June 27, 2006

Honorable Mayor and
Members of the City Council

Subject: Agreement: Los Rios Community College District Vocational Training

Location: Sacramento Police Academy, 2409 Dean St., McClellan, CA 95652

Recommendation:

It is recommended that the City Council adopt the attached resolution that authorizes the Chief of Police to enter into an agreement on behalf of the Sacramento Police Department with the Los Rios Community College District for vocational training services. The results of an internal audit revealed the existing resolution (Resolution No. 98-319) only authorized the execution of an original master agreement and did not include authorization to execute a new master agreement.

Summary:

The Sacramento Police Department ("SPD") recently entered into a new master agreement with the Los Rios Community College District for three years from July 1, 2005 until July 1, 2008, with an option to extend two additional years. The SPD requests approval to continue in the master agreement (City Agreement No. 2005-1050) with the Los Rios Community College District to provide instruction for law enforcement.

Committee/Commission Action: None

Background Information:

On June 30, 1998, the City Council granted the SPD authority to enter into the first master agreement with the Los Rios Community College District for vocational training (Resolution No. 98-319, City Agreement No. 98-102). The original grant of authority authorized a one-year agreement with option to renew. The SPD continued to renew this agreement through June 30, 2005. The SPD entered into a new agreement

beginning July 1, 2005 (City Agreement No. 2005-1050). A new agreement was necessary to increase the reimbursement amount from \$2.35 per student instructional hour to \$3.15 per student instructional hour for the initial 100,000 hours and \$3.55 for over 100,000 hours. However, a recent internal audit revealed that the existing resolution (Resolution No. 98-319) only authorized the execution of the original master agreement. The previous resolution did not include authorization to execute a new master agreement.

The SPD anticipates holding three intensive police academies and a CSO/Recruit academy in the upcoming fiscal year. In addition to this, the SPD's Training Division will offer Department training and Continuous Professional Training to approximately 800 sworn and non-sworn employees.

The master agreement with the Los Rios Community College District for instructional services will provide the SPD with revenues to help pay for additional expenses to operate the academies. Upon completion of the academic year, attendance hours generated by courses offered under this agreement will be totaled.

This partnership will provide for an allotment of 15% of the classes for Los Rios Community College students. Academy students would be able to earn college credits for attending the academy.

Financial Considerations:

It is anticipated that this agreement will generate approximately \$375,000 annually in revenue for the SPD. These monies will be used to mitigate some of the expenses incurred in running multiple academies per year. The monies received from Los Rios Community College District will be placed in SPD's program E-894 fund.

Environmental Considerations:

This proposal does not constitute a "project" and is therefore exempt from the California Environmental Quality Act according to CEQA guidelines Section 15061 (b)(1) and 15378(b)(3).

Policy Considerations:

The Los Rios Community College District Master Agreement will allow the Police Department to expand the number of academies and offset the expenses by revenue received for student instruction hours. It will also enable students to obtain college credits for attending the academy and other Department training.

Emerging Small Business Development (ESBD):

No goods or services will be purchased as a result of this agreement.

The hourly rate reimbursements stated above are subject to approval of the 2005-2006 budget with the cola of 4.23% as presented in the May Revised Governor's Budget Proposal. If the COLA is higher or lower than the 4.23%, the reimbursement rates will be adjusted accordingly.

The payment amounts shall be established as follows. The August through December payments shall be seven per cent (7%) of the prior years' total contract amount earned. The January through June payments will be computed based upon a review of the student contact hours reported for the Fall term along with an estimate of the Spring term. That estimate of the total to be earned under the current contract will then be forwarded to the Contractor along with a revised payment schedule for review and comment. The January through June payments will be the equal to the total amount estimate less twelve and one-

half percent (12.5%) less the cumulative payments to date. The final payment shall be the remaining amount due.

39. CONTRACTOR shall accept payments as full reimbursement for costs incurred by the CONTRACTOR for all courses offered under this agreement.
