I designed and drafted electrical plans for residences. Working under contract in my home, clients included Howard Taylor, architect, and Jason Ellis.
