

RESOLUTION NO. 2006-417

Adopted by the Sacramento City Council

June 8, 2006

ADOPTING FINDINGS AND AMENDING THE CITY OF SACRAMENTO FEE AND CHARGE REPORT TO ESTABLISH SOLID WASTE SERVICE FEES

BACKGROUND

- A. Articles XIIC and D of the California Constitution (Proposition 218) establish various procedures for the approval of local taxes, assessments and property-related service fees; and
- B. For the imposition or increase of water, sewer and refuse collection service fees that are "property-related fees" within the meaning of Proposition 218, Proposition 218 requires that a notice describing the proposed fee or fee increase and establishing a date, time and location of a public hearing on the proposed fee or fee increase, be mailed to the record owner of each parcel subject to the proposed fee or fee increase; and
- C. At such hearing (held not less than 45 days after the notice is mailed), Proposition 218 requires the agency proposing such fee or fee increase to consider all protests filed against the proposed fee or fee increase, and prohibits the agency from approving the proposed fee or fee increase if written protests against the proposed fee or fee increase are presented by a majority of the owners of the affected parcels; and
- D. On April 24, 2006, the City mailed a notice to all owners of property subject to the City's refuse collection service fees, which notice: (i) described proposed increases in these fees for all; (ii) provided the date, time and location of the public hearing when these proposed fee increases and proposed new fee would be considered for adoption by the City Council; and (iii) notified such owners of their right to file a written protest against the proposed fee increases and proposed new fee with the City Clerk at or before the time set for public hearing; and
- E. The City Council has held such public hearing, and has considered all protests against the proposed fee increases and proposed new fee as well as all testimony and other information presented by City staff and members of the public.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. Based on the testimony and other information presented to it, the City Council hereby finds that as of the date and time of the public hearing on this matter, the number of written protests received by the City Clerk against the proposed rate increases in the City's solid waste (garbage, recycling and garden refuse and street sweeping) service fees is less than a majority of the record owners of the parcels that will be subject to the proposed increased fees.
- Section 2. That, pursuant to Sections 13.10.100, 13.10.440, 13.10.450, 13.10.460, of the Sacramento City Code, the City of Sacramento Fee and Charge Report is hereby amended to include the solid waste service fees and charges attached hereto as Exhibit 1 to take effect for services billed on or after July 1, 2006.
- Section 3. That based on the information presented to it and upon all information in the public record, and in compliance with Public Resources Code Section 21080(b)(8), the City Council finds that the increased solid waste service fees are for the purpose of:
- a. Providing funds to meet operating expenses.
 - b. Permitting the generation of necessary cash flow to finance maintenance of the solid waste system and meeting financial reserves requirements.
 - c. Permitting the purchase of necessary equipment for the system.
 - d. Begin a source of funds of capital projects necessary to maintain the system.
