Please state the reason you would like to be a member of this board/commission (or attach):

I am interested in serving on the Community Racial Profiling Commission because I believe I have a unique perspective which will benefit the continued efforts of this advisory group. As a prosecutor for 9 years and an African-American female I have had a first hand look at how racial profiling affects the criminal justice system from investigation to prosecution. I have often had to defend against such allegations or address them if a Pitchess motion has been granted. As a minority I have often been effective in communicating and facilitating a more cooperative relationship between distrustful witnesses and investigating officers. This unique experience will serve me in helping to innovate new efforts and offer effective input in achieving the goals of this commission.

Are you currently, or have you in the past, served on an advisory group? Yes No If yes, state the name of the group and how that service supports your application (or attach).

Do you, or an immediate family member, have any relationship (professional, financial, other) that may present a potential conflict of interest for this advisory group? Yes No If yes, please explain:

Please state the reason you would like to be a member of this board/commission (or attach):

As a youth advocate and educator, working within the boundaries of two school districts (SCUSD, TRUSD), one of the issues that is consistently brought up by the students is that there is racial profiling in their communities, at school, and in life general. While I implor them to take full ownership of their own actions, I can't help but recognize and acknowledge that some of the negative attention that is receive from authority figures (law enforcement, campus security, school administrators, business owners) is racially motivated. It is not merely enough to recognize that racial profiling exist, complain about the existense of racial profiling, but not be willing to participate in a forum or commission such as this one to create substanative change with in this arena.
