CONSENT
JULY 18, 2006

Honorable Mayor and
Members of the City Council

Title: Ordinance Amending Sections 10.04.010 and 10.36.140, and Deleting Section 10.36.260 of the Sacramento City Code Relating to Temporary Construction Parking Permits

Location/Council District: All Districts

Recommendation: 1) Review an **Ordinance** amending Title 10 of the Sacramento City Code relating to temporary construction parking permits; 2) Pass for publication the Ordinance titles as required by Sacramento City Charter 32c; and 4) continue to August 1, 2006 for consideration.

Division: Parking Services

Organization No: 3461

Description/Analysis:

Issue: Under existing City Code sections, for a monthly fee, the parking manager is authorized to issue portable signs that authorize commercial vehicles to temporarily park in metered and time-limited spaces. The portable signs are large and cumbersome and are placed in front of the parked vehicle and chained to the vehicle's bumper to protect against theft. Newer vehicle designs make securing the sign difficult.

Amending Sections 10.04.010 and 10.36.140 and deleting Section 10.36.260 will change the procedure from the use of a large unwieldy portable sign to a paper temporary construction parking permit that can be placed on the dashboard of vehicles.

Policy Considerations: This recommendation is consistent with the City's strategic plan and the goal of the City Council to implement organizational improvement.

Environmental Considerations: The proposed ordinance amendment is not a

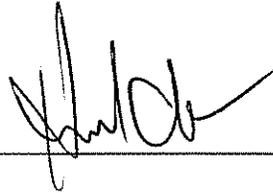

project and, therefore, is exempt from the provisions of the California Environmental Quality Act (CEQA) under Section 15061(b)(3) of the CEQA Guidelines.

Rationale for Recommendation: Amending Sections 10.40.010 and 10.36.140 and deleting Section 10.36.260 of the City Code will improve customer service by allowing a more user-friendly permit process. In addition, this change will reduce program costs, reduce the risk of customer/employee injury and improve the overall efficiency of the program.

Financial Considerations: The cost to implement the amended regulation is estimated to be \$1,000. Funds are available in the Parking Services Division operating budget.

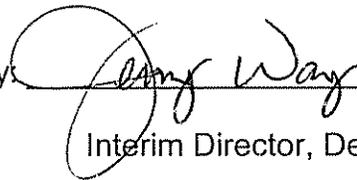

Emerging Small Business Development (ESBD): Any goods and services will be purchased in accordance with established City policy.
