Councilmember Kevin McCarty  
City Hall  
915 I Street, 3<sup>rd</sup> Floor  
Sacramento, Ca 95814

Dear Kevin,

Thank you for the opportunity to comment on Sacramento Recycling and Transfer Station's expansion. Though I have conversed verbally and by email with Planning about this project, I felt it prudent to formally reply to you, as our board has discussed this project in detail.

Sacramento Recycling has agreed to the numerous items listed in our letter dated April 3, 2006, to Kimberly Kaufmann-Brisby in Planning. Subsequently, at the Planning Commission hearing of May 13, 2006, the BTA agreed to meet with Sacramento Recycling to discuss their truck traffic on Power Inn Road. As a result of that meeting, the BTA Board of Directors has decided to support their truck traffic on Power Inn without restriction. We are convinced that since they minimize travel cost by avoiding congestion, the resultant increase in traffic on Power Inn Road will be negligible.

Sincerely,

Becky Heieck  
Executive Director  
Power Inn Business & Transportation Association

Cc: Sacramento Recycling, Planning, BTA Board of Directors
