Honorable Mayor and
Members of the City Council

Title: Sewer Credits Approval: Newton Booth Condominiums

Location/Council District: 2215 27th Street; Council District 4

Recommendation: Adopt a Resolution awarding a total of 24.75 Sacramento Regional County Sanitation District (SRCSD) connection fee credits to the described project known as "Newton Booth Condominiums."

Department: Economic Development

Division: Citywide

Organization No: 4453

Description/Analysis

Issue: The City of Sacramento's Economic Development Department recommends approval of the attached resolution awarding 24.75 SRCSD sewer credits to the project known as Newton Booth Condominiums located at 2215 27th Street (APN #: 010-0187-001, -002, -003, -004, -005, -007, -009) at the southeast corner of the intersection of 27th and V streets.

Policy Considerations: The City of Sacramento views projects that promote urban infill development as an important cornerstone of the City's economic development. The City of Sacramento also supports such projects to make Sacramento the most Livable City in America. Approval of the subject recommendation serves to promote this City policy objective.

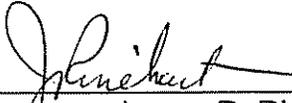

Environmental Considerations: This project is subject to the environmental review process as part of the approval of its development application.

Rationale for Recommendation: This candidate for sewer credits meets Council-approved criteria for the granting of sewer credits because it is a high-density housing urban infill project. To promote its goal of making Sacramento the most Livable City in America, it is recommended that Council grant reduced

sewer connection fee credits to the Newton Booth Condominium project. The project will bring a total of 33 new housing units to the Central City and will serve as a catalyst for further high-density, mixed-use and urban infill projects near the project site.

Financial Considerations: Approval of the resolution imposes no additional expense upon the City beyond the minimal administrative costs associated with processing the approved credits.

Emerging Small Business Development (ESBD): Not Applicable

BACKGROUND:

The Sacramento Regional County Sanitation District (SRCSD) established an Economic Development Treatment Capacity Bank (Bank) in June 2000 and the City of Sacramento received the June 2000 initial allocation of 7,971 Equivalent Single Family Dwellings (ESDs) from the Bank. At the time, SRCSD limited local jurisdictions to using a maximum of 15 percent of its total allocation for residential purposes. The City of Sacramento subsequently received another allocation of 756 ESDs in March 2005, bringing the total ESDs to 8,727.

Following the allocation, the City requested greater latitude to use the Credits to assist in housing development. In response to the City's request, SRCSD reconvened the Stakeholders' Working Group to discuss the proposed additional flexibility for residential purposes, to recommend a methodology for allocation of additional excess capacity that the District has purchased, to recommend disbursement guidelines for the District's own allocation from the Bank, and to address other administrative actions.

Amendments in Resolution 2006-457 expanded the additional 15 percent annual allocation to also include infill and transit-oriented housing. This permitted each local jurisdiction to have more flexibility in using the Bank. As of July 2006, the City of Sacramento has issued 1445.56 Credits in sewer credits since the program's inception. Since Resolution 2006-457, the City has issued 109.98 Credits: 90.98 Credits for commercial and 19.00 Credits for residential projects.

Resolution 2006-457 approved the amended MOU between the Sacramento Regional County Sanitation District (SRCSD) and the City and authorized the City Manager to execute the amended MOU. The Resolution also approved the Guidelines for the allocation and awarding of Treatment Capacity Bank Credits for commercial development, Downtown, low-income, and infill / transit-oriented development (TOD) projects.

RESOLUTION NO.

Adopted by the Sacramento City Council

**AWARD SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT (SRCSD)
CONNECTION FEE CREDITS FOR NEWTON BOOTH CONDOMINIUMS PROJECT**

BACKGROUND

- A. On March 20, 2001, City Council authorized the City Manager to sign a Memorandum Of Understanding (MOU) to initiate City participation in the Sacramento Regional County Sanitation District Economic Development Treatment Capacity Bank (CC2001-177);
- B. On June 20, 2006, City Council approved Resolution 2006-457, amending the Memorandum of Understanding (MOU) between the Sacramento Regional County Sanitation District (SRCSD) and the City, and guidelines for the allocation and awarding of Treatment Capacity Bank Credits (Credits) for commercial development, Downtown, low-income, and infill / transit-oriented development projects.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL
RESOLVES AS FOLLOWS:**

- Section 1. City Council hereby awards a maximum of 24.75 SRCSD sewer credits to the project known as Newton Booth Condominiums, located at 2215 27th Street (APN #: 010-0187-001, -002, -003, -004, -005, -007, -009) at the southeast corner of the intersection of 27th and V streets.
- Section 2. Any and all credits awarded herein to each individual recipient shall expire if said individual recipient has not paid its requisite sewer impact fee to SRCSD within one year from the date of approval of this resolution.
- Section 3. Any and all credits awarded herein to each individual recipient will expire if said individual recipient has not been issued a building permit for its respective above referenced development project within one year after the City Council has awarded use of the aforementioned sewer credits.
